The notes will initially be in a REPS mode. From the date of their initial issuance up to, but excluding, September 1, 2002, the REPS will bear interest at an annual rate of 7⅜%. The notes are required to be tendered for remarketing or repurchase on September 1, 2002. If Morgan Stanley & Co. Following remarketing on that date, each note will bear interest at a rate or rates in a new REPS mode, the long term rate mode or a commercial paper term mode. We must repurchase any notes not remarketed in a new interest rate mode.

Pending such uses, the net proceeds will be invested by the company in short-term money market instruments. At June 30, 2000, the company had $276.9 million in short-term debt outstanding.

DESCRIPTION OF THE NOTES

The following description of the particular terms of the Notes offered hereby supplements the description of the general terms of the Debt Securities (as defined in the accompanying Prospectus) set forth under the caption "Description of Debt Securities" in the accompanying Prospectus, to which description reference is hereby made. Capitalized terms not defined herein have the meanings set forth in the Indenture, dated as of July 1, 1998 (as amended and supplemented by the Second Supplemental Indenture thereto, the "Indenture"), between the company and The Bank of New York as trustee.

The following summaries of certain provisions of the Indenture do not purport to be complete, and are subject to, and are qualified in their entirety by reference to, the provisions of the Indenture, the form of which has been filed with the SEC as an exhibit to the Registration Statement of which the Prospectus forms a part. The Indenture provides for the issuance from time to time of various series of Debt Securities, including the Notes offered hereby. Each series may differ as to terms, including maturity, interest rate, redemption and sinking fund provisions, covenants, and events of default. As of the date of this Prospectus Supplement, August 16, 2000, the company has an aggregate principal amount of $50,000,000 in Debt Securities outstanding under the Indenture. For purposes of the following description, unless otherwise indicated, a Business Day shall be any day that is not a day on which banking institutions in New York, New York are authorized or obligated by law or executive order to close.

General

The Notes offered hereby will be unsubordinated and unsecured obligations of the company and will rank *pari passu* in right of payment with all other unsubordinated and unsecured indebtedness of the company. The Notes will not limit other indebtedness or securities that may be incurred or issued by the company or any of its subsidiaries or contain financial or similar restrictions of the company or any of its subsidiaries. The Notes do not have a sinking fund.

The Notes will be issued in fully registered form, without coupons, in minimum denominations of $100,000 or integral multiples of $1,000 in excess thereof. The Notes initially will be issued as Global Securities. See "Description of Debt Securities—Global Securities" and "—Book-Entry System" in the accompanying Prospectus for additional information concerning the Notes, the Indenture and the book-entry system. The Depository Trust Company (the "Depositary") will be the depositary with respect to the Notes. Settlement of the sale of the Notes to the Underwriters will be in immediately available funds. The Notes will trade in the Depositary's Same-Day Funds Settlement System until maturity or earlier redemption, as the case may be, and secondary market trading activity in the Notes will therefore settle in immediately available funds. All payments of principal and interest will be made by the company in immediately available funds to the Depositary in the City of New York.

Principal and Maturity

The Notes will be limited to $150,000,000 in aggregate principal amount and will mature on September 1, 2015 (the "Stated Maturity").

Interest

The Notes will bear interest at 7.5% per annum (the "Initial Interest Rate") (assuming a 360-day year consisting of twelve 30-day months) for the period from August 21, 2000 to, but excluding, September 1, 2002 (the "Initial REPS Remarketing Date"). If Morgan Stanley & Co. Incorporated, as the Initial Callholder, elects to remarket the Notes (except in the limited circumstances described in this prospectus supplement): (a) the Notes will be subject to mandatory tender to the Initial Callholder at 100% of the aggregate principal amount thereof for remarketing on the Initial REPS Remarketing Date, on the terms and subject to the conditions described herein, and (b) during the period (the "REPS Period") from the Initial REPS Remarketing Date to, but excluding, September 1, 2012, the Notes will bear interest at the rate determined by the Initial Callholder in accordance with the procedures set forth below (the "REPS Coupon Reset Rate"). If the Initial Callholder does not purchase the Notes on the Initial REPS Remarketing Date, the Notes will cease to be in the initial REPS Mode, the Initial REPS Remarketing Date will constitute an Interest Rate Adjustment Date and the Notes automatically will be subject to mandatory tender at 100% of the principal amount of the tendered Notes for redemption on such date by the company or for remarketing on such date by a Remarketing Agent in a new REPS Mode, a Long Term Rate Mode or a Commercial Paper Term Mode.

During the Initial REPS Mode, interest on the Notes will be payable semi-annually on March 1 and September 1 of each year (each, an "Interest Payment Date"), commencing September 1, 2000. Interest payments will be made to the persons in whose names the Notes are registered on the 15th calendar day (whether or not a Business Day) immediately preceding the related Interest Payment Date (each a "Regular Record Date"), except that the September 1, 2000 interest payment will be made to the persons in whose names the Notes are registered on the date the company delivers the Notes.

Mandatory Tender to the Initial Callholder

Election to Remarket. Provided that the Initial Callholder gives notice to the company and the trustee on a Business Day not later than five Business Days prior to the Initial REPS Remarketing Date of its intention to purchase the Notes for remarketing (the "Initial Notification Date"), each of the Notes will be automatically tendered to the Initial Callholder for purchase on the Initial REPS Remarketing Date, except in the circumstances described under "—Conversion or Redemption Following Election by Initial Callholder to Remarket" and "— Failure of Initial Callholder to Remarket." The purchase price for the tendered Notes to be paid by the Initial Callholder will be equal to 100% of the aggregate principal amount of the tendered Notes. See "—Notification of Results; Settlement." When the Notes are tendered to the Initial Callholder for remarketing, the Initial Callholder may remarket the Notes for its own account at varying prices to be determined by the Initial Callholder at the time of each sale. If the Initial Callholder elects to remarket the Notes, the obligation of the Initial Callholder to purchase the Notes on the Initial REPS Remarketing Date is subject to certain conditions. See "—Initial Callholder." If the Initial Callholder purchases the Notes, during the REPS Period, the Notes will bear interest at the REPS Coupon Reset Rate.

REPS Coupon Reset Rate. The REPS Coupon Reset Rate will be determined by the Initial Callholder by 3:30 p.m., New York City time, on the third Business Day immediately preceding the Initial REPS Remarketing Date (the "Initial Determination Date"), to the nearest one hundred-thousandth (0.00001) of one percent per annum, and will be equal to the sum of 5.75% (the "Base Rate") and the Applicable Spread (as defined below), which will be based on the Dollar Price (as defined below) of the Notes.

For the purpose of determining the REPS Coupon Reset Rate, the following terms have the following meanings:

"Applicable Spread" means the lowest bid indication, expressed as a spread (in the form of a percentage or in basis points) above the Base Rate, obtained by the Initial Callholder on the Initial

Determination Date from the bids quoted by five Reference Corporate Dealers (as defined below) for the full aggregate outstanding principal amount of the Notes at the Dollar Price, but assuming

(a) an issue date that is the Initial REPS Remarketing Date, with settlement on such date without accrued interest,

(b) a maturity date of September 1, 2012,

(c) a stated annual interest rate equal to the Base Rate plus the spread bid by the applicable Reference Corporate Dealer, and

(d) the benefit of any credit support provided by the company, if the company elects to provide credit support.

If fewer than five Reference Corporate Dealers bid as described above, then the Applicable Spread shall be the lowest of such bid indications obtained as described above. The REPS Coupon Reset Rate announced by the Initial Callholder, absent manifest error, shall be binding and conclusive upon the Beneficial Owners, the Holders (as defined in the Indenture) of the Notes, the company and the trustee.

"Comparable Treasury Issues" means the United States Treasury security or securities selected by the Callholder as being the current on-the-run ten year United States Treasury security.

"Comparable Treasury Price" means, with respect to the Initial REPS Remarketing Date, (a) the offer prices for the Comparable Treasury Issues (expressed in each case as a percentage of its principal amount) at 11:00 a.m. on the Initial Determination Date, as set forth on Telerate Page 500 (or such other page as may replace Telerate Page 500) or (b) if such page (or any successor page) is not displayed or does not contain such offer prices on such date, (i) the average of the Reference Treasury Dealer Quotations (as defined below) on the Initial Determination Date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (ii), if the Callholder obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such Reference Treasury Dealer Quotations. "Telerate Page 500" means the display designated as "Telerate Page 500" on Dow Jones Markets (or such other page as may replace Telerate Page 500 on such service) or such other service displaying the offer prices specified in (a) above as may replace Dow Jones Markets.

"Dollar Price" means, with respect to the Notes, the present value, as of the Initial REPS Remarketing Date, of the Remaining Scheduled Payments (as defined below) discounted to the Initial REPS Remarketing Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below).

"Reference Corporate Dealers" means such Reference Corporate Dealers as shall be appointed by the Initial Callholder after consultation with the company.

"Reference Treasury Dealer" means such Reference Treasury Dealers as shall be appointed by the Initial Callholder after consultation with the company.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and the Initial REPS Remarketing Date, the offer prices for the Comparable Treasury Issues (expressed in each case as a percentage of its principal amount) quoted in writing to the Initial Callholder by such Reference Treasury Dealer by 3:30 p.m., New York City time on the Initial Determination Date.

"Remaining Scheduled Payments" means, with respect to the Notes, the remaining scheduled payments of the principal and interest, calculated at the Base Rate only, that would be due after the Initial REPS Remarketing Date to and including September 1, 2012.

"Treasury Rate" means, with respect to the Initial REPS Remarketing Date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated (on a day count basis) yield to maturity of the Comparable Treasury Issues (as defined above), assuming a price for the Comparable Treasury Issues

(expressed as a percentage of its principal amount), equal to the Comparable Treasury Price (as defined above) for such Initial REPS Remarketing Date.

Notification of Results; Settlement. Provided the Initial Callholder has previously notified the company and the trustee on the Initial Notification Date of its intention to purchase all tendered Notes on the Initial REPS Remarketing Date, the Initial Callholder will notify the company, the trustee and the Depositary by telephone, confirmed in writing, by 4:00 p.m., New York City time, on the Initial Determination Date, of the REPS Coupon Reset Rate.

All the tendered Notes will be automatically delivered to the account of the trustee, by book-entry through the Depositary pending payment of the purchase price, on the Initial REPS Remarketing Date.

The Initial Callholder will make or cause the trustee to make payment to the Participant of each tendering Beneficial Owner of Notes, by book-entry through the Depositary by the close of business on the Initial REPS Remarketing Date against delivery through the Depositary by the close of business on the Initial REPS Remarketing Date of such Beneficial Owner's tendered Notes.

The transactions described above will be executed on the Initial REPS Remarketing Date through the Depositary in accordance with the procedures of the Depositary, and the accounts of the respective Participants will be debited and credited and the Notes delivered by book-entry as necessary to effect the purchases and sales thereof.

Transactions involving the sale and purchase of Notes remarketed by the Initial Callholder during the REPS Period will settle in immediately available funds through the Depositary's Same-Day Funds Settlement System.

The tender and settlement procedures described above, including provisions for payment by purchasers of Notes in the remarketing or for payment to selling Beneficial Owners of tendered Notes, may be modified, notwithstanding any contrary terms of the Indenture, to the extent required by the Depositary or, if the book-entry system is no longer available for the Notes at the time of the remarketing, to the extent required to facilitate the tendering and remarketing of Notes in certificated form. In addition, the Initial Callholder may, notwithstanding any contrary terms of the Indenture, modify the settlement procedures set forth above in order to facilitate the settlement process.

As long as the Depositary's nominee holds the certificates representing any Notes in the book-entry system of the Depositary, no certificates for such Notes will be delivered by any selling Beneficial Owner to reflect any transfer of such Notes effected in the remarketing. In addition, under the terms of the Notes and the Initial REPS Remarketing Agreement (as defined below), the company has agreed that, notwithstanding any provision to the contrary set forth in the Indenture, (a) it will use reasonable commercial efforts to maintain the Notes in book-entry form with the Depositary or any successor thereto and to appoint a successor depositary to the extent necessary to maintain the Notes in book-entry form and (b) it will waive any discretionary right it otherwise has under the Indenture to cause the Notes to be issued in certificated form.

For further information with respect to transfers and settlement through the Depositary, see "Description of Debt Securities—Book-Entry Issuance" in the accompanying Prospectus.,

Initial Callholder. On or prior to the date of original issuance of the Notes, the company and the Initial Callholder will enter into a REPS Remarketing Agreement (the "Initial REPS Remarketing Agreement").

The Initial Callholder will not receive any fees or reimbursement of expenses from the company in connection with the remarketing. If the Initial REPS Remarketing Agreement is terminated at the option of the Initial Callholder based upon the occurrence of any of certain specified termination events, the company may be obligated thereunder to reimburse the Initial Callholder for all of its reasonable out-of-pocket expenses. In addition, in the event of certain specified termination events, the company will be

obligated to pay to the Initial Callholder the fair market value, calculated as set forth in the Initial REPS Remarketing Agreement, of the Initial Callholder's right to purchase and remarket the Notes pursuant to the Initial REPS Remarketing Agreement.

The company will agree to indemnify the Initial Callholder against certain liabilities, including liabilities under the Securities Act, arising out of or in connection with its duties under the Initial REPS Remarketing Agreement.

In the event that the Initial Callholder elects to remarket the Notes as described herein, the obligation of the Initial Callholder to purchase Notes from tendering Beneficial Owners of Notes will be subject to several conditions precedent set forth in the Initial REPS Remarketing Agreement, including the conditions that, since the Initial Notification Date, no material adverse change in the consolidated financial condition, stockholders' equity, results of operations, business or prospects of the company and its subsidiaries considered as one enterprise has occurred, and that no Event of Default (as defined in the Indenture), or any event which, with the giving of notice or passage of time, or both, would constitute an Event of Default, has occurred and is continuing with respect to the Notes. In addition, the Initial REPS Remarketing Agreement will provide for the termination thereof, or redetermination of the REPS Coupon Reset Rate, by the Initial Callholder on or before the Initial REPS Remarketing Date, upon the occurrence of certain events.

No Beneficial Owner of any Notes shall have any rights or claims under the Initial REPS Remarketing Agreement or against the company or the Initial Callholder as a result of the Initial Callholder not purchasing the Notes.

The Initial REPS Remarketing Agreement will also provide that the Initial Callholder may submit its resignation at any time as the Initial Callholder, such resignation to be effective 10 business days after the delivery to the company and the trustee of notice of such resignation. In such case, it shall be the sole obligation of the company to appoint a successor Callholder.

The Initial Callholder, in its individual or any other capacity, may buy, sell, hold and deal in any of the Notes. The Initial Callholder may exercise any vote to join in any action that any Beneficial Owner of Notes may be entitled to exercise or take with like effect as if it did not act in any capacity under the Initial REPS Remarketing Agreement. The Initial Callholder, in its individual capacity, either as principal or agent, may also engage in or have an interest in any financial or other transaction with the company as freely as if it did not act in any capacity under the Initial REPS Remarketing Agreement.

The summaries in this prospectus supplement of certain provisions of the Initial REPS Remarketing Agreement do not purport to be complete and are subject to, and are qualified in their entirety by reference to, the provisions of the Initial REPS Remarketing Agreement.

Conversion or Redemption Following Election by the Initial Callholder to Remarket. If the Initial Callholder elects to remarket the Notes on the Initial REPS Remarketing Date, the Notes will be subject to mandatory tender to the Initial Callholder for remarketing on such date, subject to the company's right to convert the Notes to a new Interest Rate Mode or to redeem the Notes from the Initial Callholder, in each case as described in the next sentence. The company will notify the Initial Callholder and the trustee not later than the Business Day immediately preceding the Initial Determination Date if the company irrevocably elects to exercise its right to either convert the Notes to a new Interest Rate Mode or to redeem the Notes from the Initial Callholder at the Optional Redemption Price (as defined below), in each case, on September 1, 2002.

In the event that the company irrevocably elects to convert the Notes to a new Interest Rate Mode, then as of September 1, 2002 the Notes will be subject to remarketing on such date by a Remarketing Agent appointed by the company in a new REPS Mode, a Long Term Rate Mode or a Commercial Paper Term Mode established by the company in accordance with the procedures described below under "—Conversion to New Interest Rate Mode," provided that, in such case, the notice required for

conversion shall be given no later than the Initial Determination Date. In such case, the company shall pay to the Initial Callholder the excess of the Dollar Price of the Notes over 100% of the principal amount of the Notes in same-day funds by wire transfer to an account designated by the Initial Callholder.

In the event that the company irrevocably elects to redeem the Notes from the Initial Callholder, the "Optional Redemption Price" shall be the greater of (i) 100% of the principal amount of the Notes plus accrued and unpaid interest and (ii) the Dollar Price. If the company elects to redeem the Notes, it shall pay the Optional Redemption Price in same-day funds by wire transfer to an account designated by the Initial Callholder on September 1, 2002.

Failure of Initial Callholder to Remarket. In the event that the Initial Callholder for any other reason does not purchase the Notes on September 1, 2002, the Notes automatically will be subject to mandatory tender at 100% of the principal amount thereof for redemption on such date by the company or, if the company at its option elects, for remarketing on such date by a Remarketing Agent appointed by the company in a new REPS Mode, a Long Term Rate Mode or a Commercial Paper Term Mode established by the company in accordance with the procedures described in "—Conversion to New Interest Rate Mode"; provided that the notice period required for conversion shall be the lesser of ten (10) days and the period commencing the date that the Initial Callholder notifies the company that it will not purchase the Notes for remarketing on September 1, 2002 or fails to so purchase, as the case may be.

Conversion to New Interest Rate Mode

General. If the company elects to convert the Notes to a new Interest Rate Mode, on and after September 1, 2002, or, if the Initial Callholder remarkets the Notes as described above, on and after September 1, 2012, each Note at the option of the company will bear interest for designated Interest Rate Periods in the Commercial Paper Term Mode, the REPS Mode or the Long Term Rate Mode (together the "Interest Rate Modes"). Each Note may bear interest in the same or a different Interest Rate Mode from other Notes. The interest rate for the Notes will be established periodically as described herein by a Remarketing Agent selected by the company. The company also may appoint one or more standby remarketing agents for any Remarketing Agent (each, a "Standby Remarketing Agent") on the terms described herein.

Interest will be payable on any such Note at maturity and (i) for any Interest Rate Period in the Commercial Paper Term Mode, on the interest rate adjustment date (each an "Interest Rate Adjustment Date") commencing the next succeeding Interest Rate Period for such Note and on such other dates (if any) as will be established upon conversion of such Note to the Commercial Paper Term Mode or upon remarketing of the Note in a new Interest Rate Period in the Commercial Paper Term Mode; and (ii) in the Long Term Rate Mode or the REPS Mode, no less frequently than semi-annually on such dates as will be established upon conversion of such Note to the Long Term Rate Mode or the REPS Mode (or upon remarketing of the Note to a new Interest Rate Period in the Long Term Rate Mode or the REPS Mode, as the case may be) and set forth in the applicable prospectus supplement, other remarketing document or the confirmation, in the case of a fixed interest rate, or as described below under "—Floating Interest Rates" in the case of a floating interest rate, and on the Interest Rate Adjustment Date commencing the next succeeding Interest Rate Period (each such date, an "Interest Payment Date"). Such interest will be payable to the holder thereof as of the related record date (a "Record Date"), which, for any Note (x) in the Commercial Paper Term Mode, is the Business Day prior to the related Interest Payment Date; and (y) bearing interest in the Long Term Rate Mode or the REPS Mode, is 15 days prior to the related Interest Payment Date whether or not a Business Day. If any Interest Payment Date would otherwise be a day that is not a Business Day, such Interest Payment Date will be postponed to the next succeeding Business Day, and no interest will accrue on such payment for the period from and after such Interest Payment Date to the date of such payment on the next succeeding Business Day.

Interest on Notes bearing interest in the Commercial Paper Term Mode or at a floating interest rate during any Interest Rate Period in the Long Term Mode or the REPS Mode will be computed on the basis of actual days elapsed divided by 360; provided that, if an applicable Interest Rate Basis (as defined below) is the CMT Rate or the Treasury Rate (each as defined below), interest will be computed on the basis of actual days elapsed divided by the actual number of days in the year. Interest on Notes bearing interest at a fixed rate in the Long Term Rate Mode or the REPS Mode will be computed on the basis of a year of 360 days consisting of twelve 30-day months.

As used in this section, a Business Day shall be any day other than a Saturday or Sunday that is (a) neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulations to close (x) in The City of New York or (y) for Notes denominated in a specified currency other than U.S. dollars, Australian dollars or Euro, in the principal financial center of the country of the specified currency or (z) for Notes denominated in Australian dollars, in Sydney and (b) for Notes denominated in Euro, that is also a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer System, which is commonly referred to as "TARGET", is operating. A London Business Day shall mean any day on which deposits in the relevant index currency are transacted in the London interbank market.

Determination of Interest Rates. The interest rate and, in the case of a floating interest rate, the Spread (as defined below), if any, and the Spread Multiplier (as defined below), if any, for any Note will be established by the applicable Remarketing Agent in a remarketing (as described below) or otherwise not later than the first day of each succeeding Interest Rate Period for such Note, which must be a Business Day (each, an "Interest Rate Adjustment Date"), and will be the minimum rate of interest and, in the case of a floating interest rate, Spread (if any) and Spread Multiplier (if any) necessary in the judgment of such Remarketing Agent to produce a par bid in the secondary market for such Note on the date the interest rate is established. Such rate will be effective for the next succeeding Interest Rate Period for such Note commencing on such Interest Rate Adjustment Date.

In the event that (i) the applicable Remarketing Agent has been removed or has resigned and no successor has been appointed, or (ii) such Remarketing Agent has failed to announce the appropriate interest rate, Spread (if any) or Spread Multiplier (if any), as the case may be, on the Interest Rate Adjustment Date for any Note for whatever reason, or (iii) the appropriate interest rate, Spread (if any), or Spread Multiplier (if any), as the case may be, or Interest Rate Period cannot be determined for any Note for whatever reason, then the next succeeding Interest Rate Period for such Note will be automatically converted to a Weekly Rate Period (a Commercial Paper Term Period described below), and the rate of interest thereon will be equal to the Federal Funds Rate (as defined below; such rate of interest being referred to in this prospectus supplement as the "Special Interest Rate").

After any Interest Rate Adjustment Date, any Beneficial Owner may contact the Trustee or the Remarketing Agent in order to be advised of the interest rate applicable to such Beneficial Owner's remarketed Notes. No notice of the applicable interest rate will be sent to Beneficial Owners.

The interest rate and other terms announced by the Remarketing Agent, absent manifest error, will be binding and conclusive upon the Beneficial Owners, the company and the trustee.

Interest Rate Modes

The times specified below are subject to extension under standby remarketing arrangements, if any, as provided herein. See "—Remarketing—Interest Rate Adjustment Date; Determination of Interest Rate" below.

Commercial Paper Term Mode. As used in this prospectus supplement, "Commercial Paper Term Mode" means, with respect to any Note, the Interest Rate Mode in which the interest rate on such Note is reset on a periodic basis, which shall not be less than one calendar day nor more than 364 consecutive

calendar days and interest is paid as provided for such Interest Rate Mode above under "—Conversion to New Interest Rate Mode—General." The Interest Rate Period for any Note in the Commercial Paper Term Mode will be a period of not less than one nor more than 364 consecutive calendar days (a "Commercial Paper Term Period"), as determined by the company (as described below under "—Conversion Between Interest Rate Modes") or, if not so determined, by the Remarketing Agent for such Note (in its best judgment in order to obtain the lowest interest cost for such Note). Each Commercial Paper Term Period will commence on the Interest Rate Adjustment Date therefor and end on the day preceding the date specified by such Remarketing Agent as the first day of the next Interest Rate Period for such Note. A "Weekly Rate Period" is a Commercial Paper Term Period and will be a period of seven days commencing on any Interest Rate Adjustment Date and ending on the day preceding the first day of the next Interest Rate Period for such Note. The interest rate for any Commercial Paper Term Period relating to a Note will be determined not later than 11:50 a.m., New York City time, on the Interest Rate Adjustment Date for such Note, which is the first day of each Interest Period for such Note.

Long Term Rate Mode. As used herein, "Long Term Rate Mode" means, with respect to any Note, the Interest Rate Mode in which the interest rate on such Note is reset in a Long Term Rate Period and interest is paid as provided for such Interest Rate Mode above under "—Conversion to New Interest Rate Mode—General" or below under "—Floating Interest Rates." The Interest Rate Period for any Note in the Long Term Rate Mode will be established by the company (as described below under "—Conversion Between Interest Rate Modes") as a period of more than 364 days and not exceeding the remaining term to the Stated Maturity (a "Long Term Rate Period"). The interest rate, or Spread (if any) and Spread Multiplier (if any) for any Note in the Long Term Rate Mode will be determined not later than 11:50 a.m., New York City time, on the Interest Rate Adjustment Date for such Note, which is the first day of each Interest Rate Period for such Note.

REPS Mode. As used herein, "REPS Mode" means, with respect to any Note, the Interest Rate Mode in which the Notes shall bear interest and be subject to remarketing as REset Put Securities, or REPS, by a remarketing agent selected by the company (a "Callholder") as described under "REPS Mode" below. The Notes will initially be in a REPS Mode, and the provisions applicable while the Notes are in this initial REPS Mode are found above under "—Interest" and "—Mandatory Tender to the Initial Callholder." If any Notes are converted to a new REPS Mode after the Initial REPS Mode, the provisions below "—REPS Mode" will apply. So long as any Notes are in a new REPS Mode, the provisions set forth herein applicable to the remarketing of Notes generally shall apply to such Notes only to the extent expressly provided under "—REPS Mode" below.

The Interest Rate Period for any Note in the REPS Mode will be established by the company (as described below under "—Conversion Between Interest Rate Modes") as a period of more than 364 days and not exceeding the remaining term to the Stated Maturity (a "REPS Rate Period"). A REPS Rate Period shall consist of the period to and excluding the REPS Remarketing Date (as defined below) and the period from and including the REPS Remarketing Date to but excluding the next succeeding Interest Rate Adjustment Date, as described below under "—REPS Mode" and subject to the conditions therein and otherwise herein described. The interest rate and, in the case of a floating interest rate, the Spread (if any), and the Spread Multiplier (if any), to the REPS Remarketing Date for any Note in the REPS Mode will be determined not later than 11:50 a.m., New York City time, on the Interest Rate Adjustment Date for such Note, which for the REPS Mode is the first day of each Interest Rate Period for such Note.

Conversion Between Interest Rate Modes

The company may change the Interest Rate Mode at its option in the manner described below.

Conversion Between Commercial Paper Term Periods. Each Note in a Commercial Paper Term Period may be remarketed into the same Interest Rate Period or converted at the option of the company to a different Commercial Paper Term Period on any Interest Rate Adjustment Date upon either receipt by the Remarketing Agent and the trustee of a notice, which will be submitted or promptly confirmed in writing (which includes facsimile or appropriate electronic media), from the company (a "Conversion Notice") prior to 9:30 a.m., New York City time, or the remarketing of such Note, whichever occurs later, on such Interest Rate Adjustment Date.

Conversion from the Commercial Paper Term Mode to the Long Term Rate Mode or the REPS Mode. Each Note in the Commercial Paper Term Mode may be converted at the option of the company to the Long Term Rate Mode or the REPS Mode on any Interest Rate Adjustment Date upon receipt not less than ten days prior to such Interest Rate Adjustment Date by the Remarketing Agent and the trustee of a Conversion Notice from the company.

Conversion Between Long Term Rate Periods or from the Long Term Rate Mode or the REPS Mode to the Commercial Paper Term Mode, the Long Term Rate Mode or the REPS Mode. Each Note in a Long Term Rate Period may be remarketed in the same Interest Rate Period or converted at the option of the company to a different Long Term Rate Period or from the Long Term Rate Mode to the Commercial Paper Term Mode or the REPS Mode, or from the REPS Mode to a different REPS Mode or to the Long Term Rate Mode or the Commercial Paper Term Mode, on any Interest Rate Adjustment Date for such Note upon receipt by the trustee and the Remarketing Agent for such Note of a Conversion Notice from the company not less than ten days prior to such Interest Rate Adjustment Date; provided that the notice required for conversion from the initial REPS Mode shall not be required until the latest of the day after the Initial Callholder notifies the company that it will not purchase the Notes for remarketing, the day the Initial Callholder fails to so purchase the Notes or the day the company elects to convert the Notes to a new Interest Rate Mode after the Initial Callholder has elected to remarket the Notes.

Conversion Notice. Each Conversion Notice must state each Note to which it relates and the new Interest Rate Mode (if applicable), the new Interest Rate Period, the date of the applicable conversion (the "Conversion Date") and, with respect to any Long Term Rate Period, any optional redemption or repayment terms for each such Note. If the company revokes a Conversion Notice or the trustee and the Remarketing Agent fail to receive a Conversion Notice from the company by the specified date in advance of the Interest Rate Adjustment Date for a Note, the Note shall be converted automatically to the Weekly Rate Period.

Revocation or Change of Conversion Notice or Floating Interest Rate Notice. The company may, upon written notice received by the rustee and the applicable Remarketing Agent, revoke any Conversion Notice or Floating Interest Rate Notice (as defined herein) or change the Interest Rate Mode to which such Conversion Notice relates or change any Floating Interest Rate Notice up to 9:30 a.m., New York City time, on the Conversion Date, subject to the limitation set forth in the next paragraph.

Limitation on Conversion, Change of Conversion Notice or Floating Interest Rate Notice and Revocation Notwithstanding the foregoing, the company may not, without the consent of the applicable Remarketing Agent, convert any Note or revoke or change any Conversion Notice or Floating Interest Rate Notice at or after the time at which such Remarketing Agent has determined the interest rate, or Spread (if any) and Spread Multiplier (if any), for any Note being remarketed (i.e., the time at which such Note has been successfully remarketed, subject to settlement on the related Interest Rate Adjustment Date). The Remarketing Agent may advise the company of indicative rates from time to time, or at any time upon the request of the company, prior to making such determination of the interest rate, Spread or Spread Multiplier, as the case may be.

Tender of Notes

Each Note will be automatically tendered for purchase, or deemed tendered for purchase, on each Interest Rate Adjustment Date relating thereto. Notes will be purchased on the Interest Rate Adjustment Date relating thereto as described below.

Remarketing

When any Note is tendered for remarketing, the Remarketing Agent therefor will use its reasonable efforts to remarket such Note on behalf of the Beneficial Owner thereof at a price equal to 100% of the principal amount thereof. The Remarketing Agent may purchase tendered Notes for its own account in a remarketing, but will not be obligated to do so. The company may offer to purchase Notes in a remarketing, provided that the interest rate established with respect to Notes in such remarketing is not different from the interest rate that would have been established if the company had not purchased such Notes. Any Notes for which the company shall have given a notice of redemption to the trustee and the Remarketing Agent will not be considered in a remarketing.

Interest Rate Adjustment Date; Determination of Interest Rate. By 11:00 a.m., New York City time, on the Interest Rate Adjustment Date for any Note, the applicable Remarketing Agent will determine the interest rate for such Note being remarketed to the nearest one hundred thousandth (0.00001) of one percent per annum for the next Interest Rate Period in the case of a fixed interest rate, and the Spread (if any) and Spread Multiplier (if any) in the case of a floating interest rate; provided, that between 11:00 a.m., New York City time, and 11:50 a.m., New York City time, the Remarketing Agent and the Standby Remarketing Agent, if any, will use their reasonable efforts to determine the interest rate for any Notes not successfully remarketed as of the applicable deadline specified in this paragraph. In determining the applicable interest rate for such Note and other terms, such Remarketing Agent will, after taking into account market conditions as reflected in the prevailing yields on fixed and variable rate taxable debt securities, (i) consider the principal amount of all Notes tendered or to be tendered on such date and the principal amount of such Notes prospective purchasers are or may be willing to purchase and (ii) contact, by telephone or otherwise, prospective purchasers and ascertain the interest rates therefor at which they would be willing to hold or purchase such Notes.

Notification of Results; Settlement. By 12:30 p.m., New York City time, on the Interest Rate Adjustment Date of any Notes, the applicable Remarketing Agent will notify the company and the trustee in writing (which may include facsimile or other electronic transmission), of (i) the interest rate or, in the case of a floating interest rate, the initial interest rate, the Spread and Spread Multiplier and the initial Interest Reset Date (as defined below), applicable to such Notes for the next Interest Rate Period, (ii) the Interest Rate Adjustment Date, (iii) the Interest Payment Dates for any Notes in the Commercial Paper Term Mode (if other than the Interest Rate Adjustment Date), the Long Term Rate Mode or the REPS Mode, (iv) the optional redemption terms, if any, and early remarketing terms, if any, in the case of a remarketing into a Long Term Rate Period, (v) the aggregate principal amount of tendered Notes and (vi) the aggregate principal amount of such tendered Notes that such Remarketing Agent was able to remarket, at a price equal to 100% of the principal amount plus accrued interest, if any. Immediately after receiving such notice and, in any case, not later than 1:30 p.m., New York City time, the trustee will transmit such information and any other settlement information required by DTC to DTC in accordance with DTC's procedures as in effect from time to time.

By telephone at approximately 1:00 p.m., New York City time, on such Interest Rate Adjustment Date, the applicable Remarketing Agent will advise each purchaser of Notes (or the DTC Participant of each such purchaser who it is expected in turn will advise such purchaser) of the principal amount of such Notes that such purchaser is to purchase.

Each purchaser of Notes in a remarketing will be required to give instructions to its DTC Participant to pay the purchase price therefor in same day funds to the applicable Remarketing Agent against delivery

of the principal amount of such Notes by book-entry through DTC by 3:00 p.m., New York City time, on the Interest Rate Adjustment Date.

All tendered Notes will be automatically delivered to the account of the trustee (or such other account meeting the requirements of DTC's procedures as in effect from time to time), by book-entry through DTC against payment of the purchase price or redemption price therefor, on the Interest Rate Adjustment Date relating thereto.

The applicable Remarketing Agent will make, or cause the trustee to make, payment to the DTC participant of each tendering Beneficial Owner of Notes subject to a remarketing, by book-entry through DTC by the close of business on the Interest Rate Adjustment Date against delivery through DTC of such Beneficial Owner's tendered Notes, of the purchase price for tendered Notes that have been sold in the remarketing. If any such Notes were purchased under a Special Mandatory Purchase (as defined below), subject to receipt of funds from the company or, if applicable, an institution providing credit support, as the case may be, the trustee will make such payment of the purchase price of such Notes plus accrued interest, if any, to such date.

The transactions described above for a remarketing of any Notes will be executed on the Interest Rate Adjustment Date for such Notes through DTC in accordance with the procedures of DTC, and the accounts of the respective DTC Participants will be debited and credited and such Notes delivered by book-entry as necessary to effect the purchases and sales thereof, in each case as determined in the related remarketing.

Except as otherwise set forth below under "—Purchase and Redemption of Notes," any Notes tendered in a remarketing will be purchased solely out of the proceeds received from purchasers of such Notes in such remarketing, and none of the trustee, the applicable Remarketing Agent, any Standby Remarketing Agent or the company will be obligated to provide funds to make payment upon any Beneficial Owner's tender in a remarketing.

Although tendered Notes will be subject to purchase by a Remarketing Agent in a remarketing, such Remarketing Agent and any Standby Remarketing Agent will not be obligated to purchase any such Notes.

The settlement and remarketing procedures described above, including provisions for payment by purchasers of tendered Notes or for payment to selling Beneficial Owners of tendered Notes, may be modified to the extent required by DTC. In addition, each Remarketing Agent may, in accordance with the terms of the Indenture, modify the settlement and remarketing procedures set forth above in order to facilitate the settlement and remarketing process.

As long as DTC's nominee holds the certificates representing the Notes in the book-entry system of DTC, no certificates for such Notes will be delivered by any selling Beneficial Owner to reflect any transfer of Notes effected in any remarketing.

Failed Remarketing. Notes not successfully remarketed will be subject to Special Mandatory Purchase by the company (a "Special Mandatory Purchase"). The procedures for a Special Mandatory Purchase are described below under "—Purchase and Redemption of Notes—Special Mandatory Purchase."

Purchase and Redemption of Notes

Special Mandatory Purchase. Subject to certain exceptions, if on any Interest Rate Adjustment Date for any Notes, the applicable Remarketing Agent and the applicable Standby Remarketing Agent(s) have not remarketed all such Notes, the Notes that have not been remarketed are subject to Special Mandatory Purchase by the company. The company is obligated to pay all accrued and unpaid interest, if any, on unremarketed Notes to such Interest Rate Adjustment Date. Payment of the principal amount of unremarketed Notes by the company, and payment of accrued and unpaid interest, if any, by the company, will be made by deposit of same-day funds with the trustee (or such other account meeting the

requirements of DTC's procedures as in effect from time to time) irrevocably in trust for the benefit of the Beneficial Owners of Notes subject to Special Mandatory Purchase by 3:00 p.m., New York City time, on such Interest Rate Adjustment Date.

Failure by the company to purchase Notes pursuant to a Special Mandatory Purchase will constitute an Event of Default under the Indenture in which event the date of such failure shall constitute a date of Maturity for such Notes and the principal thereof may be declared due and payable in the manner and with the effect provided in the Indenture. Following such failure to pay under a Special Mandatory Purchase, such Notes will bear interest at the Special Interest Rate as provided above under "—Conversion to New Interest Rate Mode—Determination of Interest Rates."

Optional Redemption on any Interest Rate Adjustment Date. Each Note will be subject to redemption at the option of the company in whole or in part on any Interest Rate Adjustment Date relating thereto without notice to the holders thereof at a redemption price equal to 100% of the principal amount thereof.

Redemption While Notes are in the Long Term Rate Mode. Any Notes in the Long Term Rate Mode are subject to redemption at the option of the company at the times and upon the terms specified at the time of conversion to or within such Long Term Rate Mode.

Allocation. Except in the case of a Special Mandatory Purchase, if the Notes are to be redeemed in part, DTC, after receiving notice of redemption specifying the aggregate principal amount of Notes to be so redeemed, will determine by lot (or otherwise in accordance with the procedures of DTC) the principal amount of such Notes to be redeemed from the account of each DTC Participant. After making its determination as described above, DTC will give notice of such determination to each DTC Participant from whose account such Notes are to be redeemed. Each such DTC Participant, upon receipt of such notice will in turn determine the principal amount of Notes to be redeemed from the accounts of the Beneficial Owners of such Notes for which it serves as DTC Participant, and give notice of such determination to the Remarketing Agent.

REPS Mode

Except as otherwise specified in an applicable prospectus supplement or other offering memorandum, if so designated by the company prior to commencement of an Interest Rate Period in accordance with the procedures described above under "—Conversion to New Interest Rate Mode," during a period in which Notes are in the REPS Mode the Notes shall bear interest and be subject to remarketing by a Callholder designated by the company as described below.

General. Each Note in the REPS Mode will bear interest at the annual interest rate established by the Callholder from, and including, the Interest Rate Adjustment Date commencing the Interest Rate Period for the REPS Mode to, but excluding, the date (the "REPS Remarketing Date") designated at such time by the Callholder after consultation with the company. Such interest rate will be the minimum rate of interest and, in the case of a floating interest rate, Spread (if any) and Spread Multiplier (if any) necessary in the judgment of such Callholder to produce a par bid in the secondary market for such Note on the date the interest rate is established. The designated REPS Remarketing Date shall be an Interest Payment Date within such Interest Rate Period. If the Callholder elects to remarket the Notes (except in the limited circumstances described in this prospectus supplement) (i) the Notes will be subject to mandatory tender to the Callholder at 100% of the principal amount thereof for remarketing on the REPS Remarketing Date, on the terms and subject to the conditions described herein, and (ii) from, and including, the REPS Remarketing Date to, but excluding, the next succeeding Interest Rate Adjustment Date, the Notes will bear interest at the rate determined by the Callholder in accordance with the procedures set forth below (the "REPS Coupon Reset Rate"). See "—Tender; Remarketing" below.

Under the circumstances described below, the Notes are subject to remarketing in a new Interest Rate Mode or repurchase by the company on the REPS Remarketing Date. See "—Conversion or Redemption

Following Election by the Callholder to Remarket" below. If the Callholder does not elect to purchase the Notes for remarketing on the REPS Remarketing Date or if the Callholder gives notice of its election to remarket the Notes but for any reason does not purchase all tendered Notes on the REPS Remarketing Date, then as of such date the Notes will cease to be in the REPS Mode, the REPS Remarketing Date will constitute an Interest Rate Adjustment Date, and the Notes will be subject to remarketing on such date by a Remarketing Agent appointed by the company in the Commercial Paper Term Mode or the Long Term Rate Mode or a new REPS Mode established by the company in accordance with the procedures described above under "—Conversion to New Interest Rate Mode:" provided that, in such case, the notice period required for conversion shall be the lesser of ten (10) days and the period commencing the date that the Callholder notifies the company that it will not purchase the Notes for remarketing on the REPS Remarketing Date or fails to so purchase, as the case may be.

Tender; Remarketing. The following description sets forth the terms and conditions of the remarketing of the Notes, in the event that the Callholder elects to purchase the Notes and remarkets the Notes on the REPS Remarketing Date.

Provided that the Callholder gives notice to the company and the trustee on a Business Day not later than five (5) days prior to the REPS Remarketing Date of its intention to purchase the Notes for remarketing (the "Notification Date"), each Note will be automatically tendered, or deemed tendered, to the Callholder for remarketing at the REPS Coupon Reset Rate on the REPS Remarketing Date, except in the circumstances described above. The purchase price for the tendered Notes to be paid by the Callholder will equal 100% of the principal amount thereof. See "—Notification of Results; Settlement" below. When the Notes are tendered for remarketing, the Callholder may remarket the Notes for its own account at varying prices to be determined by the Callholder at the time of each sale. From, and including, the REPS Remarketing Date to, but excluding, the next succeeding Interest Rate Adjustment Date, the Notes will bear interest at the REPS Coupon Reset Rate. If the Callholder elects to remarket the Notes, the obligation of the Callholder to purchase the Notes on the REPS Remarketing Date is subject to certain conditions. See "—The Callholder."

The REPS Coupon Reset Rate shall be determined by the Callholder by 3:30 p.m., New York City time, on the third Business Day immediately preceding the REPS Remarketing Date (the "Determination Date") to the nearest one hundred-thousandth (0.00001) of one percent per annum and will be equal to the Base Rate established by the Callholder, after consultation with the company, at or prior to the commencement of the REPS Mode (the "Base Rate"), plus the Applicable Spread (as defined below), which will be based on the Dollar Price (as defined below) of the Notes.

For the purposes of such calculations, the following terms have the following meanings:

"Applicable Spread" means the lowest bid indication, expressed as a spread (in the form of a percentage or in basis points) above the Base Rate, obtained by the Callholder on the Determination Date from the bids quoted by up to five Reference Corporate Dealers (as defined below) for the full aggregate outstanding principal amount of the Notes at the Dollar Price, but assuming

(a) an issue date equal to the REPS Remarketing Date, with settlement on such date without accrued interest,

(b) a maturity date equal to the next succeeding Interest Rate Adjustment Date of the Notes, and

(c) a stated annual interest rate, payable semiannually on each Interest Payment Date, equal to the Base Rate plus the spread bid by the applicable Reference Corporate Dealer.

If fewer than five Reference Corporate Dealers bid as described above, then the Applicable Spread shall be the lowest of such bid indications obtained as described above. The REPS Coupon Reset Rate announced by the Callholder, absent manifest error, shall be binding and conclusive upon the Beneficial Owners and holders of the Notes, the company and the trustee.

"Comparable Treasury Issues" means the United States Treasury security or securities selected by the Callholder as having an actual or interpolated maturity or maturities comparable or applicable to the remaining term to the next succeeding Interest Rate Adjustment Date of the Notes being purchased.

"Comparable Treasury Price" means, with respect to the REPS Remarketing Date, (a) the offer prices for the Comparable Treasury Issues (expressed in each case as a percentage of its principal amount) at 11:00 a.m. on the Determination Date, as set forth on Telerate Page 500 (or such other page as may replace Telerate Page 500) or (b) if such page (or any successor page) is not displayed or does not contain such offer prices on such Determination Date, (i) the average of the Reference Treasury Dealer Quotations (as defined below) for such REPS Remarketing Date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (ii) if the Callholder obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such Reference Treasury Dealer Quotations. "Telerate Page 500" means the display designated as "Telerate Page 500" on Dow Jones Markets (or such other page as may replace Telerate Page 500 on such service) or such other service displaying the offer prices specified in (a) above as may replace Dow Jones Markets.

"Dollar Price" means, with respect to the Notes, the present value determined by the Callholder, as of the REPS Remarketing Date, of the Remaining Scheduled Payments (as defined below) discounted to the REPS Remarketing Date, on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months), at the Treasury Rate (as defined below).

"Reference Corporate Dealers" means such Reference Corporate Dealers as shall be appointed by the Callholder after consultation with the company.

"Reference Treasury Dealer" means such Reference Treasury Dealer as shall be appointed by the Callholder after consultation with the company.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and the REPS Remarketing Date, the offer prices for the Comparable Treasury Issues (expressed in each case as a percentage of its principal amount) quoted in writing to the Callholder by such Reference Treasury Dealer by 3:30 p.m., New York City time, on the Determination Date.

"Remaining Scheduled Payments" means, with respect to the Notes, the remaining scheduled payments of the principal thereof and interest thereon, calculated at the Base Rate only, that would be due after the REPS Remarketing Date to and including the next succeeding Interest Rate Adjustment Date.

"Treasury Rate" means, with respect to the REPS Remarketing Date, the rate per annum equal to the semiannual equivalent yield to maturity or interpolated (on a day count basis) yield to maturity of the Comparable Treasury Issues (as defined above), assuming a price for the Comparable Treasury Issues (expressed as a percentage of its principal amount), equal to the Comparable Treasury Price (as defined above) for such REPS Remarketing Date.

Notification of Results; Settlement. Provided the Callholder has previously notified the company and the trustee on the Notification Date of its intention to purchase all tendered Notes on the REPS Remarketing Date, the Callholder will notify the company, the trustee and DTC by telephone, confirmed in writing, by 4:00 p.m., New York City time, on the Determination Date, of the REPS Coupon Reset Rate.

All of the tendered Notes will be automatically delivered to the account of the trustee, by book-entry through DTC pending payment of the purchase price therefor, on the REPS Remarketing Date.

In the event that the Callholder purchases the tendered Notes on the REPS Remarketing Date, the Callholder will make or cause the trustee to make payment to the DTC Participant of each tendering Beneficial Owner of Notes, by book-entry through DTC by the close of business on the REPS Remarketing Date against delivery through DTC of such Beneficial Owner's tendered Notes. If the Callholder does not purchase all of the Notes on the REPS Remarketing Date, the company may attempt to convert the Notes to a new Interest Rate Mode; the interest rate will be determined as provided above in "—Conversion to

New Interest Rate Mode—Determination of Interest Rates:" and settlement will be effected as described above under "—Remarketing—Notification of Results; Settlement" or "—Failed Remarketing," as the case may be. In any case, the company will make or cause the trustee to make payment of interest to each Beneficial Owner of Notes due on the REPS Remarketing Date by book-entry through DTC by the close of business on the REPS Remarketing Date.

The transactions described above will be executed on the REPS Remarketing Date through DTC in accordance with the procedures of DTC, and the accounts of the respective DTC participants will be debited and credited and the Notes delivered by book-entry as necessary to effect the purchases and sales thereof.

Transactions involving the sale and purchase of Notes remarketed by the Callholder on and after the REPS Remarketing Date will settle in immediately available funds through DTC's Same-Day Funds Settlement System.

The tender and settlement procedures described above, including provisions for payment by purchasers of Notes in the remarketing or for payment to selling Beneficial Owners of tendered Notes, may be modified to the extent required by DTC or to the extent required to facilitate the tender and remarketing of Notes in certificated form, if the book-entry system is no longer available for the Notes at the time of the remarketing. In addition, the Callholder may, in accordance with the terms of the Indenture, modify the tender and settlement procedures set forth above in order to facilitate the tender and settlement process.

As long as DTC's nominee holds the certificates representing any Notes in the book-entry system of DTC, no certificates for such Notes will be delivered by any selling Beneficial Owner to reflect any transfer of such Notes effected in the remarketing. In addition, under the terms of the Notes and the REPS Remarketing Agreement (described below), the company will agree that, notwithstanding any provision to the contrary set forth in the Indenture,

(a) it will use reasonable commercial efforts to maintain the Notes in book-entry form with DTC or any successor thereto and to appoint a successor depositary to the extent necessary to maintain the Notes in book-entry form, and

(b) it will waive any discretionary right it otherwise has under the Indenture to cause the Notes to be issued in certificated form.

The Callholder. If the Notes are to be remarketed in the REPS Mode, the company and the Callholder will enter into a REPS Remarketing Agreement (a "REPS Remarketing Agreement"), the general terms and provisions of which are summarized below.

The Callholder will not receive any fees or reimbursement of expenses from the company in connection with the remarketing in the REPS Mode.

The company will agree to indemnify the Callholder against certain liabilities, including liabilities under the Securities Act, arising out of or in connection with its duties under the REPS Remarketing Agreement.

In the event that the Callholder elects to remarket the Notes as described herein, the obligation of the Callholder to purchase Notes from tendering Beneficial Owners of Notes will be subject to several conditions precedent set forth in the REPS Remarketing Agreement, including the conditions that, since the Notification Date, no material adverse change in the consolidated financial condition, stockholders' equity, results of operations, business or prospects of the company and its subsidiaries, considered as one enterprise, shall have occurred and that no Event of Default (as defined in the Indenture), or any event which, with the giving of notice or passage of time, or both, would constitute an Event of Default, with respect to the Notes shall have occurred and be continuing. In addition, the REPS Remarketing Agreement will provide for the termination thereof, or redetermination of the REPS Coupon Reset Rate,

by the Callholder on or before the REPS Remarketing Date, upon the occurrence of certain events as set forth in the REPS Remarketing Agreement.

No holder or Beneficial Owner of any Notes will have any rights or claims under the REPS Remarketing Agreement or against the Callholder as a result of the Callholder not purchasing such Notes.

A REPS Remarketing Agreement will also provide that the Callholder may resign at any time as Callholder, such resignation to be effective 10 days after the delivery to the company and the trustee of notice of such resignation. In such case, it shall be the sole obligation of the company to appoint a successor Callholder.

The Callholder, in its individual or any other capacity, may buy, sell, hold and deal in any of the Notes. The Callholder may exercise any vote or join in any action that any Beneficial Owner of Notes may be entitled to exercise or take with like effect as if it did not act in any capacity under the applicable REPS Remarketing Agreement. The Callholder, in its individual capacity, either as principal or agent, may also engage in or have an interest in any financial or other transaction with the company as freely as if did not act in any capacity under the REPS Remarketing Agreement.

The summaries in this prospectus supplement of certain provisions of a REPS Remarketing Agreement do not purport to be complete, and are subject to, and are qualified in their entirety by reference to, the provisions of any REPS Remarketing Agreement.

