Description of information on report:

AREA = One of three Florida groups (i.e., NF, SF, SE)

CXR = Abbreviation for ALEC company name (field name in data bases is "ACNA").

LOC_A = A-end location of trunk group Common Language Circuit ID.

LOC_Z = Z-end location of trunk group Common Language Circuit ID.

Note: LOC's A and Z contain an 11 character geographic identifier (CLLI) that uniquely identifies the geographic location of places and certain functional categories unique to the telecommunications industry. The first 4 characters represent a unique location or place. Characters 5-6 represent the state and characters 7-8 refer to a specific building location. Characters 9-11 represent a specific entity (i.e., a point of interface).

TRK_TYPE = describes functionality and other information about the trunk group (consists of 4 fields of 2 characters each, followed by a 7 character field; a total of 15 characters are possible).

Address Signalling, 1st char. = type of signalling from A to Z.
2nd char. = type of signalling from Z to A.
(7 = CCS7; - = no operation, signifying a one-way group; M = MF; etc.)

Traffic Class Code = Engineering info, whether group is final or has an alternate route. (DF = non-alternate route final; AF = alternate route final; PH = primary high usage; etc.)

Office Class = highest level of switching performed at A-end and at Z-end of group. (5 = end office; lower number = tandem; - = no switching, POT; etc.)

Traffic Use Code = identifies type of traffic offered to the trunk group. (TD = Feature Group-D traffic at a Tandem connection; ED = Feature Group-D traffic at an end office-connection; DA = Directory Asst.; IR = Intercept; ES = E911; etc.)

Modifier = optional code of variable length, maximum of 7 characters, that provides supplemental information about the group; distinguishes groups that are otherwise similar. (Starts with "J" for CLEC interconnection).

POI = ALEC's point of interconnection (i.e., LOC A or LOC Z)

TRKS IN SVC = trunks in service in the group as of the first of month.

TRKS FCST = current trunk quantity forecast for 1997.

In consideration of the mutual promises contained herein, BellSouth Advertising & Publishing Corporation, a Georgia corporation ("BAPCO") and _____, a _____ corporation ("CARRIER") agree as follows:

CARRIER provides, or intends to provide, local exchange telephone service in communities in which BAPCO publishes Directories. BAPCO and CARRIER hereby establish the terms by which BAPCO will include listings of CARRIER subscribers in such Directories and by which BAPCO will provide such Directories to CARRIER subscribers.

2. **CARRIER OBLIGATIONS.** CARRIER agrees as follows:

(a) CARRIER shall provide to BAPCO, or its designee, at CARRIER's expense and at no charge, listing information concerning its subscribers (designating any who do not desire published listings), consisting of customer name, address, telephone number and all other information reasonably requested by BAPCO as set forth on Exhibit A in a mutually acceptable format for use by BAPCO or its affiliates in publishing Directories of whatever type and format and for other derivative purposes. Such subscriber listing information shall be provided in the format and on the schedule set forth in said Exhibit, or as otherwise mutually agreed between the parties from time to time.

(b) CARRIER shall also provide directory delivery information to BAPCO as set forth in Exhibit A for all subscribers.

(c) CARRIER shall advise BAPCO promptly of any directory-related inquiries, requests or complaints which it may receive from CARRIER subscribers and shall provide reasonable cooperation to BAPCO in response to or resolution of the same.

(d) CARRIER shall respond promptly regarding corrections or queries raised by BAPCO to process listing changes requested by subscribers.

3. **BAPCO OBLIGATIONS.** BAPCO agrees as follows:

(a) BAPCO shall include one standard listing for each CARRIER subscriber per hunting group in BAPCO's appropriate local alphabetical Directory as published periodically by BAPCO unless nonlisted or nonpublished status is designated by subscribers. Such listings shall be interfiled with the listings of other local exchange telephone company subscribers and otherwise published in the manner of such other

listings according to BAPCO's generally applicable publishing policies and standards. BAPCO shall provide a process whereby CARRIER is afforded a reasonable opportunity to review and correct its subscribers' alphabetical listings in advance of publication.

(b) Provided CARRIER establishes appropriate resale arrangements with BellSouth Telecommunications, Inc. ("BellSouth"), BAPCO shall publish additional listings, foreign listings and other alphabetical Directory listings offered by BellSouth, for CARRIER subscribers upon their request consistent with BAPCO's generally applicable policies in BAPCO's alphabetical Directories.

(c) BAPCO will distribute its regularly published alphabetical and classified Directories to local CARRIER subscribers at no charge to CARRIER or CARRIER's subscribers in accordance with BAPCO's prevailing practices, including delivery following Directory publication and upon establishment of new CARRIER service, if a current Directory for that geographic area has not previously been provided. Such deliveries may include separate advertising materials accompanying the Directories.

