Re: Docket No. 990184-TP - Investigation into boundary issues in South Sarasota and North Charlotte Counties (Englewood area).

Dear Ms. Andres:

Thank you for your correspondence pertaining to the area code issues that affect Englewood. The Commission staff met with the industry throughout February to consider the boundary problems in Englewood. We have now scheduled a staff workshop for Friday, March 26, 1999, at 8:30 o'clock a.m., at the SunCoast Auditorium, Englewood Community Hospital, 700 Medical Boulevard, Englewood, Florida, to discuss possible options with the community.

After the workshop was scheduled in Englewood, the Commission also opened a 941 area code docket (Docket No. 990223-TP) to review the proposed 941 plan as a whole. Four service hearings in Docket No. 990223-TP are scheduled before the Commission for the 941 area code at the following dates and times:

Thursday, April 8, 1999
10:00 a.m. and 6:00 p.m.
Sarasota County Administrative Center
Board of County Commission Chambers
First Floor
1660 Ringling Boulevard
Sarasota, Florida

Friday, April 9, 1999
12:00 p.m. and 6:00 p.m.
Radisson Inn

Tallahassee, fl. 32399-8050

I am writing to voice my opinions to the suggestion of the changing of area codes and again splitting Englewood, Fl.

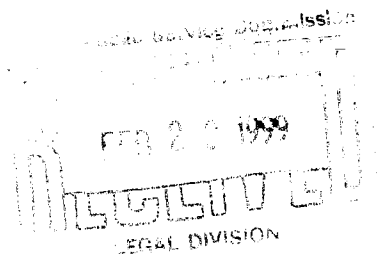

We are a small community that has been split by two counties, Sarasota and Charlotte That gives us two zip codes, now you want to split us again the other direction giving us two area codes.

Small children living in one area code, will be going to schools with a different area code, If they have to call home they will have to remember a different 10 area code number to call home.

We now have Children early elementary to sixth grade coming from Charlotte County for an after school program, they must cross the Sarasota County line. In order for the school bus to cross the line in the sand, the program must pay each day \$53.00. These are working parents so most of them can ill afford the extra money so their children are in a safe environment.

