Dear Mrs. Bayo:

Re: Approval of an Amendment to the Interconnection Agreement Negotiated by BellSouth Telecommunications, Inc. ("BellSouth") and Daytona Telephone Company pursuant to Sections 251, 252 and 271 of the Telecommunications Act of 1996

Pursuant to section 252(e) of the Telecommunications Act of 1996, BellSouth and Daytona Telephone Company are submitting to the Florida Public Service Commission an amendment to their negotiated agreement for the interconnection of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth's telecommunications services to Daytona Telephone Company. The Commission approved the initial agreement between the companies in Order No. PSC-99-0687-FOF-TP issued April 8, 1999 in Docket 990129-TP.

Pursuant to section 252(e) of the Act, the Commission is charged with approving or rejecting the negotiated agreement between BellSouth and Daytona Telephone Company within 90 days of its submission. The Act provides that the Commission may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity. Both parties aver that neither of these reasons exist as to the agreement they have negotiated and therefore, are very hopeful that the Commission shall approve their agreement.

Very truly yours,

The threshold plan will be discontinued in 2002.

7. The Parties agree that the threshold plan described in Paragraph 6 above may be superceded by an LSR specific process that would apply the mechanized LSR rate to only those manual LSRs, which cannot be submitted over a mechanized system.