Conversion or Redemption Following Election by the Callholder to Remarket. If the Callholder elects to remarket the Notes on the REPS Remarketing Date, the Notes will be subject to mandatory tender to the Callholder for remarketing on such date, in each case subject to the conditions described above under "—Tender; Remarketing" and to the company's right to either convert the Notes to a new Interest Rate Mode on the REPS Remarketing Date or to redeem the Notes from the Callholder, in each case as described in the next sentence. The company will notify the Callholder and the trustee, not later than the Business Day immediately preceding the Determination Date, if the company irrevocably elects to exercise its right to either convert the Notes to a new Interest Rate Mode, or to redeem the Notes, in whole but not in part, from the Callholder at the Optional Redemption Price, in each case on the REPS Remarketing Date.

In the event that the company irrevocably elects to convert the Notes to a new Interest Rate Mode, then as of the REPS Remarketing Date the Notes will cease to be in the REPS Mode, the REPS Remarketing Date will constitute an Interest Rate Adjustment Date, and the Notes will be subject to remarketing on such date by a Remarketing Agent appointed by the company in the Commercial Paper Term Mode or the Long Term Rate Mode or a new REPS Mode established by the company in accordance with the procedures described above under "—Conversion Between Interest Rate Modes," provided that, in such case, the notice period required for conversion shall be the period commencing on the Determination Date. In such case, the company shall pay to the Callholder the excess of the Dollar Price of the Notes over 100% of the principal amount of the Notes in same-day funds by wire transfer to an account designated by the Callholder on the REPS Remarketing Date.

In the event that the company irrevocably elects to redeem the Notes, the "Optional Redemption Price" shall be the greater of either (i) 100% of the principal amount of the Notes or (ii) the Dollar Price, plus in either case accrued and unpaid interest from the REPS Remarketing Date on the principal amount being redeemed to the date of redemption. If the company elects to redeem the Notes, it shall pay the redemption price in same-day funds by wire transfer to an account designated by the Callholder on the REPS Remarketing Date.

Floating Interest Rates

While any Note bears interest in the Long Term Rate Mode or the REPS Mode (with respect to the period from, and including, the Interest Rate Adjustment Date commencing such period to, but excluding, the REPS Remarketing Date), the company may elect a floating interest rate by providing notice, which will be submitted or promptly confirmed in writing (which includes facsimile or appropriate electronic media), received by the trustee and the Remarketing Agent for such Note (the "Floating Interest Rate Notice") not less than ten (10) days prior to the Interest Rate Adjustment Date for such Long Term Rate or REPS Rate Period. The Floating Interest Rate Notice must identify by CUSIP number or otherwise the portion of the Note to which it relates and state the Interest Rate Period (or portion thereof, in the case of the REPS Mode) to which it relates. Each Floating Interest Rate Notice must also state the Interest Rate Basis or Bases, the initial Interest Reset Date, the Interest Reset Period and Dates, the Interest Rate Period and Dates, the Index Maturity (as defined below) and the Floating Rate Maximum Interest Rate (as defined below) and/or Floating Rate Minimum Interest Rate (as defined below), if any. If one or more of the applicable Interest Rate Bases is LIBOR or the CMT Rate, the Floating Interest Rate Notice will also specify the Index Currency and Designated LIBOR Page or the Designated CMT Maturity Index and Designated CMT Telerate Page, as such terms are defined below.

If any Note bears interest at a floating rate in a Long Term Rate Period or REPS Rate Period, such Note will bear interest at the rate determined by reference to the applicable Interest Rate Basis or Bases (a) plus or minus the Spread, if any, and/or (b) multiplied by the Spread Multiplier, if any, specified by the Remarketing Agent, in the case of a Long Term Rate Period, or the Callholder, in the case of a REPS Rate Period. Commencing on the Interest Rate Adjustment Date for such Interest Rate Period, the rate at which interest on such Note will be payable will be reset as of each Interest Reset Date during such Interest Rate Period specified in the applicable Floating Interest Rate Notice.

The "Spread" is the number of basis points to be added to or subtracted from the related Interest Rate Basis or Bases applicable to an Interest Rate Period for such Note. The "Spread Multiplier" is the percentage of the related Interest Rate Basis or Bases applicable to such Interest Rate Period by which such Interest Rate Basis or Bases will be multiplied to determine the applicable interest rate from time to time for such Long Term Rate Period or REPS Rate Period, as the case may be. The "Index Maturity" is the period to maturity of the instrument or obligation with respect to which the related Interest Rate Basis or Bases will be calculated.

The applicable floating interest rate on any Note during any Interest Rate Period will be determined by reference to the applicable Interest Rate Basis or Interest Rate Bases, which may include

- the CD Rate,
- the CMT Rate,
- the Federal Funds Rate,
- LIBOR,
- the Prime Rate,
- the Treasury Rate or
- such other Interest Rate Basis or interest rate formula as may be specified in the applicable Floating Interest Rate Notice (each, an "Interest Rate Basis").

Unless otherwise specified in the applicable Floating Interest Rate Notice, the interest rate with respect to each Interest Rate Basis will be determined in accordance with the applicable provisions below. Except as set forth above or in the applicable Floating Interest Rate Notice, the interest rate in effect on each day will be (i) if such day is an Interest Reset Date, the interest rate determined as of the Interest Determination Date (as defined below) immediately preceding such Interest Reset Date or (ii), if such day

is not an Interest Reset Date, the interest rate determined as of the Interest Determination Date immediately preceding the most recent Interest Reset Date. If any Interest Reset Date would otherwise be a day that is not a Business Day, such Interest Reset Date will be postponed to the next succeeding Business Day, unless LIBOR is an applicable Interest Rate Basis and such Business Day falls in the next succeeding calendar month, in which case such Interest Reset Date will be the immediately preceding Business Day. In addition, if the Treasury Rate is an applicable Interest Rate Basis and the Interest Determination Date would otherwise fall on an Interest Reset Date, then such Interest Reset Date will be postponed to the next succeeding Business Day.

The applicable Floating Interest Rate Notice will specify whether the rate of interest will be reset daily, weekly, monthly, quarterly, semiannually or annually or on such other specified basis (each, an "Interest Reset Period") and the dates on which such rate of interest will be reset (each, an "Interest Reset Date"). Unless otherwise specified in the applicable Floating Interest Rate Notice, the Interest Reset Dates will be, in the case of a floating interest rate which resets:

- daily, each Business Day;
- weekly, the Wednesday of each week (unless the Treasury Rate is an applicable Interest Rate Basis, in which case the Tuesday of each week except as described below);
- monthly, the third Wednesday of each month;
- quarterly, the third Wednesday of March, June, September and December of each year;
- semiannually, the third Wednesday of the two months specified in the applicable Floating Interest Rate Notice; and
- annually, the third Wednesday of the month specified in the applicable Floating Interest Rate Notice.

The interest rate applicable to each Interest Reset Period commencing on the related Interest Reset Date will be the rate determined as of the applicable Interest Determination Date. The "Interest Determination Date" with respect to the CD Rate, the CMT Rate, the Federal Funds Rate and the Prime Rate will be the second Business Day immediately preceding the applicable Interest Reset Date; and the "Interest Determination Date" with respect to LIBOR will be the second London Business Day immediately preceding the applicable Interest Reset Date, unless the Index Currency is British pounds sterling, in which case the "Interest Determination Date" will be the applicable Interest Reset Date. The "Interest Determination Date" with respect to the Treasury Rate will be the day in the week in which the applicable Interest Reset Date falls on which day Treasury Bills (as defined below) are normally auctioned (Treasury Bills are normally sold at an auction held on Monday of each week, unless that day is a legal holiday, in which case the auction is normally held on the following Tuesday, except that such auction may be held on the preceding Friday); provided, however, that if an auction is held on the Friday of the week preceding the applicable Interest Reset Date, the "Interest Determination Date" will be such preceding Friday. If the interest rate of any Note is a floating interest rate determined with reference to two or more Interest Rate Bases specified in the applicable Floating Interest Rate Notice, the "Interest Determination Date" pertaining to the Note will be the most recent Business Day which is at least two Business Days prior to the applicable Interest Reset Date on which each Interest Rate Basis is determinable. Each Interest Rate Basis will be determined as of such date, and the applicable interest rate will take effect on the related Interest Reset Date.

Either or both of the following may also apply to the floating interest rate on any Note for an Interest Rate Period: (i) a floating rate maximum interest rate, or ceiling, that may accrue during any Interest Reset Period (the "Floating Rate Maximum Interest Rate") and (ii) a floating rate minimum interest rate, or floor, that may accrue during any Interest Reset Period (the "Floating Rate Minimum Interest Rate"). In addition to any Floating Rate Maximum Interest Rate that may apply, the interest rate on any Note will in

no event be higher than the maximum rate permitted by New York law, as the same may be modified by United States laws of general application.

Except as provided below or in the applicable Floating Interest Rate Notice, interest will be payable, in the case of floating interest rates which reset:

- daily, weekly or monthly, on the third Wednesday of each month;
- quarterly, on the third Wednesday of March, June, September and December of each year;
- semiannually, on the third Wednesday of the two months of each year specified in the applicable Floating Interest Rate Notice; and
- annually, on the third Wednesday of the month of each year specified in the applicable Floating Interest Rate Notice and, in each case, on the Business Day immediately following the applicable Long Term Rate Period or REPS Rate Period, as the case may be.

If any Interest Payment Date for the payment of interest at a floating rate (other than following the end of the applicable Long Term Rate Period or REPS Rate Period, as the case may be) would otherwise be a day that is not a Business Day, such Interest Payment Date will be postponed to the next succeeding Business Day, except that if LIBOR is an applicable Interest Rate Basis and such Business Day falls in the next succeeding calendar month, such Interest Payment Date will be the immediately preceding Business Day.

All percentages resulting from any calculation of floating interest rates will be rounded to the nearest one hundred thousandth of a percentage point, with five one-millionths of a percentage point rounded upwards (e.g., 9.876545% (or .09876545) would be rounded to 9.87655% (or .0987655)), and all amounts used in or resulting from such calculation will be rounded, in the case of United States dollars, to the nearest cent or, in the case of a foreign currency or composite currency, to the nearest unit (with one-half cent or unit being rounded upwards).

Accrued floating rate interest will be calculated by multiplying the principal amount of the applicable Note by an accrued interest factor. Such accrued interest factor will be computed by adding the interest factor calculated for each day in the applicable Interest Reset Period. Unless otherwise specified in the applicable Floating Interest Rate Notice, the interest factor for each such day will be computed by dividing the interest rate applicable to such day by 360, if an applicable Interest Rate Basis is the CD Rate, the Federal Funds Rate, LIBOR or the Prime Rate, or by the actual number of days in the year if an applicable Interest Rate Basis is the CMT Rate or the Treasury Rate. Unless otherwise specified in the applicable Floating Interest Rate Notice, if the floating interest rate is calculated with reference to two or more Interest Rate Bases, the interest factor will be calculated in each period in the same manner as if only one of the applicable Interest Rate Bases applied as specified in the applicable Floating Interest Rate Notice.

Prior to having Notes remarketed with a floating interest rate, the company will select a calculation agent (the "Calculation Agent"). For any Note bearing interest at a floating rate, the applicable Remarketing Dealer will determine the interest rate in effect from the Interest Rate Adjustment Date for such Note to the initial Interest Reset Date. The Calculation Agent will determine the interest rate in effect for each Interest Reset Period thereafter. Upon request of the Beneficial Owner of a Note, after any Interest Rate Adjustment Date, the Calculation Agent or the Remarketing Dealer will disclose the interest rate and, in the case of a floating interest rate, Interest Rate Basis or Bases, Spread (if any) and Spread Multiplier (if any), and in each case the other terms applicable to such Note then in effect and, if determined, the interest rate that will become effective as a result of a determination made for the next succeeding Interest Reset Date with respect to such Note. Except as described herein with respect to a Note earning interest at floating rates, no notice of the applicable interest rate, Spread (if any) or Spread Multiplier (if any) will be sent to the Beneficial Owner of any Note.

Unless otherwise specified in the applicable Floating Interest Rate Notice, the "Calculation Date," if applicable, pertaining to any Interest Determination Date will be the earlier of (i) the tenth calendar day after such Interest Determination Date or, if such day is not a Business Day, the next succeeding Business Day or (ii) the Business Day immediately preceding the applicable Interest Payment Date or Maturity, as the case may be.

CD Rate. If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as the "CD Rate," the CD Rate means, with respect to any Interest Determination Date relating to a Note (a "CD Rate Interest Determination Date"), the rate on such date for negotiable certificates of deposit having the Index Maturity specified in the applicable Floating Interest Rate Notice as published by the Board of Governors of the Federal Reserve System in "Statistical Release H.15(519), Selected Interest Rates" or any successor publication of the Board of Governors of the Federal Reserve System ("H.15(519)") under the heading "CDs (Secondary Market)," or, if not published in H.15(519) by 9:00 a.m., New York City time, on the related Calculation Date, the CD Rate will be the rate on such CD Rate Interest Determination Date set forth in the daily update of H.15(519), available through the world wide website of the Board of Governors of the Federal Reserve System at http://www.bog.frb.fed.us/releases/h15/update, or any successor site or publication ("H.15 Daily Update"), for the day in respect of certificates of deposit having the Index Maturity specified in the applicable Floating Interest Rate Notice under the caption "CDs (Secondary Market)." If such rate is not yet published in either H.15(519) or the H.15 Daily Update by 3:00 p.m., New York City time, on the related Calculation Date, the Calculation Agent will determine the CD Rate to be the arithmetic mean of the secondary market offered rates as of 10:00 a.m., New York City time, on such CD Rate Interest Determination Date, of three leading nonbank dealers in negotiable U.S. dollar certificates of deposit in New York City selected by the Calculation Agent (after consultation with the company) for negotiable certificates of deposit of major United States money center banks of the highest credit standing in the market for negotiable certificates of deposit with a remaining maturity closest to the Index Maturity specified in the applicable Floating Interest Rate Notice in an amount that is representative for a single transaction in that market at that time; provided, however, that if the dealers selected by the Calculation Agent are not quoting as mentioned in this sentence, the CD Rate will remain the CD Rate then in effect on such CD Rate Interest Determination Date.

CMT Rate. If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as the "CMT Rate," the CMT Rate means, with respect to any Interest Determination Date relating to a Note for which the interest rate is determined with reference to the CMT Rate (a "CMT Rate Interest Determination Date"), the rate displayed on the Designated CMT Telerate Page (as defined below) under the caption ". . . Treasury Constant Maturities . . . Federal Reserve Board Release H.15 . . . Mondays Approximately 3:45 P.M.," under the column for the Designated CMT Maturity Index (as defined below) for (i) if the Designated CMT Telerate Page is 7055, the rate on such CMT Rate Interest Determination Date and (ii) if the Designated CMT Telerate Page is 7052, the weekly or monthly average, as specified in the Floating Interest Rate Notice, for the week or the month, as applicable, ended immediately preceding the week or the month, as applicable, in which the related CMT Rate Interest Determination Date occurs. If such rate is no longer displayed on the relevant page or is not displayed by 3:00 p.m., New York City time, on the related Calculation Date, then the CMT Rate for such CMT Rate Interest Determination Date will be such treasury constant maturity rate for the Designated CMT Maturity Index as published in H.15(519). If such rate is no longer published or is not published by 3:00 p.m., New York City time, on the related Calculation Date, then the CMT Rate on such CMT Rate Interest Determination Date will be such treasury constant maturity rate for the Designated CMT Maturity Index (or other United States Treasury rate for the Designated CMT Maturity Index) for the CMT Rate Interest Determination Date with respect to such Interest Reset Date as may then be published by either the Board of Governors of the Federal Reserve System or the United States Department of the Treasury that the Calculation Agent determines to be comparable to the rate formerly displayed on the Designated CMT Telerate Page and published in H.15(519). If such information is not provided by 3:00 p.m., New York City time, on the related Calculation Date, then the CMT Rate on the CMT Rate Interest

Determination Date will be calculated by the Calculation Agent and will be a yield to maturity, based on the arithmetic mean of the secondary market closing offer side prices as of approximately 3:30 p.m., New York City time, on such CMT Rate Interest Determination Date reported, according to their written records, by three leading primary United States government securities dealers (each, a "Reference Dealer") in the City of New York (which may include the Remarketing Agent or its affiliates) selected by the Calculation Agent after consultation with the company (from five such Reference Dealers selected by the Calculation Agent, after consultation with the company, and eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest)), for the most recently issued direct noncallable fixed rate obligations of the United States ("Treasury Notes") with an original maturity of approximately the Designated CMT Maturity Index and a remaining term to maturity of not less than such Designated CMT Maturity Index minus one year. If the Calculation Agent is unable to obtain three such Treasury Note quotations, the CMT Rate on such CMT Rate Interest Determination Date will be calculated by the Calculation Agent and will be a yield to maturity based on the arithmetic mean of the secondary market offer side prices as of approximately 3:30 p.m., New York City time, on such CMT Rate Interest Determination Date of three Reference Dealers in the City of New York (from five such Reference Dealers selected by the Calculation Agent, after consultation with the company, and eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest)), for Treasury Notes with an original maturity of the number of years that is the next highest to the Designated CMT Maturity Index and a remaining term to maturity closest to the Designated CMT Maturity Index and in an amount of at least U.S. $100 million. If three or four (and not five) of such Reference Dealers are quoting as described above, then the CMT Rate will be based on the arithmetic mean of the offer prices obtained and neither the highest nor the lowest of such quotes will be eliminated; *provided, however*, that if fewer than three Reference Dealers so selected by the Calculation Agent, after consultation with the company, are quoting as mentioned in this prospectus supplement, the CMT Rate determined as of such CMT Rate Interest Determination Date will be the CMT Rate in effect on such CMT Rate Interest Determination Date. If two Treasury Notes with an original maturity as described in the second preceding sentence have remaining terms to maturity equally close to the Designated CMT Maturity Index, the Calculation Agent, after consultation with the company, will obtain from five Reference Dealers quotations for the Treasury Note with the shorter remaining term to maturity.

"Designated CMT Telerate Page" means the display on the Dow Jones Markets (or any successor service) on the page specified in the applicable Floating Interest Rate Notice (or any other page as may replace such page on such service for the purpose of displaying Treasury Constant Maturities as reported in H.15(519)) for the purpose of displaying Treasury Constant Maturities as reported in H.15(519). If no such page is specified in the applicable Floating Interest Rate Notice, the page shall be 7052 for the most recent week.

"Designated CMT Maturity Index" means the original period to maturity of the United States Treasury securities (either 1, 2, 3, 5, 7, 10, 20 or 30 years) specified in the applicable Floating Interest Rate Notice with respect to which the CMT Rate will be calculated. If no such maturity is specified in the applicable Floating Interest Rate Notice, the Designated CMT Maturity Index shall be 2 years.

Federal Funds Rate. If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as the "Federal Funds Rate," the Federal Funds Rate means, with respect to any Interest Determination Date relating to a Note (a "Federal Funds Rate Interest Determination Date"), the rate on that day for Federal Funds as published in H.15(519) under the heading "Federal Funds (Effective)" as displayed on Bridge Telerate, Inc. (or any successor service) on page 120 or any other page as may replace the applicable page on that service ("Telerate Page 120"). If such rate is not displayed on Telerate Page 120 or is not published by 9:00 a.m., New York City time, on the related Calculation Date, the Federal Funds Rate will be the rate on such Federal Funds Rate Interest Determination Date as published in H.15 Daily Update under the heading "Federal Funds/(Effective)." If such rate is not yet

published in either H.15(519) or H.15 Daily Update by 3:00 p.m., New York City time, on the related Calculation Date, the Calculation Agent will determine the Federal Funds Rate to be the arithmetic mean of the rates for the last transaction in overnight Federal Funds arranged by each of three leading brokers of Federal Funds transactions in New York City selected by the Calculation Agent (after consultation with the company) prior to 9:00 a.m., New York City time, on such Federal Funds Rate Interest Determination Date. If the brokers selected by the Calculation Agent are not quoting as mentioned above, the Federal Funds Rate with respect to such Federal Funds Rate Interest Determination Date will remain the Federal Funds Rate then in effect on such Federal Funds Rate Interest Determination Date.

LIBOR. If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as "LIBOR," LIBOR means, the rate determined by the Calculation Agent as of the applicable Interest Determination Date (a "LIBOR Interest Determination Date") in accordance with the following provisions:

(i) if (a) "LIBOR Reuters" is specified in the applicable Floating Interest Rate Notice, the arithmetic mean of the offered rates (unless the specified LIBOR Page (as defined below) by its terms provides only for a single rate, in which case such single rate shall be used) for deposits in the Index Currency (as defined below) having the Index Maturity designated in the applicable Floating Interest Rate Notice, commencing on the second London Business Day immediately following such LIBOR Interest Determination Date, that appear on the Designated LIBOR Page as of 11:00 a.m., London time, on that LIBOR Interest Determination Date, if at least two such offered rates appear (unless, as aforesaid, only a single rate is required) on such Designated LIBOR Page, or (b) "LIBOR Telerate" is specified in the applicable Floating Interest Rate Notice, the rate for deposits in the Index Currency (as defined below) having the Index Maturity designated in the applicable Floating Interest Rate Notice, commencing on the second London Business Day immediately following such LIBOR Interest Determination Date, that appears on such Designated LIBOR Page as of 11:00 a.m., London time, on that LIBOR Interest Determination Date. If fewer than two offered rates appear (if "LIBOR Reuters" is specified in the applicable Floating Interest Rate Notice) or no rate appears (if "LIBOR Telerate" is specified in the applicable Floating Interest Rate Notice), LIBOR in respect of the related LIBOR Interest Determination Date will be determined as if the parties had specified the rate described below.

(ii) With respect to an LIBOR Interest Determination Date on which fewer than two offered rates appear (if "LIBOR Reuters" is specified in the applicable Floating Interest Rate Notice) or no rate appears (if "LIBOR Telerate" is specified in the applicable Floating Interest Rate Notice), the Calculation Agent will request the principal London offices of each of four major reference banks in the London interbank market, as selected by the Calculation Agent, to provide the Calculation Agent with its offered quotation for deposits in the Index Currency for the period of the Index Maturity designated in the applicable Floating Interest Rate Notice, commencing on the second London Business Day immediately following such LIBOR Interest Determination Date, to prime banks in the London interbank market at approximately 11:00 a.m., London time, on such LIBOR Interest Determination Date and in a principal amount that is representative of a single transaction in such Index Currency in such market at such time.

(iii) If at least two such quotations are provided, LIBOR determined on such LIBOR Interest Determination Date will be the arithmetic mean of such quotations. If fewer than two quotations are provided, LIBOR determined on such LIBOR Interest Determination Date will be the arithmetic mean of the rates quoted at approximately 11:00 a.m. (or such other time specified in the applicable Floating Interest Rate Notice), in the applicable principal financial center for the country of the Index Currency on such LIBOR Interest Determination Date, by three major banks in such principal financial center selected by the Calculation Agent for loans in the Index Currency to leading European banks, having the Index Maturity designated in the applicable Floating Interest Rate Notice and in a principal amount that is representative for a single transaction in such Index Currency in such

market at such time; provided, however, that if the banks so selected by the Calculation Agent are not quoting as mentioned in this sentence, LIBOR in effect for the applicable period will be the same as LIBOR for the immediately preceding Interest Reset Period (or, if there was no such Interest Reset Period, the rate of interest payable on the Notes for which such LIBOR is being determined shall be the Initial Interest Rate).

"Index Currency" means the currency or composite currency specified in the applicable Floating Interest Rate Notice as to which LIBOR will be calculated. If no such currency or composite currency is specified in the applicable Floating Interest Rate Notice, the Index Currency will be United States dollars.

"Designated LIBOR Page" means either (a) if "LIBOR Reuters" is designated in the applicable Floating Interest Rate Notice, the display on the Reuters Monitor Money Rates Service for the purpose of displaying the London interbank rates of major banks for the applicable Index Currency, or (b) if "LIBOR Telerate" is designated in the applicable Floating Interest Rate Notice, the display on Bridge Telerate, Inc. (or any successor service) on the page specified in the applicable Floating Interest Rate Notice (or any other page as may replace that page on that service) for the purpose of displaying the London interbank rates of major banks for the applicable Index Currency.

Prime Rate If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as the "Prime Rate," the Prime Rate means, with respect to any Interest Determination Date relating to a Note for which the interest rate is determined with reference to the Prime Rate (a "Prime Rate Interest Determination Date"), the rate on such date as published in H.15(519) under the heading "Bank Prime Loan." If such rate if not published prior to 9:00 a.m., New York City time, on the Calculation Date, then the Prime Rate will be the rate on such Prime Rate Interest Determination Date as published in H.15 Daily Update opposite the caption "Bank Prime Loan." If such rate is not published prior to 3:00 p.m., New York City time, on the Calculation Date, in either H.15(519) or H.15 Daily Update then the Calculation Agent will determine the Prime Rate to be the arithmetic mean of the rates of interest publicly announced by each bank that appears on the Reuters Screen US PRIME 1 Page (as defined below) as such bank's prime rate or base lending rate as in effect for that Prime Rate Interest Determination Date. If fewer than four such rates appear on the Reuters Screen US PRIME 1 Page for the Prime Rate Interest Determination Date, the Calculation Agent will determine the Prime Rate to be the arithmetic mean of the prime rates quoted on the basis of the actual number of days in the year divided by 360 as of the close of business on such Prime Rate Interest Determination Date by at least three major banks in New York City selected by the Calculation Agent (after consultation with the company); *provided, however,* that if the banks selected are not quoting as mentioned in this sentence, the Prime Rate will remain the Prime Rate in effect on such Prime Rate Interest Determination Date.

"Reuters Screen US PRIME 1 Page" means the display designated as page "US PRIME 1" on the Reuters Monitor Money Rates Service (or any successor service) or such other page as may replace the US PRIME 1 page on that service for the purpose of displaying prime rates or base lending rates of major United States banks.

Treasury Rate. If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as the "Treasury Rate," the Treasury Rate means, with respect to any Interest Determination Date relating to a Note for which the interest rate is determined with reference to the Treasury Rate (a "Treasury Rate Interest Determination Date"), the following:

(i) the rate from the auction held on the applicable Interest Determination Date (the "Auction") of direct obligations of the United States ("Treasury Bills") having the Index Maturity specified in the applicable Floating Interest Rate Notice as that rate appears under the caption "INVESTMENT RATE" on the display on Bridge Telerate, Inc., or any successor service, on page 56 or any other page as may replace page 56 on that service ("Telerate Page 56") or page 57 or any other page as may replace page 57 on that service ("Telerate Page 57"); or

(ii) if the rate described above is not published by 3:00 p.m., New York City time, on the Calculation Date, the Bond Equivalent Yield of the rate for the applicable Treasury Bills as published in the H.15 Daily Update, or other recognized electronic source used for the purpose of displaying the applicable rate, under the caption "U.S. Government Securities/Treasury Bills/Auction High;" or

(iii) if the rate described above is not published by 3:00 p.m., New York City time, on the related Calculation Date, the Bond Equivalent Yield of the Auction rate of the applicable Treasury Bills, announced by the United States Department of the Treasury; or

(iv) in the event that the rate described above is not announced by the United States Department of the Treasury, or if the Auction is not held, the Bond Equivalent Yield of the rate on the applicable Interest Determination Date of Treasury Bills having the Index Maturity specified in the applicable Floating Interest Rate Notice published in H.15(519) under the caption "U.S. Government Securities/Treasury Bills/Secondary Market;" or

(v) if the rate described above is not so published by 3:00 p.m., New York City time, on the related Calculation Date, the rate on the applicable Interest Determination Date of the applicable Treasury Bills as published in H.15 Daily Update, or other recognized electronic source used for the purpose of displaying the applicable rate, under the caption "U.S. Government Securities/Treasury Bills/Secondary Market;" or

(vi) if the rate described above is not so published by 3:00 p.m., New York City time, on the related Calculation Date, the rate on the applicable Interest Determination Date calculated by the Calculation Agent as the Bond Equivalent Yield of the arithmetic mean of the secondary market bid rates, as of approximately 3:30 p.m., New York City time, on the applicable Interest Determination Date, of three primary United States government securities dealers, which may include the Calculation Agent or its affiliates, selected by the Calculation Agent, for the issue of Treasury Bills with a remaining maturity closest to the Index Maturity specified in the applicable Floating Interest Rate Notice; or

(vii) if the dealers selected by the Calculation Agent are not quoting as described above, the Treasury Rate for the immediately preceding Interest Reset Period, or, if there was no Interest Reset Period, the rate of interest payable shall be the Initial Interest Rate.

The "Bond Equivalent Yield" means a yield calculated in accordance with the following formula and expressed as a percentage:

$$\text{Bond Equivalent Yield} = \frac{D \times N}{360 - (D \times M)}$$

where "D" refers to the applicable per annum rate for Treasury Bills quoted on a bank discount basis, "N" refers to 365 or 366, as the case may be, and "M" refers to the actual number of days in the interest period for which interest is being calculated.

Remarketing Agents

The Remarketing Agreement. The company and each Remarketing Agent for the Notes will enter into a Remarketing Agreement. The summaries below are summaries of certain expected provisions in such Remarketing Agreements and do not purport to be complete and are subject to, and qualified in their entirety by, the provisions of any Remarketing Agreement. The terms of the Initial REPS Remarketing Agreement are described under "—Mandatory Tender to Initial Callholder—Initial Callholder." The general provisions of any other REPS Remarketing Agreement are described above under "—REPS Mode—The Callholder."

Fees and Expenses. For its services in determining the interest rate and remarketing Notes, each Remarketing Agreement is expected to provide that, the Remarketing Agent will receive from the company a fee to be determined in accordance with the Remarketing Agreement. The Remarketing Agent may pay to selected broker-dealers a portion of any fees it receives from the company for its services as Remarketing Agent reflecting Notes sold through such broker-dealers to purchasers in remarketings.

Indemnification of Remarketing Agent. The company, if applicable, will agree to indemnify the Remarketing Agent against certain liabilities, including liabilities under the Securities Act arising out of or in connection with its duties under the Remarketing Agreement.

Conditions to the Remarketing Agent's Obligations. The obligation of the Remarketing Agent to remarket Notes and perform its other obligations under a Remarketing Agreement are expected to be subjected to certain conditions, including

- the accuracy of certain representations and warranties by the company and the performance by the company of its obligations and agreements set forth in the Remarketing Agreement;
- the absence of certain adverse events; and
- between the time at which the interest rate on any Note is established and the time at which payment therefor is to be made, the rating of the Notes not having been downgraded or put on Credit Watch or Watch List with negative implications or withdrawn by a national rating service, the effect of which, in the opinion of the Remarketing Agent, is to affect materially and adversely the market price of the Notes or the Remarketing Agent's ability to remarket the Notes.

Removal of the Remarketing Agent. Each Remarketing Agreement is expected to provide that the company may in its absolute discretion remove any Remarketing Agent by giving prior notice to such Remarketing Agent, the trustee and the other Remarketing Agents; *provided, however,* that if (i) such removed Remarketing Agent shall then be the sole Remarketing Agent or (ii) all of the remaining Remarketing Agents elect to resign or are removed within one week of delivery of such notice, then, except as provided in the following sentence, no such removal shall become effective until the company shall have appointed a successor to perform the services of the Remarketing Agent under the Remarketing Agreement. In such case, the company will use reasonable commercial efforts to appoint a successor Remarketing Agent as soon as reasonably practicable; *provided, however,* that, if the company has not so appointed a successor Remarketing Agent within 90 days of delivery of such notice, the Remarketing Agreement shall automatically terminate on such 90th day.

Resignation of the Remarketing Agent. The Remarketing Agreement is also expected to provide that a Remarketing Agent may resign at any time as Remarketing Agent, such resignation to be effective 30 days after the delivery to the company, the trustee and the other Remarketing Agents of notice of such resignation; *provided, however,* that if (i) such resigning Remarketing Agent shall then be the sole Remarketing Agent or (ii) all of the remaining Remarketing Agents elect to resign or are removed within one week of delivery of such notice, then, except as provided in the following sentence, no such resignation shall become effective until the company shall have appointed at least one successor to perform the services of the Remarketing Agent under the Remarketing Agreement. In such case, the company will use reasonable commercial efforts to appoint a successor Remarketing Agent as soon as reasonably practicable; *provided, however,* that, if the company has not so appointed a successor Remarketing Agent within 90 days of delivery of such notice, the Remarketing Agreement shall automatically terminate on such 90th day. In such case, it shall be the sole obligation of the company to appoint a successor Remarketing Agent. In certain circumstances, including upon the occurrence of certain events, a Remarketing Agent may resign effective immediately upon giving notice to the company and the trustee.

Credit Support

General. Credit support may be provided with respect to Notes in a particular Interest Rate Mode during all or any portion of an Interest Rate Period. Such credit support may be in the form of a Standby Note Purchase Agreement (a "Standby Note Purchase Agreement"), a letter of credit, a financial guaranty insurance policy, a limited guaranty issued by a guarantor, the establishment of one or more reserve funds, any other form of credit support or any combination of the foregoing. Unless otherwise specified in an applicable prospectus supplement or other Remarketing documents, no form of credit support will provide protection against all risks of loss or guarantee repayment of the entire principal of and interest on the Notes. The following summaries of terms of potential credit support arrangements are qualified in their entirety by reference to the provisions of any agreements governing such arrangements.

Standby Note Purchase Agreement. In order to support its obligation to purchase Notes pursuant to any Special Mandatory Purchase obligation, the company may from time to time, at its option, enter into a Standby Note Purchase Agreement with one or more banks or other credit providers. Any such Standby Note Purchase Agreement would provide that, subject to certain conditions specified therein, the credit provider would advance funds for payment of the purchase price for Notes subject to a Special Mandatory Purchase.

Letter of Credit. The company may from time to time, at its option, provide credit support for Notes in the form of a letter of credit from a bank or other financial institution. The coverage, amount and other terms of any such letter of credit would be specified in an applicable prospectus supplement or other offering document.

Financial Guaranty Insurance. The company may from time to time, at its option, provide credit support for Notes in the form of a financial guaranty insurance policy which would guaranty payment of interest on and principal of the Notes. The coverage, amount and other terms of any such financial guaranty insurance policy would be specified in an applicable prospectus supplement or other offering document.

Limited Guaranty. The company may from time to time, at its option, provide credit support for Notes in the form of a guaranty pursuant to which a guarantor agrees to provide the company with sufficient funds to make timely interest and principal payments in the event the company lacks sufficient resources to do so. The coverage, amount and other terms of any such guaranty would be specified in an applicable prospectus supplement or other offering document.

Reserve Funds. The company may from time to time, at its option, provide credit support for Notes in a reserve fund established with the trustee. The manner of funding any such reserve fund and the amounts required from time to time to be on deposit therein would be specified in an applicable prospectus supplement or other offering document.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the material anticipated United States federal income tax consequences of the purchase, ownership and disposition of the Notes. The statements of U.S. federal income and estate tax law or legal conclusion set forth in this summary, subject to the limitations set forth herein, constitute the opinion of Palmer & Dodge LLP, counsel to the company. This summary is based upon laws, regulations, rulings and decisions now in effect (or, in the case of certain regulations, in proposed form), all of which are subject to change, possibly with retroactive effect, or possible differing interpretations. This discussion only addresses the United States federal income tax considerations of the Notes until the Initial REPS Remarketing Date and does not deal with holders other than original purchasers. It deals only with purchasers who hold Notes as capital assets, and does not purport to deal with persons in special tax situations, such as banks, thrifts, and other financial institutions, insurance companies, tax-exempt organizations, partnerships, S corporations, regulated investment companies, real estate investment trusts or real estate mortgage investment conduits, financial asset securitization investment trusts, dealers in securities or currencies, persons subject to alternative minimum tax, persons holding Notes as a part of a hedging conversion, short sale or integrated transaction or as a position in a "straddle" for tax purposes, persons whose functional currency is not the U.S. dollar, holders of 10% or more, by voting power or value, of the stock of the company, persons who have ceased to be U.S. citizens, or to be taxed as resident aliens, or foreign persons whose income or gain from the Notes is effectively connected with the conduct of a United States trade or business.

Persons considering the purchase of Notes should consult their own tax advisors concerning the application of United States federal income tax laws to their particular situations as well as any consequences of the purchase, ownership and disposition of the Notes arising under the laws of any other taxing jurisdiction.

Prospective investors should note that no rulings have been or are expected to be sought from the IRS with respect to any of the tax considerations discussed below, and no assurance can be given that the IRS will not take contrary positions.

As used herein, the term "U.S. Holder" means a beneficial owner of a Note that is for United States federal income tax purposes (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity created or organized in or under the laws of the United States or of any political subdivision thereof (other than a partnership that is not treated as a United States person under any applicable regulations of the U.S. Department of the Treasury ("Treasury" or "Treasury Department")), (iii) an estate whose income is subject to United States federal income tax regardless of its source, or (iv) a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust. Notwithstanding the preceding sentence, to the extent provided in Treasury regulations and guidance, certain trusts in existence on August 20, 1996, and treated as United States persons prior to such date, that elect to continue to be treated as United States persons also will be U.S. Holders. As used herein, the term "non-U.S. Holder" means a beneficial owner of a Note that is not a U.S. Holder.

U.S. Holders

Characterization of the Notes. The United States federal income tax treatment of debt obligations such as the Notes is not certain. The proper treatment of the Notes will depend, in part, upon whether the Notes are treated as maturing on (i) the Stated Maturity or (ii) the Initial REPS Remarketing Date. Because the Notes are subject to mandatory tender at par on the Initial REPS Remarketing Date, the company intends, for United States federal income tax purposes, to treat the Notes as maturing and (in the case of Notes that are remarketed) as reissued on the Initial REPS Remarketing Date. By purchasing the Notes, a U.S. Holder agrees to follow such treatment for United States federal income tax purposes.

Except where indicated to the contrary, the following discussion assumes such treatment of the Notes for United States federal income tax purposes.

Payments of Interest. Interest on the Notes during the period commencing on the date of initial issuance to, but excluding the Initial REPS Remarketing Date will constitute "qualified stated interest" and generally will be taxable to a U.S. Holder as ordinary interest income at the time it is accrued or received, in accordance with the U.S. Holder's regular method of tax accounting.

Original Issue Discount. The company does not expect that the Notes will be issued with original issue discount. The Notes will not be treated as issued with original issue discount if (i) their issue price (generally, the first price at which a substantial amount of such Notes has been sold (ignoring sales to bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents, or wholesalers)) is equal to their par value or (ii) the excess (if any) of their par value over their issue price is less than a statutory *de minimus* amount (generally ¼ of 1% of the Notes' par value multiplied by the number of complete years from the date the Notes are issued to the date the Notes are treated as maturing). If the Notes are issued at a discount equal to or greater than the statutory *de minimis* amount, however, the Notes will have original issue discount equal to the excess of their par value over their issue price. For United States federal income tax purposes, a U.S. Holder will be required to include this original issue discount in income as ordinary interest as it accrues under a constant yield method in advance of receipt of the cash payments attributable to such income, regardless of the U.S. Holder's regular method of accounting. In general, the amount of original issue discount included in income by an initial U.S. Holder of Notes issued with original issue discount will be the sum of the daily portions of original issue discount with respect to such Notes for each day during the taxable year (or portion of the taxable year) on which such U.S. Holder held such Notes. The "daily portion" of original issue discount on any Notes is determined by allocating to each day in any accrual period a ratable portion of the original issue discount allocable to that accrual period. An "accrual period" may be of any length and the accrual periods may vary in length over the term of the Notes, provided that each accrual period is no longer than one year and each scheduled payment of principal or interest occurs either on the final day of an accrual period or on the first day of an accrual period. The amount of original issue discount allocable to each accrual period is generally equal to the difference between (i) the product of (x) the Notes' adjusted issue price at the beginning of such accrual period and (y) the yield of the Notes (appropriately adjusted to take into account the length of the particular accrual period) and (ii) the amount of any qualified stated interest payments allocable to such accrual period. The "adjusted issue price" of the Notes at the beginning of any accrual period is the sum of the issue price of the Notes plus the amount of original issue discount allocable to all prior accrual periods minus the amount of any prior payments on the Notes that were not qualified stated interest payments. Under these rules, U.S. Holders generally will have to include in income increasingly greater amounts of original issue discount in successive accrual periods.

A U.S. Holder who purchases a Note with original issue discount for an amount that is greater than the Note's adjusted issue price as of the purchase date and less than or equal to the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, will be considered to have purchased the Note at an "acquisition premium." Under the acquisition premium rules, the amount of original issue discount which such U.S. Holder must include in its gross income with respect to such Note for any taxable year (or portion thereof in which the U.S. Holder holds the Note) will be reduced (but not below zero) by the portion of the acquisition premium properly allocable to the period.

Premium. If a U.S. Holder purchases a Note for an amount that is greater than its par value, such U.S. Holder will be considered to have purchased the Note with "amortizable bond premium" equal in amount to such excess. A U.S. Holder may elect to amortize such premium using a constant yield method over the remaining term of the Note and may offset interest otherwise required to be included in respect of the Note during any taxable year by the amortized amount of such excess for the taxable year.

Disposition of the Notes. Upon the sale, exchange or retirement of a Note, a U.S. Holder generally will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or retirement (other than amounts representing accrued and unpaid interest) and such U.S. Holder's adjusted tax basis in the Note. A U.S. Holder's adjusted tax basis in the Note generally will equal such U.S. Holder's initial investment in the Note increased by any original issue discount included in income and decreased by the amount of any payments, other than qualified stated interest payments, received and amortizable bond premium taken with respect to such Note. Such gain or loss will generally be capital gain or loss and will be long-term gain or loss if the Notes are held by the United States Holder for more than one year. The net long-term capital gain of individuals are generally taxed at lower rates than ordinary income. Capital losses realized on such a disposition may be subject to certain limitiations on deductibility.

Alternative Treatment of the Notes. There can be no assurance that the IRS will agree with, or that a court will uphold, the company's treatment of the Notes as maturing on the Initial REPS Remarketing Date. In particular, the IRS could seek to treat the Notes as maturing on the Stated Maturity. In the event the Notes are treated, for United States federal income tax purposes, as maturing on the Stated Maturity, the IRS could seek to treat the Notes as "contingent payment debt instruments."

In such event, under Treasury regulations governing contingent payment debt instruments (the "Contingent Payment Regulations"), the company would be required to construct a projected payment schedule for the Notes based upon the company's current borrowing costs for comparable debt instruments of the company, from which an estimated yield on the Notes would be calculated. A U.S. Holder would be required (regardless of the holder's usual method of accounting) to include in income as ordinary interest an amount equal to the sum of the daily portions of interest on the Notes that would be deemed to accrue at this estimated yield under this projected payment schedule for each day during the U.S. Holder's taxable year on which the U.S. Holder holds the Notes. The amount of interest that would be deemed to accrue in any accrual period would equal the product of this estimated yield (properly adjusted for the length of the accrual period) and the Notes' adjusted issue price (as defined below) at the beginning of the accrual period. The daily portions of interest would be determined by allocating to each day in the accrual period the ratable portion of the interest that would be deemed to accrue during the accrual period. In general, for these purposes, the Notes' adjusted issue price would equal the Notes' issue price increased by the interest previously accrued on the Notes, and reduced by the amount of any noncontingent payment and the projected amount of any contingent payment previously made on the Notes. To the extent that contingent payments actually made during a year differ from the projected amounts of those contingent payments, adjustments would be made on the Notes which would generally increase or decrease the amount includible in income as interest on the Notes. Nevertheless, as a result of the application of the Contingent Payment Regulations, it is possible that a U.S. Holder would be required to include interest in income in excess of actual cash payments received for certain taxable years.

Under the Contingent Payment Regulations, upon the sale or exchange of a Note (including a sale pursuant to a mandatory tender on the Initial REPS Remarketing Date), a U.S. Holder would be required to recognize taxable income or loss in an amount equal to the difference, if any, between the amount realized by the U.S. Holder upon such sale or exchange and the U.S. Holder's adjusted tax basis in the Note as of the date of disposition. A U.S. Holder's adjusted tax basis in the Note generally would equal such U.S. Holder's initial investment in the Note increased by any interest previously accrued on the Note, and decreased by the amount of any noncontingent payment and the projected amount of any contingent payment previously made on the Note. Any such taxable income generally would be treated as ordinary income. Any such taxable loss generally would be treated as ordinary loss to the extent that the U.S. Holder's total interest inclusions on the Note exceeded the total net negative adjustments on the Note. Any remaining loss generally would be treated as short-term or long-term capital loss (depending upon the U.S. Holder's holding period for the Notes). All amounts includable in income by a U.S. Holder as

ordinary income pursuant to the Contingent Payment Treasury Regulations would be treated as original issue discount.

In addition, the IRS could seek to treat the Notes as "variable rate debt instruments" ("VRDIs"). It is not clear that the Notes would meet the requirements for qualifying as VRDIs even if they were treated as maturing on the Stated Maturity. If the IRS were successful in treating the Notes as VRDIs, the treatment of the Notes could differ from that set forth above in this summary.

Non-U.S. Holders

Payments of Interest. A non-U.S. Holder will not be subject to United States Federal income taxes on payments of principal or interest (including original issue discount and accruals under the Treasury regulations applicable to contingent payment debt obligations, if any) on a Note, provided that such payment is not effectively connected with the conduct of a U.S. trade or business of the holder, and that such non-U.S. Holder does not own actually or constructively 10% or more of the total combined voting power of the company, is not a controlled foreign corporation related to the company through actual or constructive stock ownership and is not a bank receiving interest described in Section 881(c)(3)(A) of the Code. In addition, to qualify for this exemption from taxation, the non-U.S. Holder, or a securities clearing organization, bank, or other financial institution that holds customer securities in the ordinary course of its trade or business and that holds the Notes for the account of such holder, must provide to the last United States payor in the chain of payment prior to payment to the non-U.S. Holder (the "Withholding Agent") required certification of the non-U.S. status of the holder (generally made on an IRS Form W-8 or W-8BEN). New Treasury Regulations have modified the required methods of certification for this exemption effective for payments made on or after January 1, 2001. Accordingly, non-U.S. Holders seeking this exemption may be required to re-certify as to their exempt status at such time.

Disposition of the Notes. Generally, a non-U.S. Holder will not be subject to United States Federal income taxes on any amount which constitutes gain upon retirement or disposition of a Note, provided the gain is not effectively connected with the conduct of a trade or business in the United States by the non-U.S. Holder. Certain other exceptions to this rule for nontaxability (for example, applicable to certain individuals present in the U.S. for 183 or more days in the year of retirement or disposition, or to U.S. expatriates) may be applicable, and a non-U.S. Holder should consult its tax advisor in this regard.

Estate Tax. The Notes will not be includable in the estate of an individual who at the time of death is not a citizen or resident of the United States (or former citizen or former long-term lawful permanent resident subject to taxation under Code Section 2107) unless the individual owns, actually or constructively, 10% or more of the total combined voting power of the company or, at the time of such individual's death, payments in respect of the Notes would have been effectively connected with the conduct by such individual of a trade or business in the United States.

Special rules may be applicable to a non-U.S. Holder if its holding of the Notes is effectively connected with the conduct of a U.S. trade or business of such holder. Non-U.S. Holders who hold the Notes in connection with the conduct of a U.S. trade or business should consult their own tax advisors regarding the U.S. federal income tax consequences to them of the purchase, ownership, or disposition of the Notes.

Information Reporting and Backup Withholding

U.S. Holders. U.S. information reporting requirements may apply to certain payments of principal and interest on the Notes and to the proceeds from the sale, exchange or retirement of the Notes paid to U.S. Holders other than certain exempt recipients (such as corporations). In addition, a 31% backup withholding tax may apply to those amounts if the U.S. Holder fails to furnish the payor with a correct taxpayer identification number, certificate of foreign status, or other required certification or fails to report interest or dividends required to be shown on the holder's federal income tax returns. Backup withholding

is not an additional tax, and amounts withheld as backup withholding will be creditable against the U.S. Holder's federal income tax liability, provided that the required information is furnished to the IRS. As a result of certain newly-issued federal Treasury Regulations which apply for payments made on or after January 1, 2001, it is possible that U.S. Holders of Notes may be required to supply a new withholding certificate in order to qualify for continued exemption from actual withholding under these regulations when they become effective.

Non-U.S. Holders of the Notes should consult their tax advisors regarding the application of information reporting and backup withholding in their particular situations, the availability of exemptions and the procedure for obtaining such exemptions, if available. Any amount withheld from a payment to a Non-U.S. Holder under the backup withholding rules is allowable as a credit against the holder's federal income tax, provided that the required information is furnished to the IRS.

CERTAIN ERISA CONSIDERATIONS

The Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Code impose certain restrictions on (a) employee benefit plans (as defined in Section 3(3) of ERISA), (b) plans described in section 4975(e)(1) of the Code, including individual retirement accounts, qualified plans, and Keogh plans, (c) any entities whose underlying assets include plan assets by reason of a plan's investment in such entities (each a "Plan") and (d) persons who have certain specified relationships to such Plans ("Parties-in-Interest" under ERISA and "Disqualified Persons" under the Code). ERISA also imposes certain duties on persons who are fiduciaries of Plans subject to ERISA and prohibits certain transactions between a Plan and Parties-in-Interest or Disqualified Persons with respect to such Plans.

The company, the Callholder and any Remarketing Agent, because of their activities or the activities of their respective affiliates, may be considered to be Parties-in-Interest or Disqualified Persons with respect to certain Plans. If the Notes are acquired by a Plan with respect to which the company, the Callholder or any Remarketing Agent is, or subsequently becomes, a Party-in-Interest or Disqualified Person, the purchase, holding or sale of Notes to the Callholder could be deemed to be a direct or indirect violation of the Prohibited Transaction rules of ERISA and the Code unless such transaction were subject to one or more statutory or administrative exemptions such as:

- Prohibited Transaction Class Exemption ("PTCE") 75-1, which exempts certain transactions involving employee benefit plans and certain broker-dealers, reporting dealers and banks;
- PTCE 90-1, which exempts certain transactions between insurance company pooled separate accounts and Parties-in-Interest or Disqualified Persons;
- PTCE 91-38, which exempts certain transactions between bank collective investment funds and Parties-in-Interest or Disqualified Persons;
- PTCE 84-14, which exempts certain transactions effected on behalf of a Plan by a "qualified professional asset manager";
- PTCE 95-60, which exempts certain transactions between insurance company general accounts and Parties-in-Interest or Disqualified Persons; or
- PTCE 96-23, which exempts certain transactions effected on behalf of a Plan by an "in-house assets manager."

Even if the conditions specified in one or more of these exemptions are met, the scope of relief provided by these exemptions will not necessarily cover all acts that might be construed as prohibited transactions. Each Purchaser of the Notes will be deemed to have represented that it is not acquiring the Notes for or on behalf, or with the assets, of, and will not sell or otherwise transfer the Notes to, any such Plan, except to the extent such purchase, sale or transfer satisfies the conditions for exemptive relief under one or more PTCE described in the prior paragraph or is to a governmental plan (as defined in Section 3

of ERISA) that is not subject to Title I of ERISA or Section 4975 of the Code or to any similar law, rule or regulation.

Accordingly, prior to making an investment in the Notes, a Plan should determine whether the company, the Callholder or any Remarketing Agent is a Party-in-Interest or Disqualified Person with respect to such Plan and, if so, whether such transaction is subject to one or more statutory or administrative exemptions, including those described above.

