RE: DOCKET NO. 970543-EG - Petition by Florida Power & Light Company for modification of Commercial/Industrial Efficient Lighting Program.

Issue 1: Should the Commission approve Florida Power & Light Company's (FPL) petition for modification of the Commercial/Industrial (C/I) Efficient Lighting program, including approval for energy conservation cost recovery?

Recommendation: Yes. However, because the C/I Efficient Lighting program is marginally cost-effective, FPL should file revised cost-effectiveness ratios with the Commission in its November 1998 true-up filings in Docket No. 980002-EG. FPL should also report to staff the results of its planned 1998 evaluation of the C/I Efficient Lighting program.
