Re: Approval of the Resale Agreement by BellSouth Telecommunications, Inc. ("BellSouth") and Go-Comm, Inc. pursuant to Sections 251 and 252 of the Telecommunications Act of 1996

Dear Mrs. Bayo:

Pursuant to section 252(e) of the Telecommunications Act of 1996, BellSouth and Go-Comm, Inc. are submitting to the Florida Public Service Commission their negotiated agreement for the purchase of BellSouth's telecommunications services for the purpose of resale to end users by Go-Comm, Inc.

Pursuant to section 252(e) of the Act, the Commission is charged with approving or rejecting the negotiated agreement between BellSouth and Go-Comm, Inc. within 90 days of its submission. The Act provides that the Commission may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity. Both parties aver that neither of these reasons exist as to the agreement they have negotiated and therefore, are very hopeful that the Commission shall approve their agreement.

Very truly yours,

Regulatory Vice President

Attachment 1 - Resale

AGREEMENT

THIS AGREEMENT is made by and between BellSouth Telecommunications, Inc., (“BellSouth”), a Georgia corporation, and NOW Communications, Inc. (“NOW”), a Mississippi corporation, and shall be deemed effective as of August 1, 2000. This Agreement may refer to either BellSouth or NOW or both as a “Party” or “Parties.”

WITNESSETH

WHEREAS, BellSouth is a local exchange telecommunications company authorized to provide telecommunications services in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee; and

WHEREAS, NOW is or seeks to become an alternative local exchange telecommunications company (“CLEC”) authorized to provide telecommunications services in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee; and

WHEREAS, NOW has acquired the assets of Tel-Link and the established Tel-Link accounts will be subject to the provisions of this Agreement. Such Tel-Link accounts shall retain the Tel-Link Operating Company Number (OCN).

WHEREAS, the Parties wish to resell BellSouth’s telecommunications services and/or interconnect their facilities, purchase network elements and other services, and exchange traffic pursuant to sections 251 and 252 of the Telecommunications Act of 1996 (“the Act”).

NOW THEREFORE, in consideration of the mutual agreements contained herein, BellSouth and NOW agree as follows:

1. **Purpose**

The resale, access and interconnection obligations contained herein enable NOW to provide telephone exchange service to residential and business subscribers within the territory of BellSouth. The Parties agree that NOW will not be considered to have offered telecommunications services to the public in any state within BellSouth’s region until such time as it has ordered services for resale or interconnection facilities for the purposes of providing business and/or residential local exchange service to customers.

2. Term of the Agreement

- 2.1** The term of this Agreement shall be two years, beginning on the date of execution and shall apply to the state(s) of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee. If as of the expiration of this Agreement, a Subsequent Agreement (as defined in Section 2.2 below) has not been executed by the Parties, this Agreement shall continue on a month-to-month basis while a Subsequent Agreement is being negotiated. The Parties' rights and obligations with respect to this Agreement after expiration shall be as set forth in Section 2.4 below.
- 2.2** The Parties agree that by no sooner than one hundred and eighty (180) days and no later than ninety (90) days prior to the expiration of this Agreement, they shall commence negotiations with regard to the terms, conditions and prices of resale and/or local interconnection to be effective beginning on the expiration date of this Agreement ("Subsequent Agreement").
- 2.3** If, within one hundred and thirty-five (135) days of commencing the negotiation referred to in Section 2.2 above, the Parties are unable to satisfactorily negotiate new resale and/or local interconnection terms, conditions and prices, either Party may petition the Commission to establish appropriate local interconnection and/or resale arrangements pursuant to 47 U.S.C. 252.
- 2.4** Notwithstanding the foregoing, in the event that as of the date of expiration of this Agreement or 160 days from a request for negotiations of a Subsequent Agreement pursuant to Section 2.2 above, whichever is later, the Parties have not entered into a Subsequent Agreement and either no arbitration proceeding has been filed in accordance with Section 2.3 above, or the Parties have not mutually agreed (where permissible) to extend the arbitration window for petitioning the applicable Commission(s) for resolution of those terms upon which the Parties have not agreed, then either Party may terminate this Agreement upon sixty (60) days notice to the other Party. In the event that BellSouth terminates this Agreement as provided above, BellSouth shall continue to offer services to NOW pursuant to the terms, conditions and rates set forth in BellSouth's Statement of Generally Available Terms (SGAT) to the extent an SGAT has been approved by the applicable Commission(s). If any state Commission has not approved a BellSouth SGAT, then upon BellSouth's termination of this Agreement as provided herein, BellSouth will continue to provide services to NOW pursuant to BellSouth's then current standard interconnection agreement. In the event that the SGAT or BellSouth's standard interconnection agreement becomes effective as between the Parties, the Parties may continue to negotiate a Subsequent Agreement, and the terms of such Subsequent Agreement shall be effective retroactive to the day following expiration of this Agreement.

3. Ordering Procedures

- 3.1 NOW shall provide BellSouth its Carrier Identification Code (CIC), Operating Company Number (OCN), Group Access Code (GAC) and Access Customer Name and Address (ACNA) code as applicable prior to placing its first order.
- 3.2 The Parties agree to adhere to the BellSouth Local Interconnection and Facility Based Ordering Guide and Resale Ordering Guide, for the services ordered.
- 3.3 NOW shall pay charges for Operational Support Systems (OSS) as set forth in this Agreement in Attachment 1 and/or in Attachment 2, 3, 5 and 7 as applicable.

4. Parity

When NOW purchases, pursuant to Attachment 1 of this Agreement, telecommunications services from BellSouth for the purposes of resale to end users, BellSouth shall provide said services so that the services are equal in quality, subject to the same conditions, and provided within the same provisioning time intervals that BellSouth provides to its affiliates, subsidiaries and end users.

5. White Pages Listings

BellSouth shall provide CLEC-1 and their customers access to white pages directory listings under the following terms:

- 5.1 Listings. CLEC-1 shall provide all new, changed and deleted listings on a timely basis and BellSouth or its agent will include CLEC-1 residential and business customer listings in the appropriate White Pages (residential and business) or alphabetical directories. Directory listings will make no distinction between CLEC-1 and BellSouth subscribers.
- 5.2 Rates. BellSouth and CLEC-1 will provide to each other subscriber primary listing information in the White Pages for a non-recurring charge.
- 5.3 Procedures for Submitting CLEC-1 Subscriber Information are found in BellSouth's Ordering Guide for manually processed listings and in the Local Exchange Ordering Guide for mechanically submitted listings.
- 5.3.1 Notwithstanding any provision(s) to the contrary, CLEC-1 agrees to provide to BellSouth, and BellSouth agrees to accept, CLEC-1's Subscriber Listing Information (SLI) relating to CLEC-1's customers in the geographic area(s) covered by this Interconnection Agreement. CLEC-1 authorizes BellSouth to release all such CLEC-1 SLI provided to BellSouth by CLEC-1 to qualifying third parties via either license agreement or BellSouth's Directory Publishers Database Service (DPDS), General Subscriber Services Tariff, Section A38.2, as the same may be amended from time to time. Such CLEC SLI shall be intermingled with

BellSouth's own customer listings of any other CLEC that has authorized a similar release of SLI. Where necessary, BellSouth will use good faith efforts to obtain state commission approval of any necessary modifications to Section A38.2 of its tariff to provide for release of third party directory listings, including modifications regarding listings to be released pursuant to such tariff and BellSouth's liability thereunder. BellSouth's obligation pursuant to this Section shall not arise in any particular state until the commission of such state has approved modifications to such tariff.

- 5.3.2 No compensation shall be paid to CLEC-1 for BellSouth's receipt of CLEC-1 SLI, or for the subsequent release to third parties of such SLI. In addition, to the extent BellSouth incurs costs to modify its systems to enable the release of CLEC-1s SLI, or costs on an ongoing basis to administer the release of CLEC-1 SLI, CLEC-1 shall pay to BellSouth its proportionate share of the reasonable costs associated therewith.
- 5.3.3 BellSouth shall not be liable for the content or accuracy of any SLI provided by CLEC-1 under this Agreement. CLEC-1 shall indemnify, hold harmless and defend BellSouth from and against any damages, losses, liabilities, demands claims, suits, judgments, costs and expenses (including but not limited to reasonable attorneys' fees and expenses) arising from BellSouth's tariff obligations or otherwise and resulting from or arising out of any third party's claim of inaccurate CLEC-1 listings or use of the SLI provided pursuant to this Agreement. BellSouth shall forward to CLEC-1 any complaints received by BellSouth relating to the accuracy or quality of CLEC-1 listings.
- 5.3.4 Listings and subsequent updates will be released consistent with BellSouth system changes and/or update scheduling requirements.
- 5.4 Unlisted/Non-Published Subscribers. CLEC-1 will be required to provide to BellSouth the names, addresses and telephone numbers of all CLEC-1 customers that wish to be omitted from directories.
- 5.5 Inclusion of CLEC-1 Customers in Directory Assistance Database. BellSouth will include and maintain CLEC-1 subscriber listings in BellSouth's Directory Assistance databases at no recurring charge and CLEC-1 shall provide such Directory Assistance listings at no recurring charge. BellSouth and CLEC-1 will formulate appropriate procedures regarding lead-time, timeliness, format and content of listing information.
- 5.6 Listing Information Confidentiality. BellSouth will accord CLEC-1's directory listing information the same level of confidentiality that BellSouth accords its own directory listing information, and BellSouth shall limit access to CLEC-1's customer proprietary confidential directory information to those BellSouth employees who are involved in the preparation of listings.

