Docket No. D10142-EM

Filed: January 31, 2001

**REQUEST FOR CONFIDENTIAL CLASSIFICATION**

Southern Company-Florida, LLC ("Southern-Florida"), with the agreement and consent of the Orlando Utilities Commission ("OUC"), the Kissimmee Utility Authority ("KUA"), and the Florida Municipal Power Agency ("FMPA") (collectively the "Applicants"), pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006(4), Florida Administrative Code, respectfully requests that the Florida Public Service Commission (the "Commission") classify as confidential certain specified information in Applicants' Need for Power Application, including and the Power Purchase Agreement to be executed by the Applicants (the "PPA") that is appended to the Need for Power Application (collectively the "NPA"). The NPA is being submitted to the Commission in support of the Applicants' Joint Petition for Determination of Need for proposed Stanton Energy Center Combined Cycle Unit A to the Curtis H. Stanton Energy Center ("Need Petition"). In support of its request for confidential classification, Southern-Florida states:

1. The NPA submitted with the Need Petition contains information required to be submitted as part of a need determination proceeding

FPSC-RECORDS/REPORTING

pursuant to Rule 25-22.081, Florida Administrative Code, and includes certain confidential pricing information, trade secrets and other sensitive contract terms and conditions that have been negotiated by the parties. Accordingly, the NPA submitted with the Need Petition was filed in redacted form to protect certain specified sensitive confidential information.

2. The specified sensitive, confidential information in the NPA is entitled to confidential classification, pursuant to Section 366.093(3), Florida Statutes, and Rule 25-22.006, Florida Administrative Code, and is exempt from Section 119.07(1), Florida Statutes, and Article I, Section 24(a) of the Florida Constitution, because it is proprietary confidential business information.

3. Section 366.093(3) provides that proprietary confidential business information is:

information, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to . . . the person or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public.

§ 366.093(3), Fla. Stat.(2000).

4. The disclosure of the specified sensitive, confidential information in the NPA would harm the competitive business position of Southern-Florida Specifically, if the confidential, competitively sensitive information in the NPA is made public, it will be available to actual or potential

competitors, vendors and customers of Southern-Florida and/or its affiliates. Disclosure of the sensitive, confidential information in the NPA to anyone other than the Applicants, and those employees of the Commission that need to review the information as part of the need determination proceeding, would harm Southern-Florida's competitive interests, particularly its ability to negotiate and enter into similar contracts on reasonable business terms. Accordingly, the information constitutes proprietary confidential business information entitled to protection from disclosure pursuant to Section 366.093(1)(3)(e), Florida Statutes, and Rule 25-22.006, Florida Administrative Code.<sup>1</sup>

5. The following documents explaining this request are attached hereto and incorporated by reference herein:

Exhibit A: A justification “matrix” supporting Southern-Florida’s Request for Confidential Classification of the confidential information redacted in the NPA, identified on a page-by-page, line-by-line basis. The original and fifteen (15) copies of the redacted NPA have been contemporaneously filed in this docket with the Need Petition.

Exhibit B: The NPA with the confidential information subject to this request highlighted in transparent ink. This document

---

<sup>1</sup> The specified sensitive and confidential information in the NPA is also exempt from Section 119.07(1) as proprietary confidential business information as that phrase is defined in Section 163.01(15)(m), Florida Statutes, which is part of the Florida Interlocal Cooperation Act of 1969, as amended.

has been placed in a sealed box marked "Confidential" and should be given confidential treatment by the Commission. There is only one copy of this Exhibit B, which is attached to the original filing copy hereof.

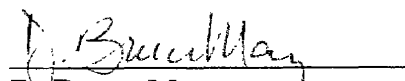

6. Pursuant to Rule 25-22.006(4)(d), Florida Administrative Code, Southern-Florida affirms that the material identified as confidential in Exhibit B hereto is intended to be and is treated by Southern-Florida as confidential. The undersigned has conferred with the other Applicants and is authorized to represent that all of the Applicants affirm that the subject material identified as confidential in Exhibit B is intended to be and is treated by the Applicants as confidential.

7. Pursuant to Section 366.093(4), Florida Statutes, Southern-Florida further requests that the specified confidential information in the NPA be classified by the Commission as confidential for the maximum period of 18 months, and that the unredacted copy of the NPA in the envelope marked "Confidential" be returned promptly to Southern-Florida upon the closure of this docket.

WHEREFORE, Southern-Florida respectfully requests that the information contained in the NPA and identified as confidential in Exhibit B hereto be classified as confidential and exempt from the Public Records Act, Chapter 119, Florida Statutes, and Article I, Section 24(a) of the Florida Constitution.

Respectfully submitted this 31<sup>st</sup> day of January, 2001.
