Fruitland Park, FL 34731

Re: Docket No. **961498-WU** - Application of W.B.B. Utilities, Inc. to approve an Allowance for Funds Prudently Invested charge and an increase in Water Plant Capacity charge and Main Extension charges.

Dear Mr. Bair:

Enclosed please find a corrected copy of your notice of application in the above referenced docket. After review by Commission staff, a number of mistakes and omissions were found on the notice which must be corrected. Please make the indicated corrections and re-notice according to Rule 25-22.0408, Florida Administrative Code.

The corrected notice of application must be published in a newspaper of general circulation in the service area included in the application and mailed or hand delivered to all persons in the service area included in the application who have filed a written request for service or who have been provided a written estimate for service within the 12 calendar months prior to the month the application was filed.

INC., for approval of an Allowance for)
Funds Prudently Invested (AFPI) Charge)
along with an increase in Water Plant)
Capacity Charges and Main Extension)
Charges in its certificated territory)

Date Issued _____

MAIN EXTENSION

NOTICE OF APPLICATION

W.B.B. UTILITIES, INC. will apply to the Florida Public Service Commission for an Allowance for Funds Prudently Invested (AFPI) Charge along with increase in Plant Capacity Charges and ~~System Capacity~~ Charges. These charges are to pay for growth in the utility system. The charges are to be paid by new connections and not existing customers. A copy of the Application may be inspected at W.B.B. Utilities, Inc., 4116 Bair Avenue, Fruitland Park, Florida 34731 (Business Office and Telephone number)

It is proposed that the Plant Capacity Charge for water be increased from \$220 to \$828 and the ~~system capacity~~ charge be increased from \$300 to \$925 per Equivalent Residential Connection (ERC). It is also proposed that an AFPI charge be initiated which will be capped over a five year period.

An Equivalent Residential Connection means (a) 350 gallons per day for water; (b) the number of gallons a utility demonstrates is the average daily flow for a single residential unit; or (c) the number of gallons which have been approved by the Department of Environmental Protection for a single residential unit.

An Allowance for Funds Prudently Invested (AFPI) Charge is a mechanism which allows a utility an opportunity to earn a fair rate of return on prudently constructed plant held for future use from the future customers to be served by that plant in the form of a charge paid by those customers.

Any comments concerning the above charges should be made in writing to the Director of Records and Reporting, Florida Public Service Commission at 2540 Shumard Oak Boulevard Tallahassee, Florida 32399-0850.
