Kelly, we have this docket as a PSC cancellation for rule violation. The recommendation reads as a company-requested cancellation. Should the docket title be changed? Kay

Yes, please. The recommendation states the reason for the change from a PSC cancellation to a voluntary cancellation. This docket originally went to Agenda on the 4th but we "OOPS!" so we had to go back and fix it, for the company had paid the RAFS way before we filed the 1st Rec. Call me if you want more details.
