971375-II

Talked to Floyd Self a few minutes ago and he would like for us to apply his withdrawal to the old docket and close it and open a new docket to cover the new request of MCI/Worldcom.

Has something to do with GTE's filed intervention in the old docket? It seems the closing with do away with it in the old docket.

So lets close the old docket and open a new one with the new request. Thanks.

Since we've already placed that filing in the old docket, we will need to get a "request to establish docket" form from you for the new docket. You can use the docket title from 971375--it has already been changed to reflect the newest petition but will need to be changed back to the original title. Let me know if questions. Kay