5.7 Optional Listings. Additional listings and optional listings will be offered by BellSouth at tariffed rates as set forth in the General Subscriber Services Tariff.

5.8 Delivery. BellSouth or its agent shall deliver White Pages directories to CLEC-1 subscribers at no charge or as specified in a separate BAPCO agreement.

6. Bona Fide Request/New Business Request Process for Further Unbundling

If NOW is a facilities based provider or a facilities based and resale provider, this section shall apply. BellSouth shall, upon request of NOW, provide to NOW access to its network elements at any technically feasible point for the provision of NOW's telecommunications service where such access is necessary and failure to provide access would impair the ability of NOW to provide services that it seeks to offer. Any request by NOW for access to a network element, interconnection option, or for the provisioning of any service or product that is not already available shall be treated as a Bona Fide Request/New Business Request, and shall be submitted to BellSouth pursuant to the Bona Fide Request/New Business Request process set forth following.

6.1 A Bona Fide Request/New Business Request shall be submitted in writing to NOW's Account Manager by NOW and shall specifically identify the requested service date, technical requirements, space requirements and/or such specifications that clearly define the request such that BellSouth has sufficient information to analyze and prepare a response. Such a request also shall include NOW's designation of the request as being (i) pursuant to the Telecommunications Act of 1996 or (ii) pursuant to the needs of the business.

7. Court Ordered Requests for Call Detail Records and Other Subscriber Information

To the extent technically feasible, BellSouth maintains call detail records for NOW end users for limited time periods and can respond to subpoenas and court ordered requests for this information. BellSouth shall maintain such information for NOW end users for the same length of time it maintains such information for its own end users.

7.1 NOW agrees that BellSouth may respond to subpoenas and court ordered requests delivered directly to BellSouth for the purpose of providing call detail records when the targeted telephone numbers belong to NOW end users. Billing for such requests will be generated by BellSouth and directed to the law enforcement agency initiating the request.

7.2 Where BellSouth is providing to NOW telecommunications services for resale or providing to NOW the local switching function, then NOW agrees that in those cases where NOW receives subpoenas or court ordered requests regarding targeted telephone numbers belonging to NOW end users, if NOW does not have

the requested information, NOW may advise the law enforcement agency initiating the request to redirect the subpoena or court ordered request to BellSouth. Where the request has been forwarded to BellSouth, billing for call detail information will be generated by BellSouth and directed to the law enforcement agency initiating the request.

- 7.3 In all other instances, NOW may provide NOW end user and/or other customer information that is available to NOW in response to subpoenas and court orders for their own end user records. When BellSouth receives subpoenas or court ordered requests regarding targeted telephone numbers belonging to NOW end users, BellSouth may advise the law enforcement agency initiating the request to redirect the subpoena or court ordered request to NOW.

8. Liability and Indemnification

- 8.1 BellSouth Liability. BellSouth shall take financial responsibility for its own actions in causing, or its lack of action in preventing, unbillable or uncollectible NOW revenues.

- 8.2 Liability for Acts or Omissions of Third Parties. Neither BellSouth nor NOW shall be liable for any act or omission of an unaffiliated third party telecommunications company providing a portion of the services provided under this Agreement.

8.3 Limitation of Liability

- 8.3.1 For Purposes of this Resale Agreement, the liability of BellSouth damages arising out of mistakes, omissions, interruptions, preemptions, delays errors or defects in transmission, or failures or defects in facilities furnished by the Company, occurring in the course of furnishing service or other facilities and not caused by the negligence of NOW, or of BellSouth in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision shall in no event exceed an amount equivalent to the proportionate charge to NOW for the period of service during which such mistake, omission, interruption, preemption, delay, error or defect in transmission or defect or failure in facilities occur. BellSouth shall not be liable for damage arising out of mistakes, omission, interruptions, preemptions, delays, errors or defects in transmission or other injury, including but not limited to injuries to persons or property from voltages or currents transmitted over the service of BellSouth, (1) caused by customer-provided equipment (except where a contributing cause is the malfunctioning of a BellSouth-provided connecting arrangement, in which event the liability of BellSouth shall not exceed an amount equal to a proportional amount of BellSouth billing for the period of service during which such mistake, omission, interruption, preemption, delay, error, defect in transmission or injury occurs), or (2) not prevented by customer-provided equipment but which would have been prevented had BellSouth -provided equipment been used.

- 8.3.2 **Limitations in Tariffs.** NOW, in its sole discretion, provide in its tariffs and contracts with its Customer and third parties that relate to any service, product or function provided or contemplated under this Agreement, that to the maximum extent permitted by Applicable Law, NOW shall not be liable to Customer or third Party for (i) any Loss relating to or arising out of this Agreement, that exceeds the amount NOW would have charged that applicable person for the service, product or function that gave rise to such Loss and (ii) Consequential Damages. To the extent that NOW elects not to place in its tariffs or contracts such limitations of liability, and BellSouth incurs a Loss as a result thereof, NOW shall indemnify and reimburse BellSouth for that portion of the Loss that would have been limited had NOW included in its tariffs and contracts the limitations of liability that such other Party included in its own tariffs at the time of such Loss.
- 8.4 BellSouth shall be indemnified and saved harmless by NOW against any and all claims, actions, causes of action, damages, liabilities, or demands (including the costs, expenses and reasonable attorneys' fees, on account thereof) of whatever kind or nature that may be made by any third party as a result of BellSouth's furnishing of service to NOW.
- 8.4.1. BellSouth shall be indemnified, defended and held harmless by NOW and/or the end user against any claim, loss or damage arising from the use of services offered for resale involving:
- A. Claims for libel, slander, invasion of privacy or infringement of copyright arising from NOW's or end user's own communications.
 - B. Claims for patent infringement arising from acts combining or using BellSouth services in connection with facilities or equipment furnished by the end user or CLEC.
 - C. All other claims arising out of an act or omission of Reseller or its end user in the course of using services.
9. **Intellectual Property Rights and Indemnification**
- 9.1 **No License.** No patent, copyright, trademark or other proprietary right is licensed, granted or otherwise transferred by this Agreement. Both Parties are strictly prohibited from any use, including but not limited to in sales, in marketing or advertising of telecommunications services, of Party's name, service mark or trademark.
- 9.2 **Ownership of Intellectual Property.** Any intellectual property which originates from or is developed by a Party shall remain in the exclusive ownership of that Party. Except for a limited license to use patents or copyrights to the extent necessary for the Parties to use any facilities or equipment (including software) or to receive any service solely as provided under this Agreement, no license in patent, copyright, trademark or trade secret, or other proprietary or intellectual

property right now or hereafter owned, controlled or licensable by a Party, is granted to the other Party or shall be implied or arise by estoppel. It is the responsibility of each Party to ensure at no additional cost to the other Party that it has obtained any necessary licenses in relation to intellectual property of third Parties used in its network that may be required to enable the other Party to use any facilities or equipment (including software), to receive any service, or to perform its respective obligations under this Agreement.

- 9.3 **Indemnification.** The Party providing a service pursuant to this Agreement will defend the Party receiving such service or data provided as a result of such service against claims of infringement arising solely from the use by the receiving Party of such service and will indemnify the receiving Party for any damages awarded based solely on such claims in accordance with Section 8 of this Agreement.
- 9.4 **Claim of Infringement.** In the event that use of any facilities or equipment (including software), becomes, or in reasonable judgment of the Party who owns the affected network is likely to become, the subject of a claim, action, suit, or proceeding based on intellectual property infringement, then said Party shall promptly and at its sole expense, but subject to the limitations of liability set forth below:
- 9.4.1 modify or replace the applicable facilities or equipment (including software) while maintaining form and function and the other Party's ability to interface with and use such facilities or equipment, or
- 9.4.2 obtain a license sufficient to allow such use to continue.
- 9.4.3 In the event 9.4.1 or 9.4.2 are commercially unreasonable, then said Party may, terminate, upon reasonable notice, this contract with respect to use of, or services provided through use of, the affected facilities or equipment (including software), but solely to the extent required to avoid the infringement claim.
- 9.5 **Exception to Obligations.** Neither Party's obligations under this Section shall apply to the extent the infringement is caused by: (i) modification of the facilities or equipment (including software) by the indemnitee; (ii) use by the indemnitee of the facilities or equipment (including software) in combination with equipment or facilities (including software) not provided or authorized by the indemnitor provided the facilities or equipment (including software) would not be infringing if used alone; (iii) conformance to specifications of the indemnitee which would necessarily result in infringement; or (iv) continued use by the indemnitee of the affected facilities or equipment (including software) after being placed on notice to discontinue use as set forth herein.
- 9.6 **Exclusive Remedy.** The foregoing shall constitute the Parties' sole and exclusive remedies and obligations with respect to a third party claim of intellectual property infringement arising out of the conduct of business under this

Agreement.