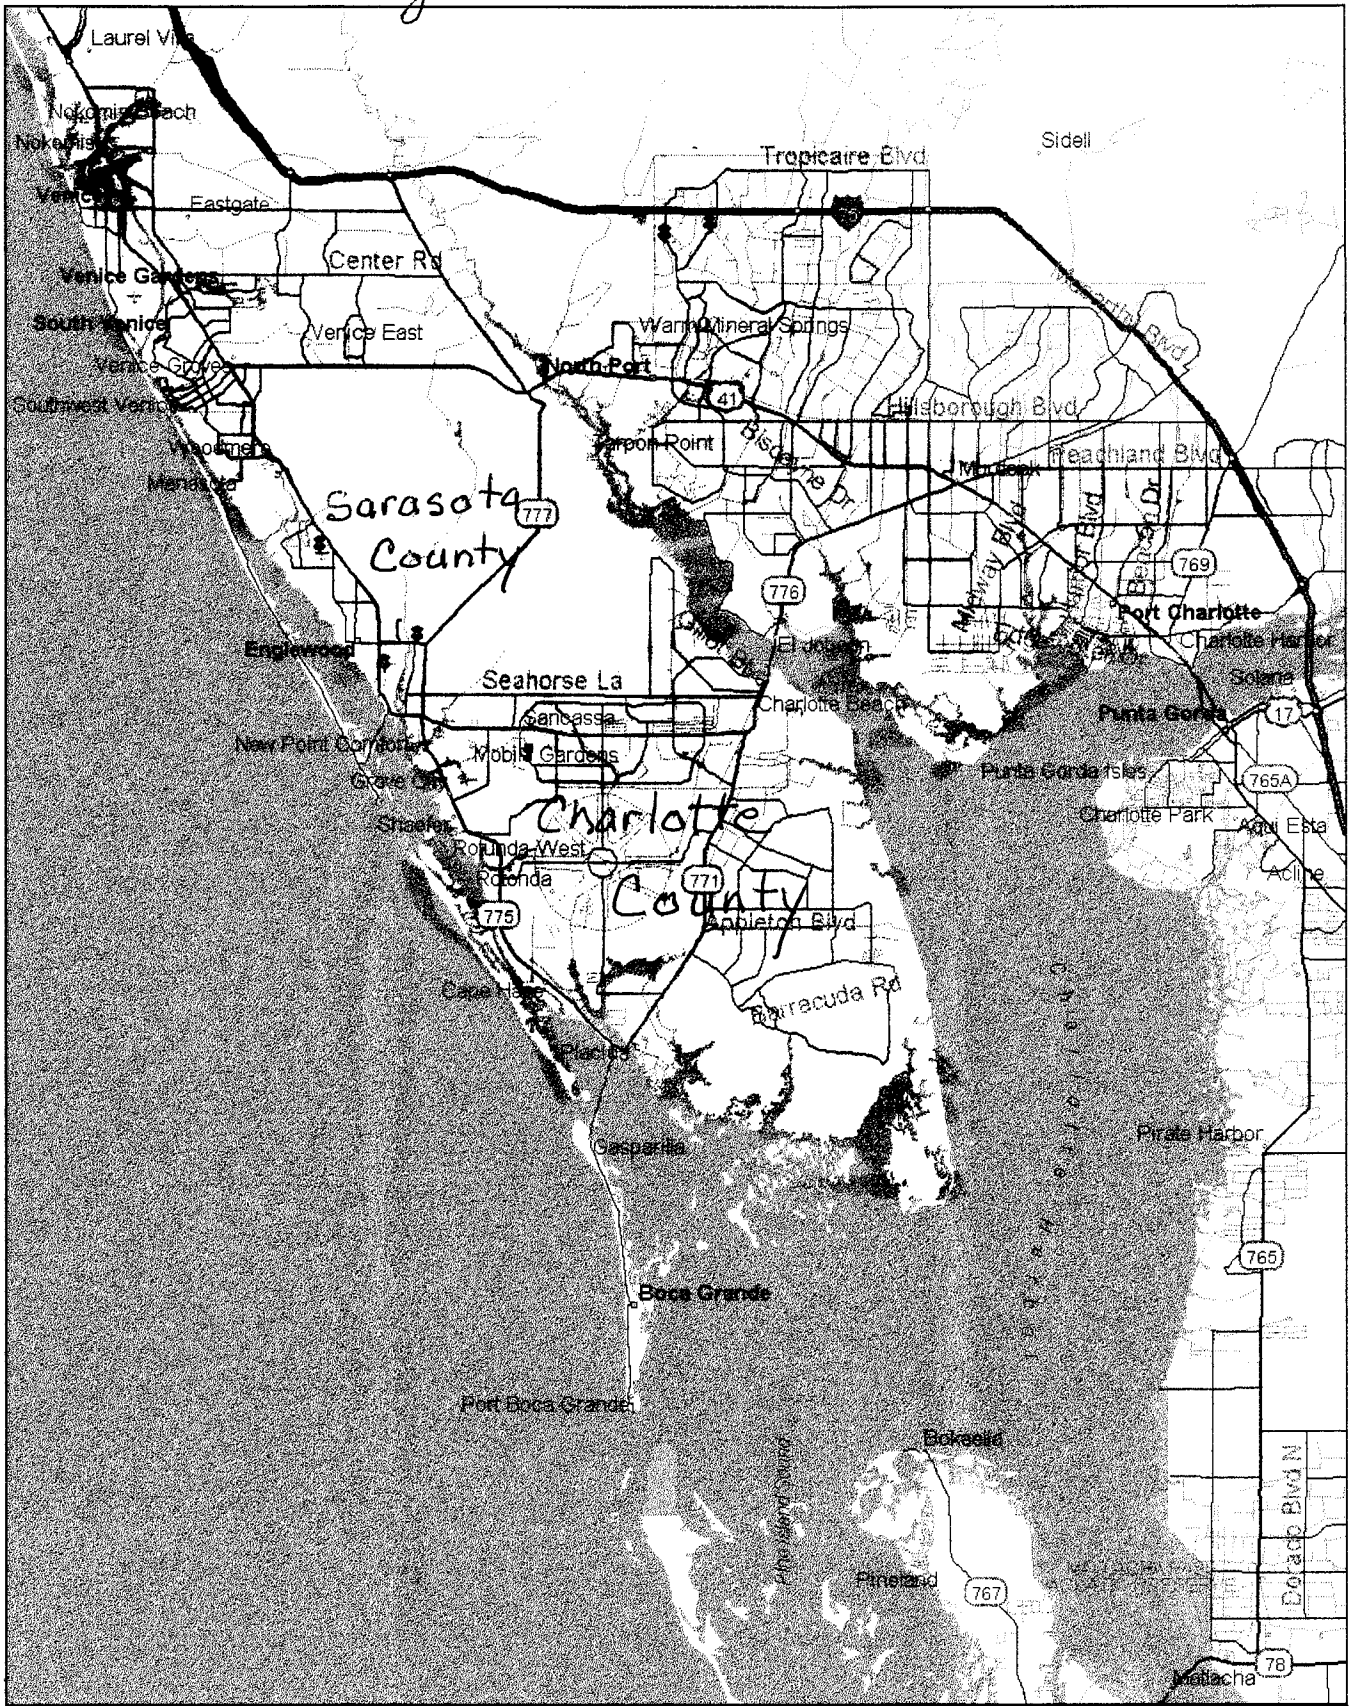

Please consider these problems as you work on this project. If you can help unite this community, in any other ways it would be appreciated.

*Thank you
Irvin Arnold*

June McKinny---This is just one more thing to divide Englewood. We don't need anymore. If you need help and are from the other county you can stand at the countyline and they will try to help you from the other side. We really need to make Englewood one county and soon. This is a thorn in the side of Englewood,Fl.

990184

MEMORANDUM

DATE: February 9, 1999

TO: PSC Sr. Attorney June McKinney

FAX: (800) 511-0809

SUBJECT: Proposed New Area Code
Charlotte/Sarasota Counties

As a resident of Rotonda West who works in Englewood and already know and experience the difficulties involved with having Englewood split into two counties, I'd like to voice my objection to the proposed new area code plan.

As I mentioned above, I live in Rotonda West, am listed in the Cape Haze Section of the telephone book, and receive my mail with a Placida zip code.

My work involves dealing with people from both Charlotte and Sarasota Counties, and I don't think I need to tell you the problems we run into with that situation.

But to split us even worse by having separate area codes would be the straw that broke the camel's back!

I implore you to find another solution to your problem, and not add to our problems.

Thank you for your consideration.

Subject: Area code change for Englewood
Content-Type: text/plain; charset=us-ascii
Content-Transfer-Encoding: 7bit

Dear Ms. McKinney,
I have just finished reading an article in the newspaper about the proposed area code change that will adversely affect our town of Englewood. Our town is already divided by two counties, neither of them caring much about Englewood. We are like the forgotten step-child of both counties. To further divide us with 2 different area codes is an outrage! Our children would have to learn 2 different area codes(making it a 10 digit number) just to call their grandparents who only live 4 miles away! Surely there has to be a better solution to this area code problem. I trust that you will do all that you can to see to it that our town remains in one SINGLE area code!
Thank you!
Sincerely,
Mr. and Mrs. Tobias Bostwick

Re: Docket No. 990184-TP - Investigation into boundary issues in South Sarasota and North Charlotte Counties (Englewood area).

Dear Ms. Bowman:

Thank you for your correspondence pertaining to the area code issues that affect Englewood. The Commission staff met with the industry throughout February to consider the boundary problems in Englewood. We have now scheduled a staff workshop for Friday, March 26, 1999, at 8:30 o'clock a.m., at the SunCoast Auditorium, Englewood Community Hospital, 700 Medical Boulevard, Englewood, Florida, to discuss possible options with the community.

After the workshop was scheduled in Englewood, the Commission also opened a 941 area code docket (Docket No. 990223-TP) to review the proposed 941 plan as a whole. Four service hearings in Docket No. 990223-TP are scheduled before the Commission for the 941 area code at the following dates and times:

Thursday, April 8, 1999
10:00 a.m. and 6:00 p.m.
Sarasota County Administrative Center
Board of County Commission Chambers
First Floor
1660 Ringling Boulevard
Sarasota, Florida

Friday, April 9, 1999
12:00 p.m. and 6:00 p.m.
Radisson Inn
12635 South Cleveland Avenue
Fort Myers, Florida

Ms. Bowman

We strongly protest the change of the area code at the Charlotte, Sarasota County Line. Doing this would cause our community to be broken up by two area codes. It will have a devastating effect on local businesses. As a Real Estate Company we stongly depend on all residents of the community being able to reach us without being charged long distance fees. Please reconsider spliting our community in to two area code.

Dear Ms. McKinney,

Schroeder-Manatee Ranch, Inc. is the owner of properties in Sarasota and Manatee counties. Further, our Company is the developer of business parks in both counties with a focus on large corporate headquarters.