(d) BAPCO will include CARRIER information in the customer guide pages of its alphabetical Directories for communities where CARRIER provides local exchange telephone service at the time of publication in accordance with BAPCO's prevailing standards for the same. CARRIER will provide information requested by BAPCO for such purpose on a timely basis.

Such listings shall be published according to BAPCO's generally applicable publishing policies and standards.

(f) BAPCO agrees to solicit, accept and publish directory advertising from business subscribers for CARRIER in communities for which BAPCO publishes classified Directories in the same manner and upon substantially the same terms as it solicits, accepts and publishes advertising from advertisers who are not CARRIER subscribers.

(g) BAPCO will not provide information obtained from CARRIER concerning its subscribers to other local exchange telephone service providers without CARRIER approval, except as may be required in relation to publishing of Directories or as may be permitted by CARRIER for directory assistance or other purposes.

(h) BAPCO and CARRIER acknowledge that mutual cooperation will be required to successfully serve the needs of their common customers and therefore agree to use reasonable efforts to provide such cooperation to achieve the highest quality of service for both parties' customers.

4. PUBLISHING POLICIES. BAPCO shall maintain full authority over its publishing schedules, policies, standards, and practices and over the scope and publishing schedules of its Directories. BAPCO Deliverables ***Abbreviations Table**

BAPCO will provide copy of the standard abbreviations utilized for given names, titles of address, titles of lineage, military titles, degrees and professional affiliations standards. This information can be used to assist in effectively processing various listed name requests.

Central Office Table

BAPCO will provide two versions of what is called the ABC table. Version 1 of this report identifies by NPA and in sequence by central office the directory in which a customer is entitled to appear. Version 2 of this report reflects the directory name and all central offices appearing within that directory.

Coverage Maps

BAPCO will provide a coverage map for its major directories identifying broadly the geographic area served by the major directory. These maps will be provided only for the major directories in the area served by the carrier.

Customer Guide Pages Appearance Procedures

BAPCO will provide free listing appearance under the areas of Establishing Service, Billing and Repair in the Customer Guide Section of the White Pages for directories where a carrier operates. These procedures identify how to get your listing to appear and procedures for purchasing LEC specific pages.

Foreign Directory Name Table

BAPCO will provide all foreign directory names to be used in the processing of foreign listing requests. This field is a required element in the establishment of foreign listings.

Listing Guidelines

BAPCO will provide an example of the most common listing elements and their entitlement to appearance in the White and Yellow Pages.

Listing Standards and Regulations

BAPCO will provide a condensed version of listing specifications reflecting the rules and regulations regarding listing appearance in both the White and Yellow Pages.

Publication Schedules

BAPCO will provide to all carriers the publication schedules for all directories within the area served by the carrier. This schedule will include the name of the directory, the directory bolt code, the business office close date and the issue date. The business office close date represents the last day to receive activity for appearance in the subsequent directory. This date also represents the close date for advertising activity into the Yellow Pages.

The issue date represents the mid-point of delivery of the new directory and the date at which new directory billing will begin for the directory being delivered. The length of the delivery period will vary depending upon the size of directory.

Yellow Pages Headings

BAPCO will provide the Yellow Pages Heading file which will include all Yellow Pages headings allowed by BAPCO, the Yellow Pages heading code and the associated SIC code. This material would be utilized to assist the business customer in identifying where they would like representation in BAPCO's classified Yellow Pages directories.

* Information will be provided on disk in standard Microsoft Word format or via Internet download

REQUEST: Section 271(c)(2)(B)(xi) requires that until the date by which the commission issues regulations pursuant to Section 251 to require number portability interim telecommunications number portability through remote call forwarding, direct inward dialing trunks, or other comparable arrangements, be provided with as little impairment of functioning, quality, reliability, and convenience as possible. Has any telecommunications carrier, as defined by the Act, requested BellSouth to provide number portability pursuant to Section 271(c)(2)(B)(xi)? If so, provide the following information.

- B. The type of number portability measures that BellSouth has used to provide service provider number portability.
- C. The rate BellSouth has charged each telecommunications carrier for the service listed in a; and
- D. Any conditions or limitations that BellSouth has imposed on the services identified in A and B.

RESPONSE: A. The following carriers have requested BellSouth to provide number portability:

25
26
27

- C. The rate BellSouth charges a telecommunications carrier for the service listed in a is contained in its negotiated agreements with BellSouth, unless that carrier seeks to utilize Section 252(i) of the Act. In such a case the rates are as contained in BellSouth's tariff per the Florida PSC's Order in Docket No. 950737-TP.
- D. Service provider portability only, not location portability. The ALEC is not allowed to physically move the customer out of their present BellSouth rate center.
