RE: DOCKET NO. 010001-EI

Dear Mr. Keating:

The Commission has procedures on Midcourse Corrections that were set forth in Order No. 13694, in Docket No. 840001-EI dated September 20, 1984. In that Order, the Commission stated that:

“When a utility becomes aware that its projected fuel revenues ... will result in an over- or underrecovery in excess of 10% of its projected fuel costs for the period, the utility shall so advise the Commission through a filing promptly made.”

Due to increasing oil and natural gas prices, FPL currently anticipates that its fuel factors approved for 2001 will result in an underrecovery of more than 10%. FPL is currently preparing a revised projection for 2001 and will file it with the Commission as soon as possible.

Respectfully submitted,

  
Matthew M. Childs, P.A.