We have studied your alternatives for the 941 area code. We strongly urge your support for Code Alternative 2 Split. There are many more corporations integrally linked and doing business with each other in Sarasota, Manatee and Polk counties, than there are to the South. The Alternative 2 Split would be least disruptive to Florida's business.

Sincerely,

SCHROEDER-MANATEE RANCH, INC.

Re: Docket No. 990184-TP - Investigation into boundary issues in South Sarasota and North Charlotte Counties (Englewood area).

Dear Ms. Clarkson:

Thank you for your correspondence pertaining to the area code issues that affect Englewood. The Commission staff met with the industry throughout February to consider the boundary problems in Englewood. We have now scheduled a staff workshop for Friday, March 26, 1999, at 8:30 o'clock a.m., at the SunCoast Auditorium, Englewood Community Hospital, 700 Medical Boulevard, Englewood, Florida, to discuss possible options with the community.

After the workshop was scheduled in Englewood, the Commission also opened a 941 area code docket (Docket No. 990223-TP) to review the proposed 941 plan as a whole. Four service hearings in Docket No. 990223-TP are scheduled before the Commission for the 941 area code at the following dates and times:

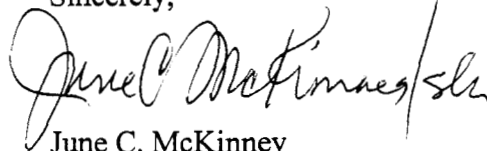

Thursday, April 8, 1999
10:00 a.m. and 6:00 p.m.
Sarasota County Administrative Center
Board of County Commission Chambers

**RE: PROPOSED 941 AREA CODE CHANGE AT SARASOTA/CHARLOTTE
COUNTY LINE - ENGLEWOOD, FLORIDA**

Dear Ms. McKinney:

It is my understanding that the PSC intends to change the 941 area code at the Sarasota/Charlotte County line.

Please be advised that I am totally against this change. Not only is our community divided by two different counties, which means two different sets of county governments, two different sets of law enforcement and firefighters, and two different telephone communication carriers (Sprint and GTE), now they want to divide it even more.

It is my personal belief that this area code change will further compound the many problems associated with split communities. While I understand the need for a new area code, please consider changing the location - we have enough problems to deal with as it is, without adding to it.

Thank you for your consideration of this matter.

Sincerely,

Phyllis E. Clarkson

Dear Ms. McKinney

As a business Owner and resident, I do not want the Englewood Area to be split up by two area codes. To divide our community into northern and southern parts is extremely detrimental to Englewood, a non-Incorporated community that is already divided by two counties.

We urge you to reconsider you area code change plans. The appropriate and natural geographical boundary should be the Myakka River to the east.

Please do not divide the community between the GTE and the Sprint phone lines. You will forever place hardship on the business community as well as our tourism Industry.

Sincerely,

David M. Dignam

Senior Attorney
Fax# 1-850-413-6237

Dear Ms. McKinney

As a business Owner and resident, I do not want the Englewood Area to be split up by two area codes. To divide our community into northern and southern parts is extremely detrimental to Englewood, a non-Incorporated community that is already divided by two counties.

We urge you to reconsider you area code change plans. The appropriate and natural geographical boundary should be the Myakka River to the east.

Please do not divide the community between the GTE and the Sprint phone lines. You will forever place hardship on the business community as well as our tourism Industry.

Sincerely,

Thomas M. Dignam
President

Re: Docket No. 990184-TP - Investigation into boundary issues in South Sarasota and North Charlotte Counties (Englewood area).

Dear Mr. Domaratius:

Thank you for your correspondence pertaining to the area code issues that affect Englewood. The Commission staff met with the industry throughout February to consider the boundary problems in Englewood. We have now scheduled a staff workshop for Friday, March 26, 1999, at 8:30 o'clock a.m., at the SunCoast Auditorium, Englewood Community Hospital, 700 Medical Boulevard, Englewood, Florida, to discuss possible options with the community.

After the workshop was scheduled in Englewood, the Commission also opened a 941 area code docket (Docket No. 990223-TP) to review the proposed 941 plan as a whole. Four service hearings in Docket No. 990223-TP are scheduled before the Commission for the 941 area code at the following dates and times:

Thursday, April 8, 1999
10:00 a.m. and 6:00 p.m.
Sarasota County Administrative Center
Board of County Commission Chambers
First Floor
1660 Ringling Boulevard
Sarasota, Florida

Friday, April 9, 1999
12:00 p.m. and 6:00 p.m.

2-9-99

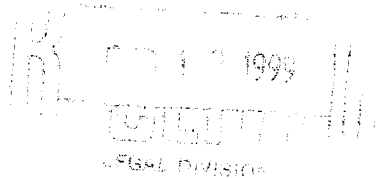

Dear Ms. Mc Kenney,

I live year round in Englewood and shop here as well all year. I am totally against a second area code for the town of Englewood.

It would make calling friends and businesses in the same town a toll call. Revising the town would not only be confusing to all, but also serve no purpose.

Sincerely,
Mrs. H. Domaratus

To: June McKinney, PSC Senior Attorney

We are firmly against splitting up the Englewood area into two zip codes.

It's bad enough that Englewood is divided between Charlotte County and Sarasota County. Now, with the new proposed zip codes it further splits us up. It can be very destructive to our area.

Thank you.

Yours truly,
Peggy and Leo Egan

TO: June McKinney, Senior Attorney

RE: 941 Area Code Change

Attention! The greater Englewood area has been struggling over the years to overcome the division of our community because of county lines. The residents, the Chamber of Commerce, business, employees and government officials and the Englewood Interagency Council Board have joined forces to support a unity of our Community. The Englewood Interagency Council is attempting to bring together human service agencies to serve the Englewood residents regardless of county lines. Please consider the consequences of separating our community by area code. Englewood residents are not given equal benefits in comparison to our counterparts in Venice or Port Charlotte due to the division of county lines within our community. The separation by area code will further entrench the county lines within Englewood. Englewood is growing and will continue to grow in the next few years. Please give us the consideration as a community not wanting nor needing division which would be a setback. Consider the unity issue for the sake of our continued growth and expansion.

Please do not allow the area code to further split our community. Thank you for your attention, assistance and consideration.

Yours truly,

Doris K. Bohan

The town of Englewood Florida is facing the serious threat of having the town divided in half with the proposed area code changes. Englewood is situated half in Charlotte County, and half in Sarasota County. Two area codes for one city would not only confuse the elderly population, but would also hurt businiesses. Please reconsider the decision to place the new area code along county lines. Thank you.

