ORDER APPROVING RESALE AGREEMENT

BY THE COMMISSION:

On August 21, 1996, BellSouth Telecommunications, Inc. (BellSouth) and Intetech, L.C. (Intetech) filed a request for approval of a resale agreement. The agreement was executed on July 25, 1996, and the parties are seeking approval of the agreement under the Telecommunications Act of 1996 (Act). The agreement is attached to this Order as Attachment 1.

Both the Act and revised Chapter 364, Florida Statutes, encourage parties to enter into negotiated agreements to bring about local exchange competition as quickly as possible. If the parties reach a negotiated agreement, under 47 U.S.C. § 252(e), the agreement is to be filed with the state commission for approval. 47 U.S.C. § 252(a)(1) requires that "the agreement shall include a detailed schedule of itemized charges for interconnection and each service or network element included in the agreement." Under 47 U.S.C. § 252(e)(4), the state commission must approve or reject the agreement within 90 days after submission, or the agreement shall be deemed approved.

The agreement states that "the term of this agreement shall commence as of July 25, 1996, and shall continue through December 31, 1996. Thereafter, this agreement shall be renewed automatically for successive terms of one calendar month each, unless either party indicates its intent not to renew this

agreement." The agreement governs the relationship between the companies regarding the resale of tariffed local exchange service, toll telecommunications service, Hotel and Hospital PBX services, Customer Provided Coin Telephone service, Shared Tenant Service, access to 911/E911 services, Telecommunications Relay Services, and white page directory listings and directory distribution, in states in which BellSouth operates. The agreement also includes the rates at which Intetech will purchase services from BellSouth for resale, which are discounted from BellSouth's retail rate for the telecommunications service. The discounts are 18% for residential and 12% for business telecommunications services.

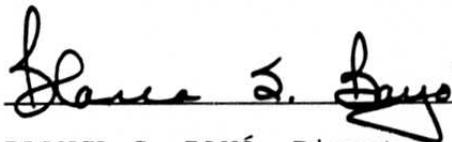

We have reviewed the proposed agreement for compliance with both Florida law and with the Act, and we approve it.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the resale agreement between BellSouth Telecommunications, Inc. and Intetech, L.C. is approved. It is further

ORDERED that this docket shall be closed.

Re: Approval of the Resale Agreement Negotiated by BellSouth  
Telecommunications, Inc. ("BellSouth") and Intotech, L.C. pursuant to Section 251  
and 252 of the Telecommunications Act of 1996

Dear Ms. Bayo:

Pursuant to section 252(e) of the Telecommunications Act of 1996, BellSouth and Intotech, L.C. are submitting to the Florida Public Service Commission their negotiated agreement for the purchase of BellSouth's telecommunications services for the purpose of resale to end users by Intotech, L.C.

Pursuant to section 252(e) of the Act, the Commission is charged with approving or rejecting the negotiated agreement between BellSouth and Intotech, L.C. within 90 days of its submission. The Act provides that the Commission may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity. Both parties aver that neither of these reasons exist as to the agreement they have negotiated and therefore, is very hopeful that the Commission shall approve their agreement.

Very truly yours,

*Janice K. Lynn*  
Regulatory Vice President

**Agreement Between BellSouth Telecommunications, Inc. and Reseller Company, Inc. Regarding The Sale of BST's Telecommunications Services to Reseller For The Purposes of Resale**

THIS AGREEMENT is by and between BellSouth Telecommunications, Inc., ("BellSouth or Company"), a Georgia corporation, and Intetech, L.C. ("Reseller"), a Florida limited liability company, and shall be deemed effective as of July 25, 1996.