10. Treatment of Proprietary and Confidential Information

10.1 **Confidential Information.** It may be necessary for BellSouth and NOW to provide each other with certain confidential information, including trade secret information, including but not limited to, technical and business plans, technical information, proposals, specifications, drawings, procedures, customer account data, call detail records and like information (hereinafter collectively referred to as "Information"). All Information shall be in writing or other tangible form and clearly marked with a confidential, private or proprietary legend and that the Information will be returned to the owner within a reasonable time. The Information shall not be copied or reproduced in any form. BellSouth and NOW shall receive such Information and not disclose such Information. BellSouth and NOW shall protect the Information received from distribution, disclosure or dissemination to anyone except employees of BellSouth and NOW with a need to know such Information and which employees agree to be bound by the terms of this Section. BellSouth and NOW will use the same standard of care to protect Information received as they would use to protect their own confidential and proprietary Information.

10.2 **Exception to Obligation.** Notwithstanding the foregoing, there will be no obligation on BellSouth or NOW to protect any portion of the Information that is: (1) made publicly available by the owner of the Information or lawfully disclosed by a Party other than BellSouth or NOW; (2) lawfully obtained from any source other than the owner of the Information; or (3) previously known to the receiving Party without an obligation to keep it confidential.

11. Assignments

Any assignment by either Party to any non-affiliated entity of any right, obligation or duty or of any other interest hereunder, in whole or in part, without the prior written consent of the other Party shall be void. A Party may assign this Agreement or any right, obligation, duty or other interest hereunder to an Affiliate company of the Party without the consent of the other Party. All obligations and duties of any Party under this Agreement shall be binding on all successors in interest and assigns of such Party. No assignment or delegation hereof shall relieve the assignor of its obligations under this Agreement in the event that the assignee fails to perform such obligations.

12. Resolution of Disputes

Except as otherwise stated in this Agreement, the Parties agree that if any dispute arises as to the interpretation of any provision of this Agreement or as to the proper implementation of this Agreement, either Party may petition the

Commission for a resolution of the dispute. However, each Party reserves any rights it may have to seek judicial review of any ruling made by the Commission concerning this Agreement. This agreement does not confer jurisdiction or authority on any court, commission or other body that such court, commission or other body does not otherwise possess. Each Party may exercise its lawful right to file an appropriate petition or action in any forum of proper venue and proper jurisdiction. Each Party expressly reserves all rights to object to the jurisdiction and venue of any action or petition filed by the other Party.

13. Taxes

13.1 **Definition.** For purposes of this Section, the terms “taxes” and “fees” shall include but not limited to federal, state or local sales, use, excise, gross receipts or other taxes or tax-like fees of whatever nature and however designated (including tariff surcharges and any fees, charges or other payments, contractual or otherwise, for the use of public streets or rights of way, whether designated as franchise fees or otherwise) imposed, or sought to be imposed, on or with respect to the services furnished hereunder or measured by the charges or payments therefore, excluding any taxes levied on income.

13.2 **Taxes and Fees Imposed Directly On Either Providing Party or Purchasing Party.**

13.2.1 Taxes and fees imposed on the providing Party, which are not permitted or required to be passed on by the providing Party to its customer, shall be borne and paid by the providing Party.

13.2.2 Taxes and fees imposed on the purchasing Party, which are not required to be collected and/or remitted by the providing Party, shall be borne and paid by the purchasing Party.

13.3 **Taxes and Fees Imposed on Purchasing Party But Collected And Remitted By Providing Party.**

13.3.1 Taxes and fees imposed on the purchasing Party shall be borne by the purchasing Party, even if the obligation to collect and/or remit such taxes or fees is placed on the providing Party.

13.3.2 To the extent permitted by applicable law, any such taxes and/or fees shall be shown as separate items on applicable billing documents between the Parties. Notwithstanding the foregoing, the purchasing Party shall remain liable for any such taxes and fees regardless of whether they are actually billed by the providing Party at the time that the respective service is billed.

13.3.3 If the purchasing Party determines that in its opinion any such taxes or fees are not payable, the providing Party shall not bill such taxes or fees to the purchasing Party if the purchasing Party provides written certification, reasonably satisfactory

to the providing Party, stating that it is exempt or otherwise not subject to the tax or fee, setting forth the basis therefor, and satisfying any other requirements under applicable law. If any authority seeks to collect any such tax or fee that the purchasing Party has determined and certified not to be payable, or any such tax or fee that was not billed by the providing Party, the purchasing Party may contest the same in good faith, at its own expense. In any such contest, the purchasing Party shall promptly furnish the providing Party with copies of all filings in any proceeding, protest, or legal challenge, all rulings issued in connection therewith, and all correspondence between the purchasing Party and the taxing authority.

- 13.3.4 In the event that all or any portion of an amount sought to be collected must be paid in order to contest the imposition of any such tax or fee, or to avoid the existence of a lien on the assets of the providing Party during the pendency of such contest, the purchasing Party shall be responsible for such payment and shall be entitled to the benefit of any refund or recovery.
- 13.3.5 If it is ultimately determined that any additional amount of such a tax or fee is due to the imposing authority, the purchasing Party shall pay such additional amount, including any interest and penalties thereon.
- 13.3.6 Notwithstanding any provision to the contrary, the purchasing Party shall protect, indemnify and hold harmless (and defend at the purchasing Party's expense) the providing Party from and against any such tax or fee, interest or penalties thereon, or other charges or payable expenses (including reasonable attorney fees) with respect thereto, which are incurred by the providing Party in connection with any claim for or contest of any such tax or fee.
- 13.3.7 Each Party shall notify the other Party in writing of any assessment, proposed assessment or other claim for any additional amount of such a tax or fee by a taxing authority; such notice to be provided, if possible, at least ten (10) days prior to the date by which a response, protest or other appeal must be filed, but in no event later than thirty (30) days after receipt of such assessment, proposed assessment or claim.
- 13.4 **Taxes and Fees Imposed on Providing Party But Passed On To Purchasing Party.**
- 13.4.1 Taxes and fees imposed on the providing Party, which are permitted or required to be passed on by the providing Party to its customer, shall be borne by the purchasing Party.
- 13.4.2 To the extent permitted by applicable law, any such taxes and/or fees shall be shown as separate items on applicable billing documents between the Parties. Notwithstanding the foregoing, the purchasing Party shall remain liable for any such taxes and fees regardless of whether they are actually billed by the providing Party at the time that the respective service is billed.

- 13.4.3 If the purchasing Party disagrees with the providing Party's determination as to the application or basis for any such tax or fee, the Parties shall consult with respect to the imposition and billing of such tax or fee. Notwithstanding the foregoing, the providing Party shall retain ultimate responsibility for determining whether and to what extent any such taxes or fees are applicable, and the purchasing Party shall abide by such determination and pay such taxes or fees to the providing Party. The providing Party shall further retain ultimate responsibility for determining whether and how to contest the imposition of such taxes and fees; provided, however, that any such contest undertaken at the request of the purchasing Party shall be at the purchasing Party's expense.
- 13.4.4 In the event that all or any portion of an amount sought to be collected must be paid in order to contest the imposition of any such tax or fee, or to avoid the existence of a lien on the assets of the providing Party during the pendency of such contest, the purchasing Party shall be responsible for such payment and shall be entitled to the benefit of any refund or recovery.
- 13.4.5 If it is ultimately determined that any additional amount of such a tax or fee is due to the imposing authority, the purchasing Party shall pay such additional amount, including any interest and penalties thereon.
- 13.4.6 Notwithstanding any provision to the contrary, the purchasing Party shall protect indemnify and hold harmless (and defend at the purchasing Party's expense) the providing Party from and against any such tax or fee, interest or penalties thereon, or other reasonable charges or payable expenses (including reasonable attorney fees) with respect thereto, which are incurred by the providing Party in connection with any claim for or contest of any such tax or fee.
- 13.4.7 Each Party shall notify the other Party in writing of any assessment, proposed assessment or other claim for any additional amount of such a tax or fee by a taxing authority; such notice to be provided, if possible, at least ten (10) days prior to the date by which a response, protest or other appeal must be filed, but in no event later than thirty (30) days after receipt of such assessment, proposed assessment or claim.
- 13.5 Mutual Cooperation. In any contest of a tax or fee by one Party, the other Party shall cooperate fully by providing records, testimony and such additional information or assistance as may reasonably be necessary to pursue the contest. Further, the other Party shall be reimbursed for any reasonable and necessary out-of-pocket copying and travel expenses incurred in assisting in such contest.

14. Force Majeure

In the event performance of this Agreement, or any obligation hereunder, is either directly or indirectly prevented, restricted, or interfered with by reason of fire, flood, earthquake or like acts of God, wars, revolution, civil commotion,

explosion, acts of public enemy, embargo, acts of the government in its sovereign capacity, labor difficulties, including without limitation, strikes, slowdowns, picketing, or boycotts, unavailability of equipment from vendor, changes requested by Customer, or any other circumstances beyond the reasonable control and without the fault or negligence of the Party affected, the Party affected, upon giving prompt notice to the other Party, shall be excused from such performance on a day-to-day basis to the extent of such prevention, restriction, or interference (and the other Party shall likewise be excused from performance of its obligations on a day-to-day basis until the delay, restriction or interference has ceased); provided however, that the Party so affected shall use diligent efforts to avoid or remove such causes of non-performance and both Parties shall proceed whenever such causes are removed or cease.

