Please amend the docket title in the above-referenced docket to reflect that the company name is Access One Communications - no "Inc." in the company name. Thanks.

According to the Master Commission Directory (MCD), the correct company name for Access One Communications, Inc. is Access One Communications, no Inc. at the end of the company name. In CMS, the company name includes "Inc." at the end of the company name. Please verify with me and then I will notify records. Thanks.