**WITNESSETH**

WHEREAS, BellSouth is a local exchange telecommunications company authorized to provide telecommunications services in the state of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee; and

WHEREAS, Reseller is a alternative local exchange telecommunications company authorized to provide telecommunications services in the state(s) of Florida; and

WHEREAS, Reseller desires to resell BellSouth's telecommunications services; and

WHEREAS, BellSouth has agreed to provide such services to Reseller for resale purposes and pursuant to the terms and conditions set forth herein;

NOW, THEREFORE, for and in consideration of the mutual premises and promises contained herein, BellSouth and Reseller do hereby agree as follows:

**I. Term of the Agreement**

A. This Agreement shall apply to all of BellSouth's serving territory as of January 1, 1996 in the state(s) of Florida.

B. The term of this Agreement shall commence as of July <sup>25</sup>~~15~~, 1996, and shall continue through December 31, 1996. Thereafter, this Agreement shall be renewed automatically for successive terms of one calendar month each, unless either party indicates its intent not to renew this Agreement. Notice of such intent must be provided, in writing, to the other party no later than thirty (30) days prior to the end of the then existing term. Notwithstanding the foregoing, if this Agreement has been terminated as set forth above, the terms of this Agreement shall remain in effect if and while the parties are negotiating a new agreement.

C. The rates pursuant by which Reseller is to purchase services from BellSouth for resale shall be at a discount rate off of the retail rate for the telecommunications service. The discount rates shall be as set forth in Exhibit A, attached hereto and incorporated herein by this reference. Such discount shall reflect the costs avoided by BellSouth when selling a service for wholesale purposes.

## II. Definition of Terms

- A. CUSTOMER CODE means the three digit number following a customer's telephone number as shown on the customer's bill.
- B. CUSTOMER OF RECORD means the entity responsible for placing application for service; requesting additions, rearrangements, maintenance or discontinuance of service; payment in full of charges incurred such as toll, directory assistance, etc.
- C. DEPOSIT means assurance provided by a customer in the form of cash, surety bond or bank letter of credit to be held by the Company.
- D. END USER means the ultimate user of the telecommunications services.
- E. END USER CUSTOMER LOCATION means the physical location of the premises where an end user makes use of the telecommunications services.
- F. NEW SERVICES means functions, features or capabilities that are not currently offered by BellSouth. This includes packaging of existing services or combining a new function, feature or capability with an existing service.
- G. OTHER LOCAL EXCHANGE COMPANY (OLEC) means a telephone company certificated by the public service commissions of the Company's franchised area to provide local exchange service within the Company's franchised area.
- H. RESELLER means an activity wherein a certificated OLEC, such as Reseller subscribes to the telecommunications services of the Company and then resells those telecommunications services to the public (with or without "adding value").
- I. RESELLER SERVICE AREA means the area, as defined in a public service commission approved certificate of operation, within which an OLEC, such as Reseller, may offer resold local exchange telecommunications service.

## III. General Provisions

- A. Reseller may resell the tariffed local exchange and toll telecommunications services of BellSouth subject to the terms, and conditions specifically set forth herein. Notwithstanding the foregoing, the following are not available for purchase: Grandfathered services; promotional and trial retail service offerings; lifeline and linkup services; contract service arrangements; installment billing options; interconnection services for mobile service providers; legislatively or administratively mandated specialized discounts (e.g., education institution discount) and discounted services to meet competitive situation. The parties agree that access to 911 and E911 services is part of the tariffed local exchange services provided by BellSouth, and that 911 and E911 services shall not be resold separately by Reseller.
- B. The provision of services by the Company to Reseller does not constitute a joint undertaking for the furnishing of any service.

C. Reseller will be the customer of record for all services purchased from BellSouth. Except as specified herein, the Company will take orders from, bill and expect payment from Reseller for all services.

D. Reseller will be the Company's single point of contact for all services purchased pursuant to this Agreement. The Company shall have no contact with the end user except to the extent provided for herein.

E. The Company will continue to bill the end user for any services that the end user specifies it wishes to receive directly from the Company.

F. The Company maintains the right to serve directly any end user within the service area of Reseller. The Company will continue to directly market its own telecommunications products and services and in doing so may establish independent relationships with end users of Reseller.

G. Reseller shall not interfere with the right of any person or entity to obtain service directly from the Company.

H. The current telephone number of an end user may be retained by the end user unless the end user has past due charges associated with the BellSouth account for which payment arrangements have not been made. The Company will not, however, make the end user's previous telephone number available to Reseller until the end user's outstanding balance has been paid. If Reseller requests service for an end user that has been denied service or disconnected for non-payment by BellSouth, and the end user still has an outstanding balance with the Company, the Company will establish service for that end user through Reseller; provided, however, that Reseller shall not be deemed to assume responsibility for the end user's outstanding balance with the Company. Denied service means that the service of an end user provided by a local exchange telecommunications company, including BellSouth, has been temporarily suspended for nonpayment and subject to complete disconnection.