15. Year 2000 Compliance

Each Party warrants that it has implemented a program the goal of which is to ensure that all software, hardware and related materials (collectively called "Systems") delivered, connected with BellSouth or supplied in the furtherance of the terms and conditions specified in this Agreement: (i) will record, store, process and display calendar dates falling on or after January 1, 2000, in the same manner, and with the same functionality as such software records, stores, processes and calendar dates falling on or before December 31, 1999; and (ii) shall include without limitation date data century recognition, calculations that accommodate same century and multicentury formulas and date values, and date data interface values that reflect the century.

16. Modification of Agreement

- 16.1 BellSouth shall make available, pursuant to 47 USC § 252 and the FCC rules and regulations regarding such availability, to NOW any interconnection, service, or network element provided under any other agreement filed and approved pursuant to 47 USC § 252. The Parties shall adopt all rates, terms and conditions concerning such other interconnection, service or network element and any other rates, terms and conditions that are interrelated or were negotiated in exchange for or in conjunction with the interconnection, service or network element being adopted. The adopted interconnection, service, or network element and agreement shall apply to the same states as such other agreement and for the identical term of such other agreement.
- 16.2 If NOW changes its name or makes changes to its company structure or identity due to a merger, acquisition, transfer or any other reason, it is the responsibility of NOW to notify BellSouth of said change and request that an amendment to this Agreement, if necessary, be executed to reflect said change.
- 16.3 No modification, amendment, supplement to, or waiver of the Agreement or any of its provisions shall be effective and binding upon the Parties unless it is made in

writing and duly signed by the Parties.

- 16.4 Execution of this Agreement by either Party does not confirm or infer that the executing Party agrees with any decision(s) issued pursuant to the Telecommunications Act of 1996 and the consequences of those decisions on specific language in this Agreement. Neither Party waives its rights to appeal or otherwise challenge any such decision(s) or to take any position in a generic docket relating to an issue addressed therein. Each Party reserves all of its rights to pursue any and all legal and/or equitable remedies, including appeals of any such decision(s).
- 16.5 In the event that any final and nonappealable legislative, regulatory, judicial or other legal action materially affects any material terms of this Agreement, or the ability of NOW or BellSouth to perform any material terms of this Agreement, NOW or BellSouth may, on thirty (30) days' written notice require that such terms be renegotiated, and the Parties shall renegotiate in good faith such mutually acceptable new terms as may be required. In the event that such new terms are not renegotiated within ninety (90) days after such notice, the Dispute shall be referred to the Commission for resolution.
- 16.6 If any provision of this Agreement, or the application of such provision to either Party or circumstance, shall be held invalid, the remainder of the Agreement, or the application of any such provision to the Parties or circumstances other than those to which it is held invalid, shall not be effective thereby, provided that the Parties shall attempt to reformulate such invalid provision to give effect to such portions thereof as may be valid without defeating the intent of such provision.

17. Waivers

A failure or delay of either Party to enforce any of the provisions hereof, to exercise any option which is herein provided, or to require performance of any of the provisions hereof shall in no way be construed to be a waiver of such provisions or options, and each Party, notwithstanding such failure, shall have the right thereafter to insist upon the specific performance of any and all of the provisions of this Agreement.

18. Governing Law

This Agreement shall be deemed to be a contract made under the laws of the State of Georgia, and the construction, interpretation and performance of this Agreement and all transactions hereunder shall be governed by the domestic law of such State provided however, that in the Commonwealth of Kentucky, the laws of the Commonwealth of Kentucky shall apply.

Definitions

Affiliate is defined as a person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person. For purposes of this paragraph, the term "own" means to own an equity interest (or equivalent thereof) of more than 10 percent.

Centralized Message Distribution System is the Telcordia (formerly BellCore) administered national system, based in Kansas City, Missouri, used to exchange Exchange Message Interface (EMI) formatted data among host companies.

Commission is defined as the appropriate regulatory agency in each of BellSouth's nine state region, Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee.

Daily Usage File is the compilation of messages or copies of messages in standard Exchange Message Interface (EMI) format exchanged from BellSouth to a CLEC.

Exchange Message Interface is the nationally administered standard format for the exchange of data among the Exchange Carriers within the telecommunications industry.

Information Service means the offering of a capability for generating, acquiring, storing, transforming, processing, retrieving, utilizing, or making available information via telecommunications, and includes electronic publishing, but does not include any use of any such capability for the management, control, or operation of a telecommunications system or the management of a telecommunications service.

Intercompany Settlements (ICS) is the revenue associated with charges billed by a company other than the company in whose service area such charges were incurred. ICS on a national level includes third number and credit card calls and is administered by Telcordia (formerly BellCore)'s Calling Card and Third Number Settlement System (CATS). Included is traffic that originates in one Regional Bell Operating Company's (RBOC) territory and bills in another RBOC's territory.

Intermediary function is defined as the delivery of traffic from NOW; a CLEC other than NOW or another telecommunications carrier through the network of BellSouth or NOW to an end user of NOW; a CLEC other than NOW or another telecommunications carrier.

Local Interconnection is defined as 1) the delivery of local traffic to be terminated on each Party's local network so that end users of either Party have the ability to reach end users of the other Party without the use of any access code or substantial delay in the processing of the call; 2) the LEC network features, functions, and capabilities set forth in this Agreement; and 3) Service Provider Number Portability sometimes referred to as temporary telephone number portability to be implemented pursuant to the terms of this Agreement.

Local Traffic is defined as any telephone call that originates in one exchange and terminates in either the same exchange, or other local calling area associated with the originating exchange as defined and specified in Section A3 of BellSouth's General Subscriber Service Tariff. As clarification of this definition and for reciprocal transport and termination compensation, Local Traffic does not include traffic that originates from or is directed to or through an enhanced service provider or information service provider. As further clarification, Local Traffic does not include calls that do not transmit information of the user's choosing. In any event, neither Party will pay reciprocal compensation to the other if the "traffic" to which such reciprocal compensation would otherwise apply was generated, in whole or in part, for the purpose of creating an obligation on the part of the originating carrier to pay reciprocal compensation for such traffic.

Message Distribution is routing determination and subsequent delivery of message data from one company to another. Also included is the interface function with CMDS, where appropriate.

Multiple Exchange Carrier Access Billing ("MECAB") means the document prepared by the Billing Committee of the Ordering and Billing Forum ("OBF"), which functions under the auspices of the Carrier Liaison Committee of the Alliance for Telecommunications Industry Solutions ("ATIS") and by Telcordia (formerly BellCore) as Special Report SR-BDS-000983, Containing the recommended guidelines for the billing of Exchange Service access provided by two or more LECs and/or CLECs or by one LEC in two or more states within a single LATA.

Network Element is defined to mean a facility or equipment used in the provision of a telecommunications service. Such term may include, but is not limited to, features, functions, and capabilities that are provided by means of such facility or equipment, including but not limited to, subscriber numbers, databases, signaling systems, and information sufficient for billing and collection or used in the transmission, routing, or other provision of a telecommunications service. BellSouth offers access to the Network Elements, unbundled loops; network interface device; sub-loop elements; local switching; transport; tandem switching; operator systems; signaling; access to call-related databases; dark fiber as set forth in Attachment 2 of this Agreement.

Non-Intercompany Settlement System (NICS) is the Telcordia (formerly BellCore) system that calculates non-intercompany settlements amounts due from one company to another within the same RBOC region. It includes credit card, third number and collect messages.

Percent of Interstate Usage (PIU) is defined as a factor to be applied to terminating access services minutes of use to obtain those minutes that should be rated as interstate access services minutes of use. The numerator includes all interstate "non-intermediary" minutes of use, including interstate minutes of use that are forwarded due to service provider number portability less any interstate minutes of use for Terminating Party Pays services, such as 800 Services. The denominator includes all "non-intermediary", local, interstate, intrastate, toll and access minutes of use adjusted for service provider number portability less all minutes attributable to terminating Party pays services.

Percent Local Usage (PLU) is defined as a factor to be applied to intrastate terminating minutes of use. The numerator shall include all “non-intermediary” local minutes of use adjusted for those minutes of use that only apply local due to Service Provider Number Portability. The denominator is the total intrastate minutes of use including local, intrastate toll, and access, adjusted for Service Provider Number Portability less intrastate terminating Party pays minutes of use.

Revenue Accounting Office (RAO) Status Company is a local exchange company/alternate local exchange company that has been assigned a unique RAO code. Message data exchanged among RAO status companies is grouped (i.e. packed) according to From/To/Bill RAO combinations.

Service Control Points (“SCPs”) are defined as databases that store information and have the ability to manipulate data required to offer particular services.

Signal Transfer Points (“STPs”) are signaling message switches that interconnect Signaling Links to route signaling messages between switches and databases. STPs enable the exchange of Signaling System 7 (“SS7”) messages between switching elements, database elements and STPs. STPs provide access to various BellSouth and third party network elements such as local switching and databases.

