Issue 2: Recommendation that the regulatory assessment fees paid for a portion of 1994 and all of 1995 should not be refunded. Until now, North Joint Venture was still a regulated utility and had neither applied for cancellation of its certificate nor for an exemption, as required by Section 367.031, F.S. (1995). The utility should also be put on notice that it will be responsible for all outstanding regulatory assessment fees through July 1996.

Issue 3: Recommendation that, upon expiration of the protest period for Issue No. 2, if a protest is not received from a substantially affected person, this docket should be closed.