Dear Ms. McKinney

As a business Owner and resident, I do not want the Englewood Area to be split up by two area codes. To divide our community into northern and southern parts is extremely detrimental to Englewood, a non-Incorporated community that is already divided by two counties.

We urge you to reconsider you area code change plans. The appropriate and natural geographical boundary should be the Myakka River to the east.

Please do not divide the community between the GTE and the Sprint phone lines. You will forever place hardship on the business community as well as our tourism Industry.

Sincerely,

Eric Fogo
Executive Vice President

MEMORANDUM

DATE: February 9, 1999
TO: FSC Sr. Attorney June McKinney
FAX: (800) 511-0809
SUBJECT: Proposed New Area Code
Charlotte/Sarasota Counties

As a resident of Rotonda West who works in Englewood and already know and experience the difficulties involved with having Englewood split into two counties, I'd like to voice my objection to the proposed new area code plan.

As I mentioned above, I live in Rotonda West, am listed in the Cape Haze Section of the telephone book, and receive my mail with a Placida zip code.

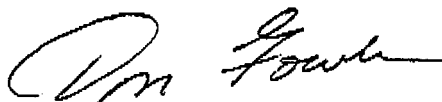

My work involves dealing with people from both Charlotte and Sarasota Counties, and I don't think I need to tell you the problems we run into with that situation.

But to split us even worse by having separate area codes would be the straw that broke the camel's back!

I implore you to find another solution to your problem, and not add to our problems.

Thank you for your consideration.

Dear Attorney McKinney,

We understand that you are the person to contact regarding the changing of Sarasota/Charlotte counties' area codes.

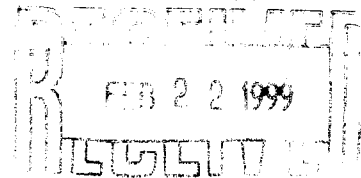

We would appreciate your influence in seeing that Englewood is not divided by area codes. Englewood is currently split between Sarasota and Charlotte counties. Having two different area codes would only add to the current confusion. We feel that the Englewood area should be identified with ONE area code.

Sincerely,

Mona C. Griffith

Re: Docket No. 990184-TP - Investigation into boundary issues in South Sarasota and North Charlotte Counties (Englewood area).

Dear Mr. & Mrs. Gronke:

Thank you for your correspondence pertaining to the area code issues that affect Englewood. The Commission staff met with the industry throughout February to consider the boundary problems in Englewood. We have now scheduled a staff workshop for Friday, March 26, 1999, at 8:30 o'clock a.m., at the SunCoast Auditorium, Englewood Community Hospital, 700 Medical Boulevard, Englewood, Florida, to discuss possible options with the community.

After the workshop was scheduled in Englewood, the Commission also opened a 941 area code docket (Docket No. 990223-TP) to review the proposed 941 plan as a whole. Four service hearings in Docket No. 990223-TP are scheduled before the Commission for the 941 area code at the following dates and times:

Thursday, April 8, 1999
10:00 a.m. and 6:00 p.m.
Sarasota County Administrative Center
Board of County Commission Chambers
First Floor
1660 Ringling Boulevard
Sarasota, Florida

Friday, April 9, 1999
12:00 p.m. and 6:00 p.m.
Radisson Inn
12635 South Cleveland Avenue
Fort Myers, Florida

Mr. & Mrs. Gronke

RESEARCH AND REPORTING

This is in regards to the article in yesterday's Englewood Sun Herald about splitting the Englewood, Cape Haze community with a new area code. We are already paying one of the highest phone bills in the state and are split from our community in many other ways. Now they want to give us a new area code. Will this mean that I no longer will be able to call my sister or parents in Englewood because they will be in a different area code and it will be long dist. or a toll call? Every where I call except Englewood in long dist. or a toll call for me, because I live in South Gulf Cove. I might as well not have a phone if this passes. I think the powers at be should re-think this and stop trying to separate us as a community!

Thank you for your time.
Theresa Holloway

Re: Docket No. 990184-TP - Investigation into boundary issues in South Sarasota and North Charlotte Counties (Englewood area).

Dear Ms. Jerome:

Thank you for your correspondence pertaining to the area code issues that affect Englewood. The Commission staff met with the industry throughout February to consider the boundary problems in Englewood. We have now scheduled a staff workshop for Friday, March 26, 1999, at 8:30 o'clock a.m., at the SunCoast Auditorium, Englewood Community Hospital, 700 Medical Boulevard, Englewood, Florida, to discuss possible options with the community.

After the workshop was scheduled in Englewood, the Commission also opened a 941 area code docket (Docket No. 990223-TP) to review the proposed 941 plan as a whole. Four service hearings in Docket No. 990223-TP are scheduled before the Commission for the 941 area code at the following dates and times:

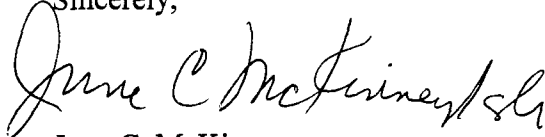

Thursday, April 8, 1999
10:00 a.m. and 6:00 p.m.
Sarasota County Administrative Center
Board of County Commission Chambers
First Floor
1660 Ringling Boulevard
Sarasota, Florida

Friday, April 9, 1999
12:00 p.m. and 6:00 p.m.
Radisson Inn
12635 South Cleveland Avenue
Fort Myers, Florida

Ms. Jerome
Page 2
March 11, 1999

Please feel free to attend the workshop in Englewood or the hearings in Sarasota and Fort Myers and voice your concerns. If you have any additional questions, please feel free to call me at (850) 413-6326.

Sincerely,

Please do not use the Sarasota-Charlotte county line as dividing line when the new area telephone code is set up. There are enough divisions in Englewood without adding long distance calling to them. The Myakka River would be a much better division. Carol Jerome, 65 East Wentworth St., Englewood, FL 34223

Re: 941 Area Code Change/Englewood

Dear Ms. **McKINNEY,**

This letter is written to convey my opposition concerning division of Englewood into different area codes.

First, it has only been a couple years since our area code was changed from 813 to 941- now you are considering another change, which will cause even more inconvenience. We will then need to dial another area code just to call across town or in some cases, across the road. Does this make sense to you?

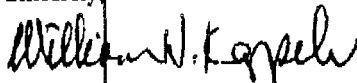

It seems the people who would consider this change would have the common sense and mental faculty to recognize the problems this action would create for people and businesses which the telephone system is designed to serve. If the Public Service Commission is as the name implies, I think you would be trying to be of service rather than diservice to our community.

In closing, I hope an extensive review of this course of action will be taken by yourself and anyone else who would be involved in the decision making process.