Prior to making an investment in the Notes, Plans should consult with their legal advisors concerning the impact of ERISA and the Code and the potential consequences of such investment with respect to their specific circumstances. Moreover, each Plan fiduciary who has the authority to make the investment on behalf of the Plan must determine whether the investment constitutes a direct or indirect transaction with a Party-in-Interest or a Disqualified Person; and whether under the general fiduciary standards of investment prudence and diversification an investment in the Notes is appropriate for the Plan, taking into account the overall investment policy of the Plan and the composition of the Plan's investment portfolio.

UNDERWRITING

Subject to the terms and conditions set forth in a purchase agreement (the "Purchase Agreement") among the company and the Underwriters named below, the company has agreed to sell to each of the Underwriters, and each of the Underwriters has severally agreed to purchase, the principal amounts of the Notes set forth opposite its name below.

Name	Principal Amount of Notes
Morgan Stanley & Co. Incorporated	$ 100,000,000
Chase Securities Inc.	50,000,000
Total	$ 150,000,000

The Purchase Agreement provides that the obligations of the Underwriters are subject to certain conditions precedent. The nature of the underwriting commitment is such that the Underwriters purchasing the Notes will be obligated to purchase all of the Notes if any of the Notes are purchased.

The company has been advised by the Underwriters that the Underwriters propose to offer the Notes to the public initially at the public offering price set forth on the cover page of this prospectus supplement and to certain dealers at such price less a concession of .150% of the principal amount of the Notes. The Underwriters and such dealers may reallow a discount of .125% of such principal amount on sales to certain other dealers. After the initial offering of the Notes, the public offering price and concessions and discounts to dealers may be changed by the Underwriters.

The company does not intend to apply for listing of any of the Notes on a national securities exchange, but has been advised by the Underwriters that they presently intend to make a market in the Notes, as permitted by applicable laws and regulations. The Underwriters are not obligated, however, to make a market in the Notes and any such market-making may be discontinued at any time at the sole discretion of the Underwriters. Accordingly, no assurance can be given as to the liquidity of, or trading markets for, the Notes.

In order to facilitate the offering of the Notes, the Underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the Notes. Specifically, the Underwriters may overallot in connection with the offering, creating a short position in the Notes for their own account. In addition, to cover overallotments or to stabilize the price of the Notes, the Underwriters may bid to stabilize the price of the Notes in the open market. Finally, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or a dealer for distributing the Notes in the offering, if the syndicate repurchases previously distributed Notes in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the Notes above independent market levels. The Underwriters are not required to engage in these activities, and may end any of these activities at any time.

In the ordinary course of their businesses, Morgan Stanley & Co. Incorporated and Chase Securities Inc. and their affiliates have engaged and may in the future engage in investment and commercial banking transactions with the company and certain of its affiliates. Morgan Stanley & Co. Incorporated is the Initial Callholder.

The company has agreed to indemnify the several Underwriters against certain civil liabilities, including liabilities under the Securities Act of 1933.

Tampa Electric Company

Debt Securities

Tampa Electric Company ("Tampa Electric" or the "Company") may offer, from time to time, its unsecured notes, debentures, or other evidence of unsecured indebtedness (the "Debt Securities"), in one or more series, in an aggregate principal amount of up to $200,000,000. Debt Securities may be issued in registered form without coupons or in the form of one or more global securities (each a "Global Security").

When a particular series of Debt Securities is offered, a supplement to this Prospectus will be delivered (each a "Prospectus Supplement") together with this Prospectus setting forth the terms of such Debt Securities, including, where applicable, the specific designation, aggregate principal amount, denominations, maturity, interest rate (which may be fixed or variable) and time of payment of interest, any terms for redemption, any terms for repayment at the option of the holder, any terms for sinking fund payments, the initial public offering price, any listing of the Debt Securities on a securities exchange and other terms in connection with the offering and sale of such Debt Securities.

Tampa Electric may sell Debt Securities to or through dealers or underwriters, directly to other purchasers or through agents. See "PLAN OF DISTRIBUTION." A Prospectus Supplement will set forth the names of such underwriters, dealers or agents, if any, any applicable commissions or discounts and the proceeds to Tampa Electric from such sales.

This Prospectus may not be used to consummate sales of Debt Securities unless accompanied by a Prospectus Supplement applicable to the Debt Securities being sold.

THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION NOR HAS THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION PASSED UPON THE ACCURACY OR ADEQUACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The date of this Prospectus is July 17, 1998.

THE COMPANY

Tampa Electric, a public utility company, is a wholly-owned subsidiary of TECO Energy, Inc. ("TECO"), a diversified energy-related holding company. Tampa Electric generates, purchases, transmits, distributes and sells electric energy for customers within west central Florida and, through its Peoples Gas System division, purchases, distributes and markets natural gas for customers throughout Florida. A more complete description of the business of the Company and its recent activities can be found in the documents listed in "DOCUMENTS INCORPORATED BY REFERENCE." The principal offices of the Company, a Florida corporation, are located at TECO Plaza, 702 North Franklin Street, Tampa, Florida 33602, and its telephone number at such offices is (813) 228-4111.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth the Company's consolidated ratio of earnings to fixed charges for the periods shown.

Three Months Ended March 31, 1998	Twelve Months Ended March 31, 1998	Year Ended December 31,				
		1997	1996(2)	1995(2)	1994(2)	1993(2)
3.44x(1)	4.20x(1)	4.38x	4.40x	4.28x	3.88x(3)	3.81x(4)

For the purposes of calculating this ratio, earnings consist of income before income taxes and fixed charges. Fixed charges consist of interest on indebtedness, amortization of debt premium, the interest component of rentals and preferred stock dividend requirements.

---

(1) Includes the effect of a $9.6-million pretax charge associated with Tampa Electric's ongoing efforts to mitigate the effects of a 1997 Florida Public Service Commission ruling on certain wholesale electric power supply contracts. The effect of this charge was to reduce the ratio of earnings to fixed charges. Had this charge been excluded from the calculation, the ratio of earnings to fixed charges would have been 3.99x and 4.34x for the three- and 12-month periods ended March 31, 1998, respectively.

(2) Amounts have been restated to reflect the merger of Peoples Gas System, Inc. in 1997, with and into the Company.

(3) Includes the effect of a $21.3-million pretax restructuring charge. The effect of this charge was to reduce the ratio of earnings to fixed charges. Had this non-recurring charge been excluded from the calculation, the ratio of earnings to fixed charges would have been 4.23x for the year ended December 31, 1994.

(4) Includes the effect of the non-recurring $10-million pretax charge associated with a coal pricing settlement. The effect of this charge was to reduce the ratio of earnings to fixed charges. Had this non-recurring charge been excluded from the calculation, the ratio of earnings to fixed charges would have been 3.97x for the year ended December 31, 1993.

USE OF PROCEEDS

Tampa Electric intends to add the net proceeds from the sale of the Debt Securities to its general funds, to be used for general corporate purposes, which may include capital expenditures, investment in subsidiaries, working capital, repayment of debt and other business opportunities.

DESCRIPTION OF THE DEBT SECURITIES

The Debt Securities will constitute unsecured debt of the Company and will rank on a parity with all other unsecured and unsubordinated indebtedness of the Company. The Debt Securities will be issued in one or more series under an indenture (the "Indenture") to be dated as of July 1, 1998 between the Company and The Bank of New York, as Trustee (the "Trustee"). The form of the Indenture is filed as an exhibit to the Registration Statement of which this Prospectus is a part. The statements under this heading do not purport to be complete and are subject to the detailed provisions of, and are qualified in their entirety by reference to, the Indenture. Capitalized terms used herein but not defined are used as defined in the Indenture.

General

The Indenture does not limit the aggregate principal amount of the Debt Securities issuable thereunder or of any particular series of Debt Securities. The Debt Securities of any series need not be issued at the same time or bear interest at the same rate or mature on the same date.

Reference is made to the Prospectus Supplement (the "Prospectus Supplement") for the following terms of any particular series of Debt Securities: (i) the title of such Debt Securities; (ii) any limit on the aggregate principal amount of such Debt Securities or the series of which they are a part; (iii) the date or dates on which the principal of any of such Debt Securities will be payable or the method by which such date or dates will be determined; (iv) the rate or rates at which any of such Debt Securities will bear interest, if any, or the method by which such rate or rates will be determined, and the date or dates from which any such interest will accrue; (v) the dates on which any such interest will be payable and the record dates, if any, for any such interest payments; (vi) if applicable, whether the interest payment periods may be extended by the Company and, if so, the permitted duration of any such extensions; (vii) the place or places where the principal of and interest on any of such Debt Securities will be payable; (viii) the obligation, if any, of the Company to redeem or purchase any of such Debt Securities pursuant to any sinking fund, purchase fund or analogous provision or at the option of the Holder thereof and the terms and conditions on which any of such Debt Securities may be redeemed or purchased pursuant to such obligation; (ix) the denominations in which any of such Debt Securities will be issuable, if other than denominations of $1,000 or any integral multiple thereof; (x) the terms and conditions, if any, on which any of such Debt Securities may be redeemed at the option of the Company; (xi) the currency, currencies or currency units in which the principal of and any premium and interest on any of such Debt Securities will be payable, if other than U.S. dollars, and the manner of determining the equivalent thereof in U.S. dollars for any purpose; (xii) whether any of such Debt Securities will be issuable in whole or in part in the form of one or more Global Securities and, if so, the identity of the depositary (the "Depositary") for any such Global Security and any provisions regarding the transfer, exchange or legending of any such Global Security if different from those described below under the caption "Global Securities;" (xiii) any addition to, change in or deletion from the Events of Default or covenants described herein with respect to any of such Debt Securities and any change in the right of the Trustee or the Holders to declare the principal amount of any of such Debt Securities due and payable; (xiv) any index or formula used to determine the amount of principal of or any premium or interest on any of such Debt Securities and the manner of determining any such amounts; (xv) any subordination of such Debt Securities to any other indebtedness of the Company; and (xvi) other material terms of such Debt Securities.

Unless otherwise indicated in the Prospectus Supplement relating thereto, Debt Securities will be issued only in fully registered form, without coupons, in denominations of $1,000 or any integral multiple thereof, and no service charge will be made for any registration of transfer or exchange of Debt Securities, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Unless otherwise indicated in the Prospectus Supplement relating thereto, the principal of and any premium and interest on any Debt Securities will be payable, and such Debt Securities will be exchangeable and transfers thereof will be registrable, at the corporate trust office of The Bank of New York in the City of New York, New York, and payment of any interest due on any Debt Security will be made to the person in whose name such Debt Security is registered at the close of business on the regular record date for such interest.

If the Debt Securities of any series (or any Debt Securities of a specified tenor within any series) are to be redeemed, the Company will not be required to (i) issue, register the transfer of, or exchange any Debt Security of that series (or any Debt Securities of a specified tenor within any series, as the case may be) during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any such Debt Security that may be selected for redemption and ending at the close of business on the day of such mailing or (ii) register the transfer of or exchange any Debt Security so selected for redemption, in whole or in part, except the unredeemed portion of any such Debt Security being redeemed in part.

Debt Securities may be offered and sold at a substantial discount below their principal amount ("Original Issue Discount Securities"). Special United States Federal income tax and other considerations, if any, applicable thereto will be described in the applicable Prospectus Supplement. In addition, certain special Federal income tax or other considerations, if any, applicable to any Debt Securities that are denominated in a currency or currency unit other than U.S. dollars may be described in the applicable Prospectus Supplement.

Except as otherwise described in the applicable Prospectus Supplement, the covenants contained in the Indenture would not afford any Holders of Debt Securities issued thereunder protection in the event of a highly leveraged transaction involving the Company.

Global Securities

Some or all of the Debt Securities of a series may be represented in whole or in part by one or more Global Securities, which will be deposited with or on behalf of one or more Depositaries.

The specific terms of the depositary arrangement with respect to any Debt Securities of a series will be described in the Prospectus Supplement relating thereto. The Company anticipates that the following provisions will apply to all depositary arrangements.

Unless otherwise specified in the Prospectus Supplement relating thereto, Debt Securities that are to be represented by a Global Security or Global Securities to be deposited with or on behalf of a Depositary will be represented by a Global Security or Global Securities registered in the name of such Depositary or its nominee. Upon the issuance of a Global Security in registered form, the Depositary for such Global Security will credit, on its book-entry registration and transfer system, the respective principal amounts of the Debt Securities represented by such Global Security to the accounts of institutions that have accounts with such Depositary or its nominee ("Participants"). The accounts to be credited will be designated by the underwriters or agents of such Debt Securities or by the Company, if such Debt Securities are offered and sold directly by the Company. Ownership of beneficial interests in such Global Securities will be limited to Participants or persons that may hold interests through Participants. Ownership of beneficial interests by Participants in such Global Securities will be shown on, and the transfer of any such ownership interest will be effected only through, records maintained by the Depositary or its nominee for such Global Security. Ownership of beneficial interests in Global Securities by persons that hold through Participants will be effected only through records maintained by such Participants. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a Global Security.

So long as the Depositary for a Global Security, or its nominee, is the registered owner of such Global Security, such Depositary or such nominee, as the case may be, will be considered the sole owner or Holder of the Debt Securities represented by such Global Security for all purposes under the Indenture. Except as set forth below, owners of beneficial interests in the Global Security will not be entitled to have the Debt Securities represented by such Global Security registered in their names, will not receive or be entitled to receive physical delivery of the Debt Securities in definitive form and will not be considered the owners or Holders thereof under the Indenture.

Payment of principal of and any premium and interest on Debt Securities registered in the name of or held by a Depositary or its nominee will be made in immediately available funds to the Depositary or its nominee, as the case may be, as the registered owner or the Holder of the Global Security representing such Debt Securities. None of the Company, the Trustee, any Paying Agent or the Security Registrar for such Debt Securities will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in a Global Security for such Debt Securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

The Company expects that a Depositary for Debt Securities of a series, upon receipt of any payment of principal or any premium or interest in respect of a Global Security, will immediately credit Participants' accounts with payment in amounts proportionate to their respective beneficial interests in the principal amount of such Global Security as shown on the records of such Depositary. The Company also expects that payments by Participants to owners of beneficial interests in such Global Security held through such Participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in "street name," and will be the responsibility of such Participants.

A Global Security may not be transferred in whole or in part except by the Depositary for such Global Security to a nominee of such Depositary or by a nominee of such Depositary to such Depositary or another nominee of such Depositary or by such Depositary or any such nominee to a successor Depositary or a nominee of such successor Depositary. If a Depositary for Debt Securities of a series is at any time unwilling or unable to continue as Depositary and a successor Depositary is not appointed by the Company, the Company will issue Debt Securities in definitive registered form in exchange for the Global Security or Global Securities representing such Debt Securities. In addition, the Company may at any time determine not to have any Debt Securities represented by one or more Global Securities and, in such event, will issue Debt Securities in definitive registered form in exchange for the Global Securities representing such Debt Securities. In any such instance, an owner of a beneficial interest in a Global Security will be entitled to physical delivery in definitive form of Debt Securities of the series represented by such Global Security equal in principal amount to such beneficial interest and to have such Debt Securities registered in its name.

Book-Entry Issuance

The Depository Trust Company ("DTC") will act as securities Depositary for all of the Debt Securities, unless otherwise indicated in the Prospectus Supplement relating to an offering of Debt Securities. Such Debt Securities will be issued only as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One or more fully registered global certificates will be issued for the Debt Securities, representing the aggregate principal balance of such Debt Securities, and will be deposited with the Trustee as custodian for DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that its Participants deposit with DTC. DTC also facilitates the settlement among Participants of

securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. "Direct Participants" include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain custodial relationships with Direct Participants, either directly or indirectly ("Indirect Participants"). The rules applicable to DTC and its Participants are on file with the Commission.

Purchases of Debt Securities within the DTC system must be made by or through Direct Participants, which will receive a credit for the Debt Securities on DTC's records. The ownership interest of each actual purchaser of each Debt Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchases, but Beneficial Owners are expected to receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the Direct or Indirect Participants through which the Beneficial Owners purchased Debt Securities. Transfers of ownership interests in the Debt Securities are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Debt Securities, except in the event that use of the book-entry system for the Debt Securities is discontinued.

To facilitate subsequent transfers, all Debt Securities deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of Debt Securities with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Debt Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts,such Debt Securities are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners and the voting rights of Direct Participants, Indirect Participants and Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices will be sent to Cede & Co. as the registered holder of the Debt Securities. If less than all of the Debt Securities are being redeemed, DTC's current practice is to determine by lot the amount of the interest of each Direct Participant to be redeemed.

Although voting with respect to the Debt Securities is limited to the holders of record of the Debt Securities, in those instances in which a vote is required, neither DTC nor Cede & Co. will itself consent or vote with respect to Debt Securities. Under its usual procedures, DTC would mail an omnibus proxy (the "Omnibus Proxy") to the Trustee as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts such Debt Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payments of principal of and any premium and interest on the Debt Securities will be made by the Trustee to Cede & Co., as DTC's partnership nominee. DTC's practice is to credit Direct Participants' accounts on the relevant payment date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payments on such payment date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices and will be the responsibility of such Participant and not of DTC or the Company, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of distributions to DTC is the

responsibility of the Trustee, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursements of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities Depositary with respect to any of the Debt Securities at any time by giving reasonable notice to the Company. In the event that a successor securities Depositary is not obtained, definitive certificates representing such Debt Securities are required to be printed or delivered. The Company, at its option, may decide to discontinue use of the system of book-entry transfers through DTC (or a successor Depositary).

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Company believes to be accurate, but the Company assumes no responsibility for the accuracy thereof. The Company has no responsibility for the performance by DTC or its Participants of their respective obligations as described herein or under the rules and procedures governing their respective operations.

Redemption

Any terms and conditions for the optional or mandatory redemption of any Debt Securities will be set forth in the applicable Prospectus Supplement. Except as otherwise provided in the applicable Prospectus Supplement, Debt Securities will be redeemable by the Company only upon notice mailed not less than 30 nor more than 60 days prior to the date fixed for redemption.

Consolidation, Merger, Etc.

The Company will not consolidate or merge with or into any other Corporation or Corporations, or convey or transfer its properties and assets as an entirety or substantially as an entirety to any Person, unless (i) the successor or transferee Corporation shall be a Corporation organized and existing under the laws of the United States of America, any State thereof, or the District of Columbia, and the successor or transferee assumes by supplemental indenture the due and punctual payment of the principal of and premium and interest on all the Debt Securities and the performance of every covenant of the Indenture to be performed or observed by the Company; (ii) immediately after giving effect to such consolidation, merger, sale or transfer, no Event of Default, and no event which, after notice or lapse of time, or both, would become an Event of Default, shall have happened and be continuing; and (iii) the Company delivers an Officers' Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent in the Indenture relating to the transaction have been complied with. Upon the assumption by the successor Person of the Company's obligations under the Indenture and the Debt Securities issued thereunder, and the satisfaction of any other condition precedent provided for in such Indenture, the successor Person will succeed to and be substituted for the Company under such Indenture.

Modification and Waiver

The Indenture provides that modifications and amendments thereof may be made by the Company and the Trustee with the consent of the Holders of not less than a majority in aggregate principal amount of the Outstanding Debt Securities of each series affected thereby and 66⅔% in aggregate principal amount of the Outstanding Debt Securities of all series affected thereby; provided, however, that no such modification or amendment may, without the consent of the Holder of each Outstanding Debt Security affected thereby, (a) change the Stated Maturity of the principal of, or any installment of principal of or interest on, any Debt Security; (b) reduce the principal amount of, or any premium or interest on, any Debt Security; (c) reduce the amount of principal of an Original Issue Discount Security payable upon acceleration of the Maturity thereof; (d) change the Place of Payment of, currency of payment of principal of, or premium, if any, or interest on, any Debt Security; (e) impair the right to institute suit for the enforcement of any payment on or with respect to any Debt Security after the Stated Maturity (or, in the

case of redemption, on or after the Redemption Date); or (f) reduce the percentage in principal amount of Outstanding Debt Securities of any series, the consent of the Holders of which is required for modification or amendment of the Indenture, for waiver of compliance with certain provisions of the Indenture or for waiver of certain defaults. Notwithstanding the foregoing, under certain limited circumstances and only upon the fulfillment of certain conditions, modifications and amendments of the Indenture may be made by the Company and the Trustee without the consent of any Holders of the Debt Securities issued thereunder.

The Holders of not less than a majority in aggregate principal amount of the Outstanding Debt Securities of any series may waive any past default under the Indenture with respect to that series except a default in the payment of principal of, or any premium or interest on, any Debt Security of such series or in respect of a covenant or provision under the Indenture which cannot be modified or amended without the consent of the Holder of each Outstanding Debt Security of such series affected thereby.

Events of Default

The following will be Events of Default under the Indenture with respect to Debt Securities of any series issued thereunder (unless inapplicable to the particular series, specifically modified or deleted as a term of such series or otherwise modified or deleted in an indenture supplemental to the Indenture): (a) failure to pay any interest on any Debt Security of that series when due, and such failure has continued for 30 days; (b) failure to pay principal of or premium, if any, on any Debt Security of that series when due; (c) failure to deposit any sinking fund payment in respect of any Debt Security of that series when due, where such failure has continued for 30 days; (d) failure to perform any other covenant of the Company in the Indenture (other than a covenant included in the Indenture solely for the benefit of a series of Debt Securities other than that series), and such failure has continued for 90 days after written notice as provided in the Indenture; (e) certain events of bankruptcy, insolvency or reorganization relating to the Company; and (f) any other Event of Default provided with respect to Debt Securities of that series.

If an Event of Default with respect to Debt Securities of any series at the time Outstanding occurs and is continuing, then the Trustee or the Holders of not less than 25% in principal amount of the Outstanding Debt Securities of that series may, by a notice in writing to the Company (and to the Trustee if given by Holders), declare to be immediately due and payable the principal amount (or, if any Debt Securities of that series are Original Issue Discount Securities, such portion of the principal amount as may be specified in the terms of the series) of all Debt Securities of that series. At any time after such a declaration of acceleration with respect to Debt Securities of any series has been made and before a judgment or decree for payment of the money due has been obtained by the Trustee, the Holders of not less than a majority in principal amount of the Outstanding Debt Securities of that series, by written notice to the Company and the Trustee, may rescind and annul such declaration and its consequences, if (i) the Company has paid or deposited with the Trustee a sum sufficient to pay all overdue interest on the Debt Securities of such series, the principal of and any premium on the Debt Securities of such series which have become due otherwise than by such declaration of acceleration and interest thereon at the rate or rates prescribed therefor in such Debt Securities, interest on overdue interest at the rate or rates prescribed therefor in the Debt Securities of such series (to the extent that payment of such interest is lawful), and all amounts due to the Trustee under the Indenture, and (ii) all Events of Default with respect to the Debt Securities of such series (other than the nonpayment of the principal of the Debt Securities of such series which has become due solely by such declaration of acceleration) have been cured or waived as provided in the Indenture. Reference is made to the Prospectus Supplement relating to any series of Debt Securities which are Original Issue Discount Securities for the particular provisions relating to acceleration of a portion of the principal amount of such Original Issue Discount Securities upon the occurrence of an Event of Default and the continuation thereof.

Subject to the provisions of the Indenture relating to the duties of the Trustee in case an Event of Default occurs and is continuing, the Indenture provides that the Trustee will be under no obligation to

exercise any of its rights or powers under the Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity. Subject to such provisions for security and indemnification of the Trustee and certain other rights of the Trustee, the Holders of a majority in principal amount of the Outstanding Debt Securities of any series have the right to direct the time, method and place of conducting any proceedings for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the Debt Securities of that series.

No Holder of any Debt Security of any series will have any right to institute any proceeding with respect to the Indenture under which such Debt Security was issued or for any remedy thereunder unless such Holder has previously given to the Trustee written notice of a continuing Event of Default with respect to the Debt Securities of that series and unless the Holders of at least 25% in principal amount of the Outstanding Debt Securities of that series have made such written request, and offered reasonable indemnity, to the Trustee to institute such proceeding as trustee under the Indenture, and the Trustee has not received from the Holders of a majority in principal amount of the Outstanding Debt Securities of that series a direction inconsistent with such request and has failed to institute such proceeding within 60 days after receipt of such notice and offer of indemnity. Notwithstanding the foregoing, the Holder of any Debt Security will have an absolute and unconditional right to receive payment of the principal of and any premium and, subject to certain limitations specified in the Indenture, interest on such Debt Security on the Stated Maturity thereof (or, in the case of redemption, on the Redemption Date) and to institute suit for the enforcement of any such payment.

The Company is required to furnish annually to the Trustee a statement signed on behalf of the Company by certain officers of the Company to the effect that to the best of their knowledge the Company is not in default in the performance and observance of any terms, provisions or conditions of the Indenture or, if there has been such a default, specifying each such default and the status thereof.

Satisfaction and Discharge

The Indenture provides that when, among other things, the Company deposits or causes to be deposited with the Trustee, in trust, an amount in money or the equivalent in U.S. Government Obligations (as defined) (or a combination thereof) sufficient to pay and discharge the entire indebtedness on the Debt Securities not previously delivered to the Trustee for cancellation, for the principal (and premium, if any) and interest to the date of the deposit or to the Stated Maturity or earlier Redemption Date for Debt Securities that have been, or by an irrevocable instruction delivered by the Company to the Trustee will be, called for redemption, as the case may be, then the Indenture will cease to be of further effect (except as to the Company's obligations to compensate, reimburse and indemnify the Trustee pursuant to the Indenture and certain other obligations), and the Company will be deemed to have satisfied and discharged the Indenture.

Defeasance

Unless otherwise provided in the Prospectus Supplement for a series of Debt Securities, the Company may cause itself (subject to the terms of the Indenture) to be discharged from any and all obligations with respect to any Debt Securities or series of Debt Securities (except for certain obligations to register the transfer or exchange of such Debt Securities, to replace such Debt Securities if stolen, lost or mutilated, to maintain paying agencies and to hold money for payment in trust) on and after the date the conditions set forth in the Indenture are satisfied. Such conditions include the deposit with the Trustee, in trust for such purpose, of money and/or U.S. Government Obligations (as such term is defined in the Indenture), which through the scheduled payment of principal and interest in respect thereof in accordance with their terms will provide money in an amount sufficient to pay the principal of and any premium and interest on such Debt Securities on the Stated Maturity of such payments or upon redemption, as the case may be, in accordance with the terms of the Indenture and such Debt Securities.

Under current Federal income tax law, the Defeasance contemplated in the preceding paragraphs would be treated as a taxable exchange of the relevant Debt Securities in which Holders of Debt Securities would recognize gain or loss. In addition, thereafter, the amount, timing and character of amounts that Holders would be required to include in income might be different from that which would be includable in the absence of such Defeasance. Prospective investors are urged to consult their own tax advisors as to the specific consequences of a Defeasance, including the applicability and effect of tax laws other than the Federal income tax law.

Concerning The Trustee

The Trustee is The Bank of New York, which maintains banking relationships with the Company in the ordinary course of business and serves as trustee under other indentures of the Company and certain of its affiliates.

Governing Law

The Indenture and the Debt Securities shall be governed by and construed in accordance with the laws of the State of New York.

PLAN OF DISTRIBUTION

The Company may sell the Debt Securities (i) directly to purchasers, (ii) to or through underwriters or dealers, (iii) through agents, or (iv) through a combination of such methods. A Prospectus Supplement with respect to a particular series of Debt Securities will set forth the terms of the offering of such Debt Securities, including the following: name or names of any underwriters, dealers or agents; the purchase price of such Debt Securities and the proceeds to the Company from such sale; underwriting discounts and commissions; and any initial public offering price and any discounts or concessions allowed or reallowed or paid to dealers.

If underwriters are used in the sale, the Debt Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The Debt Securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. In connection with the sale of Debt Securities, underwriters may receive compensation from the Company in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the Debt Securities for whom they may act as agent. Underwriters may sell the Debt Securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Unless otherwise set forth in the Prospectus Supplement relating thereto, the obligations of any underwriters to purchase the Debt Securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all such Debt Securities if any are purchased.

If dealers are utilized in the sale of the Debt Securities, the Company will sell such Debt Securities to the dealers as principals. The dealer may then resell such Debt Securities to the public at varying prices to be determined by such dealer at the time of resale. Any such dealer, who may be deemed to be an underwriter as that term is defined in the Securities Act, involved in the offer or sale of Debt Securities will be named, and any commissions or discounts granted by the Company to such dealer set forth, in the applicable Prospectus Supplement.

If agents are used in the sales of the Debt Securities, offers to purchase the Debt Securities may be solicited by such agents from time to time. Any such agent, who may be deemed to be an underwriter as that term is defined in the Securities Act, involved in the offer or sale of the Debt Securities will be named, and any commissions payable by the Company to such agent set forth, in the applicable Prospectus Supplement. Any such agent will be acting on a reasonable effort basis for the period of its appointment or, if indicated in the applicable Prospectus Supplement, on a firm commitment basis.

Debt Securities also may be sold directly by the Company to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale thereof. The terms of any such sales will be described in the Prospectus Supplement relating thereto.

If so indicated in the Prospectus Supplement, the Company will authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase Debt Securities from the Company at the public offering price set forth in the Prospectus Supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. Such contracts will be subject only to those conditions set forth in the Prospectus Supplement, and the Prospectus Supplement will set forth the commission payable for solicitation of such contracts.

Agents, dealers and underwriters may be entitled under agreements with the Company to indemnification against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which such agents, dealers or underwriters may be required to make in respect thereof. Agents, dealers and underwriters may engage in transactions with, or perform services for, the Company or TECO for customary compensation.

Debt Securities may also be offered and sold, if so indicated in the applicable Prospectus Supplement, in connection with a remarketing upon their purchase, in accordance with their terms, by one or more firms ("remarketing firms"), acting as principals for their own accounts or as agents for the Company. Any remarketing firm will be identified and the terms of its agreement, if any, with the Company will be described in the applicable Prospectus Supplement. Remarketing firms may be entitled to indemnification by the Company against certain liabilities, including liabilities under the Securities Act, and may engage in transactions with or perform services for the Company or TECO for customary compensation.

Any Debt Securities will be a new issue of securities with no established trading market. No assurance can be given that there will be a market for the Debt Securities of any particular series, or that if such market does develop, that it will continue to provide holders of such Debt Securities with liquidity for such investment or will continue for the duration such Debt Securities are outstanding.

The anticipated date of delivery of the Debt Securities will be set forth in the Prospectus Supplement relating to each offering.

LEGAL MATTERS

The validity of the Debt Securities will be passed upon for the Company by Palmer & Dodge LLP, Boston, Massachusetts. Certain legal matters in connection with the validity of the Debt Securities may be passed upon for any underwriters, agents or dealers by Ropes & Gray, Boston, Massachusetts.

Any certificate or opinion of any officer of the Company may be based, insofar as it relates to legal matters, upon a certificate or opinion of, or representations by, Counsel, unless such officer knows, or in the exercise of reasonable care should know, that the certificate or opinion or representations with respect to the matters upon which his certificate or opinion is based are erroneous. Where any Person is required to make, give or execute two or more applications, requests, consents, certificates, statements, opinions or other instruments under this Indenture, they may, but need not, be consolidated and form one instrument.

Section 104. Acts of Holders.

(a) Any request, demand, authorization, direction, notice, consent, waiver or other action provided by this Indenture to be given or taken by Holders may be embodied in and evidenced by one or more instruments of substantially similar tenor signed by such Holders in person or by an agent duly appointed in writing; and, except as herein otherwise expressly provided, such action shall become effective when such instrument or instruments are delivered to the Trustee and, where it is hereby expressly required, to the Company. Such instrument or instruments (and the action embodied therein and evidenced thereby) are herein sometimes referred to as the "Act" of the Holders signing such instrument or instruments. Proof of execution of any such instrument or of a writing appointing any such agent shall be sufficient for any purpose of this Indenture and (subject to Section 601) conclusive in favor of the Trustee and the Company, if made in the manner provided in this Section.

(b) The fact and date of the execution by any Person of any such instrument or writing may be proved by the affidavit of a witness of such execution or by a certificate of a notary public or other officer authorized by law to take acknowledgments of deeds, certifying that the individual signing such instrument or writing acknowledged to him the execution thereof. Where such execution is by a signer acting in a capacity other than his individual capacity, such certificate or affidavit shall also constitute sufficient proof of his authority. The fact and date of the execution of any such instrument or writing, or the authority of the Person executing the same, may also be proved in any other manner which the Trustee deems sufficient.

(c) The ownership of Securities shall be proved by the Security Register.

(d) Any request, demand, authorization, direction, notice, consent, waiver or other Act of the Holder of any Security shall bind every future Holder of the same Security and the Holder of every Security issued upon the registration of transfer thereof or in exchange therefor or in lieu thereof in respect of anything done, omitted or suffered to be done by the Trustee, the Company in reliance thereon, whether or not notation of such action is made upon such Security or such other Security.

Section 105. Notices, Etc., to Trustee or Company.

Any request, demand, authorization, direction, notice, consent, waiver or Act of Holders or other document provided or permitted by this Indenture to be made upon, given or furnished to, or filed with,

(1) the Trustee by any Holder or the Company shall be sufficient for every purpose hereunder if made, given, furnished or filed in writing to or with the Trustee at Towermarc Plaza, 2nd Floor, 10161 Centurion Parkway, Jacksonville, FL 32256, or at any other address that the Trustee previously furnished in writing to the Person giving such notice, or

(2) the Company by the Trustee or by any Holder shall be sufficient for every purpose hereunder (unless otherwise herein expressly provided) if in writing and mailed, first-class postage prepaid, to the Company addressed to it at the address of its office specified in the first paragraph of this instrument or at any other address previously furnished in writing to the Trustee by the Company.

Section 106. Notice to Holders; Waiver.

Where this Indenture provides for notice to Holders of any event, such notice shall be sufficiently given (unless otherwise herein expressly provided) if in writing and mailed, first-class postage prepaid, to each Holder affected by such event, at his address as it appears in the Security Register, not later than the latest date, and not earlier than the earliest date, prescribed for the giving of such notice. In any case where notice to Holders is given by mail, neither the failure to mail such notice, nor any defect in any notice so mailed, to any particular Holder shall affect the sufficiency of such notice with respect to other Holders. Where this Indenture provides for notice in any manner, such notice may be waived in writing by the Person entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of

such notice. Waivers of notice by Holders shall be filed with the Trustee, but such filing shall not be a condition precedent to the validity of any action taken in reliance upon such waiver.

In case by reason of the suspension of regular mail service or by reason of any other cause it shall be impracticable to give such notice by mail, then such notification as shall be made with the approval of the Trustee shall constitute a sufficient notification for every purpose hereunder.

Section 107. Conflict with Trust Indenture Act.

If any provision hereof limits, qualifies or conflicts with another provision hereof that is required to be included in this Indenture by any of the provisions of the Trust Indenture Act, such required provision shall control.

Section 108. Effect of Headings and Table of Contents.

The Article and Section headings herein and the Table of Contents are for convenience only and shall not affect the construction hereof.

Section 109. Successors and Assigns.

All covenants and agreements in this Indenture by the Company shall bind its successors and assigns, whether so expressed or not.

Section 110. Separability Clause.

In case any provision in this Indenture or in the Securities shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Section 111. Benefits of Indenture.

Nothing in this Indenture or in the Securities, express or implied, shall give to any Person, other than the parties hereto and their successors hereunder and the Holders, any benefit or any legal or equitable right, remedy or claim under this Indenture.

Section 112. Governing Law.

This Indenture and the Securities shall be governed by and construed in accordance with the laws of the State of New York.

Section 113. Legal Holidays.

Except as otherwise provided for in the Securities of any Series, in any case where any Interest Payment Date, Redemption Date or Stated Maturity of any Security shall not be a Business Day at any Place of Payment, then payment of interest or principal (and premium, if any) need not be made at such Place of Payment on such date, but may be made on the next succeeding Business Day at such Place of Payment with the same force and effect as if made on

the Interest Payment Date or Redemption Date, or at the Stated Maturity, *provided* that no interest shall accrue for the period from and after such Interest Payment Date, Redemption Date or Stated Maturity, as the case may be.

ARTICLE TWO

If the form of Securities of any series of such Securities is established by action taken pursuant to a Board Resolution, a copy of an appropriate record of such action shall be certified by the Secretary or an Assistant Secretary of the Company and delivered to the Trustee at or prior to the delivery of the Company Order contemplated by Section 303 for the authentication and delivery of such Securities.

The Trustee's certificates of authentication shall be in substantially the form set forth in this Article.

To the extent permitted by law, any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of (and premium, if any) and interest on this Security at the times, place and rate, and in the coin or currency, herein prescribed.

As provided in the Indenture and subject to certain limitations therein set forth, Securities of this series are exchangeable for a like aggregate principal amount of Securities of this series and of like tenor of a different authorized denomination, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Prior to due presentment of this Security for registration of transfer, the Company or the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

Section 302. Denominations.

The Securities of each series shall be issuable in registered form without coupons in such denominations as shall be specified as contemplated by Section 301. In the absence of any such provisions with respect to the Securities of any series, the Securities of such series shall be issuable in denominations of $1,000 and any integral multiple thereof.

Section 303. Execution, Authentication, Delivery and Dating.

The Securities shall be executed on behalf of the Company by its Chairman of the Board, its President or one of its Vice Presidents. The signature of any of these officers on the Securities may be manual or facsimile.

Securities bearing the manual or facsimile signatures of individuals who were at any time the proper officers of the Company shall bind the Company, notwithstanding that such individuals or any of them have ceased to hold such offices prior to the authentication and delivery of such Securities or did not hold such offices at the date of such Securities.

At any time and from time to time after the execution and delivery of this Indenture, the Company may deliver Securities of any series executed by the Company to the Trustee for authentication, together with a Company Order for the authentication and delivery of such Securities; and the Trustee in accordance with such Company Order shall authenticate and make available for delivery such Securities. If the form or terms of the Securities of the series have been established in or pursuant to one or more Board Resolutions as permitted by Sections 201 and 301, in authenticating such Securities, and accepting the additional responsibilities under this Indenture in relation to such Securities, the Trustee shall be entitled to receive, and (subject to Section 601) shall be fully protected in relying upon:

(a) a copy of the resolution or resolutions of the Board of Directors in or pursuant to which the terms and form of the Securities were established, certified by the Secretary or an Assistant Secretary of the Company to have been duly adopted by the Board of Directors and to be in full force and effect as of the date of such certificate, and if the terms and form of such Securities are established by an Officers' Certificate pursuant to general authorization of the Board of Directors, such Officers' Certificate;

(c) an Officers' Certificate and Opinion of Counsel delivered in accordance with Section 102; and

(2) if the terms of any of such Securities have been established by or pursuant to Board Resolution as permitted by Section 301, that such terms have been established in conformity with the provisions of this Indenture; and

(3) that such Securities, when authenticated and delivered by the Trustee and issued by the Company in the manner and subject to any conditions specified in such Opinion of Counsel, will constitute valid and legally binding obligations of the Company, enforceable in accordance with their terms, subject to bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and

similar laws of general applicability relating to or affecting the enforcement of creditors' rights and to general equity principles.

Notwithstanding that such form or terms have been so established, the Trustee shall not be required to authenticate such Securities if the issue of such Securities pursuant to this Indenture would adversely affect the Trustee's own rights, duties or immunities under the Securities and this Indenture or otherwise in a manner that is not reasonably acceptable to the Trustee.

Notwithstanding the provisions of Section 301 and of the preceding paragraph, if all Securities of a series are not to be originally issued at one time, it shall not be necessary to deliver the Officers' Certificate otherwise required pursuant to Section 301 or the Company Order and Opinion of Counsel otherwise required pursuant to such preceding paragraph at or prior to the time of authentication of each Security of such series if such documents are delivered at or prior to the time of authentication upon original issuance of the first Security of such series to be issued.

Each Security shall be dated the date of its authentication.

No Security shall be entitled to any benefit under this Indenture or be valid or obligatory for any purpose unless there appears on such Security a certificate of authentication substantially in the form provided for herein executed by the Trustee by manual signature, and such certificate upon any Security shall be conclusive evidence, and the only evidence, that such Security has been duly authenticated and delivered hereunder and is entitled to the benefits of this Indenture. Notwithstanding the foregoing, if any Security shall have been authenticated and delivered hereunder but never issued and sold by the Company, and the Company shall deliver such Security to the Trustee for cancellation as provided in Section 309 together with a written statement (which need not comply with Section 102 and need not be accompanied by an Opinion of Counsel) stating that such Security has never been issued and sold by the Company, for all purposes of this Indenture such Security shall be deemed never to have been authenticated and delivered hereunder and shall never be entitled to the benefits of this Indenture.

Section 304. Temporary Securities.

Pending the preparation of definitive Securities of any series, the Company may execute, and upon Company Order from the Company, the Trustee shall authenticate and make available for delivery, temporary Securities which are printed, lithographed, typewritten, mimeographed or otherwise produced, in any authorized denomination, substantially of the tenor of the definitive Securities in lieu of which they are issued, with such appropriate insertions, omissions, substitutions and other variations as the officers executing such Securities may determine, as evidenced by their execution of such Securities.

If temporary Securities of any series are issued, the Company will cause definitive Securities of that series to be prepared without unreasonable delay. After the preparation of definitive Securities of such series, the temporary Securities of such series shall be exchangeable for definitive Securities of such series upon surrender of the temporary Securities of such series at the office or agency of the Company in a Place of Payment for that series, without charge to the Holder. Upon surrender for cancellation of any one or more temporary Securities of any

series the Company shall execute and the Trustee shall authenticate and make available for delivery in exchange therefor a like principal amount of definitive Securities of the same series and of like tenor, of authorized denominations. Until so exchanged the temporary Securities of any series shall in all respects be entitled to the same benefits under this Indenture as definitive Securities of such series.

Section 305. Registration, Registration of Transfer and Exchange.

The Company shall cause to be kept at the Corporate Trust Office of the Trustee a register (the register maintained in such office and in any other office or agency of the Company in a Place of Payment being herein sometimes collectively referred to as the "Security Register") in which, subject to such reasonable regulations as it may prescribe, the Company shall provide for the registration of Securities and of transfers of Securities. Unless the Company has appointed an agent other than the Trustee as "Security Registrar", the Trustee is hereby appointed "Security Registrar" for the purpose of registering Securities and transfers of Securities as herein provided.

Upon surrender for registration of transfer of any Security of any series at the office or agency in a Place of Payment for that series, the Company shall execute, and the Trustee shall authenticate and make available for delivery, in the name of the designated transferee or transferees, one or more new Securities of the same series, of any authorized denominations and of a like aggregate principal amount and tenor.

At the option of the Holder, Securities of any series may be exchanged for other Securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor, upon surrender of the Securities to be exchanged at such office or agency. Whenever any Securities are so surrendered for exchange, the Company shall execute, and the Trustee shall authenticate and make available for delivery, the Securities which the Holder making the exchange is entitled to receive.

All Securities issued upon any registration of transfer or exchange of Securities shall be the valid obligations of the Company evidencing the same debt, and entitled to the same benefits under this Indenture, as the Securities surrendered upon such registration of transfer or exchange.

Every Security presented or surrendered for registration of transfer or for exchange shall (if so required by the Company or the Trustee) be duly endorsed, or be accompanied by a written instrument of transfer in form satisfactory to the Company and the Security Registrar duly executed, by the Holder thereof or his attorney duly authorized in writing.

No service charge shall be made for any registration of transfer or exchange of Securities, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any registration of transfer or exchange of Securities, other than exchanges pursuant to Section 304, 906 or 1107 not involving any transfer.

The Company shall not be required (i) to issue, register the transfer of or exchange Securities of any series during a period beginning at the opening of business 15 days before the day of the mailing of a notice of redemption of Securities of that series selected for redemption

under Section 1103 and ending at the close of business on the day of such mailing, or (ii) to register the transfer of or exchange any Security so selected for redemption in whole or in part, except the unredeemed portion of any Security being redeemed in part.

Notwithstanding the foregoing, any Global Security shall be exchangeable pursuant to this Section 305 for Securities registered in the names of Persons other than the Depositary for such Security or its nominee only if (i) such Depositary notifies the Company that it is unwilling or unable to continue as Depositary for such Global Security or if at any time such Depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, at a time when such Depository is requested to be so registered in order to act as Depositary, (ii) the Company executes and delivers to the Trustee a Company Order that such Global Security shall be so exchangeable or (iii) there shall have occurred and be continuing an Event of Default with respect to the Securities. Any Global Security that is exchangeable pursuant to the preceding sentence shall be exchangeable for Securities registered in such names as such Depositary shall direct.

Notwithstanding any other provision in this Indenture, a Global Security may not be transferred except as a whole by the Depositary with respect to such Global Security to a nominee of such Depositary or by a nominee of such Depositary to such Depositary or another nominee of such Depositary.

Section 306. Mutilated, Destroyed, Lost and Stolen Securities.

If any mutilated Security is surrendered to the Trustee, the Company shall execute and the Trustee shall authenticate and make available for delivery in exchange therefor a new Security of the same series and of like tenor and principal amount and bearing a number not contemporaneously outstanding.

If there shall be delivered to the Company and the Trustee (i) evidence to their satisfaction of the destruction, loss or theft of any Security and (ii) such security or indemnity as may be required by them to save each of them and any agent of any of them harmless, then, in the absence of notice to the Company or the Trustee that such Security has been acquired by a bona fide purchaser, the Company shall execute and upon its request the Trustee shall authenticate and make available for delivery, in lieu of any such destroyed, lost or stolen Security, a new Security of the same series and of like tenor and principal amount and bearing a number not contemporaneously outstanding.

In case any such mutilated, destroyed, lost or stolen Security has become or is about to become due and payable, the Company in its discretion may, instead of issuing a new Security, pay such Security.

Upon the issuance of any new Security under this Section, the Company may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) connected therewith.

Every new Security of any series issued pursuant to this Section in lieu of any destroyed, lost or stolen Security shall constitute an original additional contractual obligation of the

Company, whether or not the destroyed, lost or stolen Security shall be at any time enforceable by anyone, and shall be entitled to all the benefits of this Indenture equally and proportionately with any and all other Securities of that series duly issued hereunder.

The provisions of this Section are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Securities.

Section 307. Payment of Interest; Interest Rights Reserved.

Unless otherwise provided as contemplated by Section 301 with respect to any series of Securities, interest on any Security that is payable, and is punctually paid or duly provided for, on any Interest Payment Date shall be paid to the Person in whose name that Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such interest.

Any interest on any Security of any series that is payable, but is not punctually paid or duly provided for, on any Interest Payment Date (herein called "Defaulted Interest") shall forthwith cease to be payable to the Holder entitled to such interest by virtue of having been such Holder, and such Defaulted Interest may be paid by the Company, at its election in each case, as provided in Clause (1) or (2) below:

(1) The Company may elect to make payment of any Defaulted Interest to the Persons in whose names the Securities of such series (or their respective Predecessor Securities) are registered at the close of business on a Special Record Date for the payment of such Defaulted Interest, which shall be fixed in the following manner. The Company shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid on each Security of such series and the date of the proposed payment, and at the same time the Company shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Persons entitled to such Defaulted Interest as in this Clause provided. Thereupon the Trustee shall fix a special record date (the "Special Record Date") for the payment of such Defaulted Interest which shall be not more than 15 days and not less than 10 days prior to the date of the proposed payment and not less than 10 days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Company of such Special Record Date and, in the name and at the expense of the Company, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first-class postage prepaid, to each Holder of Securities of such series at his address as it appears in the Security Register, not less than 10 days prior to such Special Record Date. Notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor having been so mailed, such Defaulted Interest shall be paid to the Persons in whose names the Securities of such series (or their respective Predecessor Securities) are registered at the close of business on such Special Record Date and shall no longer be payable pursuant to the following Clause (2).

(2) The Company may make payment of any Defaulted Interest on the Securities of any series in any other lawful manner not inconsistent with the requirements of any securities exchange on which such Securities may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Company to the Trustee of the proposed payment pursuant to this Clause, such manner of payment shall be deemed practicable by the Trustee.

Subject to the foregoing provisions of this Section, each Security delivered under this Indenture upon registration of transfer of or in exchange for or in lieu of any other Security shall carry the rights to interest accrued and unpaid, and to accrue, that were carried by such other Security.

Section 308. Persons Deemed Owners.

Prior to due presentment of a Security for registration of transfer, the Company, the Trustee and any agent of the Company may treat the Person in whose name such Security is registered as the owner of such Security for the purpose of receiving payment of principal of (and premium, if any) and (subject to Section 307) interest on such Security and for all other purposes whatsoever, whether or not such Security be overdue, and neither the Company, the Trustee nor any agent of the Company or the Trustee shall be affected by notice to the contrary.

Section 309. Cancellation.

All Securities surrendered for payment, redemption, registration of transfer or exchange or for credit against any sinking fund payment shall, if surrendered to any Person other than the Trustee, be delivered to the Trustee and shall be promptly cancelled by it. The Company may at any time deliver to the Trustee for cancellation any Securities previously authenticated and delivered hereunder which the Company may have acquired in any manner whatsoever, and may deliver to the Trustee (or to any other Person for delivery to the Trustee) for cancellation any Securities previously authenticated hereunder which the Company has not issued and sold and all Securities so delivered shall be promptly cancelled by the Trustee. No Securities shall be authenticated in lieu of or in exchange for any Securities cancelled as provided in this Section, except as expressly permitted by this Indenture. All cancelled Securities held by the Trustee shall be returned to the Company.

Section 310. Computation of Interest.

Except as otherwise specified as contemplated by Section 301 for Securities of any series, interest on the Securities of each series shall be computed on the basis of a 360-day year of twelve 30-day months.

ARTICLE FOUR
Satisfaction and Discharge

Section 401. Satisfaction and Discharge of Indenture.

This Indenture shall upon Company Request cease to be of further effect (except as to any surviving rights of registration of transfer or exchange of Securities herein expressly

provided for), and the Trustee, on the demand of and at the expense of the Company, shall execute proper instruments acknowledging satisfaction and discharge of this Indenture, when

(1) either

(A) all Securities theretofore authenticated and delivered (other than (i) Securities which have been destroyed, lost or stolen and which have been replaced or paid as provided in Section 306 and (ii) Securities for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Company and thereafter repaid to the Company or discharged from such trust, as provided in Section 1003) have been delivered to the Trustee for cancellation; or

(B) the Company has deposited or caused to be deposited with the Trustee as trust funds in trust for the purpose (A) money in an amount, or (B) U.S. Government Obligations which through the scheduled payment of principal and interest in respect thereof in accordance with their terms will provide, not later than one day before the due date of any payment, money in an amount, or (C) a combination thereof, sufficient, in the opinion of a nationally recognized firm of independent public accountants or a nationally recognized investment banking firm acceptable to the Company expressed in a written certification thereof delivered to the Trustee, to pay and discharge the entire indebtedness on such Securities not theretofore delivered to the Trustee for cancellation, for principal (and premium, if any) and interest to the date of such deposit (in the case of Securities which have become due and payable) or to the Stated Maturity or earlier Redemption Date (in the case of Securities that have been, or by an irrevocable instruction delivered by the Company to the Trustee will be, called for redemption), as the case may be;

(2) the Company has paid or caused to be paid all other sums payable hereunder by the Company; and

(3) the Company has delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that all conditions precedent herein provided for relating to the satisfaction and discharge of this Indenture have been complied with.

Notwithstanding the satisfaction and discharge of this Indenture, the obligations of the Company to the Trustee under Section 607, the obligations of the Trustee to any Authenticating Agent under Section 614 and, if money shall have been deposited with the Trustee pursuant to subclause (B) of clause (1) of this Section, the obligations of the Trustee under Section 402 and the last paragraph of Section 1003 shall survive.

