RE : Special Project No. 980000A-SP - Information for FPSC Web Page

---

One of the items to be filed in the County Libraries by August 15, 1998 is an executive summary of cost data filed in response to the Division of Communications data request. As discussed at the June 2, 1998 Internal Affairs, we believe that it is important to give the public access to this information via the Commission's Internet web page.

In order to allow us to place this information on the Commission's web page, please file the executive summary in the FPSC Division of Records and Reporting on diskette in WordPerfect 6.1. If you have included the language that we provided to you regarding confidential information on a separate page, rather than in the executive summary, please file that additional page as part of this electronic filing.

To the extent practicable, please provide this item by Monday, August 17, 1998. If you have difficulty filing the diskette by that date, please advise Anne Marsh at (850) 413-6554, or Beth Keating at (850) 413-6212.