Further, I feel Florida PSC should hold a public meeting to gather opinions from the people living in the whole of Englewood Community.

Please advise of any further events/disposition concerning the above. Thanks very much.

Sincerely,

William H. Kappeler, President

You've got to be kidding! Why separate and destroy a community, are not there other options?
If you initiate this change, my office will be in one area code, my children's school will be in another area code and since I live on the south end of Boca Grande (Lee County) who knows what code I will be in the future.
Within 20 minutes drive I can be in three counties. Although I reside in Lee County and pay taxes to Lee County, that county does not have a school within a 1 hour drive, so my children by agreement attend Charlotte County schools. This does allow me to vote for school board members that influence decisions that affect my family.
Now you want to change area codes with the same city. Somebody should sit down and consider the ramifications. If they did, we would not end up with the mess that I detailed above.
Solve the problem, don't compound the problem.
Sincerely, John Kirkpatrick suncoast@ewol.com

I am writhing to express my severe opposition to dividing the Englewood community along the county line. This may be easier for the phone companies that service the area, but would make it difficult and confusing for businesses and residents alike. Many residents are elderly and would not understand this arbitrary division through their community. Would not a geographic division make more sense, perhaps the Myakka or Peace Rivers. As a Sarasota county resident and business owner in Englewood please do not divide our community this way.

RE: Area Code Change in Englewood, Florida

Dear Ms. McKinney:

It has come to our attention that the Public Service Commission is planning to change the 941 area code at the Sarasota/Charlotte County line.

Our company is very concerned about the adverse effect this may have on our business. We are a local Internet service provider, and our service area is from Nokomis in the north all the way down the Cape Haze Peninsula to Placida, and west to the Myakka river. If the area code is changed at the proposed county line, it will cause people to believe that our service is a long-distance call from their home, and this will adversely affect our ability to increase our customer base! Also, for our current customers, they will be required to make adjustments to the telephone number that their computers dial, which will place an unnecessary burden on our customer service representatives.

Please do whatever it takes to keep the Englewood area under the same area code. The newspaper discussed a recommendation to keep the same area code for the entire Cape Haze Peninsula, west to the Myakka river. **We strongly agree with this recommendation.**

I would be willing to attend any further meetings on this subject. Please advise me if there is anything more that can be done to keep our community from being divided.

Sincerely,

Jill Leah

Re: Docket No. 990184-TP - Investigation into boundary issues in South Sarasota and North Charlotte Counties (Englewood area).

Dear Mr. Lindsay:

Thank you for your correspondence pertaining to the area code issues that affect Englewood. The Commission staff met with the industry throughout February to consider the boundary problems in Englewood. We have now scheduled a staff workshop for Friday, March 26, 1999, at 8:30 o'clock a.m., at the SunCoast Auditorium, Englewood Community Hospital, 700 Medical Boulevard, Englewood, Florida, to discuss possible options with the community.

After the workshop was scheduled in Englewood, the Commission also opened a 941 area code docket (Docket No. 990223-TP) to review the proposed 941 plan as a whole. Four service hearings in Docket No. 990223-TP are scheduled before the Commission for the 941 area code at the following dates and times:

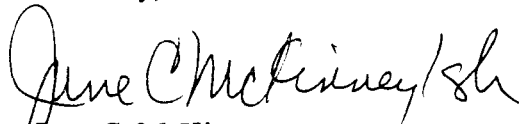

Thursday, April 8, 1999
10:00 a.m. and 6:00 p.m.

LincMad.Com Consulting

<http://www.LincMad.com>

To: Florida Public Service Commission
Fax 1-850-413-6250
Date: February 9, 1999
Subj: Area Code 941 Relief

To Whom It May Concern:

I have read published news reports indicating that the Florida PSC is planning to implement a geographic split of area code 941 in southwestern Florida, effective in March 1999, with mandatory dialing in September 1999.

The boundary chosen for the split is primarily a local issue, but I would say that it is unwise to divide a clear community of interest unless absolutely necessary. Although the city of Englewood straddles a county line, the two halves of the city share a much stronger community of interest with each other than either half with the rest of its county. Thus, the clear solution is to push the line to one side or the other of the town of Englewood. From the geography of the region, I would suggest that Englewood should continue to be in the same area code with Port Charlotte, although the important point is only that Englewood should remain in a single area code, whether 941 or the new code. Having the entire town on the "wrong" side of the split is preferable to having the split divide the town.

However, the timing of the proposed split is irresponsible in the extreme. Thousands of businesses in the affected area will have to notify customers and reprint stationery and advertising materials. It takes time to make such changes, and in particular, it takes time to make sure that all of your customers (or family and friends, for residential customers) know about the new area code. Allowing only seven months from the final decision on a relief plan to the date of mandatory dialing is nothing short of malfeasance.

Furthermore, the timing of the split is irresponsible from a technical viewpoint. Even with months of notice, it is difficult to ensure that all telephone companies in the United States update their switching tables to route correctly to a new area code. Implementing a split with less than one month of notice is reckless and ill-advised.

I hope that an accommodation can be made for the town of Englewood. However, the vital point is that the timetable for the split MUST be pushed back.

Thank you for your consideration.

Dear Mr. McKinney,

This letter is in regard to the proposed change of our area code 941 at the Sarasota/Charlotte County line.

We wish to state our most adamant objection to this proposal. We certainly understand the need for more area codes, but Englewood has suffered for years due to having the Sarasota/Charlotte County line running right through the middle of it. Now we are to receive another blow?

Please - we ask you to consider setting the Area Code boundary so as to avoid another split in our community of Englewood.

Thank you for your consideration in this matter.

Sincerely,

Urban & Lois Marine

Re: 941 Area Code Change.

DON'T CREATE MORE CONFUSION!

We already have a significant problem in the Englewood area with it being carved up between 2 phone companies i.e. G.T.E. and Sprint. I have G.T.E. at my office which is located in East Englewood and my After Hours business and home phone numbers are with Sprint, even though my home is much closer to the center of Englewood than my office. If someone from out of state makes a directory inquiry to the Englewood area they won't find me as they don't know to ask for the Cape Haze exchange (Sprint). My home and office addresses are both listed as " Englewood " with the US Post Office, so that's why they inquire with the Englewood exchange.

This situation also compounds communications traffic with such necessary business items as cellular phones and beepers, so if you want to change the area code then change our phone vendors at the same time. Make everything West of the Myakka River one phone company and one Area Code!