I. Telephone numbers are the property of the Company and are assigned to the service furnished. Reseller has no property right to the telephone number or any other call number designation associated with services furnished by the Company, and no right to the continuance of service through any particular central office. The Company reserves the right to change such numbers, or the central office designation associated with such numbers, or both; provided that the Company exercises such right only in good faith and upon 90 days written notice to Reseller.

J. The Company may provide any service or facility for which a charge is not established herein, as long as it is offered on the same terms to Reseller.

K. Service is furnished subject to the condition that it will not be used for any unlawful purpose.

L. Service will be discontinued if any law enforcement agency advises that the service being used is in violation of the law.

M. The Company can refuse service when it has grounds to believe that service will be in violation of the law.

N. The Company accepts no responsibility to any person for any unlawful act committed by Reseller or its end users as part of providing service to Reseller for purposes of resale or otherwise.

O. The Company will cooperate fully with law enforcement agencies with subpoenas and court orders for assistance with the Company's customers, and shall assume the costs of implementing the same. Law enforcement agency subpoenas and court orders regarding end users of Reseller will be directed to Reseller. The Company will bill Reseller for implementing any law enforcement agency subpoenas and court orders regarding Reseller end users.

P. The characteristics and methods of operation of any circuits, facilities or equipment provided by other than the Company shall not:

1. Interfere with or impair service over any facilities of the Company, its affiliates, or its connecting and concurring carriers involved in its service;
2. Cause damage to the Company's plant;
3. Impair the privacy of any communications; or
4. Create hazards to any Company employees or the public.

Q. Reseller assumes the responsibility of notifying the Company regarding less than standard operations with respect to services provided by it.

R. Facilities and/or equipment utilized by BellSouth to provide service to Reseller remain the property of BellSouth.

S. White page directory listings will be provided in accordance with regulations set forth in Section A6 of the General Subscriber Service Tariff and will be available for resale.

#### IV. BellSouth's Provision of Services to Reseller

A. Reseller agrees that its resale of BellSouth services shall be as follows:

1. The resale of telecommunications services shall be limited to users and uses conforming to the class of service restrictions.
2. To the extent Reseller is a telecommunications carrier that serves greater than 5 percent of the Nation's presubscribed access lines, Reseller shall not jointly market its interLATA services with the telecommunications services purchased from BellSouth pursuant to this Agreement in any of the states covered under this Agreement. For the purposes of this subsection, to jointly market means any advertisement, marketing effort or billing in which the telecommunications services purchased from BellSouth for purposes of resale to customers and interLATA services offered by Reseller are packaged, tied, bundled, discounted or offered together in any way to the end user. Such efforts include, but are not limited

to, sales referrals, resale arrangements, sales agencies or billing agreements. This subsection shall be void and of no effect for a particular state covered under this Agreement as of February 8, 1999 or on the date BellSouth is authorized to offer interLATA services in that state, whichever is earlier. The parties acknowledge that Reseller does not currently serve greater than five (5) percent of the Nation's pre-subscribed access lines, and the parties therefore agree that this Section IV.A.2 does not currently apply to Reseller and will only apply at and during such times when Reseller achieves such 5 percent.

3. Hotel and Hospital PBX service are the only telecommunications services available for resale to Hotel/Motel and Hospital end users, respectively. Similarly, Access Line Service for Customer Provided Coin Telephones is the only local service available for resale to COCOTS customers. Shared Tenant Service customers can only be sold those telecommunications services available in the Company's A23 Shared Tenant Service Tariff.

4. Reseller is prohibited from furnishing both flat and measured rate service on the same business premises to the same subscribers (end users) as stated in A2.3.2.A. of the Company's Tariff except for backup service as indicated in the applicable state tariff Section A2.3B.

5. If telephone service is established and it is subsequently determined that the class of service restriction has been violated, Reseller will be notified and billing for that service will be immediately changed to the appropriate class of service. Service charges for changes between class of service, back billing, and interest as described in this subsection shall apply at the Company's sole discretion. Interest at the rate of 0.000590 per day, compounded daily for the number of days from the back billing date to and including the date that Reseller actually makes the payment to the Company may be assessed.