Signaling links are dedicated transmission paths carrying signaling messages between carrier switches and signaling networks. Signal Link Transport is a set of two or four dedicated 56 kbps transmission paths between NOW designated Signaling Points of Interconnection that provide a diverse transmission path and cross connect to a BellSouth Signal Transfer Point.

Telecommunications means the transmission, between or among points specified by the user, of information of the user’s choosing, without change in the form or content of the information as sent and received.

Telecommunications Service means the offering of telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.

Telecommunications Act of 1996 (“Act”) means Public Law 104-104 of the United States Congress effective February 8, 1996. The Act amended the Communications Act of 1934 (47, U.S.C. Section 1 et. seq.).

3. General Provisions

- 3.1 NOW may resell the tariffed local exchange and toll telecommunications services of BellSouth contained in the General Subscriber Service Tariff and Private Line Service Tariff subject to the terms, and conditions specifically set forth herein. Notwithstanding the foregoing, the exclusions and limitations on services available for resale will be as set forth in Exhibit B, attached hereto and incorporated herein by this reference.
- 3.2 All of the negotiated rates, terms and conditions set forth in this Attachment pertain to the resale of BellSouth's retail telecommunications services and other services specified in this Attachment. BellSouth shall make available telecommunications services for resale at the rates set forth in Exhibit A to this Agreement and subject to the exclusions and limitations set forth in Exhibit B to this Agreement. BellSouth does not however waive its rights to appeal or otherwise challenge any decision regarding resale that resulted in the discount rates contained in Exhibit A or the exclusions and limitations contained in Exhibit B. BellSouth reserves the right to pursue any and all legal and/or equitable remedies, including appeals of any decisions. If such appeals or challenges result in changes in the discount rates or exclusions and limitations, the parties agree that appropriate modifications to this Agreement will be made promptly to make its terms consistent with the outcome of the appeal.
- 3.3 NOW may purchase resale services from BellSouth for their own use in operating their business. The resale discount will apply to those services under the following conditions:
- 3.3.1 NOW must resell services to other end users.
- 3.3.2 NOW must order services through resale interfaces, i.e., the Local Carrier Service Center (LCSC) and/or appropriate Resale Account Teams pursuant to Section 3 of the General Terms and Conditions.
- 3.3.3 NOW cannot be an alternative local exchange telecommunications company for the single purpose of selling to themselves.
- 3.4 The provision of services by BellSouth to NOW does not constitute a joint undertaking for the furnishing of any service.
- 3.5 NOW will be the customer of record for all services purchased from BellSouth. Except as specified herein, BellSouth will take orders from, bill and expect payment from NOW for all services.
- 3.6 NOW will be BellSouth's single point of contact for all services purchased pursuant to this Agreement. BellSouth shall have no contact with the end user except to the extent provided for herein.

- 3.7 BellSouth will continue to bill the end user for any services that the end user specifies it wishes to receive directly from BellSouth.
- 3.8 BellSouth maintains the right to serve directly any end user within the service area of NOW. BellSouth will continue to directly market its own telecommunications products and services and in doing so may establish independent relationships with end users of NOW.
- 3.9 Neither Party shall interfere with the right of any person or entity to obtain service directly from the other Party.
- 3.10 Current telephone numbers may normally be retained by the end user. However, telephone numbers are the property of BellSouth and are assigned to the service furnished. NOW has no property right to the telephone number or any other call number designation associated with services furnished by BellSouth, and no right to the continuance of service through any particular central office. BellSouth reserves the right to change such numbers, or the central office designation associated with such numbers, or both, whenever BellSouth deems it necessary to do so in the conduct of its business.
- 3.11 For the purpose of the resale of BellSouth's telecommunications services by NOW, BellSouth will provide NOW with an on line access to telephone numbers for reservation on a first come first serve basis. Such reservations of telephone numbers, on a pre-ordering basis shall be for a period of nine (9) days. NOW acknowledges that there may be instances where there is a shortage of telephone numbers in a particular Common Language Location Identifier Code (CLLIC) and in such instances BellSouth may request that NOW cancel its reservations of numbers. NOW shall comply with such request.
- 3.12 Further, upon NOW's request, and for the purpose of the resale of BellSouth's telecommunications services by NOW, BellSouth will reserve up to 100 telephone numbers per CLLIC, for NOW's sole use. Such telephone number reservations shall be valid for ninety (90) days from the reservation date. NOW acknowledges that there may be instances where there is a shortage of telephone numbers in a particular CLLIC and in such instances BellSouth shall use its best efforts to reserve for a ninety (90) day period a sufficient quantity of NOW's reasonable need in that particular CLLIC.
- 3.13 BellSouth may provide any service or facility for which a charge is not established herein, as long as it is offered on the same terms to NOW.

In addition, NOW shall provide to BellSouth access to customer record information including electronic access where available. Otherwise, NOW shall provide paper copies of customer record information within a reasonable period of time upon request by BellSouth. Customer Record Information is equivalent to but not limited to the type

of customer specific information contained in CRIS and RSAG. The Parties agree not to view, copy, or otherwise obtain access to the customer record information of any customer without that customer's permission, and further agrees that NOW and BellSouth will obtain access to customer record information only in strict compliance with applicable laws, rules, or regulations of the State in which the service is provided.

- 4.5.4 The Parties acknowledge that due to the functionality of BellSouth's billing systems, BellSouth is or may be unable to reflect applicable discounts on NOW Communications' initial bill for services described herein. All credits issued pursuant to this section shall be in arrears such that the applicable discount for a given billing cycle will be reflected on a subsequent bill. BellSouth, in its sole discretion, may apply BellSouth tariff rates less the applicable resale discount on initial monthly billing of any service to be discounted pursuant hereto, and NOW Communications shall pay such bills in full. Subject to NOW Communications' maintaining the required volume of service and utilizing a BellSouth electronic ordering interface to order such services, BellSouth thereafter will apply credits, either the following month or on a quarterly basis, at BellSouth's sole discretion, to NOW Communications' bills in the amounts described herein to provide the discounts due to NOW Communications under this Section.
- 4.5.5 For each BellSouth bill period wherein NOW Communications maintains a minimum of 35,000 residential telecommunications lines from BellSouth for the entire bill period, BellSouth will offer a credit, equal to 100% of both the non-recurring and the recurring charges for Customized Code Restriction ("CCR") for each CCR feature purchased by NOW Communications on a residential telecommunications line at the time that the order shall be submitted via a BellSouth electronic ordering interface. In addition, for each bill period wherein NOW Communications maintains a minimum of 35,000 residential telecommunications lines from BellSouth for the entire bill period, BellSouth will also offer a credit, equal to 100% of the monthly recurring charges for each CCR feature previously ordered by NOW Communications and in effect on NOW Communications' residential telecommunications lines for its imbedded customer base. Notwithstanding the foregoing, the credits described in this section 4.5.8 shall be applicable only to residential telecommunications lines for which NOW Communications requires the end user to prepay for local exchange service. If at any time during the term of this Agreement NOW Communications purchases lines for resale on other than a prepaid basis, NOW Communications shall report to BellSouth those residential telecommunications lines that are and are not to be resold on a prepaid basis. BellSouth shall have the right to audit NOW Communications' billing records no more frequently than four (4) times per year during the term of this Agreement to determine the number of lines for which NOW Communications requires its end users to prepay for service, the number of CCR features ordered for those lines, the proper application of the discount described above, and any other relevant information related solely to determining the amount of discounts applicable to NOW Communications hereunder. BellSouth shall use such

information solely in connection with determining volume discounts pursuant to this Section and will maintain the confidentiality of all such information. NOW Communications shall make such records and data available to BellSouth or its designated auditors on a reasonable basis. BellSouth shall bear the cost of any such audit unless such audit reveals that NOW Communications has misreported by more than five percent (5%) the number of residential telecommunications lines for which for which NOW Communications requires prepayment by the end user, in which case NOW Communications shall bear the cost of such audit.

4.5.6 For each BellSouth bill period wherein NOW Communications maintains a minimum of 40,000 resold residential telecommunications lines from BellSouth for the entire bill period, BellSouth will offer a credit, equal to an additional discount of 10% off the Restore charge per BellSouth residential telecommunications line resold to a NOW Communications end user; provided that such Restore order is submitted via a BellSouth electronic ordering interface. In addition BellSouth will offer a credit, equal to 3% of the monthly recurring charges paid by NOW Communications to BellSouth during such month for Inside Wire Maintenance Service Plans, MemoryCall® Answering Service, Residence/Personal Mailbox, and Transfer Mailbox associated with a NOW Communications residential telecommunications line sold to a NOW Communications end user.

4.5.6.1 In addition, if NOW Communications maintains a minimum of 40,000 resold residential telecommunications lines and 40,000 vertical features for each bill period, BellSouth will offer a credit equal to an additional discount of 3% of the monthly recurring charges during such month for vertical features associated with a NOW Communications residential telecommunications line; provided, however, that such credit shall not apply to any residential telecommunications lines for which the services listed in Exhibit H, Section 2 are ordered or in effect. For purposes of this paragraph, the only vertical features to be used in calculating the minimum 40,000 vertical features are those listed on Exhibit H, Section 1 hereto.

