TARIFF FORMAT

Sheet Numbering - Sheet numbers appear in the upper right hand corner of the page. Sheets are numbered sequentially and from time to time new pages may be added to the Tariff. When a new page is added between existing pages, a decimal is added to the preceding page number. For example, a new page added between Sheets 3 and 4 would be numbered 3.1.

Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in the tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the sheet currently in effect.

Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a).
- 2.1.1.A.1.(a).I.
- 2.1.1.A.1.(a).I.(i).
- 2.1.1.A.1.(a).I.(i).(1).

Check Sheets - When a Tariff filing is made with the FPSC, an updated check sheet accompanies the Tariff filing. The check sheet lists the pages contained in the Tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision, all revisions made in a given filing are designed by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it. The Tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the FPSC.

2.4.2. Upon thirty (30) days' prior written notice, either Customer or Company shall have the right, without cancellation charge or other liability, to cancel the affected portion of the Service, if the Company is prohibited by governmental authority from furnishing said portion, or if any material rate or term contained herein and relevant to the affected Service is substantially changed by order of the highest court of competent jurisdiction to which the matter is appeal, the Federal Communications Commission, or other local, state or federal government authority.

2.5. Cancellation for Cause by the Company

Upon nonpayment of any sum owing to the Company, or upon a violation of any of the provisions governing the furnishing of Service under this Tariff, the Company may, upon five business days written notification to the Customer, except in extreme cases, without incurring any liability, immediately discontinue the furnishing of such Service. The written notice shall be separate and apart from the regular monthly bill for service. Customer shall be deemed to have canceled Service as of the date of such disconnection and shall be liable for any cancellation charges set forth in this Tariff.

2.5.2. Notice shall be deemed given upon deposit, postage prepaid, in the U.S. Mail to the end user's/customer's last known address and in compliance with the Commission's rules.
- 2.5.3. The discontinuance of Service(s) by the Company pursuant to this Section does not relieve the Customer of any obligations to pay the company for charges due and owing for Service(s) furnished up to the time of discontinuance. The remedies set forth herein shall not be exclusive and the Company shall at all times be entitled to all rights available to it under either law or equity.
- 2.6. Credit Allowance
- 2.6.1. Credit allowance for the interruption of Service is subject to the general liability provisions set forth in this Tariff. Customers shall receive no credit allowance for the interruption of service which is due to the Company's testing or adjusting, negligence of the Customer, or to the failure of channels or equipment provided by the Customer. The Customer should notify the Company when the Customer is aware of any interruption in Service for which a credit allowance is desired. Before giving such notice, the Customer shall ascertain that the trouble is not being caused by any action or omission within Customer's control, or is not in wiring or equipment, if any, furnished by the Customer in connection with the Company's Services.

Calculations of the credit shall be made in accordance with the following formula.

Credit Formula:

$$\text{Credit} = \frac{A \times B}{720}$$

"A" = outage time in hours

"B" = total monthly charge for affected facility

2.7. Use of Service

- 2.7.1 The Services offered herein may be used for any lawful purpose, including residential, business, governmental, or other use. There are no restrictions on sharing or resale of Services. 2.8. Payment and Billing

2.8.1 The following rules apply only to the Carrier's resold interexchange services and will govern payment and billing practices of the Carrier, unless inconsistent with any rule, order or regulation of the Commission. In the case of any inconsistency, the rule, order, or regulation of the Commission, or other provision of law, shall prevail. Carrier's billing agent is OAN.

2.8.a. Service is provided and billed on a billing cycle basis, beginning on the date that the service becomes effective. Billing is payable upon receipt. All calls placed using such direct connect facilities, authorization codes, premises, or switched access connections will be billed to, and must be paid by, the customer. Recurring and non-recurring charges are billed in arrears.

2.8.c. All bills are presumed accurate, and shall be binding on the customer unless objection is received by the Carrier in writing within Ninety (90) Days after such bills are rendered.

2.8.d. Carrier shall be entitled to revise bills previously rendered to adjust for previously unbilled service, or to adjust upward a bill previously rendered, for a period equivalent to the applicable contract law statute of limitations.

2.8.e. Advance Payments: For customers whom the Company feels an advance payment is necessary, the Company reserves the right to collect an amount not to exceed one (1) month's estimated charges, as an advance payment for service. This will be applied against the next month's charges and if necessary, a new advance payment will be collected for the next month.

- 2.8.6. In the event the Company incurs fees or expenses, including attorney's fees, in collecting, or attempting to collect, any charges owed the Company, the Customer will be liable to the Company for the payment of all such fees and expenses reasonably incurred.
- 2.9. Local Charges

- 2.11.2. If at any future time a municipality acquires the legal right to impose an occupation tax, license tax, permit fee, franchise fee or other similar charge upon the Carrier, and imposes the same by ordinance or otherwise, such taxes, fees or charges shall be billed to the end users receiving service within the territorial limits of such municipality. Such billing shall allocate the tax, fee or charge among end users uniformly on the basis of each end user's monthly charges for the types of service made subject to such tax, fee or charge.
- 2.11.3. If at any future time a county or other local taxing authority acquires the legal right to impose an occupation tax, license tax, permit fee, franchise fee or other similar charge upon the Carrier, and imposes the same by ordinance or otherwise, such taxes, fees or charges shall be billed to the end users receiving service within the territorial limits of such county or other taxing authority. 2.11.4 When utility or telecommunications assessments, franchise fees, or privilege, license, occupational, excise, or other similar taxes or fees, based on interstate or intrastate receipts are imposed by certain taxing jurisdictions upon the Company or upon local exchange companies and passed on to the Company through or with interstate or intrastate access charges, the amounts of such taxes or fees will be billed to Customers in such a taxing jurisdiction on a prorated basis. The amount of charge that is prorated to each Customer's bill is determined by the interstate or intrastate telecommunications service provided to and billed to an end user/customer service location in such a taxing jurisdiction with the aggregate of such charges equal to the amount of the tax or fee imposed upon or passed on to the Company.

2.12. Method for Calculation of Airline Mileage

2.12.1 The airline mileage between two cities can be calculated using the Vertical (V) and Horizontal (H) coordinates of the serving wire centers associated with the Company's POP locations. The method for calculating the airline mileage is obtained by reference to AT&T's Tariff F.C.C. No. 10 in accordance with the following formula:

$$\text{the square root of: } \frac{(V1-V2)^2 + (H1-H2)^2}{10}$$

where V1 and H1 correspond to the V&H coordinates of City 1 and V2 and H2 correspond to the V&H coordinates of City 2.

Example:	<u>V</u>	<u>H</u>
City 1	5004	1406
City 2	5987	3424

$$\text{the square root of: } \frac{(5004-5987)^2 + (1406-3424)^2}{10}$$

The result is 709.83 miles. Any fractional miles are rounded to the next higher whole number; therefore, the airline mileage for this example is 710 miles.
