**INTERMEDIA COMMUNICATIONS INC.'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION**

Intermedia Communications Inc. (Intermedia), hereby files pursuant to Rule 25-22.006, Florida Administrative Code, its Request for Confidential Classification, and states the following:

1. By letter dated August 13, 1997, the Staff of the Florida Public Service Commission requested Intermedia to provide additional information in connection with the above-captioned matter.

2. On September 15, 1997, Intermedia filed its response from staff to provide additional information and a Notice of Intent to Request Confidential Classification. On September 18, 1997, Intermedia submitted page 1 which it inadvertently omitted from the September 15, 1997 filing and also filed a Notice of Intent to Request Confidential Classification. Intermedia intends this request cover both filings, which is the complete document.

3. The additional information provided in response to staff's request includes the exact number of business and residential access lines and the specific exchanges where Intermedia provides local service. This information directly relates to Intermedia's competitive interests. Disclosure of this information would impair the competitive business interests of Intermedia by allowing competitors to determine the specific

markets where Intermedia conducts its business and to determine the exact number of access lines for residential and business services.

5. Attachment "A" to this Request identifies the page and line at which the confidential material is found, and correlates the page and line with the specific justification for confidential classification of the information.

5. Two copies of the information with the confidential information redacted are attached hereto as Attachment "B."

6. One highlighted copy of the information with the material which is confidential and proprietary is attached hereto in a sealed envelope as Attachment "C."

7. The information for which Intermedia seeks confidential classification is not publicly available. Intermedia has treated and intends to continue to treat the material for which confidential classification is sought as private, confidential information and this information has not been disclosed to the public.

WHEREFORE, based on the foregoing, Intermedia Communications Inc. respectfully requests that the Commission enter an order declaring that the information described above to be confidential proprietary business information, and thus not subject to public disclosure.

Respectfully submitted this 2nd day of October, 1997.
