I. EXECUTIVE SUMMARY

AUDIT PURPOSE: We have applied the procedures described in Section II of this report to audit the appended Purchased Gas Adjustment schedules prepared by City Gas Company in support of Docket 960003-GU for the twelve month period ended September 30, 1996.

This report is based on confidential information which is separately filed with the Division of Records and Reporting. The audit exit conference was held December 12, 1996.

DISCLAIM PUBLIC USE: This is an internal accounting report prepared after performing a limited scope audit; accordingly, this document must not be relied upon for any purpose except to assist the Commission staff in the performance of their duties. Substantial additional work would have to be performed to satisfy generally accepted audit standards and produce audited financial statements for public use.

OPINION: The appended Purchased Gas Schedules for the twelve months period ending September 30, 1996 represent the Company's books and records maintained in substantial compliance with Commission Directives; The expressed opinions extend only to the scope of work described in section II of this report.

SUMMARY FINDINGS:

The A-2 schedules overstate the cost of gas in the amount of \$6,634.

II. AUDIT SCOPE

The opinions contained in this report are based on the audit work described below. When used in this report COMPILED and EXAMINED means that audit work includes:

COMPILED - The audit staff reconciled exhibit amounts with the general ledger; visually scanned accounts for error or inconsistency; disclosed any unresolved error, irregularity or inconsistency; and, except as noted performed no other audit work.

EXAMINED - The audit staff reconciled exhibit amounts with the general ledger; traced general ledger account balances to subsidiary ledgers; applied selective analytical review procedures; tested account balances to the extent further described; and disclosed any error, irregularity, or inconsistency observed.

COST OF GAS

Compiled a Cost of Gas Schedule from the general ledger and reconciled to Schedule A-2. Reconciled Company's Summary Gas Cost Schedules to the general ledger and A-2. Judgmentally sampled adjusting entries to cost of gas. Examined invoices for a sample of two months. Agreed overtenders to cost of gas invoices.

REVENUES

Agreed PGA revenue amounts on company "Monthly Revenue Reports" to the A-2 schedules for all months. Reconciled company's summary for revenue for two months to the company's rate schedules. Recalculated accounts from the billing register for one month.

RECALCULATION OF A-2

Recalculated the true-up and the interest calculation and traced the interest rates used to Wall Street Journal. Traced true-up adjustment amounts to documentation. Traced prior true-up amount to Commission Order, and true-up and interest beginning to prior six month filing.

AUDIT EXCEPTION 1

SUBJECT: COST OF GAS

STATEMENT OF FACTS: In the month of September 1966 the company included in the A-2 schedule a cost of gas credit in the amount of \$30,231 for the profit margin from off system sales. The Commission authorized off system sales 50/50 sharing mechanism in PSC Order 96-0482-FOF-GU. The amount on the company books was a credit of \$31,920; a difference of \$1,689.

The company did not include in the A-2 schedules the Florida Gas Transmission refund for the months of July and August 96 in the amounts of \$22,607 and \$5,073.

For the months of April 96 through September 96 the company booked overtenders (which are actually a cost of gas) to revenue account instead of to the cost of gas account. Therefore, they were not included in the A-2 schedules as a debit to cost of gas. These were booked to a non-PGA revenue account.

April 96	\$ 6,582
May 96	15
June 96	94
July 96	12,424
August 96	1,001
September 96	2,619

	\$22,735

OPINION: Decrease cost of gas on the A-2 schedules in the amount of \$6,634.

Credit cost of gas for difference in filing and general ledger for off system sales	(1,689)
Credit cost of gas for Florida Gas Transmission refund	(22,607)
	(5,073)
Debit cost of gas for Overtenders	22,735

Credit cost of gas in the amount of	<u>(6,634)</u>

Staff recalculated the A-2 schedules for the months of March 96 through September 96 with interest. This is attached as Exhibit 1.

RECOMMENDATION: Credit cost of gas on the A-2 schedules in the amount of \$6,634. With interest this has the effect of increasing the true-up at September 30, 1996 in the amount of \$6,605; from \$587,520 to \$594,125.

The true up and interest beginning total amount of \$1,376,495 was traced to last six month period filing.

AUDIT DISCLOSURE 1

SUBJECT: REVENUE RECONCILIATION

STATEMENT OF FACTS: Although the company has taken measures from previous years to separately identify the PGA revenues billed to customers on the revenue report, staff could still not compile the amount of PGA revenues from the general ledger to trace to the A-2 schedules. The company does not keep their books to facilitate this.

OPINION: Not detailing revenues in separate accounts makes reconciliation of the filing to the books more difficult.
