RE: DOCKET NO. 960743-TL - Investigation of tariff filing to determine whether GTE Florida Incorporated's Trouble Location Charge for Single-Line Customers is in compliance with Section 364.051, F.S. (T-96-480 filed 6/6/96)

Issue 1: Recommendation that, if GTEFL's tariff to introduce a single-line trouble location is viewed as a price increase, it appears to impact revenues in the Miscellaneous Service Category by less than the 6% price increase allowed in Section 364.051(6)(a), F.S. Therefore, this docket should be closed.
