RE: DOCKET NO. 010001-EI - Fuel and purchased power cost recovery clause and generating performance incentive factor.

ISSUE 1: Should the Commission change the length of the recovery period for its fuel and purchased power cost recovery clause?

RECOMMENDATION: No. In Order No. PSC-98-0691-FOF-PU, the Commission cited five objectives for making the change from a semi-annual, seasonal recovery period to an annual, calendar-year recovery period. Staff believes that an annual, calendar-year recovery period can meet the Commission's objectives as stated in Order No. PSC-98-0691-FOF-PU better than any alternative recovery period.