Yours Sincerely,

Barry T. Marsh

Thank you for your correspondence pertaining to the area code issues that affect Englewood. The Commission staff met with the industry throughout February to consider the boundary problems in Englewood. We have now scheduled a staff workshop for Friday, March 26, 1999, at 8:30 o'clock a.m., at the SunCoast Auditorium, Englewood Community Hospital, 700 Medical Boulevard, Englewood, Florida, to discuss possible options with the community.

After the workshop was scheduled in Englewood, the Commission also opened a 941 area code docket (Docket No. 990223-TP) to review the proposed 941 plan as a whole. Four service hearings in Docket No. 990223-TP are scheduled before the Commission for the 941 area code at the following dates and times:

Thursday, April 8, 1999
10:00 a.m. and 6:00 p.m.
Sarasota County Administrative Center
Board of County Commission Chambers
First Floor
1660 Ringling Boulevard
Sarasota, Florida

Friday, April 9, 1999
12:00 p.m. and 6:00 p.m.
Radisson Inn
12635 South Cleveland Avenue
Fort Myers, Florida

Ms. Mayes

It is our understanding that a change of area codes is being considered for our area. We write to strongly protest such a move.

I, Annabelle Weir, live in East Englewood. I am a senior citizen (will be 80 years old) and such a change would adversely effect me seriously. I do volunteer work weekly at the Englewood Hospital and at a nursing home in Englewood. I also attend Englewood United Methodist Church. My niece, who is residing this, lives on the border of Englewood and Venice rather far north of me. I need to be able to call these places regularly for no charge. My niece is my only surviving relative and I can not afford to pay to call her, particularly when I need her in emergency situations. I have many friends, acquaintances, and doctors as well as merchants that I call regularly throughout the area. My phone number is 941/474-5612.

I, Caroline McCoy, phone 941/473-4133, live in northern Englewood and like my aunt Annabelle, I already pay long distance charges to Port Charlotte and Punta Gorda and 25 cents a call to Sarasota. I lead a singles ministry group at Englewood United Methodist Church that has 94 members coming from Sarasota, North Port, Punta Gorda, Port Charlotte, Cape Haze, Grove City, Rotonda, and MANY from East Englewood. I also serve on several church committees that require calls throughout the area. It is imperative that I remain in constant contact with my aunt in East Englewood. This area is not highly populated particularly for 9 months of the year and a large majority of its residents live on fixed incomes (even though there are wealthy people who live among us particularly during the 3 winter "season" months). Nearly all of us must go to Port Charlotte or Sarasota to doctors and to merchants to purchase items we need. To separate this area more with long distance or toll charges would be a travesty!

We plead with you--leave things as they are!! Thank you.

Having an elderly mother that lives in a small Georgia town, I have seen the confusion when the elderly are faced with change. Due to the rapid growth of the Atlanta area and surrounding towns, there are now numerous area codes. Because of this and an extended calling area, it is now necessary to dial the area code and phone number for local calls. My mother, with her forgetfulness, does not remember to dial the area code and becomes upset and frustrated.

Englewood has a significant elderly population. To divide our town would, it appears, require that both the area code and telephone number be dialed. Surely there is some way to avoid splitting a town. I urge you to consider our elderly in making your decisions. I am a CPA in business in Englewood and I see firsthand the changes in their coping skills and memory as they age. It has been a few years since we were changed from 813 to 941 area code; however, some of my clients still give their phone number as starting with 813. Please don't confuse them more.

Thank you for your consideration in this matter.

Dear Ms. Shelfer & McKinney:

As active business people in the Englewood community for the past 25 years, we would like to express our concerns regarding dividing our community with separate area codes.

Our firm is in the resort vacation business on Palm Island, and we service thousands of people that come to visit our beaches every year. As we all know, the tourist industry is the majority of all revenue for the Englewood area. We are concerned about the confusion and upset the potential change will have on this industry, and strongly support keeping the entire community under the "941" area code. We hope this will be given serious consideration.

Sincerely,

Anne Merry

Attention: Ms. June McKinney
PSC Senior Attorney

Dear Ms. McKinney:

The Englewood Area has long been divided by two counties, two County Commissions, two telephone companies, etc. Residents on both sides of the county line have been working to unite the area. Only just recently have residents began to enjoy the cooperation of the County Commissions of Sarasota and Charlotte Counties. Now, we fear, another wedge is about to be driven between residents of the two counties by giving us separate area codes.

Please don't do this to Englewood. If a division must be made, a reasonable, logical and much more palatable dividing line would be the Myakka River.

Thank you for you consideration.

Sincerely,

Randall C. Moore

Re: 941 Area Code Change at the Sarasota/Charlotte County Line.

As a resident of Charlotte County and a person employed in Sarasota County only a few miles down the road, I would like to express my dismay at the prospect of dividing Englewood along these lines. It would be a definite hardship and added expense to the business community and certainly would cause unnecessary confusion and inconvenience for the residents. I strongly urge you to reconsider dividing the area this way. May I suggest the Myakka River as the natural boundary.

Memorandum

To: Ann Shelfer & June McKinney
From: Sharon Newberg
Date: 02/11/99
Re: 941 Area Code Change

I would like to take this opportunity to express my opposition to changing the 941 area code at the Sarasota/Charlotte County line.

Not only would this be a personal hardship to those who had their area codes changed a few years ago, but more so a financial hardship to the many businesses that would once again have the burden of changing their business publications (i.e. letterhead, business cards, advertisements, brochures, etc.)

More importantly, I feel that the area code change would have a devastating effect on local businesses and the Englewood Community as a whole, not to mention the amount of confusion it will create.

Please reconsider your plans for the benefit and well being of our town and its residents.

Thank you.

Re: Docket No. 990184-TP - Investigation into boundary issues in South Sarasota and North Charlotte Counties (Englewood area).

Dear Mr. Page:

Thank you for your correspondence pertaining to the area code issues that affect Englewood. The Commission staff met with the industry throughout February to consider the boundary problems in Englewood. We have now scheduled a staff workshop for Friday, March 26, 1999, at 8:30 o'clock a.m., at the SunCoast Auditorium, Englewood Community Hospital, 700 Medical Boulevard, Englewood, Florida, to discuss possible options with the community.

After the workshop was scheduled in Englewood, the Commission also opened a 941 area code docket (Docket No. 990223-TP) to review the proposed 941 plan as a whole. Four service hearings in Docket No. 990223-TP are scheduled before the Commission for the 941 area code at the following dates and times:

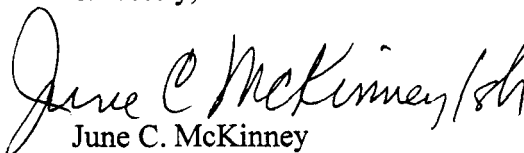

Thursday, April 8, 1999
10:00 a.m. and 6:00 p.m.
Sarasota County Administrative Center
Board of County Commission Chambers
First Floor
1660 Ringling Boulevard
Sarasota, Florida

Friday, April 9, 1999

Dear Ms. McKinney:

As you know, Englewood sits almost exactly straddle the county line.