Section 402. Application of Trust Money.

Subject to provisions of the last paragraph of Section 1003, all money and U.S. Government Obligations deposited with the Trustee pursuant to Sections 401 or 1302 and all money received by the Trustee in respect of U.S. Government Obligations deposited with the Trustee pursuant to Sections 401 or 1302, shall be held in trust and applied by it, in accordance with the provisions of the Securities and this Indenture, to the payment, either directly or through any Paying Agent (including the Company acting as Paying Agent) as the Trustee may

determine, to the Persons entitled thereto, of the principal (and premium, if any) and interest for which payment such money has been deposited with or received by the Trustee as contemplated by Section 401 and Section 1302.

ARTICLE FIVE
Remedies

Section 501. Events of Default.

"Event of Default," wherever used herein with respect to Securities of any series, means any one of the following events (whatever the reason for such Event of Default and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

(1) default in the payment of any interest upon any Security of that series when it becomes due and payable, and continuance of such default for a period of 30 days; or

(2) default in the payment of the principal of (or premium, if any, on) any Security of that series at its Maturity; or

(3) default in the deposit of any sinking fund payment, when and as due by the terms of a Security of that series and continuance of such default for a period of 30 days; or

(4) default in the performance, or breach, of any covenant or warranty of the Company in this Indenture (other than a covenant or warranty a default in whose performance or whose breach is elsewhere in this Section specifically dealt with or which has expressly been included in this Indenture solely for the benefit of series of Securities other than that series), and continuance of such default or breach for a period of 90 days after there has been given, by registered or certified mail, to the Company by the Trustee or to the Company and the Trustee by the Holders of at least 25% in principal amount of the Outstanding Securities of that series a written notice specifying such default or breach and requiring it to be remedied and stating that such notice is a "Notice of Default" hereunder; or

(5) the entry by a court having jurisdiction in the premises of (A) a decree or order for relief in respect of the Company in an involuntary case or proceeding under any applicable Federal or State bankruptcy, insolvency, reorganization or other similar law or (B) a decree or order adjudging the Company a bankrupt or insolvent, or approving as properly filed a petition seeking reorganization, arrangement, adjustment or composition of or in respect of the Company under any applicable Federal or State law, or appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator or other similar official of the Company or of any substantial part of its property, or ordering the winding up or liquidation of its affairs, and the continuance of any such decree or order for relief or any such other decree or order unstayed and in effect for a period of 60 consecutive days; or

(6) the commencement by the Company of a voluntary case or proceeding under any applicable Federal or State bankruptcy, insolvency, reorganization or other similar law or of any

other case or proceeding to be adjudicated a bankrupt or insolvent, or the consent by it to the entry of a decree or order for relief in respect of the Company in an involuntary case or proceeding under any applicable Federal or State bankruptcy, insolvency, reorganization or other similar law or to the commencement of any bankruptcy or insolvency case or proceeding against it, or the filing by it of a petition or answer or consent seeking reorganization or relief under any applicable Federal or State law, or the consent by it to the filing of such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee, sequestrator or similar official of the Company or of any substantial part of its property, or the making by the Company of an assignment for the benefit of creditors, or the admission by the Company in writing of its inability to pay its debts generally as they become due, or the taking of corporate action by the Company in furtherance of any such action; or

(7) any other Event of Default provided with respect to Securities of that series.

Subject to the provisions of Section 601 hereof, the Trustee shall not be deemed to have knowledge of an Event of Default hereunder (except for those described in paragraphs (1) through (3) above) unless a Responsible Officer has received written notice thereof.

Upon receipt by the Trustee of any Notice of Default pursuant to this Section 501 with respect to Securities of a series all or part of which is represented by a Global Security, a record date shall be established for determining Holders of Outstanding Securities of such series entitled to join in such Notice of Default, which record date shall be at the close of business on the day the Trustee receives such Notice of Default. The Holders as of such record date, or their duly designated proxies, and only such Persons, shall be entitled to join in such Notice of Default, whether or not such Holders remain Holders after such record date; *provided*, that unless holders of at least 25% in principal amount of the Outstanding Securities of such series, or their proxies, shall have joined in such Notice of Default prior to the day which is 90 days after such record date, such Notice of Default shall automatically and without further action by any Holder be canceled and of no further effect. Nothing in this paragraph shall prevent a Holder, or a proxy of a Holder, from giving, after expiration of such 90-day period, a new Notice of Default identical to a Notice of Default which has been cancelled pursuant to the proviso to the preceding sentence, in which event a new record date shall be established pursuant to the provisions of this Section 501.

Section 502. Acceleration of Maturity; Rescission and Annulment.

If an Event of Default (other than an Event of Default specified in Section 501(5) or 501(6)) with respect to Securities of any series at the time Outstanding occurs and is continuing, then and in every such case the Trustee or the Holders of not less than 25% in principal amount of the Outstanding Securities of that series may declare the principal amount (or, if any of the Securities of that series are Original Issue Discount Securities, such portion of the principal amount of such Securities as may be specified in the terms thereof) of all of the Securities of that series to be due and payable immediately, by a notice in writing to the Company (and to the Trustee if given by Holders), and upon any such declaration such principal amount (or specified amount) shall become immediately due and payable. If an Event of Default specified in Section 501(5) or 501(6) with respect to Securities of any series at the time Outstanding occurs, the principal amount of all the Securities of that series (of, if any Securities

of that series are Original Issue Discount Securities, such portion of the principal amount of such Securities as may be specified by the terms thereof) shall automatically, and without any declaration or other action on the part of the Trustee or any Holder, become immediately due and payable.

At any time after such a declaration of acceleration with respect to Securities of any series has been made and before a judgment or decree for payment of the money due has been obtained by the Trustee as hereinafter in this Article provided, the Holders of a majority in principal amount of the Outstanding Securities of that series, by written notice to the Company and the Trustee, may rescind and annul such declaration and its consequences if

(1) the Company has paid or deposited with the Trustee a sum sufficient to pay

(A) all overdue interest on all Securities of that series,

(B) the principal of (and premium, if any, on) any Securities of that series which have become due otherwise than by such declaration of acceleration and interest thereon at the rate or rates prescribed therefor in such Securities,

(C) to the extent that payment of such interest is lawful, interest upon overdue interest at the rate or rates prescribed therefor in such Securities, and

(D) all sums paid or advanced by the Trustee hereunder and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and Counsel;

and

(2) all Events of Default with respect to Securities of that series, other than the non-payment of the principal of Securities of that series which have become due solely by such declaration of acceleration, have been cured or waived as provided in Section 513.

No such rescission shall affect any subsequent default or impair any right consequent thereon.

Upon receipt by the Trustee of written notice declaring such an acceleration, or rescission and annulment thereof, with respect to Securities of a series all or part of which is represented by a Global Security, a record date shall be established for determining Holders of Outstanding Securities of such series entitled to join in such notice, which record date shall be at the close of business on the day the Trustee receives such notice. The Holders on such record date, or their duly designated proxies, and only such Persons, shall be entitled to join in such notice, whether or not such Holders remain Holders after such record date; *provided*, that unless such declaration of acceleration, or rescission and annulment, as the case may be, shall have become effective by virtue of the requisite percentage having joined in such notice prior to the day which is 90 days after such record date, such notice of declaration of acceleration, or rescission and annulment, as the case may be, shall automatically and without further action by any Holder be cancelled and of no further effect. Nothing in this paragraph shall prevent a Holder, or a proxy of a Holder, from giving, after expiration of such 90-day period, a new written notice of declaration of acceleration, or rescission and annulment thereof, as the case may be, that is identical to a written

notice which has been cancelled pursuant to the proviso to the preceding sentence, in which event a new record date shall be established pursuant to the provisions of this Section 502.

Section 503. Collection of Indebtedness and Suits for Enforcement by Trustee.

The Company covenants that if

(1) default is made in the payment of any interest on any Security when such interest becomes due and payable and such default continues for a period of 30 days;

(2) default is made in the payment of the principal of (or premium, if any, on) any Security at the Maturity thereof; or

(3) default is made in the deposit of any sinking fund payment, when and as due by the terms of a Security of that series and such default continues for a period of 30 days;

.the Company will, upon demand of the Trustee, pay to it, for the benefit of the Holders of such Securities, the whole amount then due and payable on such Securities for principal (and premium, if any) and interest and, to the extent that payment of such interest shall be legally enforceable, interest on any overdue principal (and premium, if any) and on any overdue interest, at the rate or rates prescribed therefor in such Securities, and, in addition thereto, such further amount as shall be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and Counsel.

If the Company fails to pay such amounts forthwith upon such demand, the Trustee, in its own name and as trustee of an express trust, may institute a judicial proceeding for the collection of the sums so due and unpaid, may prosecute such proceeding to judgment or final decree and may enforce the same against the Company or any other obligor upon such Securities and collect the moneys adjudged or decreed to be payable in the manner provided by law out of the property of the Company or any other obligor upon such Securities, wherever situated.

If an Event of Default with respect to Securities of any series occurs and is continuing, the Trustee may in its discretion proceed to protect and enforce its rights and the rights of the Holders of Securities of such series by such appropriate judicial proceedings as the Trustee shall deem most effectual to protect and enforce any such rights, whether for the specific enforcement of any covenant or agreement in this Indenture or in aid of the exercise of any power granted herein, or to enforce any other proper remedy.

Section 504. Trustee May File Proofs of Claim.

In case of the pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization, arrangement, adjustment, composition or other judicial proceeding relative to the Company or any other obligor upon the Securities or the property of the Company or of such other obligor or their creditors, the Trustee (irrespective of whether the principal of the Securities shall then be due and payable as therein expressed or by declaration or otherwise and irrespective of whether the Trustee shall have made any demand on the Company for the payment of overdue

principal or interest) shall be entitled and empowered, by intervention in such proceeding or otherwise,

(i) to file and prove a claim for the whole amount of principal (and premium, if any) and interest owing and unpaid in respect of the Securities and to file such other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and Counsel) and of the Holders allowed in such judicial proceeding, and

(ii) to collect and receive any moneys or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due it for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and Counsel, and any other amounts due the Trustee under Section 607.

Nothing herein contained shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Securities or the rights of any Holder thereof or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 505. Trustee May Enforce Claims Without Possession of Securities.

All rights of action and claims under this Indenture or the Securities may be prosecuted and enforced by the Trustee without the possession of any of the Securities or the production thereof in any proceeding relating thereto, and any such proceeding instituted by the Trustee shall be brought in its own name as trustee of an express trust, and any recovery of judgment shall, after provision for the payment of the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and Counsel, be for the ratable benefit of the Holders of the Securities in respect of which such judgment has been recovered.

Section 506. Application of Money Collected.

Any money collected by the Trustee pursuant to this Article shall be applied in the following order, at the date or dates fixed by the Trustee and, in case of the distribution of such money on account of principal (or premium, if any) or interest, upon presentation of the Securities and the notation thereon of the payment if only partially paid and upon surrender thereof if fully paid:

FIRST: To the payment of all amounts due the Trustee under Section 607; and

SECOND: To the payment of the amounts then due and unpaid for principal of (and premium, if any) and interest on the Securities in respect of which or for the benefit of which such money has been collected, ratably, without

preference or priority of any kind, according to the amounts due and payable on such Securities for principal (and premium, if any) and interest, respectively.

Section 507. Limitation on Suits.

No Holder of any Security of any series shall have any right to institute any proceeding, judicial or otherwise, with respect to this Indenture, or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless

(1) such Holder has previously given written notice to the Trustee of a continuing Event of Default with respect to the Securities of that series;

(2) the Holders of not less than 25% in principal amount of the Outstanding Securities of that series shall have made written request to the Trustee to institute proceedings in respect of such Event of Default in its own name as Trustee hereunder;

(3) such Holder or Holders have offered to the Trustee reasonable indemnity against the costs, expenses and liabilities to be incurred in compliance with such request;

(4) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding; and

(5) no direction inconsistent with such written request has been given to the Trustee during such 60-day period by the Holders of a majority in principal amount of the Outstanding Securities of that series;

it being understood and intended that no one or more of such Holders shall have any right in any manner whatever by virtue of, or by availing of, any provision of this Indenture to affect, disturb or prejudice the rights of any other of such Holders, or to obtain or to seek to obtain priority or preference over any other of such Holders or to enforce any right under this Indenture, except in the manner herein provided and for the equal and ratable benefit of all of such Holders.

Section 508. Unconditional Right of Holders to Receive Principal, Premium and Interest.

Notwithstanding any other provision in this Indenture, the Holder of any Security shall have the right, which is absolute and unconditional, to receive payment of the principal of (and premium, if any) and (subject to Section 307) interest on such Security on the Stated Maturity or Maturities expressed in such Security (or, in the case of redemption, on the Redemption Date) and to institute suit for the enforcement of any such payment, and such rights shall not be impaired without the consent of such Holder.

Section 509. Restoration of Rights and Remedies.

If the Trustee or any Holder has instituted any proceeding to enforce any right or remedy under this Indenture and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to such Holder, then and in every such case,

subject to any determination in such proceeding, the Company, the Trustee and the Holders shall be restored severally and respectively to their former positions hereunder and thereafter all rights and remedies of the Trustee and the Holders shall continue as though no such proceeding had been instituted.

Section 510. Rights and Remedies Cumulative.

Except as otherwise provided with respect to the replacement or payment of mutilated, destroyed, lost or stolen Securities in the last paragraph of Section 306, no right or remedy herein conferred upon or reserved to the Trustee or to the Holders is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 511. Delay or Omission Not Waiver.

No delay or omission of the Trustee or of any Holder of any Securities to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right and remedy given by this Article or by law to the Trustee or to the Holders may be exercised from time to time, and as often as may be deemed expedient, by the Trustee or by the Holders, as the case may be.

Section 512. Control by Holders.

The Holders of a majority in principal amount of the Outstanding Securities of any series shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the Securities of such series, *provided* that

(1) such direction shall not be in conflict with any rule of law or with this Indenture, nor subject the Trustee to a material risk of personal liability, and

(2) the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction.

Upon receipt by the Trustee of any written notice directing the time, method or place of conducting any such proceeding or exercising any such trust or power, with respect to Securities of a series all or part of which is represented by a Global Security, a record date shall be established by the Trustee for determining Holders of Outstanding Securities of such series entitled to join in such notice, which record date shall be at the close of business on the day the Trustee receives such notice. The Holders on such record date, or their duly designated proxies, and only such Persons, shall be entitled to join in such notice, whether or not such Holders remain Holders after such record date; *provided*, that unless the Holders of a majority in principal amount of the Outstanding Securities of such series shall have joined in such notice prior to the day which is 90 days after such record date, such notice shall automatically and

without further action by any Holder be cancelled and of no further effect. Nothing in this paragraph shall prevent a Holder, or a proxy of a Holder, from giving, after expiration of such 90-day period, a new notice identical to a notice which has been cancelled pursuant to the proviso to the preceding sentence, in which event a new record date shall be established pursuant to the provisions of this Section 512.

Section 513. Waiver of Past Defaults.

The Holders of not less than a majority in principal amount of the Outstanding Securities of any series may on behalf of the Holders of all the Securities of such series waive any past default hereunder with respect to such series and its consequences, except a default

(1) in the payment of the principal of (or premium, if any) or interest on any Security of such series, or

(2) in respect of a covenant or provision hereof which under Article Nine cannot be modified or amended without the consent of the Holder of each Outstanding Security of such series affected.

The Trustee may, but shall not be obligated to, fix a record date for the purpose of determining the Persons entitled to waive any past default hereunder. If a record date is fixed, the Holders on such record date, or their duly designated proxies, and only such Persons, shall be entitled to waive any default hereunder, whether or not such Holders remain Holders after such record date; *provided*, that unless such majority in principal amount shall have waived such default prior to the date which is 90 days after such record date, any such waiver previously given shall automatically and without further action by any Holder be cancelled and of no further effect.

Upon any such waiver, such default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other default or impair any right consequent thereon.

Section 514. Undertaking for Costs.

All parties to this Indenture agree, and each Holder of any Security by his acceptance thereof shall be deemed to have agreed, that any court may in its discretion require, in any suit for the enforcement of any right or remedy under this Indenture, or in any suit against the Trustee for any action taken, suffered or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this Section shall not apply to any suit instituted by the Company, to any suit instituted by the Trustee, to any suit instituted by any Holder, or group of Holders, holding in the aggregate more than 10% in principal amount of the Outstanding Securities of any series, or to any suit instituted by any Holder for the enforcement of the payment of the principal of (or premium, if any) or interest on any Security on or after the Stated Maturity or Maturities expressed in such Security (or, in the case of redemption, on or after the Redemption Date).

Section 515. Waiver of Stay or Extension Laws.

The Company covenants (to the extent that it may lawfully do so) that it will not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Indenture; and the Company (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

ARTICLE SIX
The Trustee

Section 601. Certain Duties and Responsibilities.

(a) Except during the continuance of an Event of Default,

(1) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture, and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(2) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture; but in the case of any such certificates or opinions which by any provision hereof are specifically required to be furnished to the Trustee, the Trustee shall be under a duty to examine the same to determine whether or not they conform to the requirements of this Indenture.

(b) In case an Event of Default has occurred and is continuing, the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(c) No provision of this Indenture shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own wilful misconduct, except that

(1) this subsection shall not be construed to limit the effect of subsection (a) of this Section;

(2) the Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer, unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts;

(3) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction, determined as provided in

Section 512, of the Holders of a majority in principal amount of the Outstanding Securities of any series, relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee, under this Indenture with respect to the Securities of such series; and

(4) no provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

(5) Whether or not therein expressly so provided, every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Section.

Section 602. Notice of Defaults.

Within 90 days after the occurrence of any default hereunder with respect to the Securities of any series, the Trustee shall transmit by mail to all Holders of Securities of such series, as their names and addresses appear in the Security Register, notice of such default hereunder known to the Trustee, unless such default shall have been cured or waived; *provided, however*, that, except in the case of a default in the payment of the principal of (or premium, if any) or interest on any Security of such series or in the payment of any sinking fund installment with respect to Securities of such series, the Trustee shall be protected in withholding such notice if and so long as the board of directors, the executive committee or a trust committee of directors or Responsible Officers of the Trustee in good faith determine that the withholding of such notice is in the interest of the Holders of Securities of such series. For the purpose of this Section, the term "default" means any event which is, or after notice or lapse of time or both would become, an Event of Default with respect to Securities of such series.

Section 603. Certain Rights of Trustee.

Subject to the provisions of Section 601:

(a) the Trustee may rely and shall be protected in acting or refraining from acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties;

(b) any request or direction of the Company mentioned herein shall be sufficiently evidenced by a Company Request or Company Order, or as otherwise expressly provided herein, and any resolution of the Board of Directors of the Company may be sufficiently evidenced by a Board Resolution;

(c) whenever in the administration of this Indenture the Trustee shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting any

action hereunder, the Trustee (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon an Officers' Certificate;

(d) the Trustee may consult with Counsel and the advice of such Counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon;

(e) the Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders pursuant to this Indenture, unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction;

(f) the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document, but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Trustee shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records and premises of the Company, personally or by agent or attorney;

(g) the Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys and the Trustee shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it hereunder; and

(h) The Trustee shall not be liable for any action taken, suffered, or omitted to be taken by it in good faith and reasonably believed, upon advice of Counsel, by it to be authorized or within the discretion or rights or powers conferred upon it by this Indenture.

Section 604. Not Responsible for Recitals or Issuance of Securities.

The recitals contained herein and in the Securities, except the Trustee's certificates of authentication, shall be taken as the statements of the Company, and the Trustee or any Authenticating Agent assumes no responsibility for their correctness. The Trustee makes no representations as to the validity or sufficiency of this Indenture or of the Securities. The Trustee or any Authenticating Agent shall not be accountable for the use or application by the Company of Securities or the proceeds thereof.

Section 605. May Hold Securities.

The Trustee, any Authenticating Agent, any Paying Agent, any Security Registrar or any other agent of the Company or of the Trustee, in its individual or any other capacity, may become the owner or pledgee of Securities and, subject to Sections 608 and 613, may otherwise

deal with the Company with the same rights it would have if it were not Trustee, Authenticating Agent, Paying Agent, Security Registrar or such other agent.

Section 606. Money Held in Trust.

Money held by the Trustee in trust hereunder need not be segregated from other funds except to the extent required by law. The Trustee shall be under no liability for interest on any money received by it hereunder except as otherwise agreed in writing with the Company.

Section 607. Compensation and Reimbursement.

The Company agrees

(1) to pay to the Trustee from time to time such compensation as shall be agreed to in writing between the Company and the Trustee for all services rendered by it hereunder (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust);

(2) except as otherwise expressly provided herein, to reimburse the Trustee upon its request for all reasonable expenses, disbursements and advances incurred or made by the Trustee in accordance with any provision of this Indenture (including the compensation and the expenses and disbursements of its agents and Counsel), except any such expense, disbursement or advance as may be attributable to its negligence or bad faith; and

(3) to indemnify each of the Trustee, or any predecessor Trustee, and each of its officers, directors, employees and agents, for, and to hold it harmless against, any and all losses, liabilities, damages, claims or expenses, including taxes (other than taxes based upon, measured or determined by the income of the Trustee) incurred without negligence or bad faith on its part, arising out of or in connection with the acceptance or administration of the trust or trusts hereunder, including the costs and expenses of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties hereunder.

As security for the performance of the obligations of the Company under this Section the Trustee shall have a lien prior to the Securities upon all property and funds held or collected by the Trustee as such, except funds held in trust for the payment of principal of, premium, if any, or interest, if any, on particular Securities.

Section 608. Disqualification; Conflicting Interests.

If the Trustee has or shall acquire a conflicting interest within the meaning of the Trust Indenture Act, the Trustee shall either eliminate such interest or resign, to the extent and in the manner provided by, and subject to the provisions of, the Trust Indenture Act and this Indenture. To the extent permitted by such Act, the Trustee shall not be deemed to have a conflicting interest by virtue of being a trustee under this Indenture with respect to Securities of more than one series or a trustee under any other indenture with respect to bonds issued for the benefit of Tampa Electric Company by Hillsborough County Industrial Development Authority and Polk County Industrial Development Authority.

Section 609. Corporate Trustee Required; Eligibility.

There shall at all times be a Trustee hereunder which shall be a Corporation organized and doing business under the laws of the United States of America, any State thereof or the District of Columbia, authorized under such laws to exercise corporate trust powers, having a combined capital and surplus of at least $50,000,000 and subject to supervision or examination by Federal or State authority. If such Corporation publishes reports of condition at least annually, pursuant to law or to the requirements of said supervising or examining authority, then for the purposes of this Section, the combined capital and surplus of such Corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. If at any time the Trustee shall cease to be eligible in accordance with the provisions of this Section, it shall resign immediately in the manner and with the effect hereinafter specified in this Article.

Section 610. Resignation and Removal; Appointment of Successor.

(a) No resignation or removal of the Trustee and no appointment of a successor Trustee pursuant to this Article shall become effective until the acceptance of appointment by the successor Trustee in accordance with the applicable requirements of Section 611.

(b) The Trustee may resign at any time with respect to the Securities of one or more series by giving written notice thereof to the Company. If the instrument of acceptance by a successor Trustee required by Section 611 shall not have been delivered to the Trustee within 30 days after the giving of such notice of resignation, the resigning Trustee may petition any court of competent jurisdiction for the appointment of a successor Trustee with respect to the Securities of such series.

(c) The Trustee may be removed at any time with respect to the Securities of any series by Act of the Holders of a majority in principal amount of the Outstanding Securities of such series, delivered to the Trustee and to the Company.

(d) If at any time:

(1) the Trustee shall fail to comply with Section 608(a) after written request therefor by the Company or any Holder who has been a bona fide Holder of a Security for at least six months, or

(2) the Trustee shall cease to be eligible under Section 609 and shall fail to resign after written request therefor by the Company or any such Holder, or

(3) the Trustee shall become incapable of acting or shall be adjudged a bankrupt or insolvent or a receiver of the Trustee or of its property shall be appointed or any public officer shall take charge or Control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation,

then, in any such case, (i) the Company by a Board Resolution may remove the Trustee with respect to all Securities, or (ii) subject to Section 514, any Holder who has been a bona fide Holder of a Security for at least six months may, on behalf of himself and all others similarly

situated, petition any court of competent jurisdiction for the removal of the Trustee with respect to all Securities and the appointment of a successor Trustee or Trustees.

(e) If the Trustee shall resign, be removed or become incapable of acting, or if a vacancy shall occur in the office of Trustee for any cause, with respect to the Securities of one or more series, the Company, by a Board Resolution, shall promptly appoint a successor Trustee or Trustees with respect to the Securities of that or those series (it being understood that any such successor Trustee may be appointed with respect to the Securities of one or more or all of such series and that at any time there shall be only one Trustee with respect to the Securities of any particular series) and shall comply with the applicable requirements of Section 611. If, within one year after such resignation, removal or incapability, or the occurrence of such vacancy, a successor Trustee with respect to the Securities of any series shall be appointed by Act of the Holders of a majority in principal amount of the Outstanding Securities of such series delivered to the Company and the retiring Trustee, the successor Trustee so appointed shall, forthwith upon its acceptance of such appointment in accordance with the applicable requirements of Section 611, become the successor Trustee with respect to the Securities of such series and to that extent supersede the successor Trustee appointed by the Company. If no successor Trustee with respect to the Securities of any series shall have been so appointed by the Company or the Holders and accepted appointment in the manner required by Section 611, any Holder who has been a bona fide Holder of a Security of such series for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee with respect to the Securities of such series.

(f) The Company shall give notice of each resignation and each removal of the Trustee with respect to the Securities of any series and each appointment of a successor Trustee with respect to the Securities of any series by mailing written notice of such event by first-class mail, postage prepaid, to all Holders of Securities of such series as their names and addresses appear in the Security Register. Each notice shall include the name of the successor Trustee with respect to the Securities of such series and the address of its Corporate Trust Office.

Section 611. Acceptance of Appointment by Successor.

(a) In case of the appointment hereunder of a successor Trustee with respect to all Securities, every such successor Trustee so appointed shall execute, acknowledge and deliver to the Company and the retiring Trustee an instrument accepting such appointment, and thereupon the resignation or removal of the retiring Trustee shall become effective and such successor Trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Trustee; but, on the request of the Company or the successor Trustee, such retiring Trustee shall, upon payment of its charges, execute and deliver an instrument transferring to such successor Trustee all the rights, powers and trusts of the retiring Trustee and shall duly assign, transfer and deliver to such successor Trustee all property and money held by such retiring Trustee hereunder.

(b) In case of the appointment hereunder of a successor Trustee with respect to the Securities of one or more (but not all) series, the Company, the retiring Trustee and each successor Trustee with respect to the Securities of one or more series shall execute and deliver an indenture supplemental hereto wherein each successor Trustee shall accept such appointment and

which (1) shall contain such provisions as shall be necessary or desirable to transfer and confirm to, and to vest in, each successor Trustee all the rights, powers, trusts and duties of the retiring Trustee with respect to the Securities of that or those series to which the appointment of such successor Trustee relates, (2) if the retiring Trustee is not retiring with respect to all Securities, shall contain such provisions as shall be deemed necessary or desirable to confirm that all the rights, powers, trusts and duties of the retiring Trustee with respect to the Securities of that or those series as to which the retiring Trustee is not retiring shall continue to be vested in the retiring Trustee, and (3) shall add to or change any of the provisions of this Indenture as shall be necessary to provide for or facilitate the administration of the trusts hereunder by more than one Trustee, it being understood that nothing herein or in such supplemental indenture shall constitute such Trustees co-trustees of the same trust and that each such Trustee shall be trustee of a trust or trusts hereunder separate and apart from any trust or trusts hereunder administered by any other such Trustee; and upon the execution and delivery of such supplemental indenture the resignation or removal of the retiring Trustee shall become effective to the extent provided therein and each such successor Trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Trustee with respect to the Securities of that or those series to which the appointment of such successor Trustee relates; but, on request of the Company or any successor Trustee, such retiring Trustee shall duly assign, transfer and deliver to such successor Trustee all property and money held by such retiring Trustee hereunder with respect to the Securities of that or those series to which the appointment of such successor Trustee relates.

(c) Upon request of any such successor Trustee, the Company shall execute any and all instruments for more fully and certainly vesting in and confirming to such successor Trustee all such rights, powers and trusts referred to in paragraph (a) and (b) of this Section, as the case may be.

(d) No successor Trustee shall accept its appointment unless at the time of such acceptance such successor Trustee shall be qualified and eligible under this Article.

Section 612. Merger, Conversion, Consolidation or Succession to Business.

Any Corporation into which the Trustee may be merged or converted or with which it may be consolidated, or any Corporation resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any Corporation succeeding to all or substantially all the corporate trust business of the Trustee, shall be the successor of the Trustee hereunder, provided such Corporation shall be otherwise qualified and eligible under this Article, without the execution or filing of any paper or any further act on the part of any of the parties hereto. In case any Securities shall have been authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion or consolidation to such authenticating Trustee may adopt such authentication and deliver the Securities so authenticated with the same effect as if such successor Trustee had itself authenticated such Securities.

Section 613. Preferential Collection of Claims.

If and when the Trustee shall be or become a creditor of the Company, the Trustee shall be subject to the provisions of the Trust Indenture Act regarding the collection of claims against the Company.

Section 614. Appointment of Authenticating Agent.

At any time when any of the Securities remain Outstanding, the Trustee may appoint an Authenticating Agent or Agents with respect to one or more series of Securities which shall be authorized to act on behalf of the Trustee to authenticate Securities of such series issued upon exchange, registration of transfer or partial redemption thereof or pursuant to Section 306, and Securities so authenticated shall be entitled to the benefits of this Indenture and shall be valid and obligatory for all purposes as if authenticated by the Trustee hereunder. Wherever reference is made in this Indenture to the authentication and delivery of Securities by the Trustee or the Trustee's certificate of authentication, such reference shall be deemed to include authentication and delivery on behalf of the Trustee by an Authenticating Agent and a certificate of authentication executed on behalf of the Trustee by an Authenticating Agent. Each Authenticating Agent shall be acceptable to the Company and shall at all times be a Corporation organized and doing business under the laws of the United States of America, any State thereof or the District of Columbia, authorized under such laws to act as Authenticating Agent, having a combined capital and surplus of not less than $50,000,000 and subject to supervision or examination by Federal or State authority. If such Authenticating Agent publishes reports of condition at least annually, pursuant to law or to the requirements of said supervising or examining authority, then for the purposes of this Section, the combined capital and surplus of such Authenticating Agent shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. If at any time an Authenticating Agent shall cease to be eligible in accordance with the provisions of this Section, such Authenticating Agent shall resign immediately in the manner and with the effect specified in this Section.

Any Corporation into which an Authenticating Agent may be merged or converted or with which it may be consolidated, or any Corporation resulting from any merger, conversion or consolidation to which such Authenticating Agent shall be a party, or any Corporation succeeding to the corporate agency or corporate trust business of an Authenticating Agent, shall continue to be an Authenticating Agent, *provided* such Corporation shall be otherwise eligible under this Section, without the execution or filing of any paper or any further act on the part of the Trustee or the Authenticating Agent.

An Authenticating Agent may resign at any time by giving written notice thereof to the Trustee and the Company. The Trustee may at any time terminate the agency of an Authenticating Agent by giving written notice thereof to such Authenticating Agent and the Company. Upon receiving such a notice of resignation or upon such a termination, or in case at any time such Authenticating Agent shall cease to be eligible in accordance with the provisions of this Section, the Trustee may appoint a successor Authenticating Agent which shall be acceptable to the Company and shall mail written notice of such appointment by first-class mail, postage prepaid, to all Holders of Securities of the series with respect to which such Authenticating Agent will serve, as their names and addresses appear in the Security Register.

Any successor Authenticating Agent upon acceptance of its appointment hereunder shall become vested with all the rights, powers and duties of its predecessor hereunder, with like effect as if originally named as an Authenticating Agent. No successor Authenticating Agent shall be appointed unless eligible under the provisions of this Section.

The Company agrees to pay to each Authenticating Agent from time to time reasonable compensation for its services under this Section.

If an appointment with respect to one or more series is made pursuant to this Section, the Securities of such series may have endorsed thereon, in addition to the Trustee's certificate of authentication, an alternate certificate of authentication in the following form:

This is one of the Securities of the series designated therein referred to in the within-mentioned Indenture.

ARTICLE EIGHT
Consolidation, Merger, Conveyance or Transfer

Section 801. Company May Consolidate, Etc., Only on Certain Terms.

The Company shall not consolidate with or merge into any other Corporation or convey or transfer its properties and assets substantially as an entirety to any Person, unless:

(1) the Corporation formed by such consolidation or into which the Company is merged or the Person which acquires by conveyance or transfer the properties and assets of the Company substantially as an entirety shall be, if a Corporation, a Corporation organized and existing under the laws of the United States of America or any State or the District of Columbia, and shall expressly assume, by an indenture supplemental hereto, executed and delivered to the Trustee, in form satisfactory to the Trustee, the due and punctual payment of the principal of (and premium, if any) and interest on all the Securities and the performance of every covenant of this Indenture on the part of the Company to be performed or observed;

The Trustee shall be entitled to receive and may conclusively rely on and shall be protected in relying upon an Opinion of Counsel as conclusive evidence that any such consolidation, merger or sale, and any such assumption of payment and performance complies with the provisions of this Article.

ARTICLE NINE
Supplemental Indentures

Section 901. Supplemental Indentures Without Consent of Holders.

Without the consent of any Holders, the Company, when authorized by a Board Resolution, and the Trustee, at any time and from time to time, may enter into one or more indentures supplemental hereto, in form satisfactory to the Trustee, for any of the following purposes:

(1) to evidence the succession of another Corporation to the Company and the assumption by any such successor of the covenants of the Company herein and in the Securities; or

(2) to add to the covenants of the Company for the benefit of the Holders of all or any series of Securities (and if such covenants are to be for the benefit of less than all series of Securities, stating that such covenants are expressly being included solely for the benefit of such series) or to surrender any right or power herein conferred upon the Company; or

(3) to add any additional Events of Default; or

(4) to add to or change any of the provisions of this Indenture to such extent as shall be necessary to permit or facilitate the issuance of Securities in bearer form, registrable or not registrable as to principal, and with or without interest coupons, or to permit or facilitate the issuance of Securities in uncertificated form or to facilitate the issuance of Securities in global form; or

(5) to change or eliminate any of the provisions of this Indenture, *provided* that any such change or elimination shall become effective only when there is no Security Outstanding of any series created prior to the execution of such supplemental indenture that is entitled to the benefit of such provision; or

(6) to secure the Securities pursuant to the requirements of Section 801(3) or Section 1004 or otherwise; or

(7) to establish the form or terms of Securities of any series as permitted by Sections 201 and 301; or

(8) to evidence and provide for the acceptance of appointment hereunder by a successor Trustee with respect to the Securities of one or more series or to add to or change any of the provisions of this Indenture as shall be necessary to provide for or facilitate the administration of the trusts hereunder by more than one Trustee, pursuant to the requirements of Section 611(b); or

(9) to cure any ambiguity, to correct or supplement any provision herein which may be inconsistent with any other provision herein, or to make any other provisions with respect to matters or questions arising under this Indenture, *provided*

such action shall not adversely affect the interests of the Holders of Securities of any series in any material respect.

Section 902. Supplemental Indentures with Consent of Holders.

With the consent of the Holders of not less than a majority in principal amount of the Outstanding Securities of each series affected by such supplemental indenture and of not less than 66 2/3% in principal amount of the Outstanding Securities of all series affected by such supplemental indenture, by Act of said Holders delivered to the Company and the Trustee, the Company, when authorized by a Board Resolution, and the Trustee may enter into an indenture or indentures supplemental hereto for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this Indenture or of modifying in any manner the rights of the Holders of Securities of such series under this Indenture; *provided, however,* that no such supplemental indenture shall, without the consent of the Holder of each Outstanding Security affected thereby,

(1) change the Stated Maturity of the principal of, or any installment of principal of or interest on, any Security, or reduce the principal amount thereof or the rate of interest thereon or any premium payable upon the redemption thereof, or reduce the amount of the principal of an Original Issue Discount Security that would be due and payable upon a declaration of acceleration of the Maturity thereof pursuant to Section 502, or change any Place of Payment where, or the coin or currency in which, any Security or any premium or the interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment on or after the Stated Maturity thereof (or, in the case of redemption, on or after the Redemption Date), or

(2) reduce the percentage in principal amount of the Outstanding Securities of any series, the consent of whose Holders is required for any such supplemental indenture, or the consent of whose Holders is required for any waiver (of compliance with certain provisions of this Indenture or certain defaults hereunder and their consequences) provided for in this Indenture, or

(3) modify any of the provisions of this Section, Section 513 or Section 1008, except to increase any such percentage or to provide that certain other provisions of this Indenture cannot be modified or waived without the consent of the Holder of each Outstanding Security affected thereby; *provided, however,* that this clause shall not be deemed to require the consent of any Holder with respect to changes in the references to "the Trustee" and concomitant changes in this Section and Section 1008, or the deletion of this proviso, in accordance with the requirements of Sections 611(b) and 901(8).

A supplemental indenture which changes or eliminates any covenant or other provision of this Indenture which has expressly been included solely for the benefit of one or more particular series of Securities, or which modifies the rights of the Holders of Securities of such series with respect to such covenant or other provision, shall be deemed not to affect the rights under this Indenture of the Holders of Securities of any other series.

The Company may, but shall not be obligated to, fix a record date for the purpose of determining the Persons entitled to consent to any indenture supplemental hereto. If a record date is fixed, the Holders on such record date, or their duly designated proxies, and only such Persons, shall be entitled to consent to such supplemental indenture, whether or not such Holders remain Holders after such record date; *provided,* that unless such consent shall have become effective by virtue of the requisite percentage having been obtained prior to the date which is 90 days after such record date, any such consent previously given shall automatically and without further action by any Holder be cancelled and of no further effect.

It shall not be necessary for any Act of Holders under this Section to approve the particular form of any proposed supplemental indenture, but it shall be sufficient if such Act shall approve the substance thereof.

Section 903. Execution of Supplemental Indentures.

In executing, or accepting the additional trusts created by, any supplemental indenture permitted by this Article or the modifications thereby of the trusts created by this Indenture, the Trustee shall be entitled to receive, and (subject to Section 601) shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of such supplemental indenture is authorized or permitted by this Indenture. The Trustee may, but shall not be obligated to, enter into any such supplemental indenture which affects the Trustee's own rights, duties, or immunities or liabilities under this Indenture or otherwise.

Section 904. Effect of Supplemental Indentures.

Upon the execution of any supplemental indenture under this Article, this Indenture shall be modified in accordance therewith, and such supplemental indenture shall form a part of this Indenture for all purposes; and every Holder of Securities theretofore or thereafter authenticated and delivered hereunder shall be bound thereby.

Section 905. Conformity with Trust Indenture Act.

Every supplemental indenture executed pursuant to this Article shall conform to the requirements of the Trust Indenture Act.

Section 906. Reference in Securities to Supplemental Indentures.

Securities authenticated and delivered after the execution of any supplemental indenture pursuant to this Article may, and shall if required by the Trustee, bear a notation in form approved by the Trustee as to any matter provided for in such supplemental indenture. If the Company shall so determine, new Securities of any series so modified as to conform, in the opinion of the Trustee and the Company, to any such supplemental indenture may be prepared and executed by the Company and such Securities may be authenticated and delivered by the Trustee in exchange for Outstanding Securities of such series.

ARTICLE TEN
Covenants

Section 1001. Payment of Principal, Premium and Interest.

The Company covenants and agrees for the benefit of each series of Securities that it will duly and punctually pay the principal of (and premium, if any) and interest on the Securities of that series in accordance with the terms of the Securities and this Indenture.

Section 1002. Maintenance of Office or Agency.

The Company will maintain in each Place of Payment for any series of Securities an office or agency where Securities of that series may be presented or surrendered for payment, where Securities of that series may be surrendered for registration of transfer or exchange and where notices and demands to or upon the Company in respect of the Securities of that series and this Indenture may be served. The Company will give prompt written notice to the Trustee of the location, and any change in the location, of such office or agency. If at any time the Company shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee, and the Company hereby appoints the Trustee as its agent to receive all such presentations, surrenders, notices and demands.

The Company may also from time to time designate one or more other offices or agencies where the Securities of one or more series may be presented or surrendered for any or all such purposes and may from time to time rescind such designations; *provided, however*, that no such designation or rescission shall in any manner relieve the Company of its obligation to maintain an office or agency in each Place of Payment for Securities of any series for such purposes. The Company will give prompt written notice to the Trustee of any such designation or rescission and of any change in the location of any such other office or agency.

Section 1003. Money for Securities Payments to Be Held in Trust.

If the Company shall at any time act as its own Paying Agent with respect to any series of Securities, it will, on or before each due date of the principal of (and premium, if any) or interest on any of the Securities of that series, segregate and hold in trust for the benefit of the Persons entitled thereto a sum sufficient to pay the principal (and premium, if any) or interest so becoming due until such sums shall be paid to such Persons or otherwise disposed of as herein provided and will promptly notify the Trustee of its failure so to act.

In the event that the Company appoints one or more Paying Agents for any series of Securities, the Company covenants and agrees to indemnify the Trustee for, and hold the Trustee harmless against, any loss, liability or expense incurred without negligence or bad faith on the part of the Trustee, arising out of or in connection with the administration of the duties of the Paying Agent appointed by the Company under this Indenture and to reimburse the Trustee for the reasonable costs and expenses (including Counsel fees) of defending against any such claim or liability.

Whenever the Company shall have one or more Paying Agents for any series of Securities, it will, prior to each due date of the principal of (and premium, if any) or interest on any Securities of that series, deposit with a Paying Agent a sum sufficient to pay the principal (and premium, if any) or interest so becoming due, such sum to be held in trust for the benefit of the Persons entitled to such principal, premium or interest, and (unless such Paying Agent is the Trustee) the Company will promptly notify the Trustee of its action or failure so to act.

The Company will cause each Paying Agent for any series of Securities other than the Trustee to execute and deliver to the Trustee an instrument in which such Paying Agent shall agree with the Trustee, subject to the provisions of this Section, that such Paying Agent will:

(1) hold all sums held by it for the payment of the principal of (and premium, if any) or interest on Securities of that series in trust for the benefit of the Persons entitled thereto until such sums shall be paid to such Persons or otherwise disposed of as herein provided;

(2) give the Trustee notice of any default by the Company (or any other obligor upon the Securities of that series) in the making of any payment of principal (and premium, if any) or interest on the Securities of that series; and

(3) at any time during the continuance of any such default, upon the written request of the Trustee, forthwith pay to the Trustee all sums so held in trust by such Paying Agent.

The Company may at any time, for the purpose of obtaining the satisfaction and discharge of this Indenture or for any other purpose, pay, or by Company Order of the Company direct any Paying Agent to pay to the Trustee all sums held in trust by the Company or such Paying Agent, such sums to be held by the Trustee upon the same trusts as those upon which such sums were held by the Company or such Paying Agent; and, upon such payment by any Paying Agent to the Trustee, such Paying Agent shall be released from all further liability with respect to such money.

Any money deposited with the Trustee or any Paying Agent, or then held by the Company in trust for the payment of the principal of (and premium, if any) or interest on any Security of any series and remaining unclaimed for two years after such principal (and premium, if any) or interest has become due and payable shall be paid to the Company on Company Request or (if then held by the Company) shall be discharged from such trust, subject to any other requirements imposed on the Trustee by applicable law; and the Holder of such Security shall thereafter, as an unsecured general creditor, look only to the Company for payment thereof, and all liability of the Trustee or such Paying Agent with respect to such trust money, and all liability of the Company as trustee thereof, shall thereupon cease; *provided, however,* that the Trustee or such Paying Agent, before being required to make any such repayment, shall at the expense of the Company cause to be published once, in a newspaper published in the English language, customarily published on each Business Day and of general circulation in the Borough of Manhattan, The City of New York, notice that such money remains unclaimed and that, after a date specified therein, which shall not be less than 30 days from the date of such publication, any unclaimed balance of such money then remaining will be repaid to the Company.

Section 1004. Statement by Officers as to Default.

The Company shall deliver to the Trustee within 30 days after the occurrence thereof written notice of any event which with the giving of notice and the lapse of time or both would become an Event of Default.

The Company shall deliver to the Trustee, within 120 days after the end of each Fiscal Year of the Company ending after the date hereof, an Officers' Certificate, stating whether or not to the best knowledge of the signers thereof the Company is in default in the performance and observance of any of the terms, provisions and conditions applicable to the Company hereunder, and if the Company shall be in default, specifying all such defaults and the nature and status thereof of which they may have knowledge.

ARTICLE ELEVEN
Redemption of Securities

Section 1101. Applicability of Article.

Securities of any series which are redeemable before their Stated Maturity shall be redeemable in accordance with their terms and (except as otherwise specified as contemplated by Section 301 for Securities of any series) in accordance with this Article.

Section 1102. Election to Redeem; Notice to Trustee.

The election of the Company to redeem any Securities shall be evidenced by a Board Resolution. In case of any redemption at the election of the Company of less than all the Securities of like tenor of any series, the Company shall, at least 60 days prior to the Redemption Date fixed by the Company (unless a shorter notice shall be satisfactory to the Trustee), notify the Trustee of such Redemption Date and of the principal amount of Securities of such series to be redeemed. In the case of any redemption of Securities prior to the expiration of any restriction on such redemption provided in the terms of such Securities or elsewhere in this Indenture, the Company shall furnish the Trustee with an Officers' Certificate evidencing compliance with such restriction.

Section 1103. Selection by Trustee of Securities to Be Redeemed.

If less than all the Securities of like tenor of any series are to be redeemed, the particular Securities to be redeemed shall be selected not more than 60 days prior to the Redemption Date by the Trustee, from the Outstanding Securities of like tenor of such series not previously called for redemption, by such method as the Trustee shall deem fair and appropriate and which may provide for the selection for redemption of portions (equal to the minimum authorized denomination for Securities of that series or any integral multiple thereof) of the principal amount of such Securities of a denomination larger than the minimum authorized denomination for such Securities.

The Trustee shall promptly notify the Company in writing of the Securities selected for redemption and, in the case of any Securities selected for partial redemption, the principal amount thereof to be redeemed.

For all purposes of this Indenture, unless the context otherwise requires, all provisions relating to the redemption of Securities shall relate, in the case of any Securities redeemed or to be redeemed only in part, to the portion of the principal amount of such Securities which has been or is to be redeemed.

Section 1104. Notice of Redemption.

Notice of redemption shall be given by first-class mail, postage prepaid, mailed not less than 30 nor more than 60 days prior to the Redemption Date unless a shorter period is specified pursuant to Section 301, to each Holder of Securities to be redeemed, at his address appearing in the Security Register.

All notices of redemption shall state:

(1) the Redemption Date,

(2) the Redemption Price,

(3) the CUSIP Number of the Securities to be redeemed,

(4) if less than all the Outstanding Securities of like tenor of any series are to be redeemed, the identification (and, in the case of partial redemption, the principal amounts) of the particular Securities to be redeemed,

(5) that on the Redemption Date the Redemption Price will become due and payable upon each such Security to be redeemed and, if applicable, that interest thereon will cease to accrue on and after said date,

(6) the place or places where such Securities are to be surrendered for payment of the Redemption Price, and

(7) that the redemption is for a sinking fund, if such is the case.

Notice of redemption of Securities to be redeemed at the election of the Company shall be given by the Company or, at the Company's request, by the Trustee in the name and at the expense of the Company.

Section 1105. Deposit of Redemption Price.

Unless the Company has otherwise made an election to have Section 1302 apply to the Securities of any series and has complied with the provisions of Section 1303, on or prior to any Redemption Date, the Company shall deposit with the Trustee or with a Paying Agent (or, if the Company is acting as its own Paying Agent, segregate and hold in trust as provided in Section 1003) an amount of money sufficient to pay the Redemption Price of, and (except if the

Redemption Date shall be an Interest Payment Date) accrued interest on, all the Securities which are to be redeemed on that date.

Section 1106. Securities Payable on Redemption Date.

Notice of redemption having been given as aforesaid, the Securities so to be redeemed shall, on the Redemption Date, become due and payable at the Redemption Price therein specified, and from and after such date (unless the Company shall default in the payment of the Redemption Price and accrued interest) such Securities shall cease to bear interest. Upon surrender of any such Security for redemption in accordance with said notice, such Security shall be paid by the Company or by the Trustee, if the Company has made an election pursuant to Section 1301, at the Redemption Price, together with accrued interest to the Redemption Date; *provided, however*, that installments of interest whose Stated Maturity is on or prior to the Redemption Date shall be payable to the Holders of such Securities, or one or more Predecessor Securities, registered as such at the close of business on the relevant Record Dates according to their terms and the provisions of Section 307.

If any Security called for redemption shall not be so paid upon surrender thereof for redemption, the principal (and premium, if any) shall, until paid, bear interest from the Redemption Date at the rate prescribed therefor in the Security.

Section 1107. Securities Redeemed in Part.

Any Security which is to be redeemed only in part shall be surrendered at a Place of Payment therefor (with, if the Company or the Trustee so requires, due endorsement by, or a written instrument of transfer in form satisfactory to the Company and the Trustee duly executed by, the Holder thereof or his attorney duly authorized in writing), and the Company shall execute and the Trustee shall authenticate and make available for delivery to the Holder of such Security without service charge, a new Security or Securities of the same series and of like tenor, of any authorized denomination as requested by such Holder, in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Security so surrendered. If a Global Security is so surrendered, such new Security so issued shall be a new Global Security.

ARTICLE TWELVE
Sinking Funds

Section 1201. Applicability of Article.

The provisions of this Article shall be applicable to any sinking fund for the retirement of Securities of a series except as otherwise specified as contemplated by Section 301 for Securities of such series.

The minimum amount of any sinking fund payment provided for by the terms of Securities of any series is herein referred to as a "mandatory sinking fund payment," and any payment in excess of such minimum amount provided for by the terms of Securities of any series is herein referred to as an "optional sinking fund payment." If provided for by the terms of

Securities of any series, the cash amount of any sinking fund payment may be subject to reduction as provided in Section 1202. Each sinking fund payment shall be applied to the redemption of Securities of any series as provided for by the terms of Securities of such series.

Section 1202. Satisfaction of Sinking Fund Payments with Securities.

The Company (1) may deliver Outstanding Securities of a series (other than any previously called for redemption) and (2) may apply as a credit Securities of a series which have been redeemed either at the election of the Company pursuant to the terms of such Securities or through the application of permitted optional sinking fund payments pursuant to the terms of such Securities, in each case in satisfaction of all or any part of any sinking fund payment with respect to the Securities of such series required to be made pursuant to the terms of such Securities as provided for by the terms of such series; *provided* that such Securities have not been previously so credited. Such Securities shall be received and credited for such purpose by the Trustee at the Redemption Price specified in such Securities for redemption through operation of the sinking fund and the amount of such sinking fund payment shall be reduced accordingly.

Section 1203. Redemption of Securities for Sinking Fund.