4.5.7 For each BellSouth bill period wherein NOW Communications maintains a minimum of 50,000 residential telecommunications lines from BellSouth for the entire bill period, BellSouth will offer a credit, equal to an additional discount of 20% off the Restore charge per BellSouth residential telecommunications line resold to a NOW Communications end user; provided that such Restore order is submitted via a BellSouth electronic ordering interface. In addition BellSouth will offer a credit, equal to 5% of the monthly recurring charges paid by NOW Communications to BellSouth during such month for Inside Wire Maintenance Service Plans, MemoryCall® Answering Service, Residence/Personal Mailbox, and Transfer Mailbox associated with a NOW Communications residential telecommunications line sold to a NOW Communications end user.

- 4.5.7.1 In addition, if NOW Communications maintains a minimum of 50,000 resold residential telecommunications lines and 55,000 vertical features for each bill period, BellSouth will offer a credit equal to an additional discount of 5% of the monthly recurring charges during such month for vertical features associated with a NOW Communications residential telecommunications line; provided, however, that such credit shall not apply to any residential telecommunications lines for which the services listed in Exhibit H, Section 2 are ordered or in effect. For purposes of this paragraph, the only vertical features to be used in calculating the minimum 55,000 vertical features are those listed on Exhibit H, Section 1 hereto.
- 4.5.8 For each BellSouth bill period wherein NOW Communications maintains a minimum of 70,000 resold residential telecommunications lines from BellSouth for the entire bill period, BellSouth will offer a credit, equal to an additional discount of 25% off the Restore charge per BellSouth residential telecommunications line resold to a NOW Communications end user; provided that such Restore order is submitted via a BellSouth electronic ordering interface. In addition BellSouth will offer a credit, equal to 7% of the monthly recurring charges paid by NOW Communications to BellSouth during such month for Inside Wire Maintenance Service Plans, MemoryCall® Answering Service, Residence/Personal Mailbox, and Transfer Mailbox associated with a NOW Communications residential telecommunications line sold to a NOW Communications end user.
- 4.5.8.1 In addition, if NOW Communications maintains a minimum of 70,000 resold residential telecommunications lines and 80,500 vertical features for each bill period, BellSouth will offer a credit equal to an additional discount of 7% of the monthly recurring charges during such month for vertical features associated with a NOW Communications residential telecommunications line; provided, however, that such credit shall not apply to any residential telecommunications lines for which the services listed in Exhibit H, Section 2 are ordered or in effect. For purposes of this paragraph, the only vertical features to be used in calculating the minimum 80,500 vertical features are those listed on Exhibit H, Section 1 hereto.
- 4.5.9 Notwithstanding the terms of payment for Operational Support System ("OSS") charges set forth on page 2 of Exhibit A hereto, commencing with the effective date of this Agreement, for each BellSouth monthly bill period wherein NOW Communications maintains a minimum of 35,000 residential telecommunications lines from BellSouth for the entire monthly bill period, BellSouth will offer tiered OSS rates based on monthly bill period electronic Local Service Request (LSR) volume levels as follows.

| Volume Level Per Monthly Bill Period | OSS Rate |
|---|-----------------|
| Tier 1 From 1 to 10,000 LSRs | \$3.50 |
| Tier 2 From 10,001 to 15,000 LSRs | \$3.00 |
| Tier 3 15,001 LSRs and greater | \$2.50 |

At the conclusion of a particular monthly bill period, the OSS Rate will revert to the Tier 1 rate of \$3.50.

All credits issued in this section shall be in arrears such that the applicable credits for a given billing cycle will be reflected on NOW

Communication's bill on a quarterly basis and shall be in accordance with the terms described in Section 4.5.4.

- 4.5.10 At any time during the term of this Agreement, should NOW Communications fail to maintain the minimum 35,000 residential telecommunication lines required herein; fail to utilize a BellSouth electronic ordering interface for ordering services subject to this volume discount arrangement or otherwise choose not to operate under the terms and conditions of this Section, the rates for all of the services described in this Section to which volume discounts would otherwise apply will return to the tariff rates less the applicable state specific resale discount.
- 4.5.11 Upon expiration of this Agreement in accordance with the terms of Section 2 of the General Terms and Conditions of this Agreement, the discounts offered pursuant to this Section shall cease to apply, regardless of whether BellSouth continues to offer services to NOW Communications pursuant to the terms of this Agreement after expiration and while a new agreement is being negotiated.
- 4.5.12 The Parties agree that the terms of this Section 4.5 have been negotiated as a whole, each provision being interdependent with the others.

5. Maintenance of Services

- 5.1 NOW will adopt and adhere to the standards contained in the applicable CLEC Work Center Operational Understanding Agreement regarding maintenance and installation of service.
- 5.2 Services resold under BellSouth's Tariffs and facilities and equipment provided by BellSouth shall be maintained by BellSouth.
- 5.3 NOW or its end users may not rearrange, move, disconnect, remove or attempt to repair any facilities owned by BellSouth, other than by connection or disconnection to any interface means used, except with the written consent of BellSouth.

- 5.4 NOW accepts responsibility to notify BellSouth of situations that arise that may result in a service problem.
- 5.5 NOW will be BellSouth's single point of contact for all repair calls on behalf of NOW's end users. The parties agree to provide one another with toll-free contact numbers for such purposes.
- 5.6 NOW will contact the appropriate repair centers in accordance with procedures established by BellSouth.
- 5.7 For all repair requests, NOW accepts responsibility for adhering to BellSouth's prescreening guidelines prior to referring the trouble to BellSouth.
- 5.8 BellSouth will bill NOW for handling troubles that are found not to be in BellSouth's network pursuant to its standard time and material charges. The standard time and material charges will be no more than what BellSouth charges to its retail customers for the same services.
- 5.9 BellSouth reserves the right to contact NOW's end users, if deemed necessary, for maintenance purposes.
6. **Establishment of Service**
- 6.1 After receiving certification as a local exchange company from the appropriate regulatory agency, NOW will provide the appropriate BellSouth service center the necessary documentation to enable BellSouth to establish a master account for NOW's resold services. Such documentation shall include the Application for Master Account, proof of authority to provide telecommunications services, an Operating Company Number ("OCN") assigned by the National Exchange Carriers Association ("NECA") and a tax exemption certificate, if applicable. When necessary deposit requirements are met, BellSouth will begin taking orders for the resale of service.
- 6.2 Service orders will be in a standard format designated by BellSouth.
- 6.3 When notification is received from NOW that a current end user of BellSouth will subscribe to NOW's service, standard service order intervals for the appropriate class of service will apply.
- 6.4 BellSouth will not require end user confirmation prior to establishing service for NOW's end user customer. NOW must, however, be able to demonstrate end user authorization upon request.
- 6.5 NOW will be the single point of contact with BellSouth for all subsequent ordering activity resulting in additions or changes to resold services except that BellSouth will accept a request directly from the end user for conversion of the end user's service

from NOW to BellSouth or will accept a request from another CLEC for conversion of the end user's service from NOW to the other LEC. BellSouth will notify NOW that such a request has been processed.

- 6.6 If BellSouth determines that an unauthorized change in local service to NOW has occurred, BellSouth will reestablish service with the appropriate local service provider and will assess NOW as the CLEC initiating the unauthorized change, the unauthorized change charge described in F.C.C. Tariff No. 1, Section 13 or applicable state tariff. Appropriate nonrecurring charges, as set forth in Section A4 of the General Subscriber Service Tariff, will also be assessed to NOW. These charges can be adjusted if NOW provides satisfactory proof of authorization.
- 6.7 In order to safeguard its interest, BellSouth reserves the right to secure the account with a suitable form of security deposit, unless satisfactory credit has already been established.
 - 6.7.1 Such security deposit shall take the form of an irrevocable Letter of Credit or other forms of security acceptable to BellSouth. Any such security deposit may be held during the continuance of the service as security for the payment of any and all amounts accruing for the service.
 - 6.7.2 If a security deposit is required, such security deposit shall be made prior to the inauguration of service.
 - 6.7.3 Such security deposit may not exceed two months' estimated billing.
 - 6.7.4 The fact that a security deposit has been made in no way relieves NOW from complying with BellSouth's regulations as to advance payments and the prompt payment of bills on presentation nor does it constitute a waiver or modification of the regular practices of BellSouth providing for the discontinuance of service for non-payment of any sums due BellSouth.
 - 6.7.5 BellSouth reserves the right to increase the security deposit requirements when, in its sole judgment, circumstances so warrant and/or gross monthly billing has increased beyond the level initially used to determine the security deposit.
 - 6.7.6 In the event that NOW defaults on its account, service to NOW will be terminated and any security deposits held will be applied to its account.
 - 6.7.7 Interest on a security deposit shall accrue and be paid in accordance with the terms in the appropriate BellSouth tariff.