To let the county line determine the location of the division of the
a code would be disastrous to the business community and place an
extreme burden on the rest of the Englewood community to preserve their
unity.

Please use your influence to defeat this proposal and to move the
dividing line of 941 to another place outside the Englewood community.

Sincerely,

2-11-99

Dear Ms McKinney

Please consider the problems and hardship the change in the proposed area code will have on the business community of Englewood.

It's hard enough to get people to understand the problems we already have in this town now with two phone companies. With the proposed change in the area codes it will become even more difficult.

It seems very evident that the majority of people would rather see the proposed line to be the south side of the Myaka River.

Please, your help will be much appreciated by the people and business community of Englewood.

EMAIL: frealtr@aol.com

This letter is in response to area code changes in the Englewood Community.

Being the small community we are, your decision to create 2 area codes is the most devastating thing I have heard!! Englewood being in 2 counties, the "downtown" section runs at the county lines!! Personally, my home is in Charlotte County, and my workplace is 3 miles down the road in Sarasota County. That means I will be calling long distance each and every time a call is placed. To call the pizza delivery would be long distance, etc.

I understand the need for area code changes, however this has been a long going problem for this community as it stands now. With having 2 phone companies, United Telephone and GTE, split in our area as it is already, this decision will only compound the problem you are seeking to do.

THE SOLUTION: GTE needs to span to the Myakka River, which will take on all of Cape Haze, South Gulf Cove, Gulf Cove. Crossing the Myakka River bridge on SR776, one will then be in EL JO Bean. This can be your boundary line. Naturally, these territories currently are rights of United Telephone, but these 2 companies need to get together and negotiate. There is no way that this community, as strong as it's leaders are, are going to accept what you are wanting to do. Imagine a small town such as Key West, FL having 2 area codes right down the middle-our small peninsula would be as devastated as Key West.

My phone service is currently with GTE, and I am in Charlotte County? What does this mean to me? This also becomes rather annoying for new residents in the buying and selling of a home in Englewood. This reflection will look negative on the phone companies lack of territory organization-and we are growing, too!!

GTE must negotiate to change the boundary lines of their phone services so our community's identity is not taken away!!

Re: Docket No. 990184-TP - Investigation into boundary issues in South Sarasota and North Charlotte Counties (Englewood area).

Dear Ms. Roach:

Thank you for your correspondence pertaining to the area code issues that affect Englewood. The Commission staff met with the industry throughout February to consider the boundary problems in Englewood. We have now scheduled a staff workshop for Friday, March 26, 1999, at 8:30 o'clock a.m., at the SunCoast Auditorium, Englewood Community Hospital, 700 Medical Boulevard, Englewood, Florida, to discuss possible options with the community.

After the workshop was scheduled in Englewood, the Commission also opened a 941 area code docket (Docket No. 990223-TP) to review the proposed 941 plan as a whole. Four service hearings in Docket No. 990223-TP are scheduled before the Commission for the 941 area code at the following dates and times:

Thursday, April 8, 1999
10:00 a.m. and 6:00 p.m.

Dear Attorney McKinney,

The greater Englewood Area has struggled over the years to overcome the division of our community because of the Sarasota-Charlotte county line which bisects our town. Many of us, including residents, social services agencies, the Chamber of Commerce and businesses support services and programs which unite us as a community.

Dividing our community with a second area code will only add further confusion and division in Englewood. Please give careful consideration to the consequence of such an action. Please do not allow a new area code to split our community even further.

Sincerely,

Kathryn Roach, Administrator

Respectfully request that the community of Englewood not be divided into 2 area codes. With 2 counties involved, it's difficult enough to foster unity. Splitting the community along area code lines would only add to this "apartheid".

There's got to be a better way.

An added note, why not prevent carriers from automatically giving you a 800 number, when there is no earthly reason for doing so. It's no wonder we run out of numbers so quickly.

Thanks for reading.

I feel that changing the area code at the Sarasota - Charlotte County line would have an adverse effect on the economy of Englewood. Englewood has the unique geographic setting to be in both counties; split right down the middle.

It just doesn't seem feasible to upend one community to the many problems this could cause. I strongly advise this matter ^{for} further consideration before any decision is made.

Sincerely,
Dean Stevens,

I have been trying to send an e-mail to you for several days. The addresses I have used have all failed. My message is the same. As 1998 President of the Englewood Area Board of Realtors and Chairperson of the 1999 Political Action Committee, I plead with you -DON'T DIVIDE OUR TOWN. We have ONE School System, ONE Chamber of Commerce, ONE Board of Realtors, ONE Fountainhead of Community Spirit. Please split the area code at the Myakka River. I live 2 miles from my office. The idea that they could have seperate area codes is preposterous.
Please do the right thing for Englewood. West County IS Englewood, NOT Port Charlotte.

Re: Docket No. 990184-TP - Investigation into boundary issues in South Sarasota and North Charlotte Counties (Englewood area).

Dear The Suncoast Humane Society:

Thank you for your correspondence pertaining to the area code issues that affect Englewood. The Commission staff met with the industry throughout February to consider the boundary problems in Englewood. We have now scheduled a staff workshop for Friday, March 26, 1999, at 8:30 o'clock a.m., at the SunCoast Auditorium, Englewood Community Hospital, 700 Medical Boulevard, Englewood, Florida, to discuss possible options with the community.

After the workshop was scheduled in Englewood, the Commission also opened a 941 area code docket (Docket No. 990223-TP) to review the proposed 941 plan as a whole. Four service hearings in Docket No. 990223-TP are scheduled before the Commission for the 941 area code at the following dates and times:

Thursday, April 8, 1999
10:00 a.m. and 6:00 p.m.
Sarasota County Administrative Center
Board of County Commission Chambers
First Floor
1660 Ringling Boulevard
Sarasota, Florida

Friday, April 9, 1999
12:00 p.m. and 6:00 p.m.

RE: Proposed 941 area code change

FAX #: (850) 413-6250

FROM: Shelly Christian on behalf
of the employees, residents and family
of Surrey Place Convalescent Center.

MESSAGE:

We certainly understand the need for expansion with the 941 area code yet we also see that Manatee County and Sarasota county are viewed together by tourists, residents, snow birds and area businesses. Splitting our boundaries would impact a large number of people needlessly. Manatee and Sarasota counties share not only an area code but also a way of life. Ask people anywhere in our counties and we say Bradenton/Sarasota area. We are like the twin cities.