Not less than 60 days prior to each sinking fund payment date for any series of Securities, the Company will deliver to the Trustee an Officers' Certificate specifying the amount of the next ensuing sinking fund payment for that series pursuant to the terms of that series, the portion thereof, if any, which is to be satisfied by payment of cash and the portion thereof, if any, which is to be satisfied by delivering and crediting Securities of that series pursuant to Section 1202 and will also deliver to the Trustee any Securities to be so delivered. Not less than 30 days before each such sinking fund payment date the Trustee shall select the Securities to be redeemed upon such sinking fund payment date in the manner specified in Section 1103 and cause notice of the redemption thereof to be given in the name of and at the expense of the Company in the manner provided in Section 1104. Such notice having been duly given, the redemption of such Securities shall be made upon the terms and in the manner stated in Sections 1106 and 1107.

ARTICLE THIRTEEN
Defeasance

Section 1301. Applicability of Article; Company's Option to Effect Defeasance.

Unless otherwise provided for the Securities of any series pursuant to Section 301, the provisions of Article Thirteen shall be applicable to the Securities of any series, and the Company may at its option by or pursuant to a Board Resolution, at any time, with respect to the Securities of such series, elect to have Section 1302 be applied to the Outstanding Securities of such series upon compliance with the conditions set forth below in this Article Thirteen.

Section 1302. Defeasance and Discharge.

Upon the Company's exercise of the above option applicable to this Section, the Company shall be deemed to have been discharged from its obligations with respect to the Outstanding Securities of such series on the date the conditions set forth below are satisfied (hereinafter, "Defeasance"). For this purpose, such Defeasance means that the Company shall be deemed to have paid and discharged the entire indebtedness represented by the Outstanding Securities of such series and to have satisfied all its other obligations under such Securities and this Indenture insofar as such Securities are concerned (and the Trustee, at the expense of the Company, shall execute proper instruments acknowledging the same), except for the following which shall survive until otherwise terminated or discharged hereunder: (A) the rights of Holders of Outstanding Securities of such series to receive, solely from the trust fund described in Section 1303 and as more fully set forth in such Section, payments in respect of the principal of (and premium, if any) and interest on such Securities when such payments are due, (B) the Company's obligations with respect to such Securities under Sections 304, 305, 306, 1002, 1003 and 1102, (C) the rights, powers, trusts, duties, and immunities of the Trustee under Sections 305, 306, 307, 309, 402, 607, the last paragraph of Section 1003 and Sections 1104 and 1106, and otherwise the duty of the Trustee to authenticate Securities of such series issued on registration of transfer or exchange and (D) this Article Thirteen. Subject to compliance with this Article Thirteen, the Company may exercise its option under this Section 1302.

Section 1303. Conditions to Defeasance.

The following shall be the conditions to application of Section 1302 to the Outstanding Securities of such series:

(a) the Company shall irrevocably have deposited or caused to be deposited with the Trustee (or another trustee satisfying the requirements of Section 609 who shall agree to comply with the provisions of this Article Thirteen applicable to it) as trust funds in trust for the purpose of making the following payments, specifically pledged as security for, and dedicated solely to, the benefit of the holders of such Securities, (A) money in an amount, or (B) U.S. Government Obligations which through the scheduled payment of principal and interest in respect thereof in accordance with their terms will provide, not later than one day before the due date of any payment, money in an amount, or (C) a combination thereof, sufficient, in the opinion of a nationally recognized firm of independent public accountants or a nationally reconized investment banking firm acceptable to the Company expressed in a written certification thereof delivered to the Trustee, to pay and discharge, and which shall be applied by the Trustee (or other qualifying trustee) to pay and discharge, (i) the principal of (and premium, if any) and each installment of principal of (and premium, if any) and interest on the Outstanding Securities of such series on any Redemption Date, if the Company has irrevocably elected to cause the Outstanding Securities of such series subject to redemption to be redeemed on a specific Redemption Date by giving notice to the Trustee of such election at the time it exercises its option pursuant to Section 1302, or on the Stated Maturity of such principal or installment of principal or interest and (ii) any mandatory sinking fund payments or analogous payments applicable to the Outstanding Securities of such series on the day on which such payments are due and payable in

accordance with the terms of this Indenture and of such Securities. For this purpose, "U.S. Government Obligations" means securities that are (x) direct obligations of the United States of America for the payment of which its full faith and credit is pledged or (y) obligations of a Person Controlled or supervised by and acting as an agency or instrumentality of the United States of America the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America, which, in either case, are not callable or redeemable at the option of the issuer thereof, and shall also include a depository receipt issued by a bank (as defined in Section 3(a)(2) of the Securities Act of 1933, as amended) as custodian with respect to any such U.S. Government Obligation or a specific payment of principal of or interest on any such U.S. Government Obligation held by such custodian for the account of the holder of such depository receipt, *provided* that (except as required by law) such custodian is not authorized to make any deduction from the amount payable to the holder of such depository receipt from any amount received by the custodian in respect of the U.S. Government Obligation or the specific payment of principal of or interest on the U.S. Government Obligation evidenced by such depository receipt.

(b) (i) No Event of Default or event which with notice or lapse of time or both would become an Event of Default with respect to the Securities of such series shall have occurred and be continuing on the date of such deposit, and (ii) with respect to a Defeasance and discharge under Section 1302, no such Event of Default or event shall have occurred and be continuing under subsection 501(5) or (6) hereof at any time during the period ending on the 91st day after the date of such deposit or, if longer, ending on the day following the expiration of the longest preference period applicable to the Company in respect of such deposit (it being understood that this condition shall not be deemed satisfied until the expiration of such period); *provided* that in connection with a Defeasance under Section 1302 the Company will be released from its covenant under Section 1004 immediately upon the making of the deposit under subsection (a) without reference to the additional period of time referred to in this subsection (ii); and *provided, further, however*, that if (x) a bank with an investment rating of at least A by each of Standard & Poor's Corporation and Moody's Investors Service, Inc. shall issue in favor of the Trustee, for the benefit of the Holders of the Outstanding Securities to be defeased hereunder, an unsecured letter of credit to guarantee the deposit referred to in subparagraph (a) above and (y) the Company shall provide to the Trustee an Opinion of Counsel (which shall be nationally recognized Counsel experienced in bankruptcy matters) satisfactory to the Trustee to the effect that no payments pursuant to the letter of credit to be made for the benefit of the Holders of the Outstanding Securities to be defeased hereunder would be subject to recapture, as a preference or otherwise, by any trustee in bankruptcy of the Company, then this condition shall be satisfied without regard to the period of time referred to in subsection (ii) above.

(c) Such Defeasance shall not cause the Trustee for the Securities of such series to have a conflicting interest as defined in Section 608 and for purposes of the Trust Indenture Act with respect to any securities of the Company.

(d) Such Defeasance shall not result in a breach or violation of, or constitute a default under, this Indenture or any other agreement or instrument to which the Company is a party or by which it is bound.

(e) Such Defeasance shall not cause any Securities of such series then listed on any registered national securities exchange under the Securities Exchange Act of 1934, as amended, to be delisted.

(f) Such Defeasance shall be effected in compliance with any additional terms, conditions or limitations which may be imposed on the Company in connection therewith pursuant to Section 301.

(g) The Company shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for relating to the Defeasance under Section 1302 have been complied with.

Section 1304. Deposited Money and U.S. Government Obligations to Be Held in Trust; Other Miscellaneous Provisions.

Subject to the provisions of the last paragraph of Section 1003, all money and U.S. Government Obligations (including the proceeds thereof) deposited with the Trustee (or other qualifying trustee -- collectively, for purposes of this Section 1304, the "Trustee") pursuant to Section 1304 in respect of the Outstanding Securities of such series shall be held in trust and applied by the Trustee, in accordance with the provisions of such Securities and this Indenture, to the payment, either directly or through any Paying Agent (including the Company acting as its own paying agent) as the Trustee may determine, to the Holders of such Securities, of all sums due and to become due thereon in respect of principal (and premium, if any) and interest, but such money need not be segregated from other funds except to the extent required by law.

The Company shall pay and indemnify the Trustee against any tax, fee or other charge imposed on or assessed against the U.S. Government Obligations deposited pursuant to Section 1304 or the principal and interest received in respect thereof other than any such tax, fee or other charge which by law is for the account of the Holders of the Outstanding Securities of such series.

Anything in this Article Thirteen to the contrary notwithstanding, the Trustee shall deliver or pay to the Company from time to time upon Company Request any money or U.S. Government Obligations held by it as provided in Section 1304 which, in the opinion of a nationally recognized firm of independent public accountants or a nationally recognized investment banking firm acceptable to the Company expressed in a written certification thereof delivered to the Trustee, are in excess of the amount thereof which would then be required to be deposited to effect an equivalent Defeasance or covenant Defeasance.

Section 1305. Reinstatement.

If the Trustee is unable to apply any money in accordance with Section 401 or Section 1302 by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application,

the Company's obligations under this Indenture and the Securities of such series shall be revived and reinstated as though no deposit had occurred pursuant to Section 401 or Section 1302 until such time as the Trustee is permitted to apply all such money in accordance with Section 401 or Section 1302; provided, however, that if the Company has made any payment of interest on or principal of (and premium, if any, on) any Securities of such series because of the reinstatement of its obligations, the Company shall be subrogated to the rights of the Holders of such series of Securities to receive such payment from the money held by the Trustee.

WITNESSETH:

WHEREAS, the Company and the Trustee entered into an Indenture, dated as of July 1, 1998 (the "Original Indenture"), pursuant to which one or more series of debt of the Company (the "Securities") may be issued from time to time; and

WHEREAS, Section 201 of the Original Indenture permits the terms of any series of Securities to be established in an indenture supplemental to the Original Indenture; and

WHEREAS, Section 901(7) of the Original Indenture provides that a supplemental indenture may be entered into by the Company and the Trustee without the consent of any Holders of the Securities to establish the form and terms of the Securities of any series; and

WHEREAS, the Company and the Trustee entered into a First Supplemental Indenture, dated as of July 15, 1998 (the "First Supplemental Indenture"), pursuant to which the Company issued Remarketed Notes Due 2038 with an aggregate principal amount of $50,000,000; and

WHEREAS, the Company has requested the Trustee to join with it in the execution and delivery of this Second Supplemental Indenture in order to supplement and amend the Original Indenture by, among other things, establishing the form and terms of one series of Securities to be known as the Company's "7 3/8% REset Put Securities Due 2015" (the "Notes") and amending and adding certain provisions thereof for the benefit of the Holders of the Notes; and

WHEREAS, the Company has furnished the Trustee with a Board Resolution authorizing the execution of this Second Supplemental Indenture; and

WHEREAS, all things necessary to make this Second Supplemental Indenture a valid agreement of the Company and the Trustee and a valid supplement to the Original Indenture have been done,

NOW, THEREFORE, THIS SECOND SUPPLEMENTAL INDENTURE WITNESSETH:

For and in consideration of the premises and the purchase of the Notes to be issued hereunder by holders thereof, the Company and the Trustee mutually covenant and agree, for the equal and proportionate benefit of the respective holders from time to time of the Notes, as follows:

ARTICLE ONE

Definitions and Other Provisions of General Application

Section 101. Definitions

All capitalized terms that are used herein and not otherwise defined herein shall have the meanings assigned to them in the Original Indenture. The Original Indenture together with this Second Supplemental Indenture are hereinafter sometimes collectively referred to as the "Indenture."

"Applicable Spread" shall mean the lowest bid indication, expressed as a spread (in the form of a percentage or in basis points) above the Base Rate, obtained by the Callholder on the applicable Determination Date from the bids quoted by up to five Reference Corporate Dealers for the full aggregate outstanding principal amount of the Notes at the Dollar Price, but assuming (i) an issue date equal to the applicable REPS Remarketing Date, with settlement on such date without accrued interest, (ii) a maturity date equal to the next succeeding Interest Rate Adjustment Date of the Notes, (iii) a stated annual interest rate, payable semiannually on each Interest Payment Date, equal to the Base Rate plus the spread bid by the applicable Reference Corporate Dealer, and (iv) the benefit of any credit support provided by the Company, if the Company elects to provide credit support. If fewer than five Reference Corporate Dealers bid as described above, then the Applicable Spread shall be the lowest of such bid indications obtained as described above. The REPS Coupon Reset Rate announced by the Callholder, absent manifest error, shall be binding and conclusive upon the Beneficial Owners and holders of the Notes, the Company and the Trustee.

Designation and Terms of the Notes

Section 201. Establishment of Series

There is hereby created a series of Securities to be known and designated as the "$7^{3}/_{8}$% REset Put Securities Due 2015" (the "Notes"), which shall rank equally with each other and all other unsecured and unsubordinated indebtedness of the Company. For the purposes of the Original Indenture, the Notes shall constitute a single series of Securities.

Section 202. Variations in Terms of Notes

Subject to the terms and conditions set forth in the Original Indenture and in this Second Supplemental Indenture, the terms of any particular Note may vary from the terms of any other Note as contemplated by Section 301 of the Original Indenture, and the terms for a particular Note will be set forth in such Note as delivered to the Trustee or an Authenticating Agent for authentication pursuant to Section 303 of the Original Indenture.

Section 203. Amount and Denominations; the Depositary

The aggregate principal amount of Notes that may be issued under this Second Supplemental Indenture is limited to $150,000,000.

The Notes shall be issuable only in fully registered form and will initially be registered in the name of The Depository Trust Company or its successor ("Depositary"), or its nominee who is hereby designated as "U.S. Depositary" under the Original Indenture. Section 204. Interest Rates, Interest Payment Dates and Interest Rate Periods

(a) *Initial Interest Rate.* The Notes shall initially bear interest at the annual rate set forth in Annex A thereof (the "Initial Interest Rate") from the Original Issue Date to, but excluding, the Initial REPS Remarketing Date.

(b) *Interest Rate(s) Subsequent to the Initial Interest Rate.* If the Initial Callholder elects to purchase the Notes as described in Section 304 hereof, the Notes shall be subject to mandatory tender to the Initial Callholder on the Initial REPS Remarketing Date, except in the limited circumstances described in Section 304 hereof, and shall for the REPS Period bear interest at the REPS Coupon Reset Rate as described in Section 304(b) hereof.

If the Initial Callholder does not purchase the Notes on the Initial REPS Remarketing Date, thereafter each Note shall bear interest at a rate or rates in a new REPS Mode, a Long Term Rate Mode or a Commercial Paper Term Mode if remarketed as provided for in Section 209 hereof, or otherwise shall be redeemed by the Company as provided for under Section 210(b) hereof. Each Note may bear interest for designated Interest Rate Periods in the same or a different Interest Rate Mode from other Notes. The interest rate for the Notes shall be established periodically by the applicable Remarketing Agent as provided for in Section 209 hereof. Each Note will set forth on Annex A thereof the then applicable Interest Rate Mode of such Note, its interest rate, each Interest Rate Adjustment Date, the Interest Rate Period and such other information indicated in the form of Annex A attached to Exhibit A hereto.

(c) *Payment of Interest.* Interest shall be payable on any Note at maturity and (i) for the Initial Interest Rate Period, on the dates set forth on the face thereof; (ii) for any Interest Rate Period in the Commercial Paper Term Mode, on the Interest Rate Adjustment Date commencing the next succeeding Interest Rate Period for such Note and on such other dates (if any) as shall be established upon conversion of such Note to the Commercial Paper Term Mode or upon remarketing of the Note in a new Interest Rate Period in the Commercial Paper Term Mode and set forth in Annex A to the applicable Note; and (iii) in the Long Term Rate Mode or REPS Mode, no less frequently than semiannually on such dates as will be established upon conversion of such Note to the Long Term Rate Mode or the REPS Mode (or upon remarketing of the Note in a new Interest Rate Period in the Long Term Rate Mode or the REPS Mode, as the case may be) and set forth in Annex A to the applicable Note in the case of a fixed interest rate, or as described below in Section 206 in the case of a floating interest rate, and on the Interest Rate Adjustment Date commencing the next succeeding Interest Rate Period (each such date, an "Interest Payment Date"). Such interest will be payable to the holder thereof as of the related Record Date, which, for any Note (x) during the Initial Interest Rate Period is the fifteenth calendar day (whether or not a Business Day) immediately preceding the related Interest Payment Date, except that the Record Date for the September 1, 2000 interest payment shall be the day on which the Company delivers the Notes; (y) in the Commercial Paper Term Mode, is

the Business Day prior to the related Interest Payment Date; and (z) in the Long Term Rate Mode or the REPS Mode, is the fifteenth calendar day (whether or not a Business Day) immediately preceding the related Interest Payment Date. If any Interest Payment Date would otherwise be a day that is not a Business Day, such Interest Payment Date will be postponed to the next succeeding Business Day, and no interest will accrue on such payment for the period from and after such Interest Payment Date to the date of such payment on the next succeeding Business Day.

(d) *Computation of Interest.* Interest on Notes bearing interest in the Commercial Paper Term Mode or at a floating interest rate during an Interest Rate Period in the Long Term Rate Mode or the REPS Mode will be computed on the basis of actual days elapsed over 360; *provided* that, if an applicable Interest Rate Basis is the CMT Rate or Treasury Rate (each as defined in Section 206 hereof), interest will be computed on the basis of actual days elapsed over the actual number of days in the year. Interest on Notes bearing interest at a fixed rate in the Long Term Rate Mode or REPS Mode will be computed on the basis of a year of 360 days consisting of twelve 30-day months. Interest on Notes at the Initial Interest Rate will be computed on the basis of a year of 360 days consisting of twelve 30-day months.

(e) *Interest Rate Modes.* The Interest Rate Period for each interest rate mode shall be determined in accordance with this subsection (e) subject to possibility of extension of such period pursuant to standby remarketing arrangements, if any, as described in Section 209(b) hereof.

(1) *Commercial Paper Term Mode.* The Interest Rate Period for any Note in the Commercial Paper Term Mode will be a period of not less than one nor more than 364 consecutive calendar days (a "Commercial Paper Term Period"), as determined by the Company (as described in Section 207 below) or, if not so determined, by the Remarketing Agent for such Note (in its best judgment in order to obtain the lowest interest cost for such Note). Each Commercial Paper Term Period will commence on the Interest Rate Adjustment Date therefor and end on the day preceding the date specified by such Remarketing Agent as the first day of the next Interest Rate Period for such Note. A "Weekly Rate Period" is a Commercial Paper Term Period and shall be a period of seven days commencing on any Interest Rate Adjustment Date and ending on the day preceding the first day of the next Interest Rate Period for such Note. The interest rate for any Commercial Paper Term Period relating to a Note shall be determined not later than 11:50 a.m., New York City time, on the Interest Rate Adjustment Date for such Note (subject to Section 209 hereof), which is the first day of each Interest Period for such Note.

(2) *Long Term Rate Mode.* The Interest Rate Period for any Note in the Long Term Rate Mode shall be established by the Company (as described in Section 207 hereof) as a period of more than 364 days and not exceeding the remaining term to the Stated Maturity of such Note (a "Long Term Rate Period"). The interest rate, or Spread (if any) and Spread Multiplier (if any), for any Note in the Long Term Rate Mode shall be determined not later than 11:50 a.m., New York City time, on the Interest Rate Adjustment Date for such Note, which is the first day of each Interest Rate Period for such Note.

(3) *REPS Mode.* So long as any Note is in a REPS Mode during the period up to, but excluding, the applicable REPS Remarketing Date, the provisions set forth in this Article Two are applicable to the remarketing of Notes generally, but only to the extent expressly provided in Article Three. The Interest Rate Period for any Note in the REPS Mode shall be established by the Company (as described in Section 207 hereof) as a period of more than 364 days and not exceeding the remaining term to the Stated Maturity of such Note (a "REPS Rate Period"). A REPS Rate Period shall consist of the period to and excluding the REPS Remarketing Date and the period from and including the REPS Remarketing Date to, but excluding, the next succeeding Interest Rate Adjustment Date, as described in Article Three and subject to the conditions therein and otherwise herein described. The interest rate and, in the case of a floating interest rate, the Spread (if any), and the Spread Multiplier (if any) to the REPS Remarketing Date for any Note in the REPS Mode shall be determined not later than 11:50 a.m., New York City time, on the Interest Rate Adjustment Date for such Note, which for the REPS Mode is the first day of each Interest Rate Period for such Note.

Section 205. Determination of Interest Rates

The interest rate and, in the case of a floating interest rate, the Spread (if any), and the Spread Multiplier (if any), for any Note shall be established by the applicable Remarketing Agent in a remarketing as provided for in Section 207 hereof or otherwise not later than the first day of each succeeding Interest Rate Period for such Note, which must be a Business Day (each an "Interest Rate Adjustment Date"), and will be the minimum rate of interest and, in the case of a floating interest rate, Spread (if any) and Spread Multiplier (if any) necessary in the judgment of such Remarketing Agent to produce a par bid in the secondary market for such Note on the date the interest rate is established. Such rate will be effective for the next succeeding Interest Rate Period for such Note commencing on such Interest Rate Adjustment Date.

In the event that (i) the applicable Remarketing Agent has been removed or has resigned and no successor has been appointed; or (ii) such Remarketing Agent has failed to announce the appropriate interest rate, Spread (if any) or Spread Multiplier (if any), as the case may be, on the Interest Rate Adjustment Date for any Note for whatever reason; or (iii) the appropriate interest rate, Spread (if any) or Spread Multiplier (if any), as the case may be, or Interest Rate Period cannot be determined for any Note for whatever reason, then the next succeeding Interest Rate Period for such Note shall be automatically converted to a Weekly Rate Period, and the rate of interest thereon will be equal to the Federal Funds Rate (such rate of interest being referred to herein as the "Special Interest Rate").

After any Interest Rate Adjustment Date any Beneficial Owner may contact the Trustee or the Remarketing Agent in order to be advised of the interest rate applicable to such Beneficial Owner's remarketed Notes. No notice of the applicable interest rate will be sent to Beneficial Owners.

The interest rate and other terms announced by the Remarketing Agent, absent manifest error, shall be binding and conclusive upon the Beneficial Owners, the Company and the Trustee.

Section 206. Election and Determination of a Floating Interest Rate by the Company

(a) While any Note bears interest in the Long Term Rate Mode or the REPS Mode (with respect to the period from, and including, the Interest Rate Adjustment Date commencing such period to, but excluding, the REPS Remarketing Date), the Company may elect a floating interest rate by providing notice, which shall be submitted or promptly confirmed in writing (which includes facsimile or appropriate electronic media), received by the Trustee and the Remarketing Agent for such Note (the "Floating Interest Rate Notice") not less than ten (10) days prior to the Interest Rate Adjustment Date for such Long Term Rate Period or REPS Rate Period. The Floating Interest Rate Notice must identify by CUSIP number or otherwise the portion of the Note to which it relates and state the Interest Rate Period (or portion thereof, in the case of the REPS Mode) therefor to which it relates. Each Floating Interest Rate Notice must also state the Interest Rate Basis or Bases, the initial Interest Reset Date, the Interest Reset Period and Interest Reset Dates, the Interest Rate Period and Interest Payment Dates, the Index Maturity and the Floating Rate Maximum Interest Rate and/or Floating Rate Minimum Interest Rate, if any. If one or more of the applicable Interest Rate Bases is LIBOR or the CMT Rate, the Floating Interest Rate Notice shall also specify the Index Currency and Designated LIBOR Page or the Designated CMT Maturity Index and Designated CMT Telerate Page, respectively. A form of Floating Interest Rate Notice is attached hereto as Exhibit C.

If any Note bears interest at a floating rate in a Long Term Rate Period or REPS Rate Period, such Note shall bear interest at the rate determined by reference to the applicable Interest Rate Basis or Bases (a) plus or minus the Spread (if any) and/or (b) multiplied by the Spread Multiplier (if any) specified by the Remarketing Agent, in the case of a Long Term Rate Period, or the Callholder, in the case of a REPS Rate Period. Commencing on the Interest Rate Adjustment Date for such Interest Rate Period, the rate at which interest on such Note will be payable shall be reset as of each Interest Reset Date during such Interest Rate Period specified in the applicable Floating Interest Rate Notice.

The applicable floating interest rate on any Note during any Interest Rate Period shall be determined by reference to the applicable Interest Rate Basis or Bases, which may include (i) the CD Rate, (ii) the CMT Rate, (iii) the Federal Funds Rate, (iv) LIBOR, (v) the Prime Rate, (vi) the Treasury Rate or (vii) such other Interest Rate Basis or interest rate formula as may be specified in the applicable Floating Interest Rate Notice (each, an "Interest Rate Basis").

Unless otherwise specified in the applicable Floating Interest Rate Notice, the interest rate with respect to each Interest Rate Basis shall be determined in accordance with the applicable provisions of this Section 206. Except as set forth above or in the applicable Floating Interest Rate Notice, the interest rate in effect on each day shall be (i), if such day is an Interest Reset Date, the interest rate determined as of the Interest Determination Date immediately preceding such Interest Reset Date or (ii), if such day is not an Interest Reset Date, the interest rate determined as of the Interest Determination Date immediately preceding the most recent Interest Reset Date. If any Interest Reset Date would otherwise be a day that is not a Business Day, such Interest Reset Date shall be postponed to the next succeeding Business Day, unless LIBOR is an applicable Interest Rate Basis and such Business Day falls in the next succeeding calendar month, in which case such Interest Reset Date shall be the immediately preceding Business Day.

In addition, if the Treasury Rate is an applicable Interest Rate Basis and the Interest Determination Date would otherwise fall on an Interest Reset Date, then such Interest Reset Date shall be postponed to the next succeeding Business Day.

The applicable Floating Interest Rate Notice will specify whether the rate of interest will be reset daily, weekly, monthly, quarterly, semiannually or annually or on such other specified basis (each, an "Interest Reset Period") and the dates on which such rate of interest will be reset (each, an "Interest Reset Date"). Unless otherwise specified in the applicable Floating Interest Rate Notice, the Interest Reset Dates will be, in the case of a floating interest rate which resets: (i) daily, each Business Day; (ii) weekly, the Wednesday of each week (unless the Treasury Rate is an applicable Interest Rate Basis, in which case the Tuesday of each week except as described below); (iii) monthly, the third Wednesday of each month; (iv) quarterly, the third Wednesday of March, June, September and December of each year; (v) semiannually, the third Wednesday of the two months specified in the applicable Floating Interest Rate Notice; and (vi) annually, the third Wednesday of the month specified in the applicable Floating Interest Rate Notice.

The interest rate applicable to each Interest Reset Period commencing on the related Interest Reset Date shall be the rate determined as of the applicable Interest Determination Date. The "Interest Determination Date" shall mean (i), with respect to the CD Rate, the CMT Rate, the Federal Funds Rate and the Prime Rate, the second Business Day immediately preceding the applicable Interest Reset Date; (ii) with respect to LIBOR, the second London Business Day immediately preceding the applicable Interest Reset Date, unless the Index Currency is British pounds sterling, in which case it shall mean the applicable Interest Reset Date; and (iii) with respect to the Treasury Rate, the day within the week in which the applicable Interest Reset Date falls upon which day Treasury Bills are normally auctioned; *provided, however*, that if an auction is held on the Friday of the week preceding the applicable Interest Reset Date, the "Interest Determination Date" shall mean such preceding Friday. If the interest rate of any Note is a floating interest rate determined with reference to two or more Interest Rate Bases specified in the applicable Floating Interest Rate Notice, the Interest Determination Date pertaining to the Note shall be the most recent Business Day which is at least two Business Days prior to the applicable Interest Reset Date on which each Interest Rate Basis shall determinable. Each Interest Rate Basis will be determined as of such date, and the applicable interest rate shall take effect on the related Interest Reset Date.

Either or both of the following may also apply to the floating interest rate on any Note for an Interest Rate Period: (i) a floating rate maximum interest rate, or ceiling, that may accrue during any Interest Reset Period (the "Floating Rate Maximum Interest Rate") and (ii) a floating rate minimum interest rate, or floor, that may accrue during any Interest Reset Period (the "Floating Rate Minimum Interest Rate"). In addition to any Floating Rate Maximum Interest Rate that may apply, the interest rate on any Note shall in no event be higher than the maximum rate permitted under the law of the State of New York, as the same may be modified by United States laws of general application.

Except as provided below or in the applicable Floating Interest Rate Notice, interest will be payable, in the case of floating interest rates which reset: (i) daily, weekly or monthly, on the third Wednesday of each month; (ii) quarterly, on the third Wednesday of March, June,

September and December of each year; (iii) semiannually, on the third Wednesday of the two months of each year specified in the applicable Floating Interest Rate Notice; and (iv) annually, on the third Wednesday of the month of each year specified in the applicable Floating Interest Rate Notice and, in each case, on the Business Day immediately following the applicable Long Term Rate Period or REPS Rate Period, as the case may be. If any Interest Payment Date for the payment of interest at a floating rate (other than following the end of the applicable Long Term Rate Period or REPS Rate Period, as the case may be) would otherwise be a day that is not a Business Day, such Interest Payment Date will be postponed to the next succeeding Business Day, except that if LIBOR is an applicable Interest Rate Basis and such Business Day falls in the next succeeding calendar month, such Interest Payment Date will be the immediately preceding Business Day.

All percentages resulting from any calculation of floating interest rates will be rounded to the nearest one hundred thousandth of a percentage point, with five one-millionths of a percentage point rounded upwards (*e.g.*, 9.876545% (or .09876545) would be rounded to 9.87655% (or .0987655)), and all amounts used in or resulting from such calculation will be rounded, in the case of United States dollars, to the nearest cent or, in the case of a foreign currency or composite currency, to the nearest unit (with one-half cent or unit being rounded upwards).

Accrued floating rate interest will be calculated by multiplying the principal amount of the applicable Note by an accrued interest factor. Such accrued interest factor will be computed by adding the interest factor calculated for each day in the applicable Interest Reset Period. Unless otherwise specified in the applicable Floating Interest Rate Notice, the interest factor for each such day will be computed by dividing the interest rate applicable to such day by 360, if an applicable Interest Rate Basis is the CD Rate, the Federal Funds Rate, LIBOR or the Prime Rate, or by the actual number of days in the year if an applicable Interest Rate Basis is the CMT Rate or the Treasury Rate. Unless otherwise specified in the applicable Floating Interest Rate Notice, if the floating interest rate is calculated with reference to two or more Interest Rate Bases, the interest factor will be calculated in each period in the same manner as if only one of the applicable Interest Rate Bases applied as specified in the applicable Floating Interest Rate Notice.

For any Note bearing interest at a floating rate, the applicable Remarketing Agent shall determine the interest rate in effect from the Interest Rate Adjustment Date for such Note to the initial Interest Reset Date. The interest rate in effect for each Interest Reset Period thereafter shall be determined by a calculation agent selected by the Company (a "Calculation Agent"). Upon request of the Beneficial Owner of a Note, after any Interest Rate Adjustment Date, the Calculation Agent or the Remarketing Agent shall disclose the interest rate and, in the case of a floating interest rate, Interest Rate Basis or Bases, Spread (if any) and Spread Multiplier (if any), and in each case the other terms applicable to such Note then in effect and, if determined, the interest rate that will become effective as a result of a determination made for the next succeeding Interest Reset Date with respect to such Note. Except as described herein with respect to a Note earning interest at floating rates, the Beneficial Owner of a note shall not be entitled to receive notice of the applicable interest rate, Spread (if any) or Spread Multiplier (if any).

Unless otherwise specified in the applicable Floating Interest Rate Notice, the "Calculation Date," if applicable, pertaining to any Interest Determination Date will be the earlier of (i) the tenth calendar day after such Interest Determination Date or, if such day is not a Business Day, the next succeeding Business Day or (ii) the Business Day immediately preceding the applicable Interest Payment Date or the Stated Maturity, as the case may be.

(b) *Interest Rate Bases for Floating Interest Rates.* The basis for the floating interest rate on any Note during any Interest Rate Period may include, but is not limited to, any of the following bases (each, an "Interest Rate Basis"):

(1) If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as the "CD Rate," the CD Rate shall mean, with respect to any Interest Determination Date relating to a Note for which the interest rate is determined with reference to the CD Rate (a "CD Rate Interest Determination Date"), the rate on such date for negotiable United States dollar certificates of deposit having the Index Maturity specified in the applicable Floating Interest Rate Notice as published in H.15(519) under the heading "CDs (Secondary Market)," or, if not published by 9:00 a.m., New York City time, on the related Calculation Date, the CD Rate will be the rate on such CD Rate Interest Determination Date set forth in the daily update of H.15(519) , available through the world wide website of the Board of Governors of the Federal Reserve System at http://www.bog.frb.fed.us/releases/h15/update, or any successor site or publication ("H.15 Daily Update") for the day in respect of certificates of deposit having the Index Maturity specified in the applicable Floating Interest Rate Notice under the caption "CDs (Secondary Market)." If such rate is not yet published in either H.15(519) or the H.15 Daily Update by 3:00 p.m., New York City time, on the related Calculation Date, then the CD Rate on such CD Rate Interest Determination Date shall be calculated by the Calculation Agent and shall be the arithmetic mean of the secondary market offered rates as of 10:00 a.m., New York City time, on such CD Rate Interest Determination Date, of three leading nonbank dealers in negotiable United States dollar certificates of deposit in the City of New York (which may include the Remarketing Agent or its affiliates) selected by the Calculation Agent, after consultation with the Company, for negotiable United States dollars certificates of deposit of major United States money center banks of the highest credit standing in the market for negotiable certificates of deposit with a remaining maturity closest to the Index Maturity specified in the applicable Floating Interest Rate Notice in an amount that is representative for a single transaction in that market at that time; *provided, however*, that if the dealers so selected by the Calculation Agent are not quoting as mentioned in this sentence, the CD Rate determined as of such CD Rate Interest Determination Date will be the CD Rate in effect on such CD Rate Interest Determination Date.

(2) If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as the "CMT Rate," the CMT Rate shall mean, with respect to any Interest Determination Date relating to a Note for which the interest rate is determined with reference to the CMT Rate (a "CMT Rate Interest Determination Date"), the rate displayed on the Designated CMT Telerate Page under the caption "...Treasury Constant Maturities ... Federal Reserve Board Release H.15 ... Mondays Approximately 3:45 P.M.," under the column for the Designated CMT Maturity Index for (i), if the Designated CMT Telerate Page is 7055, the rate on such CMT Rate Interest Determination Date and (ii) if the Designated CMT Telerate Page is 7052, the weekly or

monthly average, as specified in the Floating Interest Rate Notice, for the week or the month, as applicable, ended immediately preceding the week or the month, as applicable, in which the related CMT Rate Interest Determination Date occurs. If such rate is no longer displayed on the relevant page or is not displayed by 3:00 p.m., New York City time, on the related Calculation Date, then the CMT Rate for such CMT Rate Interest Determination Date shall be such treasury constant maturity rate for the Designated CMT Maturity Index as published in H.15(519). If such rate is no longer published or is not published by 3:00 p.m., New York City time, on the related Calculation Date, then the CMT Rate on such CMT Rate Interest Determination Date shall be such treasury constant maturity rate for the Designated CMT Maturity Index (or other United States Treasury rate for the Designated CMT Maturity Index) for the CMT Rate Interest Determination Date with respect to such Interest Reset Date as may then be published by either the Board of Governors of the Federal Reserve System or the United States Department of the Treasury that the Calculation Agent determines to be comparable to the rate formerly displayed on the Designated CMT Telerate Page and published in H.15(519). If such information is not provided by 3:00 p.m., New York City time, on the related Calculation Date, then the CMT Rate on the CMT Rate Interest Determination Date shall be calculated by the Calculation Agent and shall be a yield to maturity, based on the arithmetic mean of the secondary market closing offer side prices as of approximately 3:30 p.m., New York City time, on such CMT Rate Interest Determination Date reported, according to their written records, by three leading primary United States government securities dealers (each, a "Reference Dealer") in the City of New York (which may include the Remarketing Agent or its affiliates) selected by the Calculation Agent after consultation with the Company (from five such Reference Dealers selected by the Calculation Agent, after consultation with the Company, and eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest)), for the most recently issued direct noncallable fixed rate obligations of the United States ("Treasury Notes") with an original maturity of approximately the Designated CMT Maturity Index and a remaining term to maturity of not less than such Designated CMT Maturity Index minus one year. If the Calculation Agent is unable to obtain three such Treasury Note quotations, the CMT Rate on such CMT Rate Interest Determination Date shall be calculated by the Calculation Agent and shall be a yield to maturity based on the arithmetic mean of the secondary market offer side prices as of approximately 3:30 p.m., New York City time, on such CMT Rate Interest Determination Date of three Reference Dealers in the City of New York (from five such Reference Dealers selected by the Calculation Agent, after consultation with the Company, and eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest)), for Treasury Notes with an original maturity of the number of years that is the next highest to the Designated CMT Maturity Index and a remaining term to maturity closest to the Designated CMT Maturity Index and in an amount of at least U.S. $100 million. If three or four (and not five) of such Reference Dealers are quoting as described above, then the CMT Rate shall be based on the arithmetic mean of the offer prices obtained and neither the highest nor the lowest of such quotes shall be eliminated; *provided, however*, that if fewer than three Reference Dealers so selected by the Calculation Agent, after consultation with the Company, are quoting as mentioned herein, the CMT Rate determined as of such CMT Rate Interest Determination Date shall be the CMT Rate in effect on such CMT Rate Interest Determination Date. If two Treasury Notes with an original maturity as described in the second preceding sentence have

remaining terms to maturity equally close to the Designated CMT Maturity Index, the Calculation Agent, after consultation with the Company, shall obtain from five Reference Dealers quotations for the Treasury Note with the shorter remaining term to maturity.

(3) If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as the "Federal Funds Rate," the Federal Funds Rate shall mean, with respect to any Interest Determination Date relating to a Note for which the interest rate is determined with reference to the Federal Funds Rate (a "Federal Funds Rate Interest Determination Date"), the rate on such date for United States dollar federal funds as published in H.15(519) under the heading "Federal Funds (Effective)" as displayed on Bridge Telerate, Inc. (or any successor service) on page 120 or any other page as may replace the applicable page on that service ("Telerate Page 120"). If such rate is not displayed on Telerate Page 120 or is not published by 9 a.m., New York City time, on the related Calculation Date, the Federal Funds Rate will be the rate on such Federal Funds Rate Interest Determination Date as published in the H.15 Daily Update under the heading "Federal Funds/(Effective)." If no such rate is published in either H.15(519) or H.15 Daily Update by 3 p.m., New York City time, on the related Calculation Date, then the Federal Funds Rate on such Federal Funds Rate Interest Determination Date shall be calculated by the Calculation Agent and shall be the arithmetic mean of the rates for the last transaction in overnight United States dollar federal funds arranged by three leading brokers of federal funds transactions in The City of New York (which may include the Remarketing Agent or its affiliates) selected by the Calculation Agent after consultation with the Company, prior to 9:00 a.m., New York City time, on such Federal Funds Rate Interest Determination Date; *provided, however*, that if the brokers so selected by the Calculation Agent are not quoting as mentioned in this sentence, the Federal Funds Rate determined as of such Federal Funds Rate Interest Determination Date shall be the Federal Funds Rate in effect on such Federal Funds Rate Interest Determination Date.

(4) If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as "LIBOR," LIBOR shall mean the rate determined by the Calculation Agent as of the applicable Interest Determination Date (a "LIBOR Interest Determination Date") in accordance with the following provisions:

(i) If (a) "LIBOR Reuters" is specified in the applicable Floating Interest Rate Notice, the arithmetic mean of the offered rates (unless the Designated LIBOR Page by its terms provides only for a single rate, in which case such single rate will be used) for deposits in the Index Currency having the Index Maturity specified in the applicable Floating Interest Rate Notice, commencing on the second London Business Day immediately following such LIBOR Interest Determination Date, that appear on the Designated LIBOR Page as of 11:00 a.m., London time, on that LIBOR Interest Determination Date, if at least two such offered rates appear (unless, as aforesaid, only a single rate is required) on such Designated LIBOR Page, or (b) "LIBOR Telerate" is specified in the applicable Floating Interest Rate Notice, the rate for deposits in the Index Currency having the Index Maturity designated in the applicable Floating Interest Rate Notice, commencing on the second London Business Day immediately following such LIBOR Interest Rate Determination Date, that appears on such Designated

LIBOR Page as of 11:00 a.m., London time, on that LIBOR Interest Determination Date. If fewer than two such offered rates appear (if "LIBOR Reuters" is specified in the applicable Floating Interest Rate Notice), or if no such rate appears (if "LIBOR Telerate" is specified in the applicable Floating Interest Rate Notice), LIBOR on such LIBOR Interest Determination Date will be determined in accordance with the provisions described below.

(ii) With respect to a LIBOR Interest Determination Date on which fewer than two such offered rates appear (if "LIBOR Reuters" is specified in the applicable Floating Interest Rate Notice), or if no such rate appears (if "LIBOR Telerate" is specified in the applicable Floating Interest Rate Notice), the Calculation Agent shall request the principal London offices of each of four major reference banks in the London interbank market, as selected by the Calculation Agent, to provide the Calculation Agent with its offered quotation for deposits in the Index Currency for the period of the Index Maturity specified in the applicable Floating Interest Rate Notice, commencing on the second London Business Day immediately following such LIBOR Interest Determination Date, to prime banks in the London interbank market at approximately 11:00 a.m., London time, on such LIBOR Interest Determination Date and in a principal amount that is representative of a single transaction in such Index Currency in such market at such time.

(iii) If at least two such quotations are provided, LIBOR determined on such LIBOR Interest Determination Date will be the arithmetic mean of such quotations, If fewer than two quotations are provided, LIBOR determined on such LIBOR Interest Determination Date will be the arithmetic mean of the rates quoted at approximately 11:00 am (or such other time specified in the applicable Floating Interest Rate Notice), in the applicable principal financial center for the country of the Index Currency on such LIBOR Interest Determination Date, by three major banks in such principal financial center selected by the Calculation Agent for the loans in the Index Currency to leading European banks, having the Index Maturity designated in the applicable Floating Interest Rate Notice and in a principal amount that is representative for a single transaction in such Index Currency in such market at such time; provided, however, that if the banks so selected by the Calculation Agent are not quoting as mentioned in this sentence, LIBOR in effect for the applicable period will be the same as LIBOR for the immediately preceding Interest Reset Period (or, if there was no such Interest Reset Period, the rate of interest payable on the Notes for which such LIBOR is being determined shall be the Initial Interest Rate).

(5) If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as the "Prime Rate," Prime Rate shall mean, with respect to any Interest Determination Date relating to a Note for which the interest rate is determined with reference to the Prime Rate (a "Prime Rate Interest Determination Date"), the rate on such date as such rate is published in H.15(519) under the heading "Bank Prime Loan." If such rate is not published prior

to 3:00 p.m., New York City time, on the related Calculation Date, then the Prime Rate shall be the arithmetic mean of the rates of interest publicly announced by each bank that appears on the Reuters Screen U.S. PRIME 1 Page (as defined below) as such bank's prime rate or base lending rate as in effect for such Prime Rate Interest Determination Date. If fewer than four such rates appear on the Reuters Screen U.S. PRIME 1 Page for such Prime Rate Interest Determination Date, the Prime Rate shall be the arithmetic mean of the prime rates quoted on the basis of the actual number of days in the year divided by a 360-day year as of the close of business on such Prime Rate Interest Determination Date by four major money center banks (which may include the Calculation Agent) in the City of New York selected by the Calculation Agent, after consultation with the Company. If fewer than four such quotations are so provided, the Prime Rate shall be the arithmetic mean of four prime rates quoted on the basis of the actual number of days in the year divided by a 360-day year as of the close of business on such Prime Rate Interest Determination Date as furnished in the City of New York by the major money center banks, if any, that have provided such quotations and by as many substitute banks or trust companies (which may include the Calculation Agent) as necessary in order to obtain four such prime rate quotations, *provided* such substitute banks or trust companies are organized and doing business under the laws of the United States, or any State thereof, have total equity capital of at least U.S. $500 million and are each subject to supervision or examination by Federal or State authority, selected by the Calculation Agent, after consultation with the Company, to provide such rate or rates; *provided, however*, that if the banks or trust companies so selected by the Calculation Agent are not quoting as mentioned in this sentence, the Prime Rate determined as of such Prime Rate Interest Determination Date shall be the Prime Rate in effect on such Prime Rate Interest Determination Date.

(6) If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as the "Treasury Rate," Treasury Rate shall mean, with respect to any Interest Determination Date relating to a Note for which the interest rate is determined with reference to the Treasury Rate (a "Treasury Rate Interest Determination Date"), the following:

(i) the rate from the auction held on the applicable Treasury Rate Interest Determination Date (the "Auction") of direct obligations of the United States ("Treasury Bills") having the Index Maturity specified in the applicable Floating Interest Rate Notice that rate appears under the caption "INVESTMENT RATE" on the display of Bridge Telerate, Inc., or any successor service, on page 56 or any other page as may replace page 56 on that service ("Telerate Page 56") or page 57 or any other page as may replace page 57 on that service ("Telerate Page 57"); or

(ii) if the rate described above is not published by 3:00 p.m., New York City time, on the Calculation Date, the Bond Equivalent Yield of the rate for the applicable Treasury Bills as published in the H.15 Daily Update, or other recognized electronic source used for the purpose of displaying the applicable rate, under the captions "U.S. Government Securities/Treasury Bills/Auction High;" or

(iii) if the rate described above is not published by 3:00 p.m., New York City time, on the related Calculation Date, the Bond Equivalent Yield of the Auction rate of the applicable Treasury Bills, announced by the United States Department of the Treasury; or

(iv) in the event that the rate described above is not announced by the United States Department of the Treasury, or if the Auction is not held, the Bond Equivalent Yield of the rate on the applicable Interest Determination Date of Treasury Bills having the Index Maturity specified in the applicable Floating Interest Rate Notice published in H.15(519) under the caption "U.S. Government Securities/Treasury Bills/Secondary Market;" or

(v) if the rate described above is not so published by 3:00 p.m., New York City time, on the related Calculation Date, the rate on the applicable Interest Determination Date of the applicable Treasury Bills as published in H.15 Daily Update, or other recognized electronic source used for the purpose of displaying the applicable rate, under the caption "U.S. Government Securities/Treasury Bills/Secondary Market;" or

(vi) if the rate described above is not so published by 3:00 p.m., New York City time, on the related Calculation Date, the rate on the applicable Interest Determination Date calculated by the Calculation Agent as the Bond Equivalent Yield of the arithmetic mean of the secondary market bid rates, as of approximately 3:30 p.m., New York City time, on the applicable Interest Determination Date, of three primary United States government securities dealers, which may include the Calculation Agent or its affiliates, selected by the Calculation Agent, for the issue of Treasury Bills with a remaining maturity closest to the Index Maturity specified in the applicable Floating Interest Rate Notice; or

(vii) if the dealers selected by the Calculation Agent are not quoting as described above, the Treasury Rate for the immediately preceding Interest Reset Period, or, if there was no Interest Reset Period, the rate of interest payable shall be the Initial Interest Rate.

The "Bond Equivalent Yield" shall mean a yield calculated in accordance with the following formula and expressed as a percentage:

$$\text{Bond Equivalent Yield} = \frac{D \times N}{360 - (D \times M)}$$

where "D" refers to the applicable per annum rate for Treasury Bills quoted on a bank discount basis, "N" refers to 365 or 366, as the case may be, and "M" refers to the actual number of days in the interest period for which interest is being calculated.

Section 207. Conversion Between Interest Rate Modes by the Company

The Company may, at its option, convert the Interest Rate Mode of the Notes upon (i) any Interest Rate Adjustment Date, (ii) election of a Callholder to remarket the Notes, subject to the provisions of Section 305 hereof, or (iii) failure of the Callholder to purchase the Notes on the applicable REPS Remarketing Date as described in Section 304 hereof, in each case in accordance with the procedures provided for in this Section.

(a) *Conversion Between Commercial Paper Term Periods.* Each Note in a Commercial Paper Term Period may be remarketed into the same Interest Rate Period or converted at the option of the Company to a different Commercial Paper Term Period on any Interest Rate Adjustment Date upon either receipt by the Remarketing Agent and the Trustee of a notice, which will be submitted promptly confirmed in writing (which includes facsimile or appropriate electronic media), from the Company (a "Conversion Notice") prior to 9:30 a.m., New York City time, or the remarketing of such Note, whichever occurs later, on such Interest Rate Adjustment Date.

(b) *Conversion from the Commercial Paper Term Mode to the Long Term Rate Mode or the REPS Mode.* Each Note in the Commercial Paper Term Mode may be converted at the option of the Company to the Long Term Rate Mode or the REPS Mode on any Interest Rate Adjustment Date upon receipt not less than ten (10) days prior to such Interest Rate Adjustment Date by the Remarketing Agent and the Trustee of a Conversion Notice from the Company.

(c) *Conversion Between Long Term Rate Periods or from the Long Term Rate Mode or the REPS Mode to the Commercial Paper Term Mode, Long Term Rate Mode or the REPS Mode.* Each Note in a Long Term Rate Period may be remarketed in the same Interest Rate Period or converted at the option of the Company to a different Long Term Rate Period or from the Long Term Rate Mode to the Commercial Paper Term Mode or the REPS Mode, or from the REPS Mode to a different REPS Mode or to the Long Term Rate Mode or the Commercial Paper Term Mode, on any Interest Rate Adjustment Date for such Note upon receipt by the Trustee and the Remarketing Agent for such Note of a Conversion Notice from the Company not less than ten (10) days prior to such Interest Rate Adjustment Dates; *provided* that the notice required for conversion from the initial REPS Mode shall not be required until the latest of the day after the Initial Callholder notifies the Company that it will not purchase the Notes for remarketing, the day the Initial Callholder fails to so purchase the Notes or the day the Company elects to convert the Notes to a new Interest Rate Mode after the Initial Callholder has elected to remarket the Notes.

(d) *Conversion Notice.* Each Conversion Notice must state each Note to which it relates and the new Interest Rate Mode (if applicable), the new Interest Rate Period, the date of the applicable conversion (the "Conversion Date") and, with respect to any Long Term Rate Period, any optional redemption or repayment terms for each such Note.

(e) *Revocation or Change of Conversion Notice or Floating Interest Rate Notice.* The Company may, upon written notice received by the Trustee and the applicable Remarketing Agent, revoke any Conversion Notice or Floating Interest Rate Notice or change the Interest Rate Mode to which such Conversion Notice relates or change any Floating Interest Rate Notice

up to 9:30 a.m., New York City time, on the Conversion Date, subject to the limitation set forth in subsection (f) of this Section. If the Company revokes a Conversion Notice or the Trustee and the Remarketing Agent fail to receive a Conversion Notice from the Company by the specified date in advance of the Interest Rate Adjustment Date for a Note, the Note shall be converted automatically to the Weekly Rate Period.

(f) *Limitation on Conversion, Change of Conversion Notice or Floating Interest Rate Notice and Revocation.* Notwithstanding the foregoing subsections (a), (b), (c), (d) and (e), the Company may not, without the consent of the applicable Remarketing Agent, convert any Note or revoke or change any Conversion Notice or Floating Interest Rate Notice at or after the time at which such Remarketing Agent has determined the interest rate, or Spread (if any) and Spread Multiplier (if any), for any Note being remarketed (*i.e.*, the time at which such Note has been successfully remarketed, subject to settlement on the related Interest Rate Adjustment Date). The Remarketing Agent may advise the Company of indicative rates from time to time, or at any time upon the request of the Company, prior to making such determination of the interest rate, Spread or Spread Multiplier, as the case may be.

