Toni, since those dockets were opened in January, we don't have the copies. So you'll need to come over and copy them from the docket file. I will make the changes to the dockets per this e-mail.

Hi Linda,

Can you please interoffice to a copy of each application packet for dockets: 010151-TI and 010152-TX.

Also,

Docket 010152-TX has a simple CASR title correction. Per the Sec of State printout, the company name is less the period after Inc. and should reads as:

Global Connection, Inc of America

Docket 010184-TC has a simple CASR title correction. Per Sec of State printout, the owner has used his middle initial (no period after it) in the company information and it should read as:

Joseph D Cain d/b/a J & C Communications

Thanks,

Toni