RE: 941 AREA CODE CHANGE

WE STRONGLY OBJECT TO DIVIDING ENGLEWOOD INTO TWO AREA CODES!

Our business is located in Charlotte County.
Our home is located in Sarasota County.

This community has enough "split county" problems, without having two separate area code numbers. We are trying to achieve continuity in our area, not further segregation. Our community is against this, PLEASE LISTEN to the many concerned voices in Englewood. Please, do not divide us. Change the boundary and keep Englewood intact.

Thank you,

RECEIVED AND
RECORDING

Dear Ms. McKinney;

As a member of the busniess community as well as a resident of the Englewood area, I am writing to express my concern about the possibility of making two different area codes for our town.

It has been bad enough having to deal with two counties, but to now require additional numbers to call across the street is to drive a wedge into all the work that has gone into creating a sense of oneness within Englewood. As you are aware, the folks down here have long since wanted to have one single identity with regard to where and "who" Englewood is. This idea of additional area code numbers does not seem to support this desire.

I believe the input you have received from the Chamber of Commerce is correct, that the natural boundary should be the water lines.

Please heed our concern and try to put yourself into our situation. Pretend you are just trying to get along with your life or business here and see how much more difficult it will be to constantly be reminded of seperation.

Thank you for your attention.

It is our understanding that a change of area codes is being considered for our area. We write to strongly protest such a move.

I, Annabelle Weir, live in East Englewood. I am a senior citizen (will be 80 years old) and such a change would adversely effect me seriously. I do volunteer work weekly at the Englewood Hospital and at a nursing home in Englewood. I also attend Englewood United Methodist Church. My niece, who is doing this, lives on the border of Englewood and Venice rather far north of me. I need to be able to call these places regularly for no charge. My niece is my only surviving relative and I can not afford to pay to call her, particularly when I need her in emergency situations. I have many friends, acquaintances, and doctors as well as merchants that I call regularly throughout the area. My phone number is 941/474-5612.

I, Caroline McCoy, phone 941/473-4133, live in northern Englewood and like my aunt Annabelle, I already pay long distance charges to Port Charlotte and Punta Gorda and 25 cents a call to Sarasota. I lead a singles ministry group at Englewood United Methodist Church that has 94 members coming from Sarasota, North Port, Punta Gorda, Port Charlotte, Cape Haze, Grove City, Rotonda, and MANY from East Englewood. I also serve on several church committees that require calls throughout the area. It is imperative that I remain in constant contact with my aunt in East Englewood. This area is not highly populated particularly for 9 months of the year and a large majority of its residents live on fixed incomes (even though there are wealthy people who live among us particularly during the 3 winter "season" months). Nearly all of us must go to Port Charlotte or Sarasota to doctors and to merchants to purchase items we need. To separate this area more with long distance or toll charges would be a travesty!

We plead with you--leave things as they are!! Thank you.

Re: Docket No. 990184-TP - Investigation into boundary issues in South Sarasota and North Charlotte Counties (Englewood area).

Dear Ms. Warden:

Thank you for your correspondence pertaining to the area code issues that affect Englewood. The Commission staff met with the industry throughout February to consider the boundary problems in Englewood. We have now scheduled a staff workshop for Friday, March 26, 1999, at 8:30 o'clock a.m., at the SunCoast Auditorium, Englewood Community Hospital, 700 Medical Boulevard, Englewood, Florida, to discuss possible options with the community.

After the workshop was scheduled in Englewood, the Commission also opened a 941 area code docket (Docket No. 990223-TP) to review the proposed 941 plan as a whole. Four service hearings in Docket No. 990223-TP are scheduled before the Commission for the 941 area code at the following dates and times:

Thursday, April 8, 1999
10:00 a.m. and 6:00 p.m.
Sarasota County Administrative Center
Board of County Commission Chambers
First Floor
1660 Ringling Boulevard
Sarasota, Florida

Friday, April 9, 1999
12:00 p.m. and 6:00 p.m.
Radisson Inn
12635 South Cleveland Avenue
Fort Myers, Florida

Ms. Warden
Page 2
March 11, 1999

Please feel free to attend the workshop in Englewood or the hearings in Sarasota and Fort Myers and voice your concerns. If you have any additional questions, please feel free to call me at (850) 413-6326.

Sincerely,

Re: Public Service Commission /Area Code Change at Sarasota/
Charlotte County Line

Splitting Englewood into two area codes would have a devastating effect on our business. Most of Travel Agency business is initiated via telephone and is becoming even more so telephone dependent with ticketless airline tickets. Clients are not going to dial extra numbers, required by an area code difference from their own area code, or pay additional costs to reach a travel agency. Also it would increase the travel agency costs and with the already narrow operating margin, this could be devastating. Urgent reconsideration is essential.

Sincerely,

Jean K West-Walker

Dear Ms. McKinney:

I am hoping you may be able to help in a problem that is affecting our community due to the necessity of adding another area code to provide telephone service.

Englewood is an area that has developed into a pleasant, close-knit community, crossing Sarasota and Charlotte county line but has not become an incorporated city. I live three blocks from that invisible line! Can you imagine the many problems that will occur if this line is used to divide our community?

For example our public schools--the Elementary school is in Sarasota County and the High school in Charlotte County. Students are bussed from both areas to both school on the same bus!

As a service to working families the Englewood United Methodist Church provides after-school care for elementary children in a safe environment, brought to the Sarasota Co. located church by school bus. They tell us that if the county line is the area code line, the school Bus must be paid \$53.00 daily! I'm confused too!

I am attaching suggestions for other boundry lines. If children needed to call home they must memorize ten numbers--perhaps a long distance toll. I hope you can use your position and influence for a better solution than the Sarasota-Charlotte County Line.

Thank you for your help.

Respectfully,

Caroline A. Wilson

I would appreciate your NOT changing them, but leaving both counties at the 941 area code.

Thank you.

Mrs. McKinney: I certain you are unfamiliar with Sprint as a telephone service supplier. What would it mean to you if your home phone was made useless for incoming calls, because area code changes. In living with Sprint for 14 years in this home since 1984 my wife and I have lived here after we had this home built. Sprint gives us great difficulty about going from a 207³ back four or six it, always come back to a large telephone bill. (as much as \$99.09 for calls we did not make. We have to inform Sprint we can not pay that bill, because no calls are made by us. In a la. how to understand why they want to change our area code. Number do you know? too many lives on one area code? Thank for reading this. Sincerely,
Wayne Woodruff
