RE: Gulf Power Company's Request for Confidentiality

DS RL

990325-EJ

04902-99

Gulf has requested confidential treatment of certain portions of its response to Staff Interrogatories #1 and #17, Document No. 05936-99 (cross-reference Document No. 04092-99, which includes all other confidential discovery already returned to Gulf). Interrogatory #1 contains specific revenue requirements information submitted to Gulf by third parties in response to Gulf's Request for Proposals (RFP). The information contained in this document is treated as confidential by those third parties and, in turn, by Gulf at their request. Disclosure of this information may cause the third parties to refrain from participating in future RFP processes in Florida. This may result in a less robust market which could cause higher prices at the expense of Gulf's ratepayers. Interrogatory #17 contains fuel costs associated with each self-build option and each RFP project. The information contained in this document is considered proprietary by Gulf since knowledge of specific prices paid for natural gas and transportation services puts Gulf at a disadvantage during negotiations.

Staff concurs with Gulf's request and recommends that the desired information be granted confidential status and remain confidential for a period of eighteen months from the date of the request in accord with Section 366.093(4), Florida Statutes.

Pursuant to APM 11.04(C)(4)(d), I request approval to make copies of certain confidential responses by Gulf Power Company to staff discovery requests. The documents in question are Gulf's response to certain staff interrogatories (Document No. 05936-99) and late-filed exhibits to depositions (Document Nos. 05938-99, 06499-99, and 06508-99). Staff would rely on these documents as part of the record evidence in this docket. If approved, staff would make a total of nine copies for use during the hearing: one for each Commissioner, staff counsel, Gulf's counsel, Gulf's witness, and the court reporter.

 RE: Gulf Power Company's Request for Confidentiality (DN 07187-99)

RECORDS AND REPORTING

JUN 23 PM 3:36

RECEIVED-FPSC

Gulf has requested confidential treatment of DN 07187-99 (cross-reference DN 06982-99). This document is the Gas Transmission Letter Agreement for Plant Smith, signed by Gulf and a natural gas transportation company. This document was added to staff's confidential composite exhibit (Exhibit #8) at the June 7, 1999 hearing.

DN 07187-99 contains proprietary information on a contract between a natural gas transportation company and Gulf, whereby the gas company will supply natural gas to Gulf's proposed Plant Smith. Disclosure of this information would impair Gulf's ability to contract for goods or services on terms favorable to Gulf and its ratepayers. The information contained in DN 07187-99 has not otherwise been publicly disclosed.

Staff concurs with Gulf's request and recommends that the desired information be granted confidential status and remain confidential for a period of eighteen months from the date of the request in accord with Section 366.093(4), Florida Statutes.

RE: Gulf Power Company's Request for Confidentiality (DN-07146-99)

7146

Gulf has requested confidential treatment of DN 07146-99, a composite document consisting of the late-filed exhibits #1, #2, and #4 to the deposition of William Pope. These documents are already on file with the Commission under DN 06499-99, DN 05938-99, and DN 06508-99. These documents were used during the hearing on June 7, 1999 and are included in staff's confidential composite exhibit (Exhibit #8).

Composite DN 07146-99 contains specific information related to bid and proposals from respondents to Gulf's Request for Proposals (RFP), as well as specific data on the revenue requirements for each RFP project as well as Gulf's own self-build proposal. The information contained in this document is treated as confidential by the RFP respondents, by Gulf, and by Gulf and Southern Company. Disclosure of this information may cause third parties to refrain from participating in future RFP processes in Florida, resulting in higher prices at the expense of Gulf's ratepayers. Further, disclosure of specific revenue requirements data may give other parties a competitive advantage over Gulf in future negotiations. The information contained in composite DN 07146-99 has not otherwise been publicly disclosed.

Staff concurs with Gulf's request and recommends that the desired information be granted confidential status and remain confidential for a period of eighteen months from the date of the request in accord with Section 366.093(4), Florida Statutes.

My firm is listed among the "interested parties" on quite a few FPSC proceedings involving electric utility matters. We noticed recently that the email address for the firm, which is included with our address and phone, is incorrect. We would greatly appreciate it if you can correct this problem.

The correct email address is richzambo@aol.com.
