Dear Mr. Williams:

On June 18, 2001, the Commission received your payment of the 2000 RAF, along with a letter requesting cancellation of your certificate, advising that you have been out of the payphone business since November 1999, and requesting that any future fees be cancelled. Unfortunately, since the fees are mandated by statute, staff does not have the authority to waive them.

My April 20, 2001 letter to you explained that there were two types of cancellation – voluntary and involuntary. Voluntary cancellations are granted if a company is in good standing with the Commission and involuntary cancellations are granted when a company is not in good standing. In this case, I cannot grant a voluntary cancellation due to the past due balance. A breakdown of the past due amount is enclosed.

At the June 12, 2001, the Commissioners approved staff's recommendation to fine you \$500 for nonpayment of the 2000 Regulatory Assessment Fee (RAF) and a past due balance from prior years. An Order is due to be issued July 2, 2001 and you will have 21 days to protest the Order by requesting a hearing. A copy of Rule 28-106.201, Florida Administrative Code, is attached for your review. If a protest is not received by the end of the protest period, a Consummating Order will be issued, your certificate will be cancelled involuntarily, and any unpaid balance will be turned over to the Comptroller's Office for further collection efforts.

Please let me know if you have any questions. I can be reached at (850) 413-6502-voice, (850) 413-6503-fax, by internet e-mail at pisler@psc.state.fl.us, or at the above address.

PART II HEARINGS INVOLVING DISPUTED ISSUES OF MATERIAL FACT

28-106.201 Initiation of Proceedings.

(1) Unless otherwise provided by statute, initiation of proceedings shall be made by written petition to the agency responsible for rendering final agency action. The term "petition" includes any document that requests an evidentiary proceeding and asserts the existence of a disputed issue of material fact. Each petition shall be legible and on 8 ½ by 11 inch white paper. Unless printed, the impression shall be on one side of the paper only and lines shall be double-spaced.

(2) All petitions filed under these rules shall contain:

(a) The name and address of each agency affected and each agency's file or identification number, if known;

(b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination;

(c) A statement of when and how the petitioner received notice of the agency decision;

(d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;

(e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action;

(f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and

(g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

(3) Upon receipt of a petition involving disputed issues of material fact, the agency shall grant or deny the petition, and if granted shall, unless otherwise provided by law, refer the matter to the Division of Administrative Hearings with a request that an administrative law judge be assigned to conduct the hearing. The request shall be accompanied by a copy of the petition and a copy of the notice of agency action.

(4) A petition shall be dismissed if it is not in substantial compliance with subsection (2) of this rule or it has been untimely filed. Dismissal of a petition shall, at least once, be without prejudice to petitioner's filing a timely amended petition curing the defect, unless it conclusively appears from the face of the petition that the defect cannot be cured.

(5) The agency shall promptly give written notice to all parties of the action taken on the petition, shall state with particularity its reasons if the petition is not granted, and shall state the deadline for filing an amended petition if applicable.
