Subject: RE: Docket No. 991378 - confirmation requested

Yes. Thanks, Kay!

Shall I call the Miami Herald about their request, or will you be in contact with them now?

Subject: RE: Docket No. 991378 - confirmation requested

Beth, these are the 3 documents I intend to declassify based on the prehearing order and on your e-mail:

15810-00 - filed 12/8/00 by OPC; Direct testimony of R. Earl Poucher with Exhs REP-1 thru REP-40*

02169-01 - filed 2/15/01 by BellSouth; Direct and rebuttal testimony of Joseph P. Lacher with Exhs 1-3

03683-01 - filed 3/22/01 by OPC; Surrebuttal testimony of R. Earl Poucher REP-41 thru REP-51*

*I intend to separate Exhibits REP-6, 18, 19, 20, 21, 25, 26, 27, 29, 39, 40 and 42 from Poucher's testimony (in DNs 15810-00 and 03683-01) and continue to hold them as confidential because they are subject to BellSouth's request for confidentiality. I will also hold REP-15 as confidential until BellSouth clarifies whether or not 15 is subject to its request.

Please confirm for me that the above is the correct action to take concerning these documents.

Kay

Subject: Docket No. 991378

At the June 11, 2001, prehearing conference, as reflected in Order No. PSC-01-1368-PHO-TL, issued June 26, 2001, the prehearing officer required BellSouth to file a Specified Request for Confidential Classification of any information currently covered by a "claim" of confidential treatment that it wished to remain protected as such in this Docket. Any other information for which BellSouth did not specifically request confidential treatment in its filing was to be declassified. On June 21, 2001, BellSouth filed its Request for Confidential Classification. Therein, BellSouth requested confidential treatment of certain exhibits submitted by OPC's witness Earl Poucher. Those exhibits are as follows: REP-6, REP-18, REP-19, REP-20, REP-21, REP-25, REP-26, REP-27, REP-29, REP-39, REP-40 and REP-42. These documents should continue to be treated as confidential until ruled upon by the prehearing officer. Furthermore, it is unclear as to whether REP-15 is covered by this request at this time. Clarification is pending; therefore, until clarification is received, this document should also continue to be treated as confidential. However, in accordance with the prehearing officer's decision, all other documents in this Docket that are currently covered by "claims" of confidentiality under Rule 25-22.006(5), F.A.C., should be declassified at this time.
