> Refund - Docket No. 960011-WS- Investigation of rates of Indiantown Re: Company, Inc. in Martin County for possible overearnings.

Dear Mr. Fowler:

Enclosed you will find seven (7) diskettes containing the refund calculations. In order to determine a customers' total refund amount with interest, you must add the following amounts.

- Gallonage Charge Refund Amount The refund with interest per customer 1.) has been calculated for each month of the refund period. A customer's total gallonage charge refund amount can be determined by adding each month's refund amount with interest.
- Base Facility Charge Refund Amount Since we were not provided the 2.) meter sizes on a per customer account basis, a matrix was constructed to allow you to determine the customer's refund amount with interest for the base facility charge. In the matrix, the rows of months represent the month a customer began receiving water service and the columns of months represent the month a customer ended service. For example, if a residential (5/8" x 3/4") customer began water service in the February 1995 billing and ended water service in October 1995 billing, the refund amount with interest would be row Feb 95, column Oct 95.
