Charles finally called be back and want the name on the payphone certificate 962 to be changed also. We are opening a new docket to change this since to order has already be done on the IXC (900) name change.

Further, as we discussed please inter the payphone certificate 962 with a new company code indicating it as a payphone and not as a IXC

When the request comes in to open the docket to change name on the PATS cert, at that time I will establish the Company code and place the PATS cert no. with it, that way we will have a docket associated with the company code. Will make a comment that this was done per staff requests, since it was not done in the beginning. Have a question, am I to use the same mail/location addresses, liaison(s), titles, phone and fax information for the PATS that we are now using for the IXC cert? If not, please get this information for me. Will be awaiting a reply. Thanks, Nonnye
