WORLDCOM'S REQUEST FOR CONFIDENTIAL CLASSIFICATION

MCImetro Access Transmission Services LLC and MCI WorldCom Communications, Inc., (collectively "WorldCom") pursuant to Rule 25-22.006, Florida Administrative Code, hereby file this Request for Confidential Classification and state the following:

1. On September 28, 2000, WorldCom filed a response to BellSouth's Interrogatory No. 62 in this docket. Portions of that response included information that is proprietary to WorldCom, which have been identified as Hearing Exhibit 14.

2. WorldCom hereby files this Request for Confidential Classification because the information contained in portions of Hearing Exhibit 14 includes highly sensitive proprietary confidential business information. Attachment "A" to WorldCom's request contains the specific justification for the request for confidential classification along with a list that identifies the location of the information designated by WorldCom as confidential.

3. Attachment "B" to WorldCom's request contains two copies of the documents with the confidential information redacted.

4. Attachment "C" to WorldCom's request is a sealed envelope containing one copy of the confidential documents, with the confidential material highlighted.

5. The information contained in portions of the response to BellSouth Interrogatory No. 62, identified as Hearing Exhibit 14, relates to competitive interests, the disclosure of which would impair the competitive business of WorldCom. Specifically, the information provides detailed information regarding WorldCom's current number of customers located in specific BellSouth rate centers. WorldCom treats its current number of customers as proprietary and confidential business information. Public disclosure of this information would provide WorldCom's competitors and potential competitors with an advantage in knowing WorldCom's specific business strategies, and is valuable to such competitors in formulating strategies for entry, marketing, and overall business strategy. Therefore, this information should be classified as proprietary, confidential business information pursuant to Section 364.183(3)(e), Florida Statutes.

6. WorldCom has treated and intends to continue to treat the information for which confidential treatment is sought as private, and this information has not generally been disclosed.

7. The original of this request has been filed with the Division of Records and Reporting.

WHEREFORE, based on the foregoing, WorldCom moves the Commission to enter an order declaring the information described above to be confidential information that is not subject to public disclosure.

Respectfully submitted this 26th day of October, 2000.
