RE: Crooked Lake Park Sewerage Company

Dear Mr. Rendell;

As per my telephone conversation today with Paulette Dewberry concerning her report to legal and the rescheduled customer service meeting in Docket No. 980778-SU I have been authorized to request an additional thirty (30) day extension. Crooked Lake Park Sewerage Company feels this additional time is needed so as to finalize the loan application needed for all the construction work (inflow & infiltration and relocation of the two percolation ponds) into this staff assisted rate case. We have decided not to include any cost associated with the possible relocation of the perc ponds in the docket. If the DEP insists that the perc ponds be relocated we will petition the FPSC for a Limited Proceeding" at that time. It is critical that we move on and finalize this proceeding.

If you have any questions, please contact me at once.

Cc: Ken Knowlton