7. Payment And Billing Arrangements

- 7.1 Prior to submitting orders to BellSouth for local service, a master account must be established for NOW. NOW is required to provide the following before a master account is established: proof of PSC/PUC certification, the Application for Master Account, an Operating Company Number ("OCN") assigned by the National Exchange Carriers Association ("NECA") and a tax exemption certificate, if applicable.
- 7.2 BellSouth shall bill NOW on a current basis all applicable charges and credits.
- 7.3 Payment of all charges will be the responsibility of NOW. NOW shall make payment to BellSouth for all services billed. BellSouth is not responsible for payments not received by NOW from NOW's end user. BellSouth will not become involved in billing disputes that may arise between NOW and its end user. Payments made to BellSouth as payment on account will be credited to an accounts receivable master account and not to an end user's account.
- 7.4 BellSouth will render bills each month on established bill days for each of NOW's accounts.
- 7.5 BellSouth will bill NOW in advance charges for all services to be provided during the ensuing billing period except charges associated with service usage, which will be billed in arrears. Charges will be calculated on an individual end user account level, including, if applicable, any charge for usage or usage allowances. BellSouth will also bill NOW, and NOW will be responsible for and remit to BellSouth, all charges applicable to resold services including but not limited to 911 and E911 charges, telecommunications relay charges (TRS), and franchise fees.
- 7.6 The payment will be due by the next bill date (i.e., same date in the following month as the bill date) and is payable in immediately available funds. Payment is considered to have been made when received by BellSouth.
- 7.6.1 If the payment due date falls on a Sunday or on a Holiday which is observed on a Monday, the payment due date shall be the first non-Holiday day following such Sunday or Holiday. If the payment due date falls on a Saturday or on a Holiday which is observed on Tuesday, Wednesday, Thursday, or Friday, the payment due date shall be the last non-Holiday day preceding such Saturday or Holiday. If payment is not received by the payment due date, a late payment penalty, as set forth in section 7.8 following, shall apply.
- 7.6.2 If NOW requests multiple billing media or additional copies of bills, BellSouth will provide these at an appropriate charge to NOW.
- 7.6.3 Billing Disputes

- 7.6.3.1 Each Party agrees to notify the other Party upon the discovery of a billing dispute. In the event of a billing dispute, the Parties will endeavor to resolve the dispute within sixty (60) calendar days of the Bill Date on which such disputed charges appear. Resolution of the dispute is expected to occur at the first level of management resulting in a recommendation for settlement of the dispute and closure of a specific billing period. If the issues are not resolved within the allotted time frame, the following resolution procedure will begin:
- 7.6.3.2 If the dispute is not resolved within sixty (60) days of the Bill Date, the dispute will be escalated to the second level of management for each of the respective Parties for resolution. If the dispute is not resolved within ninety (90) days of the Bill Date, the dispute will be escalated to the third level of management for each of the respective Parties for resolution
- 7.6.3.3 If the dispute is not resolved within one hundred and twenty (120) days of the Bill Date, the dispute will be escalated to the fourth level of management for each of the respective Parties for resolution.
- 7.6.3.4 If a Party disputes a charge and does not pay such charge by the payment due date, such charges shall be subject to late payment charges as set forth in the Late Payment Charges provision of this Attachment. If a Party disputes charges and the dispute is resolved in favor of such Party, the other Party shall credit the bill of the disputing Party for the amount of the disputed charges along with any late payment charges assessed no later than the second Bill Date after the resolution of the dispute. Accordingly, if a Party disputes charges and the dispute is resolved in favor of the other Party, the disputing Party shall pay the other Party the amount of the disputed charges and any associated late payment charges assessed no later than the second bill payment due date after the resolution of the dispute. BellSouth shall only assess interest on previously assessed late payment charges in a state where it has authority pursuant to its tariffs.
- 7.7 Upon proof of tax exempt certification from NOW, the total amount billed to NOW will not include any taxes due from the end user to reflect the tax exempt certification and local tax laws. NOW will be solely responsible for the computation, tracking, reporting, and payment of taxes applicable to NOW's end user.
- 7.8 If any portion of the payment is received by BellSouth after the payment due date as set forth preceding, or if any portion of the payment is received by BellSouth in funds that are not immediately available to BellSouth, then a late payment penalty shall be due to BellSouth. The late payment penalty shall be the portion of the payment not received by the payment due date times a late factor and will be applied on a per bill basis. The late factor shall be as set forth in Section A2 of the General Subscriber Services Tariff and Section B2 of the Private Line Service Tariff. NOW will be

charged a fee for all returned checks as set forth in Section to A2 of the General Subscriber Services Tariff or in applicable state law.

- 7.9 Any switched access charges associated with interexchange carrier access to the resold local exchange lines will be billed by, and due to, BellSouth. No additional charges are to be assessed to NOW
 - 7.10 BellSouth will not perform billing and collection services for NOW as a result of the execution of this Agreement. All requests for billing services should be referred to the appropriate entity or operational group within BellSouth.
 - 7.11 Pursuant to 47 CFR Section 51.617, BellSouth will bill NOW end user common line charges identical to the end user common line charges BellSouth bills its end users.
 - 7.12 In general, BellSouth will not become involved in disputes between NOW and NOW's end user customers over resold services. If a dispute does arise that cannot be settled without the involvement of BellSouth, NOW shall contact the designated Service Center for resolution. BellSouth will make every effort to assist in the resolution of the dispute and will work with NOW to resolve the matter in as timely a manner as possible. NOW may be required to submit documentation to substantiate the claim.
- 8. Discontinuance of Service**
- 8.1 The procedures for discontinuing service to an end user are as follows:
 - 8.1.1 Where possible, BellSouth will deny service to NOW's end user on behalf of, and at the request of, NOW. Upon restoration of the end user's service, restoral charges will apply and will be the responsibility of NOW.
 - 8.1.2 At the request of NOW, BellSouth will disconnect a NOW end user customer.
 - 8.1.3 All requests by NOW for denial or disconnection of an end user for nonpayment must be in writing.
 - 8.1.4 NOW will be made solely responsible for notifying the end user of the proposed disconnection of the service.
 - 8.1.5 BellSouth will continue to process calls made to the Annoyance Call Center and will advise NOW when it is determined that annoyance calls are originated from one of their end user's locations. BellSouth shall be indemnified, defended and held harmless by NOW and/or the end user against any claim, loss or damage arising from providing this information to NOW. It is the responsibility of NOW to take the corrective action necessary with its end users who make annoying calls. Failure to do so will result in BellSouth's disconnecting the end user's service.

- 8.1.6 BellSouth may disconnect and reuse facilities when the facility is in a denied state and BellSouth has received an order to establish new service or transfer of service from an end user or an end user's CLEC at the same address served by the denied facility.
- 8.2 The procedures for discontinuing service to NOW are as follows:
- 8.2.1 BellSouth reserves the right to suspend or terminate service for nonpayment or in the event of prohibited, unlawful or improper use of the facilities or service, abuse of the facilities, or any other violation or noncompliance by NOW of the rules and regulations of BellSouth's Tariffs.
- 8.2.2 If payment of account is not received by the bill day in the month after the original bill day, BellSouth may provide written notice to NOW, that additional applications for service will be refused and that any pending orders for service will not be completed if payment is not received by the fifteenth day following the date of the notice. In addition BellSouth may, at the same time, give thirty days notice to the person designated by NOW to receive notices of noncompliance, and discontinue the provision of existing services to NOW at any time thereafter.
- 8.2.3 In the case of such discontinuance, all billed charges, as well as applicable termination charges, shall become due.
- 8.2.4 If BellSouth does not discontinue the provision of the services involved on the date specified in the thirty days notice and NOW's noncompliance continues, nothing contained herein shall preclude BellSouth's right to discontinue the provision of the services to NOW without further notice.
- 8.2.5 If payment is not received or arrangements made for payment by the date given in the written notification, NOW's services will be discontinued. Upon discontinuance of service on a NOW's account, service to NOW's end users will be denied. BellSouth will also reestablish service at the request of the end user or NOW upon payment of the appropriate connection fee and subject to BellSouth's normal application procedures. NOW is solely responsible for notifying the end user of the proposed disconnection of the service.
- 8.2.6 If within fifteen days after an end user's service has been denied no contact has been made in reference to restoring service, the end user's service will be disconnected.
9. **Line Information Database (LIDB)**
- 9.1 BellSouth will store in its Line Information Database (LIDB) records relating to service only in the BellSouth region. The LIDB Storage Agreement is included in this Attachment as Exhibit C.

OPERATIONAL SUPPORT SYSTEMS (OSS) RATES

BellSouth has developed and made available the following mechanized systems by which NOW may submit LSRs electronically.

| | |
|--------|---|
| LENS | Local Exchange Navigation System |
| EDI | Electronic Data Interface |
| EDI-PC | Electronic Data Interface – Personal Computer |
| TAG | Telecommunications Access Gateway |

LSRs submitted by means of one of these interactive interfaces will incur an OSS electronic ordering charge as specified in the Table below. An individual LSR will be identified for billing purposes by its Purchase Order Number (PON). LSRs submitted by means other than one of these interactive interfaces (mail, fax, courier, etc.) will incur a manual order charge as specified in the table below:

| OPERATIONAL SUPPORT SYSTEMS (OSS) RATES | <u>Electronic</u> Per LSR received from the CLEC by one of the OSS interactive interfaces | <u>Manual</u> Per LSR received from the CLEC by means other than one of the OSS interactive interfaces |
|--|--|---|
| OSS LSR Charge | \$3.50 | \$19.99 |
| USOC | SOMEK | SOMAN |

Note: In addition to the OSS charges, applicable discounted service order and related discounted charges apply per the tariff.