6. The Company reserves the right to periodically audit services purchased by Reseller to establish authenticity of use. Such audit shall not occur more than once in a calendar year. Reseller shall have any and all records and data available to the Company or the Company's auditor's on a reasonable basis. The Company shall bear the cost of said audit.

B. Resold services can only be used in the same manner as specified in the Company's Tariff. Resold services are subject to the same terms and conditions as are specified for such services when furnished to an individual end user of the Company in the appropriate section of the Company's Tariffs. Specific tariff features, e.g. a usage allowance per month, shall not be aggregated across multiple resold services. Resold services cannot be used to aggregate traffic from more than one end user customer except as specified in Section A23. of the Company's Tariff referring to Shared Tenant Service.

C. Reseller may resell services only within the specific resale service area as defined in its certificate.

D. Telephone numbers transmitted via any resold service feature are intended solely for the use of the end user of the feature. Resale of this information is prohibited.

ORDER NO. PSC-96-1510-FOF-TP  
DOCKET NO. 960967-TP  
PAGE 10

E. No patent, copyright, trademark or other proprietary right is licensed, granted or otherwise transferred by this Agreement. Reseller is strictly prohibited from any use, including but limited to sale, marketing or advertising, of any BellSouth name or trademark.

**V. Maintenance of Services**

A. Services resold under the Company's Tariffs and facilities and equipment provided by the Company shall be maintained by the Company.

B. Reseller or its end users may not rearrange, move, disconnect, remove or attempt to repair any facilities owned by the Company, other than by connection or disconnection to any interface means used, except with the written consent of the Company.

C. Reseller accepts responsibility to notify the Company of situations that arise that may result in a service problem.

D. Reseller will be the Company's single point of contact for all repair calls on behalf of Reseller's end users.

E. Reseller will contact the appropriate repair centers in accordance with procedures established by the Company.

F. For all repair requests, Reseller accepts responsibility for adhering to the Company's prescreening guidelines prior to referring the trouble to the Company.

G. The Company will bill Reseller the Company's standard time and material charges for handling troubles that are found to be in Reseller's network. The standard time and material charges will be no more than what BellSouth charges to its retail residential and/or business customers for the same services, whichever are applicable.

H. The Company reserves the right to contact Reseller's customers, if deemed necessary, for maintenance purposes.

**VI. Establishment of Service**

A. After receiving certification as a local exchange company from the appropriate regulatory agency, Reseller will provide the appropriate Company service center the necessary documentation to enable the Company to establish a master account for Reseller. Such documentation shall include the Application for Master Account, proof of authority to provide telecommunications services, an Operating Company Number ("OCN") assigned by the National Exchange Carriers Association ("NECA") and a tax exemption certificate, if applicable. When necessary deposit requirements are met, the Company will begin taking orders for the resale of service.

B. Service orders will be in a standard format designated by the Company.

C. When notification is received from Reseller that a current customer of the Company will subscribe to Reseller's service, standard service order intervals for the appropriate class of service will apply.

ORDER NO. PSC-96-1510-FOF-TP  
DOCKET NO. 960967-TP  
PAGE 11

D. When an existing customer of the Company switches to Reseller, Reseller must provide the Company with the Customer Code or Codes, when multiple codes apply, for that end user.

E. The Company will not require end user confirmation prior to establishing service for Reseller's end user customer. Reseller must, however, be able to demonstrate end user authorization upon request.

F. Reseller will be the single point of contact with the Company for all subsequent ordering activity resulting in additions or changes to resold services except that the Company will accept a request directly from the end user for conversion of the end user's service from Reseller to the Company or will accept a request from another OLEC for conversion of the end user's service from the Reseller to the other OLEC. The Company will notify Reseller that such a request has been processed.

G. If the Company determines that Reseller has made an unauthorized change in local service to Reseller, the Company will reestablish service with the appropriate local service provider and will assess Reseller as the OLEC initiating the unauthorized change, an unauthorized change charge similar to that described in F.C.C. Tariff No. 1, Section 13.3.3. Appropriate non-recurring charges, as set forth in Section A4. of the General Subscriber Service Tariff, will also be assessed to Reseller.

These charges can be adjusted if Reseller provides satisfactory proof of authorization.

