June told me to e-mail you with these
company names since we have them
recorded a couple different ways.

We're going with:

Electronic Telco, Inc.

.....
Is this how they are listed with the
Secy of State?

.....
They are not listed with the Sec. of
State, nor are they certificated by the
PSC. BellSouth only has sketchy
information on them. These are the
names that BellSouth has listed
however. I have a call in with BST to
see if they are checking these
companies for certificates prior to
working with them.

Ok, I'll go ahead and change them both
to Inc. per this email. Thanks Cayce.