Section 208. Automatic Tender of Notes on the Interest Rate Adjustment Date

Each Note shall be automatically tendered for purchase, or deemed tendered for purchase, on each Interest Rate Adjustment Date relating thereto. Notes shall be purchased or redeemed on the Interest Rate Adjustment Date relating thereto as described in Section 209 or 210 hereof.

Section 209. Remarketing

(a) *Appointment of Remarketing Agent.* In connection with the conversion by the Company of any Note as set forth in Section 207 hereof, the Company shall enter into a remarketing agreement with a Remarketing Agent on or prior to the remarketing of such Notes, which Remarketing Agent shall be responsible for the remarketing of such Notes. When any Note is tendered under Section 208 hereof to the Remarketing Agent for remarketing, the Remarketing Agent will use its reasonable efforts to remarket such Note on behalf of the Beneficial Owner thereof at a price equal to 100% of the principal amount thereof. The Remarketing Agent may purchase tendered Notes for its own account in a remarketing, but will not be obligated to do so. The Company may offer to purchase Notes in a remarketing, *provided* that the interest rate established with respect to Notes in such remarketing is not different from the interest rate that would have been established if the Company had not purchased such Notes. Any Notes for which the Company shall have given a notice of redemption to the Trustee and the Remarketing Agent will not be considered in a remarketing.

(b) *Remarketing Procedures.* With respect to each Note for which there is to be established an interest rate from time to time by a Remarketing Agent responsible for the remarketing thereof, such interest rate shall be set in accordance with the procedures of paragraphs (i) and (ii) below.

(i) *Determination of Interest Rate.* By 11:00 a.m., New York City time, on the Interest Rate Adjustment Date for any Note, the applicable Remarketing Agent will

determine the interest rate for such Note being remarketed to the nearest one hundred thousandth (0.00001) of one percent per annum for the next Interest Rate Period in the case of a fixed interest rate, and the Spread (if any) and Spread Multiplier (if any) in the case of a floating interest rate; *provided,* that between 11:00 a.m., New York City time, and 11:50 a.m., New York City time, the Remarketing Agent and the Standby Remarketing Agent, if any, will use their reasonable efforts to determine the interest rate for any Notes not successfully remarketed as of the applicable deadline specified in this paragraph. In determining the applicable interest rate for such Note and other terms, such Remarketing Agent will, after taking into account market conditions as reflected in the prevailing yields on fixed and variable rate taxable debt securities, (i) consider the principal amount of all Notes tendered or to be tendered on such date and the principal amount of such Notes prospective purchasers are or may be willing to purchase and (ii) contact, by telephone or otherwise, prospective purchasers and ascertain the interest rates therefor at which they would be willing to hold or purchase such Notes.

(ii) *Notification of Results; Settlement.* By 12:30 p.m., New York City time, on the Interest Rate Adjustment Date of any Notes, the applicable Remarketing Agent will notify the Company and the Trustee in writing (which may include facsimile or other electronic transmission), of (i) the interest rate or, in the case of a floating interest rate, the initial interest rate, the Spread and Spread Multiplier and the initial Interest Reset Date, applicable to such Notes for the next Interest Rate Period, (ii) the Interest Rate Adjustment Date, (iii) the Interest Payment Dates for any Notes in the Commercial Paper Term Mode (if other than the Interest Rate Adjustment Date), the Long Term Rate Mode or the REPS Mode, (iv) the optional redemption terms, if any, and early remarketing terms, if any, in the case of a remarketing into a Long Term Rate Period, (v) the aggregate principal amount of tendered Notes and (vi) the aggregate principal amount of such tendered Notes that such Remarketing Agent was able to remarket, at a price equal to 100% of the principal amount thereof plus accrued interest, if any. Immediately after receiving such notice and, in any case, not later than 1:30 p.m., New York City time, the Trustee will transmit such information and any other settlement information required by the Depositary, to the extent such information has been provided to the Trustee, to the Depositary in accordance with the Depositary's procedures as in effect from time to time.

By telephone at approximately 1:00 p.m., New York City time, on such Interest Rate Adjustment Date, the applicable Remarketing Agent will advise each purchaser of Notes (or the DTC Participant of each such purchaser who it is expected in turn will advise such purchaser) of the principal amount of such Notes that such purchaser is to purchase.

Each purchaser of Notes in a remarketing will be required to give instructions to its DTC Participant to pay the purchase price therefor in same day funds to the applicable Remarketing Agent against delivery of the principal amount of such Notes by book-entry through the Depositary by 3:00 p.m., New York City time, on the Interest Rate Adjustment Date.

All tendered Notes will be automatically delivered to the account of the Trustee (or such other account meeting the requirements of the Depositary's procedures as in effect from time to time), by book-entry through the Depositary against payment of the purchase price or redemption price therefor, on the Interest Rate Adjustment Date relating thereto.

The applicable Remarketing Agent will make, or cause the Trustee to make, payment to the DTC Participant of each tendering Beneficial Owner of Notes subject to a remarketing, by book-entry through the Depositary by the close of business on the Interest Rate Adjustment Date against delivery through the Depositary of such Beneficial Owner's tendered Notes, of the purchase price for tendered Notes that have been sold in the remarketing. If any such Notes were purchased pursuant to a Special Mandatory Purchase, subject to receipt of funds from the Company or, if applicable, an institution providing credit support, as the case may be, the Trustee will make such payment of the purchase price of such Notes plus accrued interest, if any, to such date.

The transactions described above for a remarketing of any Notes will be executed on the Interest Rate Adjustment Date for such Notes through the Depositary in accordance with the procedures of the Depositary, and the accounts of the respective the DTC Participants will be debited and credited and such Notes delivered by book-entry as necessary to effect the purchases and sales thereof, in each case as determined in the related remarketing.

Except as otherwise set forth in Section 210 hereof, any Notes tendered in a remarketing will be purchased solely out of the proceeds received from purchasers of such Notes in such remarketing, and none of the Trustee, the applicable Remarketing Agent, any Standby Remarketing Agent or the Company will be obligated to provide funds to make payment upon any Beneficial Owner's tender in a remarketing.

Although tendered Notes will be subject to purchase by a Remarketing Agent in a remarketing, such Remarketing Agent and any Standby Remarketing Agent will not be obligated to purchase any such Notes.

The settlement and remarketing procedures described above, including provisions for payment by purchasers of tendered Notes or for payment to selling Beneficial Owners of tendered Notes, may be modified to the extent required by the Depositary. In addition, each Remarketing Agent may, in accordance with the terms of the Indenture, modify the settlement and remarketing procedures set forth above in order to facilitate the settlement and remarketing process.

As long as the Depositary's nominee holds the certificates representing the Notes in the book-entry system of the Depositary, no certificates for such Notes will be delivered by any selling Beneficial Owner to reflect any transfer of Notes effected in any remarketing.

The Trustee shall confirm to the Depositary the interest rate for the following Interest Rate Period in accordance with the Depositary's procedures as in effect from time to time.

The interest rate announced by the applicable Remarketing Agent, absent manifest error, shall be binding and conclusive upon the Beneficial Owners, the Company and the Trustee.

(c) *Failed Remarketing*. Notes not successfully remarketed will be subject to Special Mandatory Purchase by the Company as set forth in Section 210 hereof.

Section 210. Purchase and Redemption of Notes

(a) *Special Mandatory Purchase.* Subject to certain exceptions, if on any Interest Rate Adjustment Date for any Notes, the applicable Remarketing Agent and the applicable Standby Remarketing Agent(s) have not remarketed all such Notes, the Notes that have not been remarketed are subject to Special Mandatory Purchase (a "Special Mandatory Purchase") by the Company. The Company is obligated to pay all accrued and unpaid interest, if any, on unremarketed Notes to such Interest Rate Adjustment Date. Payment of the principal amount of unremarketed Notes by the Company, and payment of accrued and unpaid interest, if any, by the Company, will be made by deposit of same-day funds with the Trustee (or such other account meeting the requirements of the Depositary's procedures as in effect from time to time) irrevocably in trust for the benefit of the Beneficial Owners of Notes subject to Special Mandatory Purchase by 3:00 p.m., New York City time, on such Interest Rate Adjustment Date.

Failure by the Company to purchase Notes pursuant to a Special Mandatory Purchase will constitute an Event of Default under the Indenture as set forth in Section 401 hereof in which event the date of such failure shall constitute a date of Maturity for such Notes and the principal thereof may be declared due and payable in the manner and with the effect provided in the Indenture. Following such failure to pay pursuant to a Special Mandatory Purchase, such Notes will bear interest at the Special Interest Rate as provided for in Section 205 hereof.

(b) *Optional Redemption on any Interest Rate Adjustment Date.* Each Note will be subject to redemption at the option of the Company in whole or in part on any Interest Rate Adjustment Date relating thereto without notice to the holders thereof at a redemption price equal to 100% of the principal amount thereof.

(c) *Redemption While Notes are in the Long Term Rate Mode.* Any Notes in the Long Term Rate Mode are subject to redemption at the option of the Company at the times and upon the terms specified at the time of conversion to or within such Long Term Rate Mode.

(d) *Allocation.* Except in the case of a Special Mandatory Purchase, if the Notes are to be redeemed in part, the Depositary, after receiving notice of redemption specifying the aggregate principal amount of Notes to be so redeemed, will determine by lot (or otherwise in accordance with the procedures of the Depositary) the principal amount of such Notes to be redeemed from the account of each DTC Participant. After making its determination as described above, the Depositary will give notice of such determination to each DTC Participant from whose account such Notes are to be redeemed. Each such DTC Participant, upon receipt of such notice will in turn determine the principal amount of Notes to be redeemed from the accounts of the Beneficial Owners of such Notes for which it serves as DTC Participant, and give notice of such determination to the Remarketing Agent.

Section 211. Form and Other Terms of the Notes

(a) Attached hereto as Exhibit A is the form of Note, which form is hereby established as the form in which Notes may be issued bearing interest at the Initial Interest Rate or in the Commercial Paper Term Mode, the Long Term Rate Mode or the REPS Mode. Annex A to Exhibit A is deemed to be a part of such Note and such Annex may be changed upon the

mutual agreement of the Company and the Trustee to reflect changes occasioned by remarketings.

(b) Subject to (a) above, any Note may be issued in such other form as may be provided by, or not inconsistent with, the terms of the Original Indenture and this Second Supplemental Indenture.

ARTICLE THREE

The REPS Mode

Section 301. Applicability of Article

The provisions of this Article Three shall apply to any Note in the REPS Mode. To the extent that any provision of this Article Three conflicts with any provision of Article Two, the provisions set forth in this Article Three shall govern.

Section 302. Initial REPS Rate Period

The Notes shall be issued initially in a REPS Mode with respect to which the Company shall have on the Original Issue Date entered into a REPS Remarketing Agreement. With respect to Notes within a REPS Rate Period commencing on the Original Issue Date, references in this Article Three to (i) the Callholder and REPS Remarketing Date shall mean the Initial Callholder and the Initial REPS Remarketing Date and (ii) the Interest Rate Adjustment Date upon which the REPS Rate Period commences shall mean the Original Issue Date.

Section 303. Interest to REPS Remarketing Date

Each Note in the REPS Mode will bear interest at the annual interest rate established by the Callholder from, and including, the Interest Rate Adjustment Date commencing the Interest Rate Period for the REPS Mode to, but excluding, the REPS Remarketing Date. Such interest rate will be the minimum rate of interest and, in the case of a floating interest rate, Spread (if any) and Spread Multiplier (if any) necessary in the judgment of such Callholder to produce a par bid in the secondary market for such Note on the date the interest rate is established. The designated REPS Remarketing Date shall be an Interest Payment Date within such Interest Rate Period.

Section 304. Tender to and Remarketing by the Callholder

The obligations of the Callholder set forth herein shall be performed under the applicable REPS Remarketing Agreement.

(a) *Mandatory Tender.* Provided that the Callholder gives notice to the Company and the Trustee on or before the Notification Date of its intention to purchase the Notes for remarketing, each Note will be automatically tendered, or deemed tendered, to the Callholder for remarketing at the REPS Coupon Reset Rate on the REPS Remarketing Date, except in the circumstances described in subsection (b)(2) and Section 305 below with regard to failure of the Callholder to purchase the Notes. The purchase price for the tendered Notes to be paid by the

Callholder will equal 100% of the principal amount thereof. When the Notes are tendered for remarketing, the Callholder may remarket the Notes for its own account at varying prices to be determined by the Callholder at the time of each sale. From and including the REPS Remarketing Date to, but excluding, the next succeeding Interest Rate Adjustment Date, the Notes will bear interest at the REPS Coupon Reset Rate. If the Callholder elects to remarket the Notes, the obligation of the Callholder to purchase the Notes on the REPS Remarketing Date is subject to the conditions set forth in the applicable REPS Remarketing Agreement.

(b) *Remarketing.* The remarketing of the notes purchased by Callholder under the REPS Remarketing Agreement shall be carried out in accordance with the following procedures:

(1) *The REPS Coupon Reset Rate.* Subject to the Callholder's election to remarket the Notes as provided in subsection (a) above, the REPS Coupon Reset Rate shall be determined by the Callholder by 3:30 p.m., New York City time, on the third Business Day immediately preceding the REPS Remarketing Date (the "Determination Date") to the nearest one hundred-thousandth (0.00001) of one percent per annum and will be equal to the Base Rate established by the Callholder, after consultation with the Company, at or prior to the commencement of the REPS Mode (the "Base Rate"), plus the Applicable Spread, which will be based on the Dollar Price of the Notes.

(2) *Notification of Results; Settlement.* Provided the Callholder has previously notified the Company and the Trustee on the Notification Date of its intention to purchase all tendered Notes on the REPS Remarketing Date, the Callholder will notify the Company, the Trustee and the Depositary by telephone, confirmed in writing, by 4:00 p.m., New York City time, on the Determination Date, of the REPS Coupon Reset Rate.

All of the tendered Notes will be automatically delivered to the account of the Trustee, by book-entry through the Depositary pending payment of the purchase price therefor, on the REPS Remarketing Date.

In the event that the Callholder purchases the tendered Notes on the REPS Remarketing Date, the Callholder will make or cause the Trustee to make payment to the DTC Participant of each tendering Beneficial Owner of Notes, by book-entry through the Depositary by the close of business on the REPS Remarketing Date against delivery through the Depositary of such Beneficial Owner's tendered Notes. If the Callholder does not purchase all of the Notes on the REPS Remarketing Date, the Company may attempt to convert the Notes to a new Interest Rate Mode, such interest rate to be determined as provided for in Section 205 hereof, and settlement will be effected as described in this Section 304(b). In any case, the Company will make or cause the Trustee to make payment of interest to each Beneficial Owner of Notes due on the REPS Remarketing Date by book-entry through the Depositary by the close of business on the REPS Remarketing Date.

The transactions in this subsection (b)(2) hereof will be executed on the REPS Remarketing Date through the Depositary in accordance with the procedures of the Depositary, and the accounts of the respective DTC Participants will be debited and credited and the Notes delivered by book-entry as necessary to effect the purchases and sales thereof.

Transactions involving the sale and purchase of Notes remarketed by the Callholder on and after a REPS Remarketing Date will settle in immediately available funds through the Depositary's Same-Day Funds Settlement System.

The tender and settlement procedures described above, including provisions for payment by purchasers of Notes in the remarketing or for payment to selling Beneficial Owners of tendered Notes, may be modified to the extent required by the Depositary or to the extent required to facilitate the tender and remarketing of Notes in certificated form, if the book-entry system is no longer available for the Notes at the time of the remarketing. In addition, the Callholder may, in accordance with the terms of the Indenture, modify the tender and settlement procedures set forth above in order to facilitate the tender and settlement process.

As long as the Depositary's nominee holds the certificates representing any Notes in the book-entry system of the Depositary, no certificates for such Notes will be delivered by any selling Beneficial Owner to reflect any transfer of such Notes effected in the remarketing.

Section 305. Conversion or Redemption Following Election by the Callholder to Remarket

(a) If the Callholder elects to remarket the Notes on the REPS Remarketing Date, the Notes will be subject to mandatory tender to the Callholder for remarketing on such date, in each case subject to the conditions set forth in Section 304 hereof, and to the Company's right to either convert the Notes to a new Interest Rate Mode on the REPS Remarketing Date or to redeem the Notes from the Callholder, in each case as described in the next sentence. The Company will notify the Callholder and the Trustee, not later than the Business Day immediately preceding the Determination Date, if the Company irrevocably elects to exercise its right to either convert the Notes to a new Interest Rate Mode, or to redeem the Notes in whole, but not in part, from the Callholder at the Optional Redemption Price, in each case on the REPS Remarketing Date.

(b) In the event that the Company irrevocably elects to convert the Notes to a new Interest Rate Mode, then as of the REPS Remarketing Date the Notes will cease to be in the REPS Mode, the REPS Remarketing Date will constitute an Interest Rate Adjustment Date, and the Notes shall be subject to remarketing on such date by a Remarketing Agent appointed in the Commercial Paper Term Mode or the Long Term Rate Mode or a new REPS Mode established in accordance with the procedures set forth in Section 207 hereof; *provided* that, in such case, the notice period required for conversion shall be the period commencing on the Determination Date. In such case, the Company shall pay to the Callholder the excess of the Dollar Price of the Notes over 100% of the principal amount of the Notes in same-day funds by wire transfer to an account designated by the Callholder on the REPS Remarketing Date.

(c) In the event that the Company irrevocably elects to redeem the Notes, the "Optional Redemption Price" shall be the greater of either (i) 100% of the principal amount of the Notes or (ii) the Dollar Price, plus in either case accrued and unpaid interest from the REPS Remarketing Date on the principal amount being redeemed to the date of redemption. If the Company elects to redeem the Notes, it shall pay the redemption price therefor in same-day

funds by wire transfer to an account designated by the Callholder on the REPS Remarketing Date.

(d) If notice has been given as provided in the Indenture and funds for the redemption of any Notes called for redemption shall have been made available on the redemption date referred to in such notice, such Notes shall cease to bear interest on the date fixed for such redemption specified in such notice and the only right of the Callholder from and after the redemption date shall be to receive payment of the Optional Redemption Price upon surrender of such Notes in accordance with such notice.

INTEREST RATE

(a) *Initial Interest Rate.* This Note will bear interest at the rate per annum (assuming a 360-day year consisting of twelve 30-day months) during the Initial Interest Rate Period identified as the Initial Interest Rate in Annex A hereto.

(b) *Subsequent Interest Rates.* (i) If the Initial Callholder elects to purchase this Note as described herein, this Note will be subject to mandatory tender to the Initial Callholder on the Initial REPS Remarketing Date, except in the limited circumstances described herein, and will, for the REPS Period bear interest at the REPS Coupon Reset Rate as defined herein and which will be set forth in Annex A hereto.

(ii) If the Initial Callholder does not purchase this Note on the Initial REPS Remarketing Date, this Note automatically will be subject to mandatory tender at 100% of the principal amount thereof for redemption on such date by the Company or for remarketing on such date by a Remarketing Agent in a Commercial Paper Term Mode, a Long Term Rate Mode or a new REPS Mode and will bear interest at a rate and for a period set forth in Annex A hereto.

(iii) The interest rate and, in the case of a floating interest rate, the Spread (if any) and the Spread Multiplier (if any) for this Note will be announced by the applicable Remarketing Agent on or prior to the Interest Rate Adjustment Date for the next succeeding Interest Rate Period, and will be the minimum interest rate per annum and, in the case of a floating interest rate, the Spread (if any) and the Spread Multiplier (if any) necessary, during the Interest Rate Period commencing on such Interest Rate Adjustment Date, in the judgement of the Remarketing Agent, to produce a par bid in the secondary market for this Note on the date the interest rate is established. Such rate will be effective for the next succeeding Interest Rate Period for this Note commencing on such Interest Rate Adjustment Date.

(c) *Floating Interest Rates.* The provisions governing floating interest rates for this Note appear below under "FLOATING INTEREST RATES."

(d) *Failure of Remarketing Agent or Agents to Announce Interest.* In the event that (i) the applicable Remarketing Agent has been removed or has resigned and no successor has been appointed, or (ii) such Remarketing Agent has failed to announce the appropriate interest rate, Spread (if any) or Spread Multiplier (if any), as the case may be, on the Interest Rate Adjustment Date of this Note for whatever reason, or (iii) the appropriate interest rate, Spread (if any), or Spread Multiplier (if any), as the case may be, or Interest Rate Period cannot be determined for this Note for whatever reason, then the next succeeding Interest Rate Period for this Note will be automatically converted to a Weekly Rate Period, and the rate of interest thereon will be equal to the Federal Funds Rate (the "Special Interest Rate").

(e) *Notice of Interest Rate; Binding Effect.* After any Interest Rate Adjustment Date of this Note, the Remarketing Agent or the Callholder, as the case may be, will notify the Company and the Trustee of the interest rate, Spread (if any) and the Spread Multiplier (if any). Immediately upon receipt of such notice, the Trustee will transmit such information to the Depositary in accordance with the Depositary's procedures as in effect from time to time and note such rate in Annex A. The Trustee shall confirm to the Depositary the interest rate for the following Interest Rate Period in accordance with the Depositary's procedures as in effect from time to time. Any Beneficial Owner may contact the Trustee

information and any other settlement information required by the Depositary to the Depositary in accordance with the Depositary's procedures as in effect from time to time.

By telephone at approximately 1:00 p.m., New York City time, on such Interest Rate Adjustment Date, the applicable Remarketing Agent will advise each purchaser of this Note (or the DTC Participant of each such purchaser who it is expected in turn will advise such purchaser) of the principal amount of such Notes that such purchaser is to purchase.

Each purchaser of this Note in a remarketing will be required to give instructions to its DTC Participant to pay the purchase price therefor in same day funds to the applicable Remarketing Agent against delivery of the principal amount of this Note by book-entry through the Depositary by 3:00 p.m., New York City time, on the Interest Rate Adjustment Date.

When tendered, or deemed tendered, this Note will be automatically delivered to the account of the Trustee (or such other account meeting the requirements of the Depositary's procedures as in effect from time to time), by book-entry through the Depositary against payment of the purchase price or redemption price therefor, on the Interest Rate Adjustment Date relating thereto.

The applicable Remarketing Agent will make, or cause the Trustee to make, payment to the DTC participant of each tendering Beneficial Owner of Notes subject to a remarketing, by book-entry through the Depositary by the close of business on the Interest Rate Adjustment Date against delivery through the Depositary of such Beneficial Owner's tendered Notes, of the purchase price for tendered Notes that have been sold in the remarketing. If this Note was purchased pursuant to a Special Mandatory Purchase, subject to receipt of funds from the Company or, if applicable, an institution providing credit support, as the case may be, the Trustee will make such payment of the purchase price of this Notes plus accrued interest, if any, to such date.

The transactions described above for a remarketing of this Note will be executed on the Interest Rate Adjustment Date for this Note through the Depositary in accordance with the procedures of the Depositary, and the accounts of the respective DTC Participants will be debited and credited and such Notes delivered by book-entry as necessary to effect the purchases and sales thereof, in each case as determined in the related remarketing.

Except as otherwise set forth below, this Note when tendered in a remarketing will be purchased solely out of the proceeds received from purchasers of this Note in such remarketing, and none of the Trustee, the applicable Remarketing Agent, any Standby Remarketing Agent or the Company will be obligated to provide funds to make payment upon any Beneficial Owner's tender in a remarketing.

Although tendered Notes will be subject to purchase by a Remarketing Agent in a remarketing, such Remarketing Agent and any Standby Remarketing Agent will not be obligated to purchase any such Notes.

The settlement and remarketing procedures described above, including provisions for payment by purchasers of tendered Notes or for payment to selling Beneficial Owners of tendered Notes, may be modified to the extent required by the Depositary. In addition, each Remarketing Agent may, in accordance with the terms of the Indenture, modify the settlement and remarketing procedures set forth above in order to facilitate the settlement and remarketing process.

As long as the Depositary's nominee holds the certificates representing this Note in the book-entry system of the Depositary, no certificates for this Note will be delivered by any selling Beneficial Owner to reflect any transfer of Notes effected in any remarketing.

Failed Remarketing. If on any Interest Rate Adjustment Date for this Note the applicable Remarketing Agent and applicable Standby Remarketing Agent(s) have not successfully remarketed this Note, it will be subject to Special Mandatory Purchase by the Company, as described under "REDEMPTION AND ACCELERATION – Special Mandatory Purchase" below.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Prior to due presentment of this Note for registration of transfer, the Company or the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Note is registered as the owner hereof for all purposes, whether or not this Note be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

REDEMPTION AND ACCELERATION

Special Mandatory Purchase. Subject to certain exceptions, if on any Interest Rate Adjustment Date for this Note, the applicable Remarketing Agent and applicable Standby Remarketing Agent(s) have not remarketed all the Notes, Notes that have not been remarketed are subject to Special Mandatory Purchase by the Company. The Company shall be obligated to pay all accrued and unpaid interest, if any, on unremarketed Notes to such Interest Rate Adjustment Date. Payment of the principal amount of unremarketed Notes by the Company, and payment of accrued and unpaid interest, if any, by the Company, will be made by deposit of same-day funds with the Trustee (or such other account meeting the requirements of the Depositary's procedures as in effect from time to time) irrevocably in trust for the benefit of the Beneficial Owners of Notes subject to Special Mandatory Purchase by 3:00 p.m., New York City time, on such Interest Rate Adjustment Date.

Failure by the Company to purchase this Note pursuant to a Special Mandatory Purchase will constitute an Event of Default under the Indenture in which event the date of such failure shall constitute a date of Maturity for this Note and the principal thereof may be declared due and payable in the manner and with the effect provided in the Indenture. Following such failure to pay pursuant to a Special Mandatory Purchase, this Note will bear interest at the Special Interest Rate as provided above "INTEREST RATE."

Optional Redemption on any Interest Rate Adjustment Date. This Note is subject to redemption at the option of the Company in whole or in part on any Interest Rate Adjustment Date relating thereto without notice to the holders thereof at a redemption price equal to 100% of the principal amount set forth in Annex A hereto.

Notice of redemption shall be given by mail to the registered owner of this Note, not less than 30 nor more than 60 days prior to the Redemption Date, all as provided in the Indenture. The Company shall not be required to (a) issue, register the transfer of or exchange Notes of this series during a period beginning at the opening of business 15 days before the day of the mailing of the relevant notice of redemption and ending at the close of business on the day of such mailing or (b) register the transfer of or exchange any Notes selected for redemption, in whole or in part, except the unredeemed portion of any Note being redeemed in part.

In the event of redemption of this Note in part only, a new Note or Notes of this series, of like tenor, for the unredeemed portion hereof will be issued in the name of the registered owner hereof upon the cancellation hereof.

Allocation. Except in the case of a Special Mandatory Purchase, if this Note is to be redeemed in part, the Depositary, after receiving notice of redemption specifying the aggregate principal amount of this Note to be so redeemed, will determine by lot (or otherwise in accordance with the procedures of the Depositary) the principal amount this Note to be redeemed from the account of each DTC Participant. After making its determination as described above, the Depositary will give notice of such determination to each DTC Participant from whose account this Notes is to be redeemed. Each such DTC Participant, upon receipt of such notice will in turn determine the principal amount of this Note to be redeemed from the accounts of the Beneficial Owners of this Note for which it serves as DTC Participant, and give notice of such determination to the Remarketing Agent.

Acceleration. If any Event of Default with respect to the Notes shall occur and be continuing, the principal of the Notes may be declared due and payable in the manner and with the effect provided in the Indenture.

REPS MODE

Notwithstanding anything herein to the contrary, the provisions of this section shall apply to this Note when it is in a REPS Mode and shall supersede any conflicting provisions of general applicability contained elsewhere herein, during the period from, and including, the commencement of a REPS Rate Period to, but excluding, the next succeeding Interest Rate Adjustment Date (or, if the Callholder does not elect to purchase this Note on the applicable REPS Remarketing Date designated for such REPS Mode or if after electing to so purchase this Note the Callholder fails to so purchase this Note for any reason, to the REPS Remarketing Date). During the period in which this Note is in a REPS Mode, this Note shall bear interest and be subject to remarketing by the applicable Callholder designated by the Company as described herein and identified in Annex A hereto.

With respect to this Note in the REPS Rate Period commencing on the Original Issue Date, references herein to (i) the Callholder and REPS Remarketing Date shall mean the Initial Callholder and

the Initial REPS Remarketing Date and (ii) the Interest Rate Adjustment Date on which the REPS Rate Period commences shall mean the Original Issue Date.

(a) *Interest to REPS Remarketing Date.* The Interest Rate Period for this Note in the REPS Mode will be established by the Company (as described under "INTEREST RATE" above) as a period of more than 364 days and not exceeding the remaining term to the Stated Maturity of this Note; *provided, however*, that such Interest Rate Period must end on the day prior to an Interest Payment Date for this Note. A REPS Rate Period shall consist of the period to and excluding the REPS Remarketing Date and the period from and including the REPS Remarketing Date to but excluding the next succeeding Interest Rate Adjustment Date (set forth in Annex A hereto), or, if the Remarketing Agent does not purchase the Notes thereon, the Interest Rate Adjustment Date. The interest rate and, in the case of a floating interest rate, the Spread (if any), and the Spread Multiplier (if any), to the REPS Remarketing Date for this Note if it is in the REPS Mode will be determined not later than 11:50 a.m., New York City time, on the Interest Rate Adjustment Date of this Note, which for the REPS Mode is the first day of each Interest Rate Period for this Note. Such interest rate will be the minimum rate of interest and, in the case of a floating interest rate, Spread (if any) and Spread Multiplier (if any) necessary in the judgment of such Callholder to produce a par bid in the secondary market for this Note on the date the interest is established. The designated REPS Remarketing Date shall be an Interest Payment Date within such Interest Rate Period.

(b) *Mandatory Tender.* Provided that the Callholder gives notice to the Company and the Trustee on or before the Notification Date of its intention to purchase the Notes for remarketing, this Note will be automatically tendered to such Callholder for purchase on the applicable REPS Remarketing Date, except in the circumstances described under "Conversion or Redemption" below. The purchase price for the tendered Notes to be paid by the Callholder will be equal to 100% of the aggregate principal amount thereof. When this Note is tendered to the Callholder for remarketing, the Callholder may remarket the Note for its own account at varying prices to be determined by the Callholder at the time of each sale. If the Callholder elects to remarket the Note, the obligation of the Callholder to purchase the Note on the REPS Remarketing Date is subject to certain condition including no material adverse change in the condition of the Company and its subsidiaries, considered as one enterprise, shall have occurred and that no Event of Default (as defined in the Indenture), or any event which, with the giving of notice or passage of time, or both, would constitute an Event of Default, with respect to this Note shall have occurred and be continuing.

(c) *Remarketing; REPS Coupon Reset Rate.* The REPS Coupon Reset Rate will be determined by the Callholder by 3:30 p.m., New York City time, on the Determination Date to the nearest one hundred-thousandth (0.00001) of one percent per annum, and will be equal to the sum of the Base Rate and the Applicable Spread, which will be based on the Dollar Price of the Notes as of the REPS Remarketing Date.

(d) *Notification of Results; Settlement.* Provided the Callholder has previously notified the Company and the Trustee on the Notification Date of its intention to purchase all tendered Notes on the REPS Remarketing Date, the Callholder will notify the Company, the Trustee and the Depositary by telephone, confirmed in writing, by 4:00 p.m., New York City time, on the Determination Date, of the REPS Coupon Reset Rate.

If the Callholder does not elect to purchase this Note for remarketing on the REPS Remarketing Date or if the Callholder gives notice of its election to remarket this Note but for any reason does not purchase all tendered Notes on the REPS Remarketing Date, then this Note will be subject to remarketing on such date by a Remarketing Agent appointed by the Company in the Commercial Paper Term Mode or the Long Term Rate Mode or a new REPS Mode established by the Company; *provided*

that, in such case, the notice period required for conversion shall be the lesser of ten (10) days and the period commencing the date that the Callholder notifies the Company that it will not purchase the Notes for remarketing on the REPS Remarketing Date or fails to so purchase, as the case may be.

The tendered Note will be automatically delivered to the account of the Trustee, by book-entry through the Depositary pending payment of the purchase price therefor, on the applicable REPS Remarketing Date.

The Callholder will make or cause the Trustee to make payment to the Participant of each tendering Beneficial Owner of Notes, by book-entry through the Depositary by the close of business on the REPS Remarketing Date against delivery through the Depositary by the close of business on the REPS Remarketing Date of such Beneficial Owner's tendered Notes.

The transactions described above will be executed on the REPS Remarketing Date through the Depositary in accordance with the procedures of the Depositary, and the accounts of the respective DTC Participants will be debited and credited and the Notes delivered by book-entry as necessary to effect the purchases and sales thereof.

Transactions involving the sale and purchase of the Notes remarketed by a Callholder on or after a REPS Remarketing Date will settle in immediately available funds through the Depositary's Same-Day Funds Settlement System.

The tender and settlement procedures described above, including provisions for payment by purchasers of Notes in the remarketing or for payment to selling Beneficial Owners of tendered Notes, may be modified, notwithstanding any contrary terms of the Indenture, to the extent required by the Depositary or, if the book-entry system is no longer available this Note at the time of the remarketing, to the extent required to facilitate the tendering and remarketing of this Note in certificated form. In addition, the Callholder may, notwithstanding any contrary terms of the Indenture, modify the settlement procedures set forth above in order to facilitate the settlement process.

As long as the Depositary's nominee holds the certificates representing any Notes in the book-entry system of the Depositary, no certificates for this Note will be delivered by any selling Beneficial Owner to reflect any transfer of such Notes effected in the remarketing. In addition, under the terms of this Note, the Company has agreed that, notwithstanding any provision to the contrary set forth in the Indenture, (a) it will use reasonable commercial efforts to maintain this Note in book-entry form with the Depositary or any successor thereto and to appoint a successor depositary to the extent necessary to maintain this Note in book-entry form and (b) it will waive any discretionary right it otherwise has under the Indenture to cause this Note to be issued in certificated form.

(e) *Conversion or Redemption.* If the Callholder elects to remarket the Notes on the REPS Remarketing Date, this Note will be subject to mandatory tender to the Callholder for remarketing on such date, subject to the Company's right to convert the Note to a new Interest Rate Mode or to redeem the Note from the Callholder, in each case as described in the next sentence. The Company will notify the Callholder and the Trustee not later than the Business Day immediately preceding the Determination Date if the Company irrevocably elects to exercise its right to either convert the Note to a new Interest Rate Mode or to redeem the Note from the Callholder at the Optional Redemption Price, in each case, on the applicable REPS Remarketing Date.

In the event that the Company irrevocably elects to convert the Note to a new Interest Rate Mode, then as of the REPS Remarketing Date, this Note will be subject to remarketing on such date by a Remarketing Agent appointed by the Company in a new REPS Mode, a Long Term Rate Mode or a

Commercial Paper Term Mode established by the Company in accordance with the procedures set forth herein; *provided* that, in such case, the notice required for conversion shall be given no later than the Initial Determination Date. In such case, the Company shall pay to the Initial Callholder the excess of the Dollar Price of the Notes over 100% of the principal amount of the Notes in same-day funds by wire transfer to an account designated by the Initial Callholder.

In the event that the Company irrevocably elects to redeem this Note from the Callholder, it shall pay such Callholder the Optional Redemption Price in same-day funds by wire transfer to an account designated by the Callholder on the REPS Remarketing Date.

If notice has been given as provided in the Indenture and funds for the redemption of this Note called for redemption shall have been made available on the redemption date referred to in such notice, this Note shall cease to bear interest on the date fixed for such redemption specified in such notice and the only right of the Callholder from and after the redemption date shall be to receive payment of the Optional Redemption Price upon surrender of this Note in accordance with such notice.

FLOATING INTEREST RATES

While this Note bears interest in the Long Term Rate Mode or the REPS Mode (with respect to the period from, and including, the Interest Rate Adjustment Date commencing such period to, but excluding, the REPS Remarketing Date), the Company may elect a floating interest rate by providing a notice, which will be submitted or promptly confirmed in writing (which includes facsimile or appropriate electronic media), received by the Trustee and the Remarketing Agent (a "Floating Interest Rate Notice") for such Note not less than ten (10) days prior to the Interest Rate Adjustment Date for such Long Term Rate Period or REPS Rate Period. The Floating Interest Rate Notice must identify by CUSIP number or otherwise the portion of the Note to which it relates and state the Interest Rate Period (or portion thereof, in the case of the REPS Mode) therefor to which it relates. Each Floating Interest Rate Notice must also state the Interest Rate Basis or Bases, the initial Interest Reset Date, the Interest Reset Period and Interest Reset Dates, the Interest Rate Period and Interest Payment Dates, the Index Maturity and the Floating Rate Maximum Interest Rate and/or Floating Rate Minimum Interest Rate, if any. If one or more of the applicable Interest Rate Bases is LIBOR or the CMT Rate, the Floating Interest Rate Notice will also specify the Index Currency and Designated LIBOR Page or the Designated CMT Maturity Index and Designated CMT Telerate Page, respectively.

If this Note bears interest at a floating rate in a Long Term Rate Period or REPS Rate Period, such Note will bear interest at the rate determined by reference to the applicable Interest Rate Basis or Bases (a) plus or minus the Spread, if any, and/or (b) multiplied by the Spread Multiplier, if any, specified by the Remarketing Agent, in the case of a Long Term Rate Period, or the Callholder, in the case of a REPS Rate Period. Commencing on the Interest Rate Adjustment Date for such Interest Rate Period, the rate at which interest on such Note will be payable will be reset as of each Interest Reset Date during such Interest Rate Period specified in the applicable Floating Interest Rate Notice.

The applicable floating interest rate on this Note during any Interest Rate Period will be determined by reference to the applicable Interest Rate Basis or Interest Rate Bases, which may include (i) the CD Rate, (ii) the CMT Rate, (iii) the Federal Funds Rate, (iv) LIBOR, (v) the Prime Rate, (vi) the Treasury Rate or (vii) such other Interest Rate Basis or interest rate formula as may be specified in the applicable Floating Interest Rate Notice (each, an "Interest Rate Basis").

Unless otherwise specified in the applicable Floating Interest Rate Notice, the interest rate with respect to each Interest Rate Basis will be determined in accordance with the applicable provisions below. Except as set forth above or in the applicable Floating Interest Rate Notice, the interest rate in

effect on each day will be (i) if such day is an Interest Reset Date, the interest rate determined as of the Interest Determination Date immediately preceding such Interest Reset Date or (ii), if such day is not an Interest Reset Date, the interest rate determined as of the Interest Determination Date immediately preceding the most recent Interest Reset Date. If any Interest Reset Date would otherwise be a day that is not a Business Day, such Interest Reset Date will be postponed to the next succeeding Business Day, unless LIBOR is an applicable Interest Rate Basis and such Business Day falls in the next succeeding calendar month, in which case such Interest Reset Date will be the immediately preceding Business Day. In addition, if the Treasury Rate is an applicable Interest Rate Basis and the Interest Determination Date would otherwise fall on an Interest Reset Date, then such Interest Reset Date will be postponed to the next succeeding Business Day.

The applicable Floating Interest Rate Notice will specify whether the rate of interest will be reset daily, weekly, monthly, quarterly, semiannually or annually or on such other specified basis (each, an "Interest Reset Period") and the dates on which such rate of interest will be reset (each, an "Interest Reset Date"). Unless otherwise specified in the applicable Floating Interest Rate Notice, the Interest Reset Dates will be, in the case of a floating interest rate which resets: (i) daily, each Business Day; (ii) weekly, the Wednesday of each week (unless the Treasury Rate is an applicable Interest Rate Basis, in which case the Tuesday of each week except as described below); (iii) monthly, the third Wednesday of each month; (iv) quarterly, the third Wednesday of March, June, September and December of each year, (v) semiannually, the third Wednesday of the two months specified in the applicable Floating Interest Rate Notice; and (vi) annually, the third Wednesday of the month specified in the applicable Floating Interest Rate Notice.

The interest rate applicable to each Interest Reset Period commencing on the related Interest Reset Date will be the rate determined as of the applicable Interest Determination Date. The "Interest Determination Date" with respect to the CD Rate, the CMT Rate, the Federal Funds Rate and the Prime Rate will be the second Business Day immediately preceding the applicable Interest Reset Date; and the "Interest Determination Date" with respect to LIBOR will be the second London Business Day immediately preceding the applicable Interest Reset Date, unless the Index Currency is British pounds sterling, in which case the "Interest Determination Date" will be the applicable Interest Reset Date. The "Interest Determination Date" with respect to the Treasury Rate will be the day within the week in which the applicable Interest Reset Date falls upon which day Treasury Bills (as defined below) are normally auctioned (Treasury Bills are normally sold at an auction held on Monday of each week, unless that day is a legal holiday, in which case the auction is normally held on the following Tuesday, except that such auction may be held on the preceding Friday); *provided, however,* that if an auction is held on the Friday of the week preceding the applicable Interest Reset Date, the "Interest Determination Date" will be such preceding Friday. If the interest rate of this Note is a floating interest rate determined with reference to two or more Interest Rate Bases specified in the applicable Floating Interest Rate Notice, the "Interest Determination Date" pertaining to this Note will be the most recent Business Day which is at least two Business Days prior to the applicable Interest Reset Date on which each Interest Rate Basis is determinable. Each Interest Rate Basis will be determined as of such date, and the applicable interest rate will take effect on the related Interest Reset Date.

Either or both of the following may also apply to the floating interest rate on this Note for an Interest Rate Period: (i) a floating rate maximum interest rate, or ceiling, that may accrue during any Interest Reset Period (the "Floating Rate Maximum Interest Rate") and (ii) a floating rate minimum interest rate, or floor, that may accrue during any Interest Reset Period (the "Floating Rate Minimum Interest Rate"). In addition to any Floating Rate Maximum Interest Rate that may apply, the interest rate on this Note will in no event be higher than the maximum rate permitted by New York law, as the same may be modified by United States laws of general application.

Except as provided below or in the applicable Floating Interest Rate Notice, interest will be payable, in the case of floating interest rates which reset: (i) daily, weekly or monthly, on the third Wednesday of each month or on the third Wednesday of March, June, September and December of each year, as specified in the applicable Floating Interest Rate Notice; (ii) quarterly, on the third Wednesday of March, June, September and December of each year; (iii) semiannually, on the third Wednesday of the two months of each year specified in the applicable Floating Interest Rate Notice; and (iv) annually, on the third Wednesday of the month of each year specified in the applicable Floating Interest Rate Notice and, in each case, on the Business Day immediately following the applicable Long Term Rate Period or REPS Rate Period, as the case may be. If any Interest Payment Date for the payment of interest at a floating rate (other than following the end of the applicable Long Term Rate Period or REPS Rate Period, as the case may be) would otherwise be a day that is not a Business Day, such Interest Payment Date will be postponed to the next succeeding Business Day, except that if LIBOR is an applicable Interest Rate Basis and such Business Day falls in the next succeeding calendar month, such Interest Payment Date will be the immediately preceding Business Day.

All percentages resulting from any calculation of floating interest rates will be rounded to the nearest one hundred thousandth of a percentage point, with five one-millionths of a percentage point rounded upwards (e.g., 9.876545% (or .09876545) would be rounded to 9.87655% (or .0987655)), and all amounts used in or resulting from such calculation will be rounded, in the case of United States dollars, to the nearest cent or, in the case of a foreign currency or composite currency, to the nearest unit (with one-half cent or unit being rounded upwards).

Accrued floating rate interest will be calculated by multiplying the principal amount of the this Note by an accrued interest factor. Such accrued interest factor will be computed by adding the interest factor calculated for each day in the applicable Interest Reset Period. Unless otherwise specified in the applicable Floating Interest Rate Notice, the interest factor for each such day will be computed by dividing the interest rate applicable to such day by 360, if an applicable Interest Rate Basis is the CD Rate, the Federal Funds Rate, LIBOR or the Prime Rate, or by the actual number of days in the year if an applicable Interest Rate Basis is the CMT Rate or the Treasury Rate. Unless otherwise specified in the applicable Floating Interest Rate Notice, if the floating interest rate is calculated with reference to two or more Interest Rate Bases, the interest factor will be calculated in each period in the same manner as if only one of the applicable Interest Rate Bases applied as specified in the applicable Floating Interest Rate Notice.

If this Note bears interest at a floating rate, the applicable Remarketing Dealer will determine the interest rate in effect from the Interest Rate Adjustment Date for this Note to the initial Interest Reset Date. A calculation agent selected by the Company (a "Calculation Agent") will determine the interest rate in effect for each Interest Reset Period thereafter. Upon request of the Beneficial Owner of this Note, after any Interest Rate Adjustment Date, the Calculation Agent or the Remarketing Dealer will disclose the interest rate and, in the case of a floating interest rate, Interest Rate Basis or Bases, Spread (if any) and Spread Multiplier (if any), and in each case the other terms applicable to this Note then in effect and, if determined, the interest rate that will become effective as a result of a determination made for the next succeeding Interest Reset Date with respect to this Note. Except as described herein if this Note is earning interest at floating rates, no notice of the applicable interest rate, Spread (if any) or Spread Multiplier (if any) will be sent to the Beneficial Owner of this Note.

Unless otherwise specified in the applicable Floating Interest Rate Notice, the "Calculation Date," if applicable, pertaining to any Interest Determination Date will be the earlier of (i) the tenth calendar day after such Interest Determination Date or, if such day is not a Business Day, the next succeeding Business Day or (ii) the Business Day immediately preceding the applicable Interest Payment Date or Maturity, as the case may be.

according to their written records, by three leading primary United States government securities dealers (each, a "Reference Dealer") in the City of New York (which may include the Remarketing Agent or its affiliates) selected by the Calculation Agent after consultation with the Company (from five such Reference Dealers selected by the Calculation Agent, after consultation with the Company, and eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest)), for the most recently issued direct noncallable fixed rate obligations of the United States ("Treasury Notes") with an original maturity of approximately the Designated CMT Maturity Index and a remaining term to maturity of not less than such Designated CMT Maturity Index minus one year. If the Calculation Agent is unable to obtain three such Treasury Note quotations, the CMT Rate on such CMT Rate Interest Determination Date will be calculated by the Calculation Agent and will be a yield to maturity based on the arithmetic mean of the secondary market offer side prices as of approximately 3:30 p.m., New York City time, on such CMT Rate Interest Determination Date of three Reference Dealers in the City of New York (from five such Reference Dealers selected by the Calculation Agent, after consultation with the Company, and eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest)), for Treasury Notes with an original maturity of the number of years that is the next highest to the Designated CMT Maturity Index and a remaining term to maturity closest to the Designated CMT Maturity Index and in an amount of at least U.S. $100 million. If three or four (and not five) of such Reference Dealers are quoting as described above, then the CMT Rate will be based on the arithmetic mean of the offer prices obtained and neither the highest nor the lowest of such quotes will be eliminated; *provided, however,* that if fewer than three Reference Dealers so selected by the Calculation Agent, after consultation with the Company, are quoting as mentioned herein, the CMT Rate determined as of such CMT Rate Interest Determination Date will be the CMT Rate in effect on such CMT Rate Interest Determination Date. If two Treasury Notes with an original maturity as described in the second preceding sentence have remaining terms to maturity equally close to the Designated CMT Maturity Index, the Calculation Agent, after consultation with the Company, will obtain from five Reference Dealers quotations for the Treasury Note with the shorter remaining term to maturity.

Federal Funds Rate. If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as the "Federal Funds Rate," the Federal Funds Rate shall mean, with respect to any Interest Determination Date relating to a Note for which the interest rate is determined with reference to the Federal Funds Rate (a "Federal Funds Rate Interest Determination Date"), the rate on such date for United States dollar federal funds as published in H.15(519) under the heading "Federal Funds (Effective)" as displayed on Bridge Telerate, Inc. (or any successor service) on page 120 or any other page as may replace the applicable page on that service ("Telerate Page 120"). If such rate is not displayed on Telerate Page 120 or is not published by 9 a.m., New York City time, on the related Calculation Date, the Federal Funds Rate will be the rate on such Federal Funds Rate Interest Determination Date as published in the H.15 Daily Update under the heading "Federal Funds/(Effective)." If no such rate is published in either H.15(519) or H.15 Daily Update by 3 p.m., New York City time, on the related Calculation Date, then the Federal Funds Rate on such Federal Funds Rate Interest Determination Date shall be calculated by the Calculation Agent and shall be the arithmetic mean of the rates for the last transaction in overnight United States dollar federal funds arranged by three leading brokers of federal funds transactions in The City of New York (which may include the Remarketing Agent or its affiliates) selected by the Calculation Agent after consultation with the Company, prior to 9:00 a.m., New York City time, on such Federal Funds Rate Interest Determination Date; *provided, however*, that if the brokers so selected by the Calculation Agent are not quoting as mentioned in this sentence, the Federal Funds Rate determined as of such Federal Funds Rate Interest Determination Date shall be the Federal Funds Rate in effect on such Federal Funds Rate Interest Determination Date.

CD Rate. If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as the "CD Rate," the CD Rate shall mean, with respect to any Interest Determination Date relating to a Note for which the interest rate is determined with reference to the CD Rate (a "CD Rate Interest Determination Date"), the rate on such date for negotiable United States dollar certificates of deposit having the Index Maturity specified in the applicable Floating Interest Rate Notice as published in H.15(519) under the heading "CDs (Secondary Market)," or, if not published by 9:00 a.m., New York City time, on the related Calculation Date, the CD Rate will be the rate on such CD Rate Interest Determination Date set forth in the daily update of H.15(519) , available through the world wide website of the Board of Governors of the Federal Reserve System at http://www.bog.frb.fed.us/releases/h15/update, or any successor site or publication ("H.15 Daily Update") for the day in respect of certificates of deposit having the Index Maturity specified in the applicable Floating Interest Rate Notice under the caption "CDs (Secondary Market)." If such rate is not yet published in either H.15(519) or the H.15 Daily Update by 3:00 p.m., New York City time, on the related Calculation Date, then the CD Rate on such CD Rate Interest Determination Date shall be calculated by the Calculation Agent and shall be the arithmetic mean of the secondary market offered rates as of 10:00 a.m., New York City time, on such CD Rate Interest Determination Date, of three leading nonbank dealers in negotiable United States dollar certificates of deposit in the City of New York (which may include the Remarketing Agent or its affiliates) selected by the Calculation Agent, after consultation with the Company, for negotiable United States dollars certificates of deposit of major United States money center banks of the highest credit standing in the market for negotiable certificates of deposit with a remaining maturity closest to the Index Maturity specified in the applicable Floating Interest Rate Notice in an amount that is representative for a single transaction in that market at that time; *provided, however*, that if the dealers so selected by the Calculation Agent are not quoting as mentioned in this sentence, the CD Rate determined as of such CD Rate Interest Determination Date will be the CD Rate in effect on such CD Rate Interest Determination Date.