	Non-recurring Charge
a. each Residence or Business line	\$19.41
b. each Public or Semi-Public line	\$34.19

H. The Company will, in order to safeguard its interest, require Reseller to have a deposit to be held by the Company as a guarantee of the payment of rates and charges, unless satisfactory credit has already been established. Any such deposit may be held during the continuance of the service as security for the payment of any and all amounts accruing for the service.

I. Such deposit may not exceed two months' estimated billing.

J. The fact that a deposit has been made in no way relieves Reseller from complying with the Company's regulations as to advance payments and the prompt payment of bills on presentation nor does it constitute a waiver or modification of the regular practices of the Company providing for the discontinuance of service for non-payment of any sums due the Company.

K. The Company reserves the right to increase the deposit requirements of Reseller if consistently late in payment of its bills, but the Company shall, in no event, exercise this right in addition to demanding advance payments.

L. In the event that Reseller defaults on its account, service to Reseller will be terminated and any deposits held will be applied to its account.

M. In the case of a cash deposit, interest at the rate of six percent per annum shall be paid to Reseller during the continuance of the deposit. Interest on a deposit shall accrue annually and, if requested, shall be annually credited to Reseller by the accrual date.

#### VII. Payment And Billing Arrangements

A. When the initial service is ordered by Reseller, the Company will establish an accounts receivable master account for Reseller.

B. The Company shall bill Reseller on a current basis all applicable charges and credits.

C. Payment of all charges will be the responsibility of Reseller. Reseller shall make payment to the Company for all services billed. The Company is not responsible for payments not received by Reseller from Reseller's customer. Payments made to the Company as payment on account will be credited to an accounts receivable master account and not to an end user's account.

D. The Company will render bills each month on established bill days for each of Reseller's accounts.

E. The Company will bill Reseller, in advance, charges for all services to be provided during the ensuing billing period except charges associated with service usage, which charges will be billed in arrears. Charges will be calculated on an individual end user account level, including, if applicable, any charges for usage or usage allowances. Reseller will also bill all charges, including but not limited to 911 and E911 charges, telecommunications relay charges, and franchise fees, on an individual end user account level.

F. The payment will be due by the next bill date (i.e., same date in the following month as the bill date) and is payable in immediately available funds. Payment is considered to have been made when received by the Company.

If the payment due date falls on a Sunday or on a Holiday which is observed on a Monday, the payment due date shall be the first non-Holiday day following such Sunday or Holiday. If the payment due date falls on a Saturday or on a Holiday which is observed on Tuesday, Wednesday, Thursday, or Friday, the payment due date shall be the last non-Holiday day preceding such Saturday or Holiday. If payment is not received by the payment due date, a late payment penalty, as set forth in I. following, shall apply.

G. Upon proof of tax exempt certification from Reseller, the total amount billed to Reseller will not include any taxes due from the end user. Reseller will be solely responsible for the computation, tracking, reporting and payment of all federal, state and/or local jurisdiction taxes associated with the services resold to the end user.

H. As the customer of record, Reseller will be responsible for, and remit to the Company, all charges applicable to its resold services for

emergency services (E911 and 911) and Telecommunications Relay Service (TRS) as well as any other charges of a similar nature.

I. If any portion of the payment is received by the Company after the payment due date as set forth preceding, or if any portion of the payment is received by the Company in funds that are not immediately available to the Company, then a late payment penalty shall be due to the Company. The late payment penalty shall be the portion of the payment not received by the payment due date times a late factor. The late factor shall be the lesser of:

1. The highest interest rate (in decimal value) which may be levied by law for commercial transaction, compounded daily for the number of days from the payment due date to and including the date that Reseller actually makes the payment to the Company, or
2. 0.000590 per day, compounded daily for the number of days from the payment due date to and including the date that Reseller actually makes the payment to the Company.

J. Any switched access charges associated with interexchange carrier access to the resold local exchange lines will be billed by, and due to, the Company. No additional charges are to be assessed to Reseller.

K. The Company will not perform billing and collection services for Reseller as a result of the execution of this Agreement. All requests for billing services should be referred to the appropriate entity or operational group within the Company.

L. Until such time as the Company receives permission from the FCC to bill the End User Common Line (EUC) charge to Reseller, the Company will, on an interim basis, bill the charges shown below which are identical to the EUC rates billed by BSI to its end users.

