Subject:

Transfer of Water Certificate No. 111-W

Dear Sirs/Madams:

The Southwest Florida Water Management District (the District) received notice of the application for transfer of Water Certificate No. 111-W from SH Utilities, Inc. to Lindrick Service Corporation (Lindrick), for service to the Shamrock Heights area in Pasco County. District records reflect two active Water Use Permits (WUPs) for this area: WUP No. 202978.02, issued to Lindrick; and WUP No. 203670.02, issued to SH Utilities, Inc.

In order to remain in compliance with District rules when assuming the water service for the entire area, Lindrick must apply to the District for a modification of WUP No. 202978.02 to include the quantities under WUP No. 203670 02

If you have any questions or comments regarding this matter, please contact me at the District's Brooksville Headquarters, at extension 4660

Sincerely.

Margaret M. Lytle

Assistant General Counsel