CMT Rate. If an Interest Rate Basis for this Note is specified in the applicable Floating Interest Rate Notice as the "CMT Rate," the CMT Rate shall mean, with respect to any Interest Determination Date relating to this Note for which the interest rate is determined with reference to the CMT Rate (a "CMT Rate Interest Determination Date"), the rate displayed on the Designated CMT Telerate Page (as defined below) under the caption "...Treasury Constant Maturities ... Federal Reserve Board Release H.15 ... Mondays Approximately 3:45 P.M.," under the column for the Designated CMT Maturity Index (as defined below) for (i) if the Designated CMT Telerate Page is 7055, the rate on such CMT Rate Interest Determination Date and (ii) if the Designated CMT Telerate Page is 7052, the weekly or monthly average, as specified in the Floating Interest Rate Notice, for the week or the month, as applicable, ended immediately preceding the week or the month, as applicable, in which the related CMT Rate Interest Determination Date occurs. If such rate is no longer displayed on the relevant page or is not displayed by 3:00 p.m., New York City time, on the related Calculation Date, then the CMT Rate for such CMT Rate Interest Determination Date will be such treasury constant maturity rate for the Designated CMT Maturity Index as published in H.15(519). If such rate is no longer published or is not published by 3:00 p.m., New York City time, on the related Calculation Date, then the CMT Rate on such CMT Rate Interest Determination Date will be such treasury constant maturity rate for the Designated CMT Maturity Index (or other United States Treasury rate for the Designated CMT Maturity Index) for the CMT Rate Interest Determination Date with respect to such Interest Reset Date as may then be published by either the Board of Governors of the Federal Reserve System or the United States Department of the Treasury that the Calculation Agent determines to be comparable to the rate formerly displayed on the Designated CMT Telerate Page and published in H.15(519). If such information is not provided by 3:00 p.m., New York City time, on the related Calculation Date, then the CMT Rate on the CMT Rate Interest Determination Date will be calculated by the Calculation Agent and will be a yield to maturity, based on the arithmetic mean of the secondary market closing offer side prices as of approximately 3:30 p.m., New York City time, on such CMT Rate Interest Determination Date reported,

LIBOR. If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as "LIBOR," LIBOR shall mean the rate determined by the Calculation Agent as of the applicable Interest Determination Date (a "LIBOR Interest Determination Date") in accordance with the following provisions:

(i) If (a) "LIBOR Reuters" is specified in the applicable Floating Interest Rate Notice, the arithmetic mean of the offered rates (unless the Designated LIBOR Page by its terms provides only for a single rate, in which case such single rate will be used) for deposits in the Index Currency having the Index Maturity specified in the applicable Floating Interest Rate Notice, commencing on the second London Business Day immediately following such LIBOR Interest Determination Date, that appear on the Designated LIBOR Page as of 11:00 a.m., London time, on that LIBOR Interest Determination Date, if at least two such offered rates appear (unless, as aforesaid, only a single rate is required) on such Designated LIBOR Page, or (b) "LIBOR Telerate" is specified in the applicable Floating Interest Rate Notice, the rate for deposits in the Index Currency having the Index Maturity designated in the applicable Floating Interest Rate Notice, commencing on the second London Business Day immediately following such LIBOR Interest Rate Determination Date, that appears on such Designated LIBOR Page as of 11:00 a.m., London time, on that LIBOR Interest Determination Date. If fewer than two such offered rates appear (if "LIBOR Reuters" is specified in the applicable Floating Interest Rate Notice), or if no such rate appears (if "LIBOR Telerate" is specified in the applicable Floating Interest Rate Notice), LIBOR on such LIBOR Interest Determination Date will be determined in accordance with the provisions described below.

(ii) With respect to a LIBOR Interest Determination Date on which fewer than two such offered rates appear (if "LIBOR Reuters" is specified in the applicable Floating Interest Rate Notice), or if no such rate appears (if "LIBOR Telerate" is specified in the applicable Floating Interest Rate Notice), the Calculation Agent shall request the principal London offices of each of four major reference banks in the London interbank market, as selected by the Calculation Agent, to provide the Calculation Agent with its offered quotation for deposits in the Index Currency for the period of the Index Maturity specified in the applicable Floating Interest Rate Notice, commencing on the second London Business Day immediately following such LIBOR Interest Determination Date, to prime banks in the London interbank market at approximately 11:00 a.m., London time, on such LIBOR Interest Determination Date and in a principal amount that is representative of a single transaction in such Index Currency in such market at such time.

(iii) If at least two such quotations are provided, LIBOR determined on such LIBOR Interest Determination Date will be the arithmetic mean of such quotations, If fewer than two quotations are provided, LIBOR determined on such LIBOR Interest Determination Date will be the arithmetic mean of the rates quoted at approximately 11:00 am (or such other time specified in the applicable Floating Interest Rate Notice), in the applicable principal financial center for the country of the Index Currency on such LIBOR Interest Determination Date, by three major banks in such principal financial center selected by the Calculation Agent for the loans in the Index Currency to leading European banks, having the Index Maturity designated in the applicable Floating Interest Rate Notice and in a principal amount that is representative for a single transaction in such Index Currency in such market at such time; provided, however, that if the banks so selected by the Calculation Agent are not quoting as mentioned in this sentence,

LIBOR in effect for the applicable period will be the same as LIBOR for the immediately preceding Interest Reset Period (or, if there was no such Interest Reset Period, the rate of interest payable on the Notes for which such LIBOR is being determined shall be the Initial Interest Rate).

Prime Rate. If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as the "Prime Rate," Prime Rate shall mean, with respect to any Interest Determination Date relating to a Note for which the interest rate is determined with reference to the Prime Rate (a "Prime Rate Interest Determination Date"), the rate on such date as such rate is published in H.15(519) under the heading "Bank Prime Loan." If such rate is not published prior to 3:00 p.m., New York City time, on the related Calculation Date, then the Prime Rate shall be the arithmetic mean of the rates of interest publicly announced by each bank that appears on the Reuters Screen U.S. PRIME 1 Page (as defined below) as such bank's prime rate or base lending rate as in effect for such Prime Rate Interest Determination Date. If fewer than four such rates appear on the Reuters Screen U.S. PRIME 1 Page for such Prime Rate Interest Determination Date, the Prime Rate shall be the arithmetic mean of the prime rates quoted on the basis of the actual number of days in the year divided by a 360-day year as of the close of business on such Prime Rate Interest Determination Date by four major money center banks (which may include the Calculation Agent) in the City of New York selected by the Calculation Agent, after consultation with the Company. If fewer than four such quotations are so provided, the Prime Rate shall be the arithmetic mean of four prime rates quoted on the basis of the actual number of days in the year divided by a 360-day year as of the close of business on such Prime Rate Interest Determination Date as furnished in the City of New York by the major money center banks, if any, that have provided such quotations and by as many substitute banks or trust companies (which may include the Calculation Agent) as necessary in order to obtain four such prime rate quotations, *provided* such substitute banks or trust companies are organized and doing business under the laws of the United States, or any State thereof, have total equity capital of at least U.S. $500 million and are each subject to supervision or examination by Federal or State authority, selected by the Calculation Agent, after consultation with the Company, to provide such rate or rates; *provided, however*, that if the banks or trust companies so selected by the Calculation Agent are not quoting as mentioned in this sentence, the Prime Rate determined as of such Prime Rate Interest Determination Date shall be the Prime Rate in effect on such Prime Rate Interest Determination Date.

Treasury Rate. If an Interest Rate Basis for any Note is specified in the applicable Floating Interest Rate Notice as the "Treasury Rate," Treasury Rate shall mean, with respect to any Interest Determination Date relating to a Note for which the interest rate is determined with reference to the Treasury Rate (a "Treasury Rate Interest Determination Date"), the following:

(i) the rate from the auction held on the applicable Treasury Rate Interest Determination Date (the "Auction") of direct obligations of the United States ("Treasury Bills") having the Index Maturity specified in the applicable Floating Interest Rate Notice that rate appears under the caption "INVESTMENT RATE" on the display of Bridge Telerate, Inc., or any successor service, on page 56 or any other page as may replace page 56 on that service ("Telerate Page 56") or page 57 or any other page as may replace page 57 on that service ("Telerate Page 57"); or

(ii) if the rate described above is not published by 3:00 p.m., New York City time, on the Calculation Date, the Bond Equivalent Yield of the rate for the applicable Treasury Bills as published in the H.15 Daily Update, or other recognized electronic source used for the purpose of displaying the applicable rate, under the captions "U.S. Government Securities/Treasury Bills/Auction High;" or

(iii) if the rate described above is not published by 3:00 p.m., New York City time, on the related Calculation Date, the Bond Equivalent Yield of the Auction rate of the applicable Treasury Bills, announced by the United States Department of the Treasury; or

(iv) in the event that the rate described above is not announced by the United States Department of the Treasury, or if the Auction is not held, the Bond Equivalent Yield of the rate on the applicable Interest Determination Date of Treasury Bills having the Index Maturity specified in the applicable Floating Interest Rate Notice published in H.15(519) under the caption "U.S. Government Securities/Treasury Bills/Secondary Market;" or

(v) if the rate described above is not so published by 3:00 p.m., New York City time, on the related Calculation Date, the rate on the applicable Interest Determination Date of the applicable Treasury Bills as published in H.15 Daily Update, or other recognized electronic source used for the purpose of displaying the applicable rate, under the caption "U.S. Government Securities/Treasury Bills/Secondary Market;" or

(vi) if the rate described above is not so published by 3:00 p.m., New York City time, on the related Calculation Date, the rate on the applicable Interest Determination Date calculated by the Calculation Agent as the Bond Equivalent Yield of the arithmetic mean of the secondary market bid rates, as of approximately 3:30 p.m., New York City time, on the applicable Interest Determination Date, of three primary United States government securities dealers, which may include the Calculation Agent or its affiliates, selected by the Calculation Agent, for the issue of Treasury Bills with a remaining maturity closest to the Index Maturity specified in the applicable Floating Interest Rate Notice; or

(vii) if the dealers selected by the Calculation Agent are not quoting as described above, the Treasury Rate for the immediately preceding Interest Reset Period, or, if there was no Interest Reset Period, the rate of interest payable shall be the Initial Interest Rate.

The "Bond Equivalent Yield" shall mean a yield calculated in accordance with the following formula and expressed as a percentage:

$$\text{Bond Equivalent Yield} = \frac{D \times N}{360 - (D \times M)}$$

where "D" refers to the applicable per annum rate for Treasury Bills quoted on a bank discount basis, "N" refers to 365 or 366, as the case may be, and "M" refers to the actual number of days in the interest period for which interest is being calculated.

Re: $150,000,000 Aggregate Principal Amount of $7^3/_8$% REset Put Securities Due 2015 of Tampa Electric Company

Ladies and Gentlemen:

We are furnishing this opinion to you pursuant to Sections 102, 303(d) and 903 of the Indenture (the "Indenture") dated as of July 1, 1998, between Tampa Electric Company (the "Company") and you, as Trustee, in connection with the request by the Company for the execution and delivery by you of a Second Supplemental Indenture to be dated as of August 15, 2000 (the "Second Supplemental"), amending and supplementing the Indenture and the authentication and delivery by you of $150,000,000 aggregate principal amount of $7^3/_8$% REset Put Securities due 2015 (the "Notes") to be issued thereunder. Capitalized terms not otherwise defined in this opinion have the meanings assigned to them in the Indenture as amended and supplemented by the Second Supplemental.

For purposes of this opinion, we have read the provisions, including the covenants, conditions and definitions, of the Indenture relating to the authentication and delivery of Notes thereunder, the Officers' Certificate dated the date hereof setting forth the information required by Section 301 of the Indenture and establishing the form of the Notes, the Company Order dated the date hereof relating to your authentication and delivery of the Notes (the "Company Order"), and resolutions adopted by the Board of Directors on April 15, 1998 and July 19, 2000 and by the Finance Committee of the Board of Directors of the Company on August 15, 2000, authorizing the issuance of the Notes (collectively, the "Board Resolutions"). We are familiar with the affairs and property of the Company and have acquired knowledge in our capacity as counsel to the Company as to the matters relevant to the statements herein contained. We have made an examination of the records of the Company, and believe, based on such examination, that the opinions rendered in this letter are, to the best of our knowledge, true and correct. We have also examined the documents and other things being delivered to you, as Trustee and have made such other investigation or examination as is necessary, in our opinion, to enable us to render this opinion.

The opinion rendered herein is limited to the laws of the Commonwealth of Massachusetts and the federal laws of the United States. For purposes of our opinion as to the enforceability of the Indenture, the Second Supplemental and the Notes, we are rendering such opinion as though the laws of Massachusetts governed, notwithstanding the recitations in such instruments that the laws of another jurisdiction may govern.

Based on the foregoing, we are of opinion that:

1. The provisions of the Second Supplemental conform to the requirements of the Indenture, and the execution of such Second Supplemental by you and the Company is authorized and permitted under the Indenture.

2. The terms and provisions of the Notes have been established in conformity with the provisions of the Indenture, as amended and supplemented by the Second Supplemental, and the Board Resolutions.

3. When duly issued by the Company and duly authenticated and delivered by you in accordance with the Company Order against payment of the agreed consideration therefor, the Notes will constitute valid and legally binding obligations of the Company, enforceable in accordance with their terms, subject to bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting the enforcement of creditors' rights and to general equity principles.

4. All covenants and conditions of the Indenture applicable or precedent to the execution and delivery of the Second Supplemental and the authentication and delivery of the Notes, each by the Trustee, have been complied with.

In giving the foregoing opinion, we assume that at the time of the issuance, sale and delivery of each Note the authorization of such Note will not have been modified or rescinded and there will not have occurred any change in law affecting the validity, legally binding character or enforceability of such Note and that neither the issuance, sale and delivery of any Note, nor any of the terms of such Note, nor compliance by the Company with such terms, will violate any applicable law, any agreement or instrument then binding upon the Company or any restriction imposed by any court or governmental body having jurisdiction over the Company, and we express no opinion as to compliance of the Notes with any applicable laws limiting the interest rates thereof.

This opinion is furnished to you as Trustee and is solely for your benefit.

Very truly yours,

Palmer & Dodge LLP

Re: Purchase of 7 3/8% REset Put Securities due September 1, 2015 (the "Notes")

Reference is made to the Agency Agreement dated July 28, 1998 between you, Citicorp Securities, Inc. and Morgan Stanley & Co. Incorporated, as amended and supplemented by a letter agreement dated August 16, 2000 between you and each of us (the "Agency Agreement"). Capitalized terms used herein and not defined are used as defined in the Agency Agreement.

We agree to purchase, severally and not jointly, the principal amount of the Notes set forth below opposite our names at a price of 99.741% (as a percentage of the principal amount of the Notes):

Names	Principal Amount of Notes
Morgan Stanley & Co. Incorporated	$ 100,000,000
Chase Securities Inc.	$ 50,000,000
Total	$ 150,000,000

The Settlement Date and time shall be Monday, August 21, 2000 at 10:00 a.m., New York time. The place of delivery of the Notes shall be the offices of Palmer & Dodge LLP, One Beacon Street, Boston, Massachusetts 02108.

The Notes shall be in the form of, and shall have the terms set forth in, the Form of Note attached as Exhibit A hereto.

The provisions of Sections 1, 2(b), 2(c), 3 through 6 and 9 through 13 of the Agency Agreement and the related definitions are incorporated by reference herein and shall be deemed to have the same force and effect as if set forth in full herein, except that (a) the parties agree that the Company shall not be obligated to pay under this Agreement or the Agency Agreement any expenses related to the Notes purchased hereunder that are described in Sections 3(h)(ix) and (x)

of the Agency Agreement and (b) all references to the Notes in the Agency Agreement shall refer to the Notes in the form attached as Exhibit A hereto.

For all purposes of this Agreement, the parties agree that the last sentence of Section 3(b) of the Agency Agreement shall be deemed to read in its entirety as follows:

> "Notwithstanding any other provision of this paragraph, until the distribution of any Notes an Agent may own or may have agreed to purchase as principal has been completed up to a maximum of fifteen days from the date of the Purchase Agreement, if any event described above in this paragraph occurs, the Company will, at its own expense, forthwith prepare and cause to be filed promptly with the Commission an amendment or supplement to the Registration Statement or Prospectus, as then amended or supplemented, reasonably satisfactory to such Agent, will supply such amended or supplemented Prospectus to such Agent in such quantities as it may reasonably request, and shall furnish to such Agent pursuant to Sections 3(f), 5(a), 5(b), and 5(c) such documents, certificates, opinions, and letters as it may request in connection with the preparation and filing of such amendment or supplement."

For all purposes of this Agreement, the parties further agree that Section 4(a)(i) of the Agency Agreement shall be deemed to read in its entirety as follows:

> "(i) there shall not have occurred any change, or any development involving a prospective change, in the condition, financial or otherwise, or in the earnings, business or operations of the Company and its subsidiaries, taken as a whole, from that set forth in the Prospectus, as amended or supplemented at the time of such solicitation or at the time such offer to purchase was made, that, in the reasonable judgment of the relevant Agent, is material and adverse and that makes it, in the reasonable judgment of such Agent, impracticable to market the Notes on the terms and in the manner contemplated by the Prospectus, as so amended or supplemented;"

For all purposes of this Agreement, the parties further agree that Section 4(b)(i)(G) of the Agency Agreement shall be deemed to read in its entirety as follows:

> "(G) the statements in the Prospectus, as then amended or supplemented, under the captions "Description of the Notes" and "Description of the Debt Securities," insofar as such statements constitute summaries of the provisions of the Indenture fairly summarize the matters referred to therein;"

For all purposes of this Agreement, the parties further agree that Section 4(b)(i)(H) of the Agency Agreement shall be deemed to read in its entirety as follows:

> "(H) such counsel is of the opinion ascribed to it in the Prospectus, as then amended or supplemented, under the caption "Material United States Federal Income Tax Considerations";"

If on the Settlement Date any one or more of the Agents shall fail or refuse to purchase the Notes that it has or they have agreed to purchase on such date, and the aggregate amount of the Notes which such defaulting Agent or Agents agreed but failed or refused to purchase is not more than one-tenth of the aggregate amount of the Notes to be purchased on such date, the other Agents shall be obligated severally in the proportions that the amount of the Notes set forth opposite their respective names above bears to the aggregate amount of the Notes set forth opposite the names of all such non-defaulting Agents, or in such other proportions as Morgan Stanley & Co. Incorporated may specify, to purchase the Notes which such defaulting Agent or Agents agreed but failed or refused to purchase on such date; *provided* that in no event shall the amount of the Notes that any Agent has agreed to purchase pursuant to this Agreement be increased pursuant to this paragraph by an amount in excess of one-ninth of such amount of the Notes without the written consent of such Agent. If on the Settlement Date any Agent or Agents shall fail or refuse to purchase the Notes and the aggregate amount of the Notes with respect to which such default occurs is more than one-tenth of the aggregate amount of the Notes to be purchased on such date, and arrangements satisfactory to Morgan Stanley & Co. Incorporated and the Company for the purchase of such Notes are not made within 36 hours after such default, this Agreement shall terminate without liability on the part of any non-defaulting Agent or the Company. In any such case either Morgan Stanley & Co. Incorporated or the Company shall have the right to postpone the Settlement Date but in no event for longer than seven days, in order that the required changes, if any, in the Registration Statement and in the Prospectus or in any other documents or arrangements may be effected. Any action taken under this paragraph shall not relieve any defaulting Agent from liability in respect of any default of such Agent under this Agreement.

This Agreement is also subject to termination on the terms incorporated by reference herein. If this Agreement is terminated, the provisions of Sections 3(h) (other than Sections 3(h)(ix) and (x)), 6, 9, 10 and 13 of the Agency Agreement shall survive for the purposes of this Agreement.

The following information, opinions, certificates, letters and documents referred to in Section 4 of the Agency Agreement will be required:

(i) the opinions of Palmer & Dodge LLP, counsel for the Company, and Ropes & Gray, counsel for the Agents, as set forth in Section 4(b)(i) and (ii);

(ii) a certificate of the Company as set forth in Section 4(c);

(iii) a letter or letters from PricewaterhouseCoopers LLP, independent public accountants, as set forth in Section 4(d); and

(iv) such appropriate further information, certificates and documents as the Agents may reasonably request.

If the foregoing is in accordance with your understanding of our agreement, please sign and return to us the enclosed duplicate hereof, whereupon this letter and your acceptance shall represent a binding agreement between the Agents and you.

Very truly yours,

WHEREAS, Morgan Stanley is prepared to act as the REPS Agent with respect to the remarketing of the Notes on September 1, 2002 (the "Initial REPS Remarketing Date") pursuant to the terms of, but subject to the conditions set forth in, this Agreement;

NOW, THEREFORE, for and in consideration of the covenants herein made, and subject to the conditions herein set forth, the parties hereto agree as follows:

Section 1. Definitions. Capitalized terms used and not defined in this Agreement will have the meanings assigned to them in the Indenture (including in the form of the Notes issued thereunder).

Section 2. Representations and Warranties.

(a) The Company represents and warrants to the REPS Agent as of the date hereof and will be deemed to represent and warrant to the REPS Agent as of the Notification Date (as defined below), the Determination Date (as defined below) and the Initial REPS Remarketing Date (each of the foregoing dates being hereinafter referred to as a "Representation Date"), that (i) during the two years prior to such date, it has made all the filings with the Commission that it is required to make under the 1934 Act and the rules and regulations thereunder (the "1934 Act Regulations") (collectively, the "1934 Act Documents"), (ii) each 1934 Act Document, on the later of the date it was initially filed with the Commission or the date the most recent amendment thereto was filed with the Commission, complied in all material respects with the requirements of the 1934 Act and 1934 Act Regulations, and each 1934 Act Document did not, on the later of the date it was initially filed with the Commission or the date the most recent amendment thereto was filed with the Commission, and as of the applicable Representation Date, when considered together with subsequently filed 1934 Act Documents, does not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading, (iii) the applicable Remarketing Materials (as defined herein), taken as a whole, will not, as of the Initial REPS Remarketing Date, include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading and (iv) no consent, approval, authorization, order or decree of any court or governmental agency or body, including as to an effective registration statement under the 1933 Act with respect to the Notes, is required for the consummation by the Company of the transactions contemplated by this Agreement or in connection with the remarketing of Notes pursuant hereto, except such as have been or will have been obtained or rendered, as the case may be, or those required under state Blue Sky laws or pursuant to the rules of the National Association of Securities Dealers.

(b) The Company further represents and warrants to the REPS Agent as of each Representation Date as follows:

(i) The accountants who certified the financial statements included or incorporated by reference in the 1934 Act Documents were, at the time of such certification, independent public accountants as required by the 1933 Act and the 1933 Act Regulations in effect at such time.

(ii) The financial statements included or incorporated by reference in the 1934 Act Documents, together with the related notes, present fairly the financial condition and results of operations of the Company and its consolidated subsidiaries, if any, at the dates and for the periods indicated and comply in all material respects with the applicable accounting requirements of the 1934 Act; said financial statements have been prepared in all material respects in conformity with generally accepted accounting principles ("GAAP") applied on a consistent basis throughout the periods involved except as disclosed therein and except the notes to the interim financial statements. The supporting schedules included or incorporated by reference in the 1934 Act Documents present fairly in accordance with GAAP the information required to be stated therein. Any pro forma financial statements and the related notes thereto included or incorporated by reference in the 1934 Act Documents present fairly the information shown therein, have been prepared in all material respects in accordance with the Commission's rules and guidelines with respect to pro forma financial statements and have been properly compiled on the bases described therein, and the assumptions used in the preparation thereof are reasonable and the adjustments used therein are appropriate to give effect to the transactions and circumstances referred to therein.

(iii) Since the respective dates as of which information is given in the 1934 Act Documents, except as otherwise stated therein, (i) there has been no material adverse change in the financial condition, stockholders' equity, results of operations, business or prospects of the Company and its subsidiaries considered as one enterprise (a "Material Adverse Effect") and (ii) there have been no material transactions entered into by the Company or any of its subsidiaries other than those, including acquisitions, in the ordinary course of business.

(iv) The Company has been duly incorporated and is validly existing and in good standing under the laws of the State of Florida; and the Company has power and authority necessary to own, lease or operate its properties, to conduct the business in which it is engaged and to enter into and perform its obligations under this Agreement.

(v) This Agreement has been duly authorized, executed and delivered by the Company.

(vi) Neither the Company nor any of its "significant subsidiaries" (as defined in Rule 1-02(w) of Regulation S-X of the 1934 Act) is in violation of its corporate charter or by-laws or in default under any agreement, indenture or instrument, except for such defaults that would not result in a Material Adverse Effect; and the execution, delivery and performance of this Agreement has been duly authorized by all necessary corporate action and do not and will not conflict with or constitute a breach of, or default under, or result in the creation or imposition of any lien, charge or encumbrance upon any property or assets of the Company or any such subsidiary pursuant to, any material agreement, indenture or instrument to which the Company or any such subsidiary is a party or by which it is bound or to which any of its property or assets is subject, nor will such action result in a material violation of the charter or by-laws of the Company or any such subsidiary or any order, rule or regulation of any court or governmental agency having jurisdiction over the Company or any such subsidiary or its property.

(vii) There is no material action, suit or proceeding before any court or governmental agency or body, domestic or foreign, now pending, or, to the knowledge of the Company, threatened, against or affecting the Company or any subsidiary, that is not disclosed in the 1934 Act Documents but is reasonably expected to result in a Material Adverse Effect, or is reasonably expected to materially and adversely affect the consummation of the transactions contemplated in this Agreement or the performance by the Company of its obligations hereunder.

(viii) Neither the Company nor any of its subsidiaries is an "investment company" or an entity "controlled" by an "investment company" as such terms are defined in the Investment Company Act of 1940, as amended.

(ix) The Notes are rated at least "Aa3" by Moody's Investors Service, Inc., at least "AA" by Standard & Poor's, a division of The McGraw-Hill Companies, Inc., or, in each case, such other rating as to which the Company has most recently notified the REPS Agent pursuant to Section 3(a) hereof.

(c) Any certificate signed by any director or officer of the Company and delivered to the REPS Agent or to counsel for the REPS Agent in connection with the remarketing of the Notes will be deemed a representation and warranty by the Company to the REPS Agent as to the matters covered thereby.

(d) The REPS Agent represents and warrants to the Company as of each Representation Date that the execution, delivery and performance of this Agreement will not result in the violation of any statute or any order, rule or regulation of any court or governmental agency or body having jurisdiction over the REPS Agent.

(e) Each party represents and warrants to the other party that:

(i) Non-Reliance. It is acting for its own account, and it had made its own independent decisions to enter into this Agreement and as to whether this Agreement is appropriate or proper for it based upon its own judgment and upon advice from such advisers as it has deemed necessary. It is not relying on any communication (written or oral) of the other party as investment advice or as a recommendation to enter into this Agreement; it being understood that information and explanations related to the terms and conditions of this Agreement shall not be considered investment advice or a recommendation to enter into this Agreement. No communication (written or oral) received from the other party shall be deemed to be an assurance or guarantee as to the expected results of this Agreement.

(ii) Assessment and Understanding. It is capable of assessing the merits of and understanding (on its own behalf or through independent professional advice), and understands and accepts, the terms, conditions and risks of this Agreement. It is also capable of assuming, and assumes, the risks of this Agreement.

(iii) Status of Parties. The other party is not acting as a fiduciary for or an adviser to it in respect of this Agreement.

Section 3. Covenants of the Company. The Company covenants with the REPS Agent as follows:

(a) The Company will provide prompt notice by telephone, confirmed in writing (which may include facsimile or other electronic transmission), to the REPS Agent of (i) any notification or announcement by a "nationally recognized statistical rating agency" (as defined by the Commission for purposes of Rule 436(g)(2) under the 1933 Act) with regard to the ratings of any securities of the Company, including, without limitation, notification or announcement of a downgrade in or withdrawal of the rating of any security of the Company or notification or announcement of the placement of any rating of any securities of the Company under surveillance or review, including placement on Credit Watch or on Watch List with negative implications, or (ii) the occurrence at any time of any event set forth in Section 8(c) of this Agreement.

(b) The Company will furnish to the REPS Agent:

(i) the Registration Statement, the Prospectus and the Prospectus Supplement relating to the Notes (including in each case any amendment or supplement thereto and each document incorporated therein by reference);

(ii) each 1934 Act Document filed after the date hereof; and

(iii) in connection with the remarketing of Notes, such other information as the REPS Agent may reasonably request from time to time.

The Company agrees to provide the REPS Agent with as many copies of the foregoing written materials and other Company-approved information as the REPS Agent may reasonably request

for use in connection with the remarketing of Notes and consents to the use thereof for such purpose.

(c) If, at any time during which the REPS Agent would be obligated to take any action under this Agreement, any event or condition known to the Company relating to or affecting the Company, any subsidiary thereof or the Notes occurs that could reasonably be expected to cause any of the reports, documents, materials or information referred to in paragraph (b) above or any document incorporated therein by reference (collectively, the "Remarketing Materials") to contain an untrue statement of a material fact or omit to state a material fact, the Company will promptly notify the REPS Agent in writing of the circumstances and details of such event or condition.

(d) So long as the Notes are outstanding, the Company will file all documents required to be filed with the Commission pursuant to the 1934 Act within the time periods required by the 1934 Act and the 1934 Act Regulations.

(e) The Company will comply with the 1933 Act and the 1933 Act Regulations, the 1934 Act and the 1934 Act Regulations and the Trust Indenture Act of 1939, as amended, and the rules and regulations of the Commission thereunder so as to permit the completion of the remarketing of the Notes as contemplated in this Agreement and in the Prospectus. If at any time when a prospectus is required by the 1933 Act to be delivered in connection with sales of the Notes by the REPS Agent, any event occurs or condition exists as a result of which it is necessary, in the reasonable opinion of counsel for the REPS Agent or for the Company, to amend the Registration Statement or amend or supplement any Prospectus in order that such Prospectus will not include any untrue statements of a material fact or omit to state a material fact necessary in order to make the statements therein not misleading in the light of the circumstances existing at the time it is delivered to a purchaser, or if it will be necessary, in the opinion of such counsel, at any such time to amend the Registration Statement or file a new registration statement or amend or supplement any Prospectus or issue a new prospectus in order to comply with the requirements of the 1933 Act or the 1933 Act Regulations and the Commission's interpretations of the 1933 Act and the 1933 Act Regulations, the Company, at its expense, will promptly (i) prepare and file with the Commission such amendment or supplement as may be necessary to correct such statement or omission or to make the Registration Statement or any such Prospectus comply with such requirements, or prepare and file any such new registration statement and prospectus as may be necessary for such purpose, (ii) furnish to the REPS Agent such number of copies of such amendment, supplement or other document as the REPS Agent may reasonably request and (iii) furnish to the REPS Agent an officers' certificate, an opinion, including negative assurance regarding the absence of material misstatements in or omissions from the Registration Statement and each Prospectus, as amended or supplemented, of counsel for the Company satisfactory to the REPS Agent and a "comfort letter" from the Company's independent accountants, in each case in form and substance satisfactory to the REPS Agent, of the same tenor as the officers' certificate, opinion and comfort letter, respectively, delivered pursuant to the Purchase Agreement, but modified to relate to the Registration Statement and each Prospectus as amended or supplemented to the date thereof or such new

registration statement and prospectus; provided, however, that, following the thirtieth day after the Initial REPS Remarketing Date, the Company may delay preparing, filing and distributing any such supplement or amendment if the Company determines in good faith that such supplement or amendment would, in the reasonable judgment of the Company, (i) interfere with or affect the negotiation or completion of a transaction that is being contemplated by the Company (whether or not a final decision has been made to undertake such transaction) or (ii) involve initial or continuing disclosure obligations that are not in the best interests of the Company's stockholders at such time; provided, further, that (x) such delay will not extend for a period of more than thirty (30) days without the written consent of the REPS Agent and (y) the Company may impose such delay no more than twice in any twelve month period. If the Company notifies the REPS Agent to suspend the use of the Prospectus until the required changes to the Prospectus have been made, then the REPS Agent will suspend use of such Prospectus. The REPS Agent will promptly notify the Company in writing when the remarketing of Notes is complete.

(f) The Company agrees that neither it nor any of its subsidiaries or affiliates will purchase or otherwise acquire, or enter into any agreement to purchase or otherwise acquire, any of the Notes prior to the remarketing thereof by the REPS Agent, other than pursuant to Section 4(g) or 4(h) of this Agreement.

Section 4. Appointment and Obligations of the REPS Agent.

(a) Unless this Agreement is otherwise terminated in accordance with Section 11 hereof, in accordance with the terms, but subject to the conditions, of this Agreement, the Company hereby appoints Morgan Stanley, and Morgan Stanley hereby accepts such appointment, as the exclusive REPS Agent with respect to $150 million aggregate principal amount of Notes in their initial REPS Mode, subject further to repurchase of the Notes in accordance with clause (g) of this Section 4 or redemption of the Notes in accordance with clause (h) of this Section 4. In its capacity as REPS Agent, the REPS Agent agrees, subject to the terms and conditions set forth herein, to purchase the Notes on the Initial REPS Remarketing Date if it elects to remarket the Notes on the Notification Date.

(b) It is expressly understood and agreed by the parties hereto that the obligations of the REPS Agent hereunder with respect to the Notes to be remarketed on the Initial REPS Remarketing Date are conditioned on (i) the issuance and delivery of such Notes pursuant to the terms and conditions of the Purchase Agreement and (ii) the REPS Agent's election on the Notification Date to purchase the Notes for remarketing on the Initial REPS Remarketing Date. It is further expressly understood and agreed by and between the parties hereto that, if the REPS Agent has elected to remarket the Notes pursuant to clause (c) below, the REPS Agent will not be obligated to set the REPS Interest Rate (as defined below) on any Notes, to remarket any Notes or to perform any of the other duties set forth herein at any time after the Notification Date in the event that (x) any of the conditions set forth in clause (a) or (b) of Section 8 hereof has not been fully and completely met to the reasonable satisfaction of the REPS Agent, or (y) any of the events set forth in clause (c) of Section 8 hereof has occurred.

(c) On a Business Day not later than five Business Days prior to the Initial REPS Remarketing Date, the REPS Agent will notify the Company and the Trustee in writing as to whether it elects to purchase the Notes on the Initial REPS Remarketing Date (the "Notification Date"). If, and only if, the REPS Agent so elects, the Notes will be subject to mandatory tender to the REPS Agent for purchase and remarketing on the Initial REPS Remarketing Date, upon the terms and subject to the conditions described herein. The purchase price of such tendered Notes will be equal to 100% of the aggregate principal amount thereof. Following receipt of notification that the REPS Agent elects to remarket the Notes and prior to 4:00 p.m. on the day prior to the Determination Date, the Company may notify the REPS Agent of its election to provide credit support ("Credit Support") for the Notes from the Initial REPS Remarketing Date through September 1, 2012 or some period therein. If the Company so notifies the REPS Agent, it will be obligated to have such Credit Support in place by 9:30 a.m. on the Initial REPS Remarketing Date.

(d) Subject to the REPS Agent's election to remarket the Notes as provided in clause (c) above, by 3:30 p.m., New York City time, on the third Business Day immediately preceding the Initial REPS Remarketing Date (the "Determination Date"), the REPS Agent will determine the REPS Interest Rate to the nearest one hundred-thousandth (0.00001) of one percent per annum. The "REPS Interest Rate" will be equal to the sum of 5.75% (the "Base Rate") and the Applicable Spread (as defined below), which will be based on the Dollar Price (as defined below) of the Notes.

The "Applicable Spread" will be the lowest bid indication, expressed as a spread (in the form of a percentage or in basis points) above the Base Rate, obtained by the REPS Agent on the Determination Date from the bids quoted by five Reference Corporate Dealers (as defined below) for the full aggregate outstanding principal amount of the Notes at the Dollar Price, but assuming (i) an issue date that is the Initial REPS Remarketing Date, with settlement on such date without accrued interest, (ii) a maturity date that is September 1, 2012, (iii) a stated annual interest rate equal to the Base Rate plus the spread bid by the applicable Reference Corporate Dealer and (iv) the benefit of any Credit Support. If fewer than five Reference Corporate Dealers bid as described above, then the Applicable Spread will be the lowest of such bid indications obtained as described above. The REPS Interest Rate announced by the REPS Agent, absent manifest error, will be binding and conclusive upon the actual purchasers of the Notes ("Beneficial Owners") and Holders of the Notes, the Company and the Trustee.

"Comparable Treasury Issues" means the United States Treasury security or securities selected by the REPS Agent as being the current on-the-run ten year United States Treasury security.

"Comparable Treasury Price" means, with respect to the Initial REPS Remarketing Date, (a) the offer prices for the Comparable Treasury Issues

(expressed in each case as a percentage of its principal amount), as set forth on Telerate Page 500 (or such other page as may replace Telerate Page 500) at 11:00 a.m. on the Determination Date, or (b) if such page (or any successor page) is not displayed or does not contain such offer prices on the Determination Date, (i) the average of the Reference Treasury Dealer Quotations (as defined below) for the Determination Date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (ii) if the REPS Agent obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such Reference Treasury Dealer Quotations. "Telerate Page 500" means the display designated as "Telerate Page 500" on Dow Jones Markets (or such other page as may replace Telerate Page 500 on such service) or such other service displaying the offer prices specified in (a) above as may replace Dow Jones Markets.

"Dollar Price" means, with respect to the Notes, the present value, as of the Initial REPS Remarketing Date, of the Remaining Scheduled Payments (as defined below) discounted to the Initial REPS Remarketing Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below).

"Reference Corporate Dealers" means Morgan Stanley and such other dealers of publicly traded debt securities of the Company selected by the REPS Agent with the approval of the Company, which approval shall not be unreasonably withheld.

"Reference Treasury Dealers" means Morgan Stanley and such other primary dealers of U.S. Government securities selected by the REPS Agent with the approval of the Company, which approval shall not be unreasonably withheld.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and the Initial REPS Remarketing Date, the offer prices for the Comparable Treasury Issues (expressed in each case as a percentage of its principal amount) quoted in writing to the REPS Agent by such Reference Treasury Dealer by 3:30 p.m., New York City time on the Determination Date.

"Remaining Scheduled Payments" means, with respect to the Notes, the remaining scheduled payments of the principal thereof and interest thereon, calculated at the Base Rate only, that would be due after the Initial REPS Remarketing Date to and including September 1, 2012.

"Treasury Rate" means, with respect to the Initial REPS Remarketing Date, the rate per annum equal to the semi-annual equivalent yield to maturity or interpolated (on a day count basis) yield to maturity of the Comparable Treasury Issues, assuming a price for the Comparable Treasury Issues (expressed as a

percentage of its principal amount), equal to the Comparable Treasury Price for the Initial REPS Remarketing Date.

(e) Subject to the REPS Agent's election to remarket the Notes as provided in clause (c) above, the REPS Agent will notify the Company, the Trustee and The Depository Trust Company ("DTC") by telephone, confirmed in writing (which may include facsimile or other electronic transmission), by 4:00 p.m., New York City time, on the Determination Date of the REPS Interest Rate applicable to the Notes effective from and including the Initial REPS Remarketing Date to but excluding September 1, 2012.

(f) In the event that the Notes are remarketed as provided herein, the REPS Agent will make, or cause the Trustee to make, payment to the DTC participant of each tendering Beneficial Owner of Notes subject to remarketing, by book entry through DTC by the close of business on the Initial REPS Remarketing Date against delivery through DTC of such Beneficial Owner's tendered Notes, of the purchase price for such tendered Notes that have been purchased for remarketing by the REPS Agent. The purchase price of such tendered Notes will be equal to 100% of the aggregate principal amount thereof. The Company will make, or cause the Trustee to make, payment of interest to each Beneficial Owner of Notes due on the Initial REPS Remarketing Date by book entry through DTC by the close of business on the Initial REPS Remarketing Date.

(g) In the event that (i) the REPS Agent for any reason does not notify the Company of the REPS Interest Rate by 4:00 p.m., New York City time, on the Determination Date, or (ii) prior to the Initial REPS Remarketing Date, the REPS Agent has resigned and no successor has been appointed on or before the Determination Date, or (iii) at any time after the REPS Agent elects on the Notification Date to remarket the Notes, any event as set forth in Section 8 or Section 11 of this Agreement has occurred, or (iv) the REPS Agent for any reason does not elect, by notice to the Company and the Trustee not later than the Notification Date, to purchase the Notes for remarketing on the Initial REPS Remarketing Date, or (v) the REPS Agent for any reason does not purchase all tendered Notes on the Initial REPS Remarketing Date or (vi) the Company for any reason fails to redeem the Notes from the Remarketing Dealer following the Company's election to effect such redemption as specified in Section 4(h) of this Agreement, the Company will either (x) repurchase the Notes as a whole on the Initial REPS Remarketing Date at a price equal to 100% of the aggregate principal amount of the Notes plus all accrued and unpaid interest, if any, on the Notes to the Initial REPS Remarketing Date or (y) remarket the Notes as provided in the Second Supplemental Indenture. If the Notes are repurchased by the Company, payment will be made by the Company through the Trustee to the DTC participant of each tendering Beneficial Owner of Notes, by book-entry through DTC by the close of business on the Initial REPS Remarketing Date against delivery through DTC of such Beneficial Owner's tendered Notes.

(h) If the REPS Agent elects to remarket the Notes as provided in clause (c) above, then not later than the Business Day immediately preceding the Determination Date, the Company will notify the REPS Agent and the Trustee if the Company irrevocably elects to

exercise its right to redeem the Notes, in whole but not in part, from the REPS Agent on the Initial REPS Remarketing Date at the Optional Redemption Price. The "Optional Redemption Price" will be the greater of (i) 100% of the aggregate principal amount of the Notes and (ii) the sum of the present values of the Remaining Scheduled Payments thereon, as determined by the REPS Agent, discounted to the Initial REPS Remarketing Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate, plus in either case accrued and unpaid interest from the Initial REPS Remarketing Date on the principal amount being redeemed to the date of redemption. If the Company elects to redeem the Notes, it will pay the redemption price therefor in same-day funds by wire transfer to an account designated by the REPS Agent on the Initial REPS Remarketing Date. Alternatively, the Company may elect to have the Notes remarketed on the Initial REPS Remarketing Date by a remarketing agent in a new Interest Rate Mode (as such term is defined in the Second Supplemental Indenture); if the Company elects to so remarket the Notes, it will pay to the REPS Agent on the Initial REPS Remarketing Date, in same-day funds by wire transfer to an account designated by the REPS Agent, the difference between the Optional Redemption Price and $150 million.

(i) In accordance with the terms and provisions of the Notes, the tender and settlement procedures set forth in this Section 4, including provisions for payment by purchasers of Notes in the remarketing or for payment to selling Beneficial Owners of tendered Notes, will be subject to modification, notwithstanding any provision to the contrary set forth in the Indenture, to the extent required by DTC or, if the book-entry system is no longer available for the Notes at the time of the remarketing, to the extent required to facilitate the tendering and remarketing of Notes in certificated form. In addition, the REPS Agent may, notwithstanding anything to the contrary contained in the Indenture, modify the settlement procedures set forth in the Indenture and/or the Notes in order to facilitate the settlement process. If the Company fails to redeem the Notes from the REPS Agent following any such election, the REPS Agent will be deemed to have elected not to remarket the Notes, subject to any obligation of the Company to pay to the REPS Agent the amount as provided in Section 11(e) of this Agreement.

(j) In accordance with the terms and provisions of the Notes, the Company hereby agrees that at all times, notwithstanding any provision to the contrary set forth in the Indenture, (i) it will use reasonable commercial efforts to maintain the Notes in book-entry form with DTC or any successor thereto and to appoint a successor depository to the extent necessary to maintain the Notes in book-entry form and (ii) it will waive any discretionary right it otherwise may have under the Indenture to cause the Notes to be issued in certificated form.

Section 5. Fees and Expenses. Subject to Section 11 of this Agreement, for its services in performing its duties set forth herein, the REPS Agent will not receive any fees or reimbursement of expenses from the Company.

Section 6. Resignation of the REPS Agent. The REPS Agent may submit its written resignation at any time, with such resignation and the attendant discharge from its duties and obligations hereunder to be effective 10 business days after delivery of such written resignation to the Company and the Trustee. The REPS Agent also may resign and be discharged

from its duties and obligations hereunder at any time, such resignation to be effective immediately, upon termination of this Agreement in accordance with Section 11(b) hereof. It will be the sole obligation of the Company to appoint a successor REPS Agent.

Section 7. Dealing in the Notes; Purchase of Notes by the Company.

(a) Morgan Stanley, when acting as the REPS Agent or in its individual or any other capacity, may, to the extent permitted by law, buy, sell, hold and deal in any of the Notes. Morgan Stanley, as Holder or Beneficial Owner of the Notes, may exercise any vote or join as a Holder or Beneficial Owner, as the case may be, in any action which any Holder or Beneficial Owner of Notes may be entitled to exercise or take pursuant to the Indenture with like effect as if it did not act in any capacity hereunder. The REPS Agent, in its capacity either as principal or agent, may also engage in or have an interest in any financial or other transaction with the Company as freely as if it did not act in any capacity hereunder.

(b) The Company may purchase Notes in the remarketing, provided that the REPS Interest Rate established with respect to Notes in the remarketing is not different from the REPS Interest Rate that would have been established if the Company had not purchased such Notes.

Section 8. Conditions to REPS Agent's Obligations. The obligations of the REPS Agent under this Agreement have been undertaken in reliance on, and will be subject to:

(a) the due performance in all material respects by the Company of its obligations and agreements as set forth in this Remarketing Agreement and the accuracy in all material respects of the representations and warranties of the Company in this Agreement and any certificate delivered pursuant hereto;

(b) the submission of a bid by a Reference Corporate Dealer on the Determination Date to purchase the full aggregate principal amount of the Notes at the Dollar Price.

(c) the further condition that none of the following events will have occurred after the Notification Date:

(i) the rating of any securities of the Company has been down-graded or put under surveillance or review with negative implications, including being put on what is commonly termed a "watch list," or withdrawn by a nationally recognized statistical rating agency;

(ii) without the prior written consent of the REPS Agent, portions of the Indenture affecting the Notes have been amended in any manner, or otherwise contain any provision not contained therein as of the date hereof, that in either case in the reasonable judgment of the REPS Agent materially changes the nature

of the Notes in a manner which reduces the value of the Notes or materially changes the remarketing procedures (it being understood that, notwithstanding the provisions of this clause (ii), the Company is not prohibited from amending the Indenture);

(iii) trading in any securities of the Company has been suspended or materially limited by the Commission, or trading generally on the American Stock Exchange or the New York Stock Exchange or in the Nasdaq National Market has been suspended or materially limited, or minimum or maximum prices for trading have been fixed, or maximum ranges for prices have been required, by any of said exchanges or by such system or by order of the Commission, the National Association of Securities Dealers, Inc. or any other governmental authority, or if a banking moratorium has been declared by either Federal or New York authorities;

(iv) there has occurred any material adverse change in the financial markets in the United States, any outbreak of hostilities or escalation thereof or other calamity or crisis or any change or development involving a prospective change in national or international political, financial or economic conditions, in each case the effect of which is such as to make it, in the judgment of the REPS Agent, impracticable to remarket the Notes or to enforce contracts for the sale of the Notes;

(v) an Event of Default, or any event which, with the giving of notice or passage of time, or both, would constitute an Event of Default, with respect to the Notes has occurred and is continuing;

(vi) a material adverse change in the consolidated financial condition, stockholders' equity, results of operations, business or prospects of the Company and its subsidiaries considered as one enterprise the effect of which is such as to make it, in the judgment of the REPS Agent, impracticable to remarket the Notes or to enforce contracts for the sale of the Notes, has occurred since the Notification Date or since the respective dates as of which information is given in the 1934 Act Documents filed with the Commission prior to the Notification Date;

(vii) if a prospectus is required under the 1933 Act to be delivered in connection with the remarketing of the Notes, the Company fails to furnish to the REPS Agent on the Initial REPS Remarketing Date the officers' certificate, opinion and comfort letter referred to in Section 3(e) of this Agreement and such other documents and opinions as counsel for the REPS Agent may reasonably require for the purpose of enabling such counsel to pass upon the sale of Notes in the remarketing as herein contemplated and related proceedings, or in order to evidence the accuracy and completeness of any of the representations and

warranties, or the fulfillment of any of the conditions, herein contained; and the REPS Agent has received on the Initial REPS Remarketing Date a certificate of the Chairman of the Board, the President, the Chief Executive Officer, the Chief Operating Officer, the Chief Financial Officer or a Vice President of the Company, and the Treasurer or an Assistant Treasurer of the Company, dated as of the Initial REPS Remarketing Date, to the effect that (i) the representations and warranties in this Agreement are true and correct in all material respects with the same force and effect as though expressly made at and as of the Initial REPS Remarketing Date, (ii) the Company has complied in all material respects with all agreements and satisfied all conditions on its part to be performed or satisfied at or prior to the Initial REPS Remarketing Date and (iii) none of the events specified in the preceding clause (vi) has occurred; or

(viii) the Notes are not maintained in book-entry form with DTC or any successor thereto; provided, that the REPS Agent, in its sole discretion and subject to receipt of an opinion of counsel for the Company reasonably satisfactory to the REPS Agent, may waive the foregoing condition if in the REPS Agent's judgment the Indenture and the Notes can be amended, and they are amended, so as to permit the remarketing of the Notes in certificated form and otherwise as contemplated herein.

(d) In furtherance of the foregoing, the effectiveness of the REPS Agent's election on the Notification Date to remarket the Notes is subject to the condition that the REPS Agent has received a certificate of the Chairman of the Board, the President, the Chief Executive Officer, the Chief Operating Officer, the Chief Financial Officer or a Vice President of the Company, and the Treasurer or an Assistant Treasurer of the Company, dated as of the Notification Date, to the effect that (i) the Company has, prior to the REPS Agent's election on the Notification Date to remarket the Notes, provided the REPS Agent with notice of all events as required under Section 3(a) of this Agreement, (ii) the representations and warranties in this Agreement are true and correct in all material respects at and as of the Notification Date and (iii) the Company has complied with all agreements and satisfied all conditions on its part to be performed or satisfied at or prior to the Notification Date. Such certificate will be delivered by the Company to the REPS Agent as soon as practicable following notification by the REPS Agent to the Company on the Notification Date of its election to remarket the Notes and in any event prior to the Determination Date.

In the event of the failure of any of the foregoing conditions, the REPS Agent may terminate its obligations under this Agreement or redetermine the REPS Interest Rate as provided in Section 11.

Section 9. Indemnification.

(a) To the extent permitted by law, the Company agrees to indemnify and hold harmless the REPS Agent and its officers, directors and employees and each person, if any, who controls the REPS Agent within the meaning of Section 20 of the 1934 Act as follows:

(i) against any loss, liability, claim, damage and expense whatsoever, as incurred, arising out of (A) the failure to have an effective registration statement under the 1933 Act relating to the Notes, if required, or the failure to satisfy the prospectus delivery requirements of the 1933 Act due to the failure of the Company to provide the REPS Agent with an updated Prospectus for delivery or (B) any untrue statement or alleged untrue statement of a material fact contained in the Registration Statement, the Prospectus, or the Prospectus Supplement (including any incorporated documents), or (C) the omission or alleged omission therefrom of a material fact necessary to make the statements therein, in light of the circumstances in which they were made, not misleading;

(ii) against any and all loss, liability, claim, damage and expense whatsoever, as incurred, to the extent of the aggregate amount paid in settlement of any litigation, or investigation or proceeding by any governmental agency or body, commenced or threatened, or of any claim whatsoever arising out of, or based upon, any of items (A) through (C) in clause (i) above; provided that (subject to clause (d) below) such settlement is effected with the written consent of the Company, which consent will not be unreasonably withheld; and

(iii) against any and all expense whatsoever, as incurred (including the fees and disbursements of counsel chosen by the REPS Agent), reasonably incurred in investigating, preparing or defending against any litigation, or any investigation or proceeding by any governmental agency or body, commenced or threatened, or any claim whatsoever arising out of, or based upon, any of items (A) through (C) in clause (i) above to the extent that any such expense is not paid under clause (i) or (ii) above.