Denial/Restoral OSS Charge

In the event NOW provides a list of customers to be denied and restored, rather than an LSR, each location on the list will require a separate PON and, therefore will be billed as one LSR per location.

Cancellation OSS Charge

NOW will incur an OSS charge for an accepted LSR that is later canceled by NOW.

Note: Supplements or clarifications to a previously billed LSR will not incur another OSS charge.

Threshold Billing Plan

The Parties agree that NOW will incur the mechanized rate for all LSRs, both mechanized and manual, if the percentage of mechanized LSRs to total LSRs meets or exceeds the threshold percentages shown below:

| Year | Ratio: Mechanized/Total LSRs |
|------|------------------------------|
| 1999 | 70% |
| 2000 | 80% |
| 2001 | 90% |

The threshold plan will be discontinued in 2002.

BellSouth will track the total LSR volume for each CLEC for each quarter. At the end of that time period, a Percent Electronic LSR calculation will be made for that quarter based on the LSR data tracked in the LCSC. If this percentage exceeds the threshold volume, all of that CLECs' future manual LSRs will be billed at the mechanized LSR rate. To allow time for obtaining and analyzing the data and updating the billing system, this billing change will take place on the first day of the second month following the end of the quarter (e.g. May 1 for 1Q, Aug 1 for 2Q, etc.). There will be no adjustments to the amount billed for previously billed LSRs.

STORAGE AGREEMENT**

I. SCOPE

- A. This Agreement sets forth the terms and conditions pursuant to which BellSouth agrees to store in its LIDB certain information at the request of NOW and pursuant to which BellSouth, its LIDB customers and NOW shall have access to such information. NOW understands that BellSouth provides access to information in its LIDB to various telecommunications service providers pursuant to applicable tariffs and agrees that information stored at the request of NOW, pursuant to this Agreement, shall be available to those telecommunications service providers. The terms and conditions contained in the attached Addendum(s) are hereby made a part of this Agreement as if fully incorporated herein.
- B. LIDB is accessed for the following purposes:
1. Billed Number Screening
 2. Calling Card Validation
 3. Fraud Control
- C. BellSouth will provide seven days per week, 24-hours per day, fraud monitoring on Calling Cards, bill-to-third and collect calls made to numbers in BellSouth's LIDB, provided that such information is included in the LIDB query. BellSouth will establish fraud alert thresholds and will notify NOW of fraud alerts so that NOW may take action it deems appropriate. NOW understands and agrees BellSouth will administer all data stored in the LIDB, including the data provided by NOW pursuant to this Agreement, in the same manner as BellSouth's data for BellSouth's end user customers. BellSouth shall not be responsible to NOW for any lost revenue which may result from BellSouth's administration of the LIDB pursuant to its established practices and procedures as they exist and as they may be changed by BellSouth in its sole discretion from time to time.

NOW understands that BellSouth currently has in effect numerous billing and collection agreements with various interexchange carriers and billing clearing houses. NOW further understands that these billing and collection customers of BellSouth query BellSouth's LIDB to determine whether to accept various billing options from end users. Additionally, NOW understands that presently BellSouth has no method to differentiate between BellSouth's own billing and line data in the LIDB and such data which it includes in the LIDB on NOW's behalf pursuant to this Agreement. Therefore, until such time as BellSouth can and does implement in its LIDB and its supporting systems the means to differentiate NOW's data from BellSouth's data and the Parties to this Agreement execute appropriate amendments hereto, the following terms and conditions shall apply:

- (a) NOW agrees that it will accept responsibility for telecommunications services billed by BellSouth for its billing and collection customers for NOW's end user accounts which are resident in LIDB pursuant to this Agreement. NOW authorizes BellSouth to place such charges on NOW's bill from BellSouth and agrees that it shall pay all such charges. Charges for which NOW hereby takes responsibility include, but are not limited to, collect and third number calls.
- (b) Charges for such services shall appear on a separate BellSouth bill page identified with the name of the entity for which BellSouth is billing the charge.
- (c) NOW shall have the responsibility to render a billing statement to its end users for these charges, but NOW's obligation to pay BellSouth for the charges billed shall be independent of whether NOW is able or not to collect from NOW's end users.
- (d) BellSouth shall not become involved in any disputes between NOW and the entities for which BellSouth performs billing and collection. BellSouth will not issue adjustments for charges billed on behalf of an entity to NOW. It shall be the responsibility of NOW and the other entity to negotiate and arrange for any appropriate adjustments.

II. TERM

This Agreement will be effective as of _____, and will continue in effect for one year, and thereafter may be continued until terminated by either Party upon thirty (30) days written notice to the other Party.

- B. Sales, use and all other taxes (excluding taxes on BellSouth's income) determined by BellSouth or any taxing authority to be due to any federal, state or local taxing jurisdiction with respect to the provision of the service set forth herein will be paid by NOW. NOW shall have the right to have BellSouth contest with the imposing jurisdiction, at NOW's expense, any such taxes that NOW deems are improperly levied.

IV. INDEMNIFICATION

To the extent not prohibited by law, each Party will indemnify the other and hold the other harmless against any loss, cost, claim, injury, or liability relating to or arising out of negligence or willful misconduct by the indemnifying Party or its agents or contractors in connection with the indemnifying Party's provision of services, provided, however, that any indemnity for any loss, cost, claim, injury or liability arising out of or relating to errors or omissions in the provision of services under this Agreement shall be limited as otherwise specified in this Agreement. The indemnifying Party under this Section agrees to defend any suit brought against the other Party for any such loss, cost, claim, injury or liability. The indemnified Party agrees to notify the other Party promptly, in writing, of any written claims, lawsuits, or demands for which the other Party is responsible under this Section and to cooperate in every reasonable way to facilitate defense or settlement of claims. The indemnifying Party shall not be liable under this Section for settlement by the indemnified Party of any claim, lawsuit, or demand unless the defense of the claim, lawsuit, or demand has been tendered to it in writing and the indemnifying Party has unreasonably failed to assume such defense.

V. LIMITATION OF LIABILITY

Neither Party shall be liable to the other Party for any lost profits or revenues or for any indirect, incidental or consequential damages incurred by the other Party arising from this Agreement or the services performed or not performed hereunder, regardless of the cause of such loss or damage.

Nothing in this Agreement shall be construed to cause either Party to violate any such legal or regulatory requirement and either Party's obligation to perform shall be subject to all such requirements.
- C. NOW agrees to submit to BellSouth all advertising, sales promotion, press releases, and other publicity matters relating to this Agreement wherein BellSouth's corporate or trade names, logos, trademarks or service marks or those of BellSouth's affiliated companies are mentioned or language from which the connection of said names or trademarks therewith may be inferred or implied; and NOW further agrees not to publish or use advertising, sales promotions, press releases, or publicity matters without BellSouth's prior written approval.

- D. This Agreement constitutes the entire Agreement between NOW and BellSouth which supersedes all prior Agreements or contracts, oral or written representations, statements, negotiations, understandings, proposals and undertakings with respect to the subject matter hereof.
- E. Except as expressly provided in this Agreement, if any part of this Agreement is held or construed to be invalid or unenforceable, the validity of any other Section of this Agreement shall remain in full force and effect to the extent permissible or appropriate in furtherance of the intent of this Agreement.

CALLING NAME DELIVERY (CNAM) DATABASE SERVICES

1. DEFINITIONS

For the purpose of this Attachment, the following terms shall be defined as:

CALLING NAME DELIVERY DATABASE SERVICE (CNAM) - The ability to associate a name with the calling party number, allowing the end user subscriber (to which a call is being terminated) to view the calling party's name before the call is answered. This service also provides NOW the opportunity to load and store its subscriber names in the BellSouth CNAM SCPs.

CALLING PARTY NUMBER (CPN) - The number of the calling party that is delivered to the terminating switch using common channel signaling system 7 (CCS7) technology, and that is contained in the Initial Address Message (IAM) portion of the CCS7 call setup.

COMMON CHANNEL SIGNALING SYSTEM 7 (CCS7) - A network signaling technology in which all signaling information between two or more nodes is transmitted over high-speed data links, rather than over voice circuits.

SERVICE CONTROL POINTs (SCPs) - The real-time data base systems that contain the names to be provided in response to queries received from CNAM SSPs.

SERVICE MANAGEMENT SYSTEM (SMS) - The main operations support system of CNAM DATABASE SERVICE. CNAM records are loaded into the SMS, which in turn downloads into the CNAM SCP.

SERVICE SWITCHING POINTs (SSPs) - Features of computerized switches in the telephone network that determine that a terminating line has subscribed to CNAM service, and then communicate with CNAM SCPs in order to provide the name associated with the calling party number.

SUBSYSTEM NUMBER (SSN) - The address used in the Signaling Connection Control Part (SCCP) layer of the SS7 protocol to designate an application at an end signaling point. A SSN for CNAM at the end office designates the CNAM application within the end office. BellSouth uses the CNAM SSN of 232.