	Monthly Rate
1. Residential	
a. Each Individual Line or Trunk	\$3.50
2. Single Line Business	
a. Each Individual Line or Trunk	\$3.50
3. Multi-line Business	
a. Each Individual Line or Trunk	\$6.00

M. In general, the Company will not become involved in disputes between Reseller and Reseller's end user customers over resold services. If a dispute does arise that cannot be settled without the involvement of the Company, Reseller shall contact the designated Service Center for resolution. The Company will make every effort to assist in the resolution of the dispute and will work with Reseller to resolve the matter in as timely a manner as possible. Reseller may be required to submit documentation to substantiate the claim.

N. Reseller is responsible for payment of all appropriate charges for completed calls, services, and equipment. If objection in writing is not

received by the Company within twenty-nine days after the bill is rendered, the account shall be deemed correct and binding upon Reseller.

**VIII. Discontinuance of Service**

A. The procedures for discontinuing service to an end user are as follows:

1. Where possible, the Company will deny service to Reseller's end user on behalf of, and at the request of, Reseller. Upon restoration of the end user's service, restoral charges will apply and will be the responsibility of Reseller.

2. At the request of Reseller, the Company will disconnect a Reseller end user customer.

3. All requests by Reseller for denial or disconnection of an end user for nonpayment must be in writing.

4. Reseller will be made solely responsible for notifying the end user of the proposed disconnection of the service.

5. The Company will continue to process calls made to the Annoyance Call Center and will advise Reseller when it is determined that annoyance calls are originated from one of their end user's locations. The Company shall be indemnified, defended and held harmless by Reseller and/or the end user against any claim, loss or damage arising from providing this information to Reseller. It is the responsibility of Reseller to take the corrective action necessary with its customers who make annoying calls. Failure to do so will result in the Company's disconnecting the end user's service.

B. The procedures for discontinuing service to Reseller are as follows:

1. The Company reserves the right to suspend or terminate service for nonpayment or in the event of prohibited, unlawful or improper use of the facilities or service, abuse of the facilities, or any other violation or noncompliance by Reseller of the rules and regulations of the Company's Tariffs.

2. If payment of account is not received by the bill day in the month after the original bill day, the Company may provide written notice to Reseller, that additional applications for service will be refused and that any pending orders for service will not be completed if payment is not received by the fifteenth day following the date of the notice. If the Company does not refuse additional applications for service on the date specified in the notice, and Reseller's noncompliance continues, nothing contained herein shall preclude the Company's right to refuse additional applications for service without further notice.

3. If payment of account is not received, or arrangements made, by the bill day in the second consecutive month, the account will be considered in default and will be subject to denial or disconnection, or both.

4. If Reseller fails to comply with the provisions of this Agreement, including any payments to be made by it on the dates and times herein specified, the Company may, on thirty days written notice to the person designated by Reseller to receive notices of noncompliance, discontinue the provision of existing services to Reseller at any time thereafter. In the case of such discontinuance, all billed charges, as well as applicable termination charges, shall become due. If the Company does not discontinue the provision of the services involved on the date specified in the thirty days notice, and Reseller's noncompliance continues, nothing contained herein shall preclude the Company's right to discontinue the provision of the services to Reseller without further notice.

5. If payment is not received or arrangements made for payment by the date given in the written notification, Reseller's services will be discontinued. Upon discontinuance of service on a Reseller's account, service to Reseller's end users will be denied. The Company will also reestablish service at the request of the end user or Reseller upon payment of the appropriate connection fee and subject to the Company's normal application procedures.

6. If within fifteen days after an end user's service has been denied no contact has been made in reference to restoring service, the end user's service will be disconnected.

#### IX. Liability

A. The liability of the Company to Reseller for damages arising out of mistakes, omissions, interruptions, preemptions, delays errors or defects in transmission, or failures or defects in facilities furnished by the Company, occurring in the course of furnishing service or other facilities and not caused by the negligence of Reseller, or of the Company in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision shall in no event exceed an amount equivalent to the proportionate charge to Reseller for the period of service during which such mistake, omission, interruption, preemption, delay, error or defect in transmission or defect or failure in facilities occur.