The foregoing indemnification obligations will not apply to any losses, liabilities, claims, damages and expenses to the extent arising out of (i) any untrue statement or omission made in conformity with written information furnished to the Company by the REPS Agent expressly for use in the Remarketing Materials; (ii) any statement in, or omission from, a prospectus used in manner inconsistent with the penultimate sentence of Section 3(e); or (iii) any untrue statement in, or omission from, a prospectus when a subsequent version of the prospectus had been supplied to the REPS Agent prior to such subsequent version prior to the relevant sale or sales.

(b) The REPS Agent agrees to indemnify and hold harmless the Company, its directors and each of its officers who signed the Registration Statement from and against any

loss, liability, claim, damage and expense, as incurred, but only with respect to untrue statements or omissions made in the Remarketing Materials in conformity with information furnished to the Company in writing by the REPS Agent expressly for use in such Remarketing Materials. The indemnity agreement in this clause (b) will extend upon the same terms and conditions to each person, if any, who controls the Company within the meaning of Section 20 of the 1934 Act.

(c) Each indemnified party will give notice as promptly as reasonably practicable to each indemnifying party of any action commenced against it in respect of which indemnity may be sought hereunder, but failure to so notify an indemnifying party will not relieve such indemnifying party from any liability hereunder to the extent it is not materially prejudiced as a result thereof and in any event will not relieve it from any liability which it may have otherwise than on account of this indemnity agreement. In the case of parties indemnified pursuant to clause (a) above, counsel to the indemnified parties will be selected by the REPS Agent and, in the case of parties indemnified pursuant to clause (b) above, counsel to the indemnified parties will be selected by the Company. An indemnifying party may participate at its own expense in the defense of any such action; provided that counsel to the indemnifying party will not (except with the consent of the indemnified party) also be counsel to the indemnified party. In no event will the indemnifying parties be liable for fees and expenses of more than one counsel (in addition to any local counsel) separate from their own counsel for all indemnified parties in connection with any one action or separate but similar or related actions in the same jurisdiction arising out of the same general allegations or circumstances. No indemnifying party will, without the prior written consent of the indemnified parties, settle or compromise or consent to the entry of any judgment with respect to any litigation, or any investigation or proceeding by any governmental agency or body, commenced or threatened, or any claim whatsoever in respect of which indemnification or contribution could be sought under this Section 9 or Section 10 hereof (whether or not the indemnified parties are actual or potential parties thereto), unless such settlement, compromise or consent (i) includes an unconditional release of each indemnified party from all liability arising out of such litigation, investigation, proceeding or claim and (ii) does not include a statement as to or an admission or fault, culpability or a failure to act by or on behalf of any indemnified party.

(d) The indemnity agreements contained in this Section 9 will remain operative and in full force and effect, regardless of any investigation made by or on behalf of the REPS Agent, and will survive the termination or cancellation of this Agreement and the remarketing of any Notes hereunder.

Section 10. Contribution. If the indemnification provided for in Section 9 hereof is for any reason unavailable to or insufficient to hold harmless an indemnified party in respect of any losses, liabilities, claims, damages or expenses referred to therein, then each indemnifying party will contribute to the aggregate amount of such losses, liabilities, claims, damages and expenses incurred by such indemnified party, as incurred, (i) in such proportion as is appropriate to reflect the relative benefits received by the Company on the one hand and the REPS Agent on the other hand from the remarketing of the Notes pursuant to this Agreement or (ii) if the allocation provided by clause (i) is not permitted by applicable law, in such proportion as is

appropriate to reflect not only the relative benefits referred to in clause (i) above but also the relative fault of the Company on the one hand and of the REPS Agent on the other hand in connection with the acts, failures to act, statements or omissions that resulted in such losses, liabilities, claims, damages or expenses, as well as any other relevant equitable considerations.

The relative benefits received by the Company on the one hand and the REPS Agent on the other hand in connection with the remarketing of the Notes pursuant to this Agreement will be deemed to be in the same respective proportions as (i) the aggregate principal amount of the Notes, and (iii) the aggregate positive difference, if any, between the price paid by the REPS Agent for the Notes tendered on the Initial REPS Remarketing Date and the price at which the Notes are sold by the REPS Agent in the remarketing.

The relative fault of the Company on the one hand and the REPS Agent on the other hand will be determined by reference to, among other things, the responsibility hereunder of the applicable party for any act or failure to act relating to the losses, liabilities, claims, damages or expenses incurred or, in the case of any losses, liabilities, claims, damages or expenses arising out of any untrue or alleged untrue statement of a material fact contained in any of the Remarketing Materials or the omission or alleged omission to state a material fact therefrom, whether any such untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact relates to information supplied by the Company or by the REPS Agent and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission.

The Company and the REPS Agent agree that it would not be just and equitable if contribution pursuant to this Section 10 were determined by pro rata allocation or by any other method of allocation that does not take account of the equitable considerations referred to above in this Section 10. The aggregate amount of losses, liabilities, claims, damages and expenses incurred by an indemnified party and referred to above in this Section 10 will be deemed to include any legal or other expenses reasonably incurred by such indemnified party in investigating, preparing or defending against any litigation, or any investigation or proceeding by any governmental agency or body, commenced or threatened, or any claim whatsoever based upon any such act or failure to act or untrue or alleged untrue statement or omission or alleged omission.

Notwithstanding the provisions of this Section 10, the REPS Agent will not be required to contribute any amount in excess of the amount by which the total price at which the Notes remarketed by it and resold to the public were sold to the public exceeds the amount of any damages which the REPS Agent has otherwise been required to pay by reason of any act or failure to act for which it is responsible hereunder or any untrue or alleged untrue statement or omission or alleged omission.

No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the 1933 Act) will be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation.

For purposes of this Section 10, each person, if any, who controls the REPS Agent within the meaning of Section 15 of the 1933 Act or Section 20 of the 1934 Act will have the same rights to contribution as the REPS Agent, and each director of the Company, each officer of the Company who signed the Registration Statement, and each person, if any, who controls the Company within the meaning of Section 15 of the 1933 Act or Section 20 of the 1934 Act will have the same rights to contribution as the Company.

Section 11. Termination of REPS Remarketing Agreement or Redetermination of REPS Interest Rate.

(a) This Agreement will terminate as to the REPS Agent on the effective date of the resignation of the REPS Agent pursuant to Section 6 hereof; or the repurchase of the Notes by the Company pursuant to Section 4(g) hereof; or the redemption or remarketing of the Notes by the Company pursuant to Section 4(h) hereof; or at 12:01 a.m. on the day following the Notification Date if the REPS Agent has not notified the Company and the Trustee on the Notification Date of its election to remarket the Notes; or as provided in Section 11(b).

(b) In addition, the REPS Agent may terminate all of its obligations under this Agreement immediately by notifying the Company and the Trustee of its election to do so, at any time on or before the Initial REPS Remarketing Date, in the event that: (i) any of the conditions referred to or set forth in Section 8(a) or Section 8(b) hereof have not been met or satisfied in full, or (ii) any of the events set forth in Section 8(c) will have occurred after the Notification Date. The REPS Agent agrees to promptly notify the Company and the Trustee of such termination.

(c) Notwithstanding any provision herein to the contrary, in lieu of terminating this Agreement pursuant to Section 11(b) above, upon the occurrence of any of the events set forth therein, the REPS Agent, with the written consent of the Company (which may be delivered by facsimile or other electronic transmission), at any time between the Determination Date and 3:30 p.m., New York City time, on the Business Day immediately preceding the Initial REPS Remarketing Date, may elect to purchase the Notes for remarketing and determine a new REPS Interest Rate in the manner provided in Section 4(d) of this Agreement, except that for purposes of determining the new REPS Interest Rate pursuant to this paragraph the Determination Date referred to therein shall be the date of such election and redetermination. The REPS Agent shall notify the Company, the Trustee and DTC by telephone, confirmed in writing (which may include facsimile or other electronic transmission), by 4:00 p.m., New York City time, on the date of such election, of the new REPS Interest Rate applicable to the Notes. Thereupon, such new REPS Interest Rate will supersede and replace any REPS Interest Rate previously determined by the REPS Agent and, absent manifest error, shall be binding and conclusive upon the Beneficial Owners and Holders of the Notes, the Company and the Trustee; provided that the REPS Agent, by redetermining the REPS Interest Rate upon the occurrence of any event set forth in Section 11(b) as set forth above, shall not thereby be deemed to have waived its right to determine a new REPS Interest Rate or terminate this Agreement upon the subsequent occurrence of any other event set forth in Section 11(b).

(d) If this Agreement is terminated pursuant to this Section 11, such termination will be without liability of any party to any other party, except that, in the case of termination pursuant to Section 11(b) of this Agreement, the Company will reimburse the REPS Agent for all of its reasonable out-of-pocket expenses related to the remarketing, including the reasonable fees and disbursements of counsel for the REPS Agent if such termination is pursuant to Section 8(a), 8(b), 8(c)(i),(ii), (v), (vi) or (vii) (provided, however, with respect to Section 8(c)(vii), notwithstanding any other provisions hereof, reference in any certificate, opinion or comfort letter to a matter or event addressed in another subsection of Section 8(c) shall not give rise to any rights under this Section 11(d)), and except further as set forth in Section 11(e) below. Sections 1, 9, 10, 11(d) and 11(e) will survive such termination and remain in full force and effect.

(e) If the REPS Agent does not remarket the Notes because of (x) termination of this Agreement pursuant to Section 11(b); (y) the resignation of the REPS Agent due to the occurrence, prior to the Notification Date, of any event set forth in Section 8(c)(ii), (v) or (viii); or (z) any failure by the Company to redeem the Notes from the REPS Agent following any election by the Company to effect such redemption as specified in Section 4(h)(each of the events described in clauses (x), (y) and (z) being referred to herein as a Calculation Event), the Company will immediately following the Calculation Amount Determination Date (as defined below) pay the REPS Agent, in same-day funds by wire transfer to an account designated by the REPS Agent, the Calculation Amount. The Calculation Amount will be determined by the REPS Agent in good faith and on a commercially reasonable basis and will be equal to an amount, if any, that would be paid by the REPS Agent in consideration of an agreement between the REPS Agent and a Reference Corporate Dealer (other than the REPS Agent) to enter into a transaction that would have the effect of preserving for the REPS Agent the economic equivalent of any payment or delivery (whether the underlying obligation was absolute or contingent) by the REPS Agent and the Beneficial Owners that would, but for the occurrence of the Calculation Event, have been required on the Initial REPS Remarketing Date. In determining the Calculation Amount, the REPS Agent will be entitled to assume that the Notes are obligations issued by the United States Department of the Treasury backed by the full faith and credit of the United States of America. If the Calculation Event arises from a situation described in Clause (z) above, the Company's obligation to pay the Calculation Amount shall be in lieu of the Company's obligation to pay the Optional Redemption Price pursuant to Section 4(h). The REPS Agent will determine the applicable Calculation Amount as soon as practicable after the occurrence of any of the Calculation Events (the date of such calculation, the "Calculation Amount Determination Date"). The REPS Agent will promptly notify the Company of the Calculation Amount Determination Date and the Calculation Amount by telephone, confirmed in writing (which may include facsimile or other electronic transmission). The Calculation Amount, absent manifest error, shall be binding and conclusive upon the parties hereto.

(f) This Agreement will be subject to termination by the Company only upon a material breach by the REPS Agent of its obligations hereunder or due to a material inaccuracy in a representation or warranty made by the REPS Agent hereunder.

Section 12. REPS Agent's Performance; Duty of Care. The duties and obligations of the REPS Agent will be determined solely by the express provisions of this Agreement and the Indenture. No implied covenants or obligations of or against the REPS Agent will be read into this Agreement or the Indenture. In the absence of gross negligence or willful misconduct on the part of the REPS Agent, the REPS Agent may conclusively rely upon any document furnished to it, that purports to conform to the requirements of this Agreement and the Indenture, as to the truth of the statements expressed in any of such documents. The REPS Agent will be protected in acting upon any document or communication reasonably believed by it to have been signed, presented or made by the proper party or parties. The REPS Agent will incur no liability to the Company or to any Beneficial Owner or Holder of Notes in its individual capacity or as REPS Agent for any action or failure to act in connection with the remarketing or otherwise, except as a result of gross negligence or willful misconduct on its part.

Section 13. GOVERNING LAW. This Agreement will be governed by and construed in accordance with the laws of The State of New York applicable to contracts made and to be performed in such state without regard to conflicts of laws principles.

Section 14. Term of Agreement. Unless otherwise terminated in accordance with the provisions hereof, this Agreement will remain in full force and effect from the date hereof until the earlier of the first day thereafter on which no Notes are outstanding or the completion of the remarketing of the Notes. Regardless of any termination of this Agreement pursuant to any of the provisions hereof, the obligations of the Company pursuant to Sections 9, 10 and 11 hereof will remain operative and in full force and effect until fully satisfied.

Section 15. Successors and Assigns. The rights and obligations of the Company hereunder may not be assigned or delegated to any other person without the prior written consent of the REPS Agent. The rights and obligations of the REPS Agent hereunder may not be assigned or delegated to any other person without the prior written consent of the Company. This Agreement will inure to the benefit of and be binding upon the Company and the REPS Agent and their respective successors and assigns, and will not confer any benefit upon any other person, partnership, association or corporation other than persons, if any, controlling the REPS Agent within the meaning of Section 15 of the 1933 Act or Section 20 of the 1934 Act, or any indemnified party to the extent provided in Section 9 hereof, or any person entitled to contribution to the extent provided in Section 10 hereof. The terms "successors" and "assigns" will not include any purchaser of any Notes merely because of such purchase.

Section 16. Headings. Section headings have been inserted in this Agreement as a matter of convenience of reference only, and it is agreed that such section headings are not a part of this Agreement and will not be used in the interpretation of any provisions of this Agreement.

Section 17. Severability. If any provision of this Agreement is held or deemed to be or is, in fact, invalid, inoperative or unenforceable as applied in any particular case in any or all

jurisdictions because it conflicts with any provision of any constitution, statute, rule or public policy or for any other reason, such circumstances will not have the effect of rendering the provision in question invalid, inoperative or unenforceable in any other case, circumstance or jurisdiction, or of rendering any other provision or provisions of this Agreement invalid, inoperative or unenforceable to any extent whatsoever.

Section 18. Notices. Unless otherwise specified, any notices, requests, consents or other communications given or made hereunder or pursuant hereto will be made in writing (which may include facsimile or other electronic transmission) and will be deemed to have been validly given or made when (i) delivered or mailed, registered or certified mail, return receipt requested and postage prepaid, addressed as follows or (ii) sent by facsimile transmission to the applicable number indicated below:

Ladies and Gentleman:

Tampa Electric Company, a Florida corporation (the "*Company*"), confirms its agreement with each of you with respect to the issue and sale from time to time by the Company of up to $200,000,000 (or the equivalent thereof in one or more foreign currencies or composite currencies) aggregate initial public offering price of its medium-term notes due from 9 months to 40 years from date of issue (the "*Notes*"). The Notes will be issued under an Indenture dated as of July 1, 1998 (the "*Base Indenture*") between the Company and The Bank of New York, as Trustee (the "*Trustee*"), and will have the maturities, interest rates, redemption provisions, if any, and other terms as set forth in indentures supplemental to the Base Indenture (each, a "*Supplemental Indenture*," the Base Indenture as amended by such Supplemental Indentures referred to herein as the "*Indenture*").

The Company hereby appoints Citicorp Securities, Inc. and Morgan Stanley & Co. Incorporated (individually an "*Agent*" and collectively the "*Agents*") as its agents, subject to Section 8, Section 11 and the Company's right to sell Notes directly to investors without the use of agents for the purpose of soliciting and receiving offers to purchase Notes from the Company by others and, on the basis of the representations and warranties herein contained, but subject to the terms and conditions herein set forth, each Agent agrees to use reasonable efforts to solicit and receive offers to purchase Notes upon terms acceptable to the Company at such times and in

such amounts as the Company shall from time to time specify. In addition, any Agent may also purchase Notes as principal pursuant to the terms of a purchase agreement relating to such sale (a "*Purchase Agreement*") in accordance with the provisions of Section 2(b) hereof.

The Company has filed with the Securities and Exchange Commission (the "*Commission*") a registration statement, including a prospectus, relating to the Notes. Such registration statement, including the exhibits thereto and any amendments thereto, is hereinafter referred to as the "*Registration Statement.*" The Company proposes to file with the Commission from time to time, pursuant to Rule 424 under the Securities Act of 1933, as amended (the "*Securities Act*"), supplements to the prospectus included in the Registration Statement that will describe certain terms of the Notes. The prospectus in the form in which it appears in the Registration Statement is hereinafter referred to as the "*Base Prospectus.*" The term "*Prospectus*" means the Base Prospectus together with the prospectus supplement or supplements (each a "*Prospectus Supplement*") specifically relating to Notes, as filed with, or transmitted for filing to, the Commission pursuant to Rule 424. As used herein, the terms "*Base Prospectus*" and "*Prospectus*" shall include in each case the documents, if any, incorporated by reference therein. The terms "*supplement,*" "*amendment*" and "*amend*" as used herein shall include all documents deemed to be incorporated by reference in the Prospectus that are filed subsequent to the date of the Base Prospectus by the Company with the Commission pursuant to the Securities Exchange Act of 1934, as amended (the "*Exchange Act*").

The Company reserves the right, in its sole discretion, to instruct the Agents to suspend at any time, for any period of time or permanently, the solicitation of offers to purchase Notes. Upon receipt of notice from the Company, the Agents will forthwith suspend solicitations of offers to purchase Notes from the Company until such time as the Company has advised the Agents that such solicitation may be resumed. While such solicitation is suspended, the Company shall not be required to deliver any certificates, opinions or letters in accordance with Sections 5(a), 5(b) and 5(c); *provided, however*, that if the Registration Statement or Prospectus is amended or supplemented during the period of suspension (other than by an amendment or supplement providing solely for a change in the interest rates, redemption provisions, amortization schedules or maturities offered on the Notes or for a change the Agents deem to be immaterial), no Agent shall be required to resume soliciting offers to purchase Notes until the Company has delivered such certificates, opinions and letters as such Agent may reasonably request.

Each Agent shall communicate to the Company, orally or in writing, each offer to purchase Notes received by such Agent as agent that in its judgment should be considered by the Company. The Company shall have the sole right to accept offers to purchase Notes and may reject any offer in whole or in part. Each Agent shall have the right to reject any offer to purchase Notes that it considers to be unacceptable, and any such rejection shall not be deemed a breach of its agreements contained herein. The procedural details relating to the issue and delivery of Notes sold by the Agents as agents and the payment therefor shall be as set forth in the Supplemental Indenture relating to such Notes. Additional procedural details relating to such Notes may be set forth in one or more letter agreements between the Company and the Trustee.

(b) *Purchases as Principal.* Each sale of Notes to an Agent as principal shall be made in accordance with the terms of this Agreement. In connection with each such sale, the Company will enter into a Purchase Agreement that will provide for the sale of such Notes to and the purchase thereof by such Agent. Each Purchase Agreement will take the form of a written agreement between such Agent and the Company, which may be substantially in the form of Exhibit A hereto (a "*Written Purchase Agreement*").

An Agent's commitment to purchase Notes pursuant to a Purchase Agreement shall be deemed to have been made on the basis of the representations and warranties of the Company herein contained and shall be subject to the terms and conditions herein set forth. Each Purchase Agreement shall specify the principal amount of Notes to be purchased by such Agent pursuant thereto, the maturity date of such Notes, the price to be paid to the Company for such Notes, the interest rate and interest rate formula, if any, applicable to such Notes and other terms of such Notes. Each such Purchase Agreement may also specify any requirements for officers' certificates, opinions of counsel and letters from the independent public accountants of the Company pursuant to Section 4 hereof. A Purchase Agreement may also specify certain provisions relating to the reoffering of such Notes by such Agent.

Each Purchase Agreement shall specify the time and place of delivery of and payment for such Notes. Unless otherwise specified in a Purchase Agreement, the procedural details relating to the issue and delivery of Notes purchased by an Agent as principal and the payment therefor shall be as set forth in the Supplemental Indenture relating to such Notes. Additional procedural details relating to such Notes may be set forth in one or more letter agreements between the Company and the Trustee. Each date of delivery of and payment for Notes to be purchased by an Agent pursuant to a Purchase Agreement is referred to herein as a "*Settlement Date.*"

Unless otherwise specified in a Purchase Agreement, if you are purchasing Notes as principal you may resell such Notes to other dealers. Any such sales may be at a

discount, which shall not exceed the amount set forth in the Prospectus Supplement relating to such Notes.

(c) *Delivery.* The documents required to be delivered by Section 4 of this Agreement as a condition precedent to each Agent's obligation to begin soliciting offers to purchase Notes as an agent of the Company shall be delivered at the office of Ropes & Gray, counsel for the Agents, not later than 10:00 a.m., New York City time, on the date hereof, or at such other time and/or place as the Agents and the Company may agree upon in writing, but in no event later than the day prior to the earlier of (i) the date on which the Agents begin soliciting offers to purchase Notes or (ii) the first date on which the Company accepts any offer by an Agent to purchase Notes pursuant to a Purchase Agreement. The date of delivery of such documents is referred to herein as the "*Commencement Date.*"

(d) *Obligations Several.* The Company acknowledges that the obligations of the Agents under this Agreement are several and not joint.

3. *Agreements.* The Company agrees with each Agent that:

(a) Prior to the termination of the offering of the Notes pursuant to this Agreement or any Purchase Agreement, the Company will not file any Prospectus Supplement relating to Notes or any amendment to the Registration Statement unless the Company has previously furnished to the Agents copies thereof for their review and will not file any such proposed supplement or amendment to which the Agents reasonably object; *provided, however*, that (i) the foregoing requirement shall not apply to any of the Company's periodic filings with the Commission pursuant to Section 13(a), 13(c), 14 or 15(d) of the Exchange Act, copies of which filings the Company will cause to be delivered to the Agents promptly after being transmitted for filing with the Commission and (ii) any Prospectus Supplement that merely sets forth the terms or a description of particular Notes shall only be reviewed and approved by the Agent or Agents offering such Notes. Subject to the foregoing sentence, the Company will promptly cause each Prospectus Supplement to be filed with or transmitted for filing to the Commission in accordance with Rule 424(b) under the Securities Act. The Company will promptly advise the Agents (i) of the filing of any amendment or supplement to the Base Prospectus (except that notice of the filing of an amendment or supplement to the Base Prospectus that merely sets forth the terms or a description of particular Notes shall only be given to the Agent or Agents offering such Notes), (ii) of the filing and effectiveness of any amendment to the Registration Statement, (iii) of any request by the Commission for any amendment to the Registration Statement or any amendment or supplement to the Base Prospectus or for any additional information, (iv) of the issuance by the Commission of any stop order suspending the effectiveness of the Registration Statement or the institution or threatening of any proceeding for that purpose, and (v) of the receipt

by the Company of any notification with respect to the suspension of the qualification of the Notes for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose. The Company will use reasonable efforts to prevent the issuance of any such stop order or notice of suspension of qualification and, if issued, to obtain as soon as practicable the withdrawal thereof. If the Base Prospectus is amended or supplemented as a result of the filing under the Exchange Act of any document incorporated by reference in the Prospectus, no Agent shall be obligated to solicit offers to purchase Notes so long as it is not reasonably satisfied with such document.

(b) If, at any time when a prospectus relating to Notes is required to be delivered under the Securities Act, any event occurs or condition exists as a result of which the Prospectus, as then amended or supplemented, would include an untrue statement of a material fact, or omit to state any material fact necessary to make the statements therein, in the light of the circumstances when the Prospectus, as then amended or supplemented, is delivered to a purchaser, not misleading, or if, in the opinion of the Company, it is necessary at any time to amend or supplement the Prospectus, as then amended or supplemented, to comply with applicable law, the Company will immediately notify the Agents by telephone (with confirmation in writing) to suspend solicitation of offers to purchase Notes and, if so notified by the Company, the Agents shall forthwith suspend such solicitation and cease using the Prospectus, as then amended or supplemented. If the Company shall decide to amend or supplement the Registration Statement or Prospectus, as then amended or supplemented, it shall so advise the Agents promptly by telephone (with confirmation in writing) and, at its expense, shall prepare and cause to be filed with the Commission, except as otherwise expressly provided, at such time it deems appropriate, an amendment or supplement to the Registration Statement or Prospectus, as then amended or supplemented, reasonably satisfactory to the Agents, that will correct such statement or omission or effect such compliance, and will supply such amended or supplemented Prospectus to the Agents in such quantities as they may reasonably request. If any documents, certificates, opinions and letters furnished to the Agents pursuant to Sections 3(f), 5(a), 5(b) and 5(c) in connection with the preparation and filing of such amendment or supplement are reasonably satisfactory to the Agents, upon the filing with the Commission of such amendment or supplement to the Prospectus or upon the effectiveness of an amendment to the Registration Statement, the Agents will resume the solicitation of offers to purchase Notes hereunder. Notwithstanding any other provision of this paragraph, until the distribution of any Notes an Agent may own as principal has been completed up to a maximum of fifteen days from the date of the Purchase Agreement, if any event described above in this paragraph occurs, the Company will, at its own expense, forthwith prepare and cause to be filed promptly with the Commission an amendment or supplement to the Registration Statement or Prospectus, as then amended or supplemented, reasonably satisfactory to such Agent, will supply such amended or supplemented Prospectus to such Agent in such quantities as it may reasonably request, and shall furnish to such Agent

pursuant to Sections 3(f), 5(a), 5(b), and 5(c) such documents, certificates, opinions, and letters as it may request in connection with the preparation and filing of such amendment or supplement.

(c) The Company will make generally available to its security holders an earning statement that satisfies the provisions of Section 11(a) of the Securities Act and the rules and regulations of the Commission thereunder covering a twelve month period beginning not later than the first day of the Company's fiscal quarter next following the "effective date" (as defined in Rule 158 under the Securities Act) of the Registration Statement with respect to each sale of Notes. If such fiscal quarter is the first fiscal quarter of the Company's fiscal year, such earning statement shall be made available not later than 90 days after the close of the period covered thereby and in all other cases shall be made available not later than 45 days after the close of the period covered thereby.

(d) The Company will furnish to each Agent, without charge, a conformed copy of the Registration Statement, including exhibits and all amendments thereto, and as many copies of the Prospectus, any documents incorporated by reference therein and any supplements and amendments thereto as such Agent may reasonably request.

(e) The Company will cooperate in the qualification of the Notes for offer and sale under the securities or Blue Sky laws of such jurisdictions in the United States as the Agents shall reasonably request and help to maintain such qualifications for as long as the Agents shall reasonably request.

(f) The Company shall furnish to the Agents such relevant documents and certificates of officers of the Company relating to the business, operations and affairs of the Company, the Registration Statement, the Base Prospectus, any amendments or supplements thereto, the Indenture, any Supplemental Indenture, the Notes, this Agreement, any Purchase Agreement and the performance by the Company of its obligations hereunder or thereunder as the Agents may from time to time reasonably request.

(g) The Company shall notify the Agents promptly in writing of any downgrading, or of its receipt of any notice of any intended or potential downgrading or of any review for possible change that does not indicate the direction of the possible change, in the rating accorded any of the Company's securities by any "nationally recognized statistical rating organization," as such term is defined for purposes of Rule 436(g)(2) under the Securities Act.

(h) The Company will, whether or not any sale of Notes is consummated, pay all expenses incident to the performance of its obligations under this Agreement and any Purchase Agreement, including (i) the preparation and filing of the Registration

Statement and the Prospectus and all amendments and supplements thereto, (ii) the preparation, issuance and delivery of the Notes, (iii) the fees and disbursements of the Company's counsel and accountants and of the Trustee and its counsel, (iv) the qualification of the Notes under securities or Blue Sky laws in accordance with the provisions of Section 3(e), including filing fees and the fees and disbursements of counsel for the Agents in connection therewith and in connection with the preparation of any Blue Sky Memoranda in an amount not exceeding $5,000 with respect to any such memorandum, (v) the printing and delivery to the Agents in quantities as hereinabove stated of copies of the Registration Statement and all amendments thereto and of the Prospectus and any amendments or supplements thereto, (vi) any fees charged by rating agencies for a requested rating of the Notes (the Company agrees the Agent shall not be obligated to pay bills for unrequested ratings) (vii) any expenses incurred by the Company in connection with a "road show" presentation to potential investors and (ix) the fees and disbursements of counsel for the Agents incurred in connection with the offering and sale of the Notes, including any opinions to be rendered by such counsel hereunder, and (x) any out-of-pocket expenses incurred by the Agents which have been approved by the Company.

(i) During the period beginning the date of any Purchase Agreement and continuing to and including the Settlement Date with respect to such Purchase Agreement (which period shall not exceed 15 days), the Company will not, without such Agent's prior written consent, offer, sell, contract to sell or otherwise dispose of any debt securities of the Company or warrants to purchase debt securities of the Company substantially similar to such Notes (other than (A) the Notes that are to be sold pursuant to such Purchase Agreement, (B) Notes previously agreed to be sold by the Company, (C) commercial paper issued in the ordinary course of business and (D) in connection with Acquisitions), except as may otherwise be provided in such Purchase Agreement.

4. *Conditions of the Obligations of the Agents.* Each Agent's obligation to solicit offers to purchase Notes as agent of the Company, each Agent's obligation to purchase Notes pursuant to any Purchase Agreement, and the obligation of a purchaser to purchase Notes sold through an Agent as agent will be subject to the accuracy in all material respects of the representations and warranties on the part of the Company herein, to the accuracy in all material respects of the statements of the Company's officers made in each certificate furnished pursuant to the provisions hereof, and to the performance and observance by the Company in all material respects of all covenants and agreements herein contained on its part to be performed and observed (in the case of an Agent's obligation to solicit offers to purchase Notes, at the time of such solicitation, and, in the case of an Agent's or other purchaser's obligation to purchase Notes, at the time the Company accepts the offer to purchase such Notes and at the time of issuance and delivery) and (in each case) to the following additional conditions precedent when and as specified:

(a) Prior to such solicitation or purchase, as the case may be:

(i) there shall not have occurred any change in the condition, financial or otherwise, or in the earnings, business or operations of the Company and its subsidiaries, taken as a whole, from that set forth in the Prospectus, as amended or supplemented at the time of such solicitation or at the time such offer to purchase was made, that, in the reasonable judgment of the relevant Agent, is material and adverse and that makes it, in the reasonable judgment of such Agent, impracticable to market the Notes on the terms and in the manner contemplated by the Prospectus, as so amended or supplemented;

(ii) there shall not have occurred any (A) suspension or material limitation of trading generally on or by, as the case may be, any of the New York Stock Exchange, the American Stock Exchange, the National Association of Securities Dealers, Inc., the Chicago Board Options Exchange, the Chicago Mercantile Exchange or the Chicago Board of Trade, (B) suspension of trading of any securities of the Company on any exchange or in any over-the-counter market, (C) declaration of a general moratorium on commercial banking activities in New York by either Federal or New York State authorities or (D) any outbreak or escalation of hostilities or any change in financial markets or any calamity or crisis that, in the reasonable judgment of the relevant Agent, is material and adverse and, in the case of any of the events described in clauses 4(a)(ii)(A) through 4(a)(ii)(D), such event, singly or together with any other such event, makes it, in the reasonable judgment of such Agent, impracticable to market the Notes on the terms and in the manner contemplated by the Prospectus, as amended or supplemented at the time of such solicitation or at the time such offer to purchase was made; and

(iii) there shall not have occurred any downgrading, nor shall any notice have been given of any intended or potential downgrading or of any review for a possible change that does not indicate the direction of the possible change, in the rating accorded any of the Company's securities by any "nationally recognized statistical rating organization," as such term is defined for purposes of Rule 436(g)(2) under the Securities Act;

except (A) in each case described in Section 4(a)(i), 4(a)(ii) or 4(a)(iii) above, as disclosed to the relevant Agent in writing by the Company prior to such solicitation or, in the case of a purchase of Notes, as disclosed to the relevant Agent before the offer to purchase such Notes was made, or (B) in each case described in Section 4(a)(ii) above, the relevant event shall have occurred and been known to the relevant Agent before such solicitation or, in the case of a purchase of Notes, before the offer to purchase such Notes was made.

(b) On the Commencement Date and, if called for by any Purchase Agreement, on the corresponding Settlement Date, the relevant Agents shall have received:

(i) The opinion, dated as of such date, of Palmer & Dodge LLP, outside counsel for the Company, to the effect that:

(A) the Company has been duly incorporated, is validly existing as a corporation in good standing under the laws of the State of Florida has the corporate power and authority to own its property and to conduct its business as described in the Prospectus, as then amended or supplemented;

(B) each of this Agreement and any applicable Written Purchase Agreement has been duly authorized, executed and delivered by the Company;

(C) the Indenture has been duly qualified under the Trust Indenture Act and has been duly authorized, executed and delivered by the Company and is a valid and binding agreement of the Company, enforceable in accordance with its terms, subject to bankruptcy, insolvency fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting creditors' rights and to general equity principles;

(D) the Notes have been duly authorized and, if executed and authenticated in accordance with the provisions of the Indenture and delivered to and paid for by the purchasers thereof on the date of such opinion, would be entitled to the benefits of the Indenture and would be valid and binding obligations of the Company, enforceable in accordance with their respective terms, subject to bankruptcy, insolvency fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting creditors' rights and to general equity principles;

(E) the execution and delivery by the Company of, and the performance by the Company of its obligations under, this Agreement, the Notes, the Indenture and any applicable Written Purchase Agreement will not contravene any provision of applicable law or the restated Articles of incorporation or by-laws of the Company or constitute a default under any agreement or other instrument binding upon the Company or any of its subsidiaries that is listed as an exhibit to the Company's Form 10-K for the

year ended December 31, 1997, or any subsequently filed periodic report, or, to the best of such counsel's knowledge, any judgment, order or decree of any governmental body, agency or court having jurisdiction over the Company or any subsidiary, and no consent, approval, authorization or order of, or qualification with, any governmental body or agency is required for the performance by the Company of its obligations under this Agreement, the Notes, the Indenture and any applicable Purchase Agreement, except as has been obtained and except such as may be required by the securities or Blue Sky laws of the various states in connection with the offer and sale of the Notes or the rules of the National Association of Securities Dealers;

(F) The Registration Statement has become effective under the Securities Act, and, to the best of the knowledge of such counsel, no stop order suspending the effectiveness of the Registration Statement or of any part thereof has been issued and no proceedings for that purpose have been instituted or are pending or contemplated under the Securities Act;

(G) the statements in the Prospectus, as then amended or supplemented, under the captions "Description of the Debt Securities," insofar as such statements constitute summaries of the provisions of the Indenture fairly summarize the matters referred to therein;

(H) such counsel is of the opinion ascribed to it in the Prospectus, as then amended or supplemented, under the caption "Certain Federal Income Tax Consequences";

(I) such counsel (1) is of the opinion that each document filed pursuant to the Exchange Act and incorporated by reference in the Prospectus, as then amended or supplemented (except for financial statements and schedules and other financial and statistical data included therein as to which such counsel need not express any opinion) complied when so filed as to form in all material respects with the Exchange Act and the applicable rules and regulations of the Commission thereunder, (2) nothing has come to such counsel's attention which has caused it to believe that (except for financial statements and schedules and other financial and statistical data as to which such counsel need not express any belief and except for that part of the Registration Statement that constitutes the Form T-1 heretofore referred to) each part of the Registration Statement, as then amended, if applicable, when such part became effective, contained any untrue statement of a material fact or omitted to state a material fact

required to be stated therein or necessary to make the statements therein not misleading, (3) is of the opinion that the Registration Statement and Prospectus, as then amended or supplemented, if applicable (except for financial statements and schedules and other financial or statistical data included therein as to which such counsel need not express any opinion) comply as to form in all material respects with the Securities Act and the applicable rules and regulations of the Commission thereunder and (4) nothing has come to such counsel's attention which causes it to believe that (except for financial statements and schedules and other financial or statistical data as to which such counsel need not express any belief) the Prospectus, as then amended or supplemented, if applicable, as of the date such opinion is delivered contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; *provided* that in the case of an opinion delivered on the Commencement Date or pursuant to Section 5(b), the opinion and belief set forth in clauses 4(b)(i)(I)(3) and 4(b)(i)(I)(4) above shall be deemed not to cover information concerning an offering of particular Notes to the extent such information will be set forth in a supplement to the Base Prospectus.

In rendering such opinion, Palmer & Dodge may rely as to such matters governed by Florida law upon the opinion of Sheila M. McDevitt, corporate counsel to the Company (provided Palmer & Dodge shall state that they believe both they and you are justified in relying upon such opinion).

(ii) The opinion, dated as of such date, of Ropes & Gray, counsel for the Agents, covering such matters as the Agents may reasonably request, such counsel having received such papers and information as they may reasonably request to enable them to pass on such matters.

(c) On the Commencement Date and, if called for by any Purchase Agreement, on the corresponding Settlement Date, the relevant Agents shall have received a certificate of the Company, dated the Commencement Date or such Settlement Date, as the case may be, and signed by an executive officer of the Company, to the effect set forth in Section 4(a)(iii) and to the effect that the representations and warranties of the Company contained in this Agreement are, to the best of his or her knowledge true and correct in all material respects as of such date and that the Company has complied with all of the agreements and satisfied all of the conditions on its part to be performed or satisfied on or before such date.

(d) On the Commencement Date and, if called for by any Purchase Agreement, on the corresponding Settlement Date, PricewaterhouseCoopers LLP, independent public accountants, shall have furnished to the relevant Agents a letter or letters, dated the Commencement Date or such Settlement Date, as the case may be, in form and substance satisfactory to such Agents containing statements and information of the type ordinarily included in accountants' "comfort letters" to underwriters with respect to the financial statements and certain financial information contained in or incorporated by reference into the Prospectus, as then amended or supplemented.

(e) On the Commencement Date and on each Settlement Date, the Company shall have furnished to the relevant Agents such appropriate further information, certificates and documents as they may reasonably request.

5. *Additional Agreements of the Company.*

(a) Each time the Registration Statement or Prospectus is amended or supplemented (other than by an amendment or supplement providing solely for a change in the interest rates, redemption provisions, amortization schedules or maturities offered on the Notes or for a change the Agents deem to be immaterial), upon the reasonable request of the Agent the Company will deliver or cause to be delivered forthwith to each Agent a certificate of the Company signed by an executive officer of the Company, dated the date of such amendment or supplement, as the case may be, in form reasonably satisfactory to the Agents, of the same tenor as the certificate referred to in Section 4(c) relating to the Registration Statement or the Prospectus as amended or supplemented to the time of delivery of such certificate.

(b) Each time the Company furnishes a certificate pursuant to Section 5(a), the Company will furnish or cause to be furnished forthwith to each Agent a written opinion of independent counsel for the Company. Any such opinion shall be dated the date of such amendment or supplement, as the case may be, shall be in a form satisfactory to the Agents and shall be of the same tenor as the opinion referred to in Section 4(b)(i), but modified to relate to the Registration Statement and the Prospectus as amended and supplemented to the time of delivery of such opinion. In lieu of such opinion, counsel last furnishing such an opinion to an Agent may furnish to each Agent a letter to the effect that such Agent may rely on such last opinion to the same extent as though it were dated the date of such letter (except that statements in such last opinion will be deemed to relate to the Registration Statement and the Prospectus as amended or supplemented to the time of delivery of such letter.)

(c) Each time the Registration Statement or the Prospectus is amended or supplemented to set forth amended or supplemental financial information or such amended or supplemental information is incorporated by reference in the Prospectus, the Company, upon the reasonable request of the Agent, shall cause its independent public

accountants forthwith to furnish each Agent with a letter, dated the date of such amendment or supplement, as the case may be, in form satisfactory to the Agents, of the same tenor as the letter referred to in Section 4(d), with regard to the amended or supplemental financial information included or incorporated by reference in the Registration Statement or the Prospectus as amended or supplemented to the date of such letter.

6. *Indemnity and Contribution.*

(a) The Company agrees to indemnify and hold harmless each Agent and each person, if any, who controls any Agent within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act from and against any and all losses, claims, damages and liabilities (including, without limitation, any legal or other expenses reasonably incurred in connection with defending or investigating any such action or claim) caused by any untrue statement or alleged untrue statement of a material fact contained in the Registration Statement or any amendment thereof or the Prospectus (as amended or supplemented if the Company shall have furnished any amendments or supplements thereto), or caused by any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, except insofar as such losses, claims, damages or liabilities are caused by (A) any such untrue statement or omission or alleged untrue statement or omission based upon (i) information relating to such Agent furnished to the Company in writing by such Agent expressly for use therein or (ii) information in that part of the Registration Statement that constitutes the Form T-1, (B) failure to deliver the Prospectus as most recently supplemented or amended with or prior to the written confirmation of such sale or (C) sales made following notice pursuant to Section 3(b) and prior to delivery of an amended or supplemented Prospectus.

(b) Each Agent agrees, severally and not jointly, to indemnify and hold harmless the Company, its directors, its officers who sign the Registration Statement and each person, if any, who controls the Company within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act to the same extent as the foregoing indemnity from the Company to such Agent, but only with reference to information relating to such Agent furnished to the Company in writing by such Agent expressly for use in the Registration Statement or the Prospectus or any amendments or supplements thereto.

(c) In case any proceeding (including any governmental investigation) shall be instituted involving any person in respect of which indemnity may be sought pursuant to either Section 6(a) or 6(b) above, such person (the "*indemnified party*") shall promptly notify the person against whom such indemnity may be sought (the "*indemnifying party*") in writing and the indemnifying party, upon request of the indemnified party, shall retain counsel reasonably satisfactory to the indemnified party to represent the indemnified

party and any others the indemnifying party may designate in such proceeding and shall pay the fees and disbursements of such counsel related to such proceeding. In any such proceeding, any indemnified party shall have the right to retain its own counsel, but the fees and expenses of such counsel shall be at the expense of such indemnified party unless (i) the indemnifying party and the indemnified party shall have mutually agreed to the retention of such counsel or (ii) the named parties to any such proceeding (including any impleaded parties) include both the indemnifying party and the indemnified party and representation of both parties by the same counsel would be inappropriate due to actual or potential differing interests between them. It is understood that the indemnifying party shall not, in respect of the legal expenses of any indemnified party in connection with any proceeding or related proceedings in the same jurisdiction, be liable for the fees and expenses of more than one separate firm (in addition to any local counsel) for all such indemnified parties and that all such fees and expenses shall be reimbursed as they are incurred. Such firm shall be designated in writing by the Agents that are indemnified parties, in the case of parties indemnified pursuant to Section 6(a) above, and by the Company, in the case of parties indemnified pursuant to Section 6(b) above. The indemnifying party shall not be liable for any settlement of any proceeding effected without its written consent, but if settled with such consent or if there be a final judgment for the plaintiff, the indemnifying party agrees to indemnify the indemnified party from and against any loss or liability by reason of such settlement or judgment.

(d) To the extent the indemnification provided for in Section 6(a) or 6(b) is unavailable to an indemnified party or insufficient in respect of any losses, claims, damages or liabilities referred to therein, then each indemnifying party under such paragraph, in lieu of indemnifying such indemnified party thereunder, shall contribute to the amount paid or payable by such indemnified party as a result of such losses, claims, damages or liabilities (i) in such proportion as is appropriate to reflect the relative benefits received by the Company on the one hand and each Agent on the other hand from the offering of such Notes or (ii) if the allocation provided by clause 6(d)(i) above is not permitted by applicable law, in such proportion as is appropriate to reflect not only the relative benefits referred to in clause 6(d)(i) above but also the relative fault of the Company on the one hand and each Agent on the other hand in connection with the statements or omissions that resulted in such losses, claims, damages or liabilities, as well as any other relevant equitable considerations. The relative benefits received by the Company on the one hand and each Agent on the other hand in connection with the offering of such Notes shall be deemed to be in the same respective proportions as the total net proceeds from the offering of such Notes (before deducting expenses) received by the Company bear to the total discounts and commissions received by each Agent in respect thereof. The relative fault of the Company on the one hand and each Agent on the other hand shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the Company or by such Agent and the parties' relative intent, knowledge, access to information and opportunity to correct or

prevent such statement or omission. Each Agent's obligation to contribute pursuant to this Section 6 shall be several in the proportion that the principal amount of the Notes the sale of which by or through such Agent gave rise to such losses, claims, damages or liabilities bears to the aggregate principal amount of the Notes the sale of which by or through any Agent gave rise to such losses, claims, damages or liabilities, and not joint.

(e) The Company and the Agents agree that it would not be just or equitable if contribution pursuant to this Section 6 were determined by *pro rata* allocation (even if the Agents were treated as one entity for such purpose) or by any other method of allocation that does not take account of the equitable considerations referred to in Section 6(d). The amount paid or payable by an indemnified party as a result of the losses, claims, damages and liabilities referred to in Section 6(d) shall be deemed to include, subject to the limitations set forth above, any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such action or claim. Notwithstanding the provisions of this Section 6, no Agent shall be required to contribute any amount in excess of the amount by which the total price at which the Notes referred to in Section 6(d) that were offered and sold to the public through such Agent exceeds the amount of any damages that such Agent has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. The remedies provided for in this Section 6 are not exclusive and shall not limit any rights or remedies which may otherwise be available to any indemnified party at law or in equity.

(f) The indemnity and contribution provisions contained in this Section 6, representations, warranties and other statements of the Company, its officers and the Agents set forth in or made pursuant to this Agreement or any Purchase Agreement will remain in full force and effect regardless of (i) any termination of this Agreement or any such Purchase Agreement, (ii) any investigation made by or on behalf of any Agent or any person controlling any Agent or by or on behalf of the Company, its officers or directors or any person controlling the Company and (iii) acceptance of and payment for any of the Notes.

7. *Position of the Agents.* In acting under this Agreement and in connection with the sale of any Notes by the Company (other than Notes sold to an Agent pursuant to a Purchase Agreement), each Agent is acting solely as agent of the Company and does not assume any obligation towards or relationship of agency or trust with any purchaser of Notes. An Agent shall make reasonable efforts to assist the Company in obtaining performance by each purchaser whose offer to purchase Notes has been solicited by such Agent and accepted by the Company, but such Agent shall not have any liability to the Company in the event any such purchase is not consummated for any reason. If the Company shall default in its obligations to deliver Notes to a purchaser whose offer it has accepted, the Company shall hold the relevant Agent harmless

against any loss, claim, damage or liability arising from or as a result of such default and shall, in particular, pay to such Agent the commission it would have received had such sale been consummated.

8. *Termination.* This Agreement may be terminated at any time by the Company or, as to any Agent, by the Company or such Agent upon the giving of written notice of such termination to the other parties hereto, but without prejudice to any rights, obligations or liabilities of any party hereto accrued or incurred prior to such termination. The termination of this Agreement shall not require termination of any Purchase Agreement, and the termination of any such Purchase Agreement shall not require termination of this Agreement. If this Agreement is terminated, the provisions of the third paragraph of Section 2(a), Section 2(c), the last sentence of Section 3(b) and Sections 3(c), 3(h), 6, 7, 9, 10 and 13 shall survive; *provided* that if at the time of termination an offer to purchase Notes has been accepted by the Company but the time of delivery to the purchaser or its agent of such Notes has not occurred, the provisions of Sections 1, 2(b), 3(a), 3(d), 3(e), 3(f), 3(g), 3(i), 4 and 5 shall also survive until such delivery has been made.

9. *Notices.* All communications hereunder will be in writing and shall be deemed to have been duly given if mailed or transmitted by any standard form of telecommunication. Notices shall be sent,

10. *Successors.* This Agreement and any Purchase Agreement will inure to the benefit of and be binding upon the parties hereto and their respective successors and the officers, directors and controlling persons referred to in Section 6 and the purchasers of Notes (to the extent expressly provided in Section 4), and no other person will have any right or obligation hereunder.

11. *Amendments.* This Agreement may be amended or supplemented if, but only if, such amendment or supplement is in writing and is signed by the Company and each Agent; *provided* that the Company may from time to time, on seven days prior written notice to the Agents but without the consent of any Agent, amend this Agreement to add as a party hereto one

EXHIBIT A

TAMPA ELECTRIC COMPANY

Medium-Term Notes

PURCHASE AGREEMENT

[Date]

Tampa Electric Company
702 North Franklin Street
Tampa, Florida 33602
Attention: Sandra Callahan

Re: Purchase of Medium-Term Notes due [Maturity Date] (the "Notes")

Reference is made to the Agency Agreement dated July __, 1998 between you and each of us (the "Agency Agreement"). Capitalized terms used herein and not defined are used as defined in the Agency Agreement.

We agree to purchase, severally and not jointly, the principal amount of Notes set forth below opposite our names:

Name	Principal Amount of Notes
Citicorp Securities, Inc.	$
Morgan Stanley & Co. Incorporated	
Total	$

The Notes shall be in the form of, and shall have the terms set forth in, the Form of Note attached as Exhibit A hereto.

The provisions of Sections 1, 2(b), 2(c), 3 through 6 and 9 through 13 of the Agency Agreement and the related definitions are incorporated by reference herein and shall be deemed to have the same force and effect as if set forth in full herein.

If on the Settlement Date any one or more of the Agents shall fail or refuse to purchase Notes that it has or they have agreed to purchase on such date, and the aggregate amount of Notes which such defaulting Agent or Agents agreed but failed or refused to purchase is not

more than one-tenth of the aggregate amount of the Notes to be purchased on such date, the other Agents shall be obligated severally in the proportions that the amount of Notes set forth opposite their respective names above bears to the aggregate amount of Notes set forth opposite the names of all such non-defaulting Agents, or in such other proportions as Citicorp Securities may specify, to purchase the Notes which such defaulting Agent or Agents agreed but failed or refused to purchase on such date; *provided* that in no event shall the amount of Notes that any Agent has agreed to purchase pursuant to this Agreement be increased pursuant to this paragraph by an amount in excess of one-ninth of such amount of Notes without the written consent of such Agent. If on the Settlement Date any Agent or Agents shall fail or refuse to purchase Notes and the aggregate amount of Notes with respect to which such default occurs is more than one-tenth of the aggregate amount of Notes to be purchased on such date, and arrangements satisfactory to Citicorp Securities and the Company for the purchase of such Notes are not made within 36 hours after such default, this Agreement shall terminate without liability on the part of any non-defaulting Agent or the Company. In any such case either Citicorp Securities or the Company shall have the right to postpone the Settlement Date but in no event for longer than seven days, in order that the required changes, if any, in the Registration Statement and in the Prospectus or in any other documents or arrangements may be effected. Any action taken under this paragraph shall not relieve any defaulting Agent from liability in respect of any default of such Agent under this Agreement.

This Agreement is also subject to termination on the terms incorporated by reference herein. If this Agreement is terminated, the provisions of Sections 3(h), 6, 9, 10 and 13 of the Agency Agreement shall survive for the purposes of this Agreement.

The following information, opinions, certificates, letters and documents referred to in Section 4 of the Agency Agreement will be required: _____.

If the foregoing is in accordance with your understanding of our agreement, please sign and return to us the enclosed duplicate hereof, whereupon this letter and your acceptance shall represent a binding agreement between the Agents and you.
