Re: Approval of two Amendments to the Interconnection, Unbundling, Resale and Collocation Agreement Negotiated by BellSouth Telecommunications, Inc. ("BellSouth") and Birch Telecom of the South, Inc. d/b/a Birch Telecom d/b/a Birch pursuant to Sections 251, 252 and 271 of the Telecommunications Act of 1996

Dear Mrs. Bayo:

Pursuant to section 252(e) of the Telecommunications Act of 1996, BellSouth and Birch Telecom of the South, Inc. d/b/a Birch Telecom d/b/a Birch are submitting to the Florida Public Service Commission an amendment to their negotiated agreement for the interconnection of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth's telecommunications services to Birch Telecom of the South, Inc. d/b/a Birch Telecom d/b/a Birch. The Commission approved the initial agreement between the companies in Order No. 00-2440-FOF-TP issued December 19, 2000 in Docket 001525-TP. One amendment incorporates new loop/port combination rates and terms and the other amendment adds the d/b/a's to the agreement.

Pursuant to section 252(e) of the Act, the Commission is charged with approving or rejecting the negotiated agreement between BellSouth and Birch Telecom of the South, Inc. d/b/a Birch Telecom d/b/a Birch within 90 days of its submission. The Act provides that the Commission may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity. Both parties aver that neither of these reasons exist as to the agreement they have negotiated and therefore, are very hopeful that the Commission shall approve their agreement.

Very truly yours,

Marshall M. Crist III
Regulatory Vice President
