Notice to Customers of United Water Florida Inc.  
of Approval of Final Rates by the Florida  
Public Service Commission  
Docket No. 960451-WS  
Dated: May 23, 1997

Dear Customer:

On July 30, 1996, United Water Florida Inc. ("United Water Florida") filed an application with the Florida Public Service Commission ("Commission") for an increase in its water and wastewater rates in Duval, Nassau and St. Johns Counties, Florida. Although United Water Florida has used annual price indexes and pass through adjustments to offset some of its increases in expenses, United Water Florida's last general rate case was in 1982 and used a 1980 test year. The rate increases are primarily due to capital investments that are being required to meet more stringent environmental regulations, rehabilitation of United Water Florida's water distribution and wastewater collection systems, major enhancements to United Water Florida's water and wastewater treatment processes, and information technology initiatives. On October 29, 1996, the Commission approved an interim rate increase which became effective on November 15, 1996. The Commission conducted a hearing on the application the week of January 26, 1997, in Jacksonville, Florida. At its May 6, 1997, Agenda Conference, the Commission approved final rates for United Water Florida and also determined that no refunds were due under the interim rates.

The final rates will become effective for service rendered on or after May 19, 1997. A schedule showing United Water Florida's rates prior to the rate case, the Commission's approved interim rates, United Water Florida's requested final rates, and the Commission's approved final rates is set forth on the reverse side of this notice. Please note that the Commission has lowered the wastewater gallonage cap on residential wastewater service from 30,000 gallons or 4,000 cubic feet of water per quarter to 27,000 gallons or 3,600 cubic feet of water per quarter.

United Water Florida's customer service hours are Monday through Friday, 8:30 a.m. through 4:30 p.m. If you have any questions, please call United Water Florida at (904) 725-2865 or write United Water Florida at 1400 Millcoe Road, Jacksonville, Florida 32239.

Written customer comments concerning United Water Florida's water and wastewater utility service and United Water Florida's request for a rate increase also may be addressed to the Director of the Division of Records and Reporting, Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, with a courtesy copy to James L. Ade, Attorney, Martin, Ade, Birchfield & Mickler, 3000 Independent Square, Jacksonville, Florida 32202. All comments should include references to Commission Docket No. 960451-WS, which has been assigned to this case. You may also call the Commission's Division of Consumer Affairs at the following toll-free number: 1-800-342-3552.

This notice was approved by the Staff of the Commission.
