**REQUEST FOR CONFIDENTIAL CLASSIFICATION  
 OF CERTAIN MATERIAL OBTAINED DURING  
 THE FPSC'S REVIEW OF DISTRIBUTION SYSTEMS**

Florida Power & Light Company ("FPL") hereby requests confidential classification of certain material obtained during the Review of Distribution Systems (the "Review") (Control No. 97-01-002)-undocketed. This request for confidential classification is filed pursuant to section 25-22.006 of the Florida Administrative Code and section 366.093 of the Florida Statutes. FPL further states:

1. Petitioner's name and address are:

Florida Power & Light Company  
 P.O. Box 029100  
 Miami, Florida 33102-9100

Orders, notices, or other pleadings related to this request should be served on:

Patrick M. Bryan, Esquire  
 Florida Power & Light Company  
 700 Universe Boulevard  
 Building D-3  
 Juno Beach, Florida 33408-0420

2. During the Review, Commission Staff requested access to various FPL documents related to FPL's competitive interests.

3. The following exhibits are attached hereto or are being filed separately, but contemporaneously herewith:

DOCUMENT NUMBER-DATE

FPSC-RECORDS/REPORTING

- a. Composite Exhibit A consists of all documents for which FPL seeks confidential treatment. All information contended by FPL to be entitled to confidential treatment has been highlighted in Composite Exhibit A. Composite Exhibit A is being filed separately in a sealed envelope marked "CONFIDENTIAL."
- b. Composite Exhibit B, attached, consists of all documents for which FPL seeks confidential treatment. All information contended by FPL to be entitled to confidential treatment has been redacted in Composite Exhibit B.
- c. Exhibit C, attached, is a line by line and page by page justification matrix including identification of information for which confidential treatment is sought, and correlation of the confidential information with the specific justification for the claim of confidentiality.
- d. Exhibit D, attached, is the affidavit of Linda R. Whalin  
Exhibit E, attached, is the affidavit of Dennis Brandt
- e. Exhibit F is a computer diskette containing FPL's justification matrix (Exhibit C).

4. The material in Exhibit A for which FPL seeks confidential treatment should not be declassified for a period of at least 18 months and should be returned to FPL in accordance with section 366.093(4) of the Florida Statutes as soon as the information is no longer necessary for the Commission to conduct its business. Since the materials include documents which are related to FPL's competitive interests, the materials should remain confidential while at the Commission and should be returned to FPL so that FPL can maintain the confidential nature of the documents.

5. FPL seeks confidential protection for this information pursuant to section 366.093(3)(e) (data, the disclosure of which has the potential to cause competitive harm), and section 366.093(3)(f) (employee personnel information unrelated to compensation, duties, qualifications, or responsibilities). Pursuant to section 366.093, such materials are entitled to confidential treatment and exempt from the mandatory disclosure provisions of the public records law. Thus, once the Commission determines that the information is encompassed by sections 366.093(e) and (f), the Commission is not required to balance the danger of disclosure against the public interest in access.

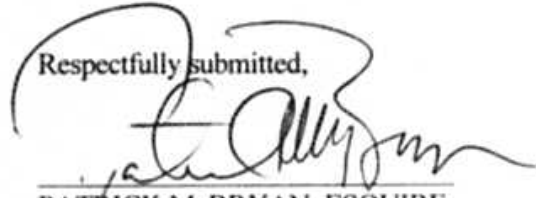

6. Within the justification matrix (Exhibit C) the column marked "FLORIDA STATUTE 366.093(3)" is keyed to justifications for confidentiality contained within the referenced statute. For lines marked "(e)", the justification for confidentiality is that the referenced material is related to competitive interests of FPL and disclosure would impair FPL's competitive business within the meaning of section 366.093(3)(e) of the Florida Statutes. For lines marked "(f)", the justification for confidentiality is that the referenced material is related to employee personnel information unrelated to compensation, duties, qualifications, or responsibilities within the meaning of section 366.093(3)(f)

of the Florida Statutes. The justification for confidentiality of the referenced material is more fully set forth in the affidavits of Linda R. Whalin and Dennis Brandt.

CONCLUSION

FPL requests confidentiality protection as to the material set out and described in the attached confidentiality justification matrix (Exhibit C).

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Patrick M. Bryan", written over a horizontal line.
