Re: Docket No. 961321-WS, Application for certificates to provide water and wastewater service in Clay County by Point Water and Sewer, Inc.

Dear Mr. Dean:

Thank you for taking the time to provide the Commission with the reasons SJRWMD would support a plan to authorize Clay Utility Authority (CUA) to provide water and wastewater utility service to the Point Condominiums. Your comments will be included as a formal part of the docket file and may be used as part of staff's recommendation to the Commission on this matter. As you know, the hearing has been indefinitely postponed to give the parties an opportunity to reach an agreement which may mitigate the need for a hearing.

Also, since you have requested that SJRWMD be kept informed on the matter, my staff will add Mr. Harold Wilkening's name to the docket file as an interested party.

ACK      As such, he will automatically receive advance notice of any actions the Commission  
AFA      intends to take in the docket and may request copies of the recommendation or attend the  
APP      agenda conference. The necessary information will be provided in the notice.

CAF      If I, or my staff can be of any further assistance, please don't hesitate to call.
