Dear Ms. Bayo,

I just learned about the North Fort Myers Utilities application for an extension of their wastewater service area (your Docket Number 011006-SU). I have talked to many of my neighbors and nobody wants to hook up to this sewer system. I believe in democracy. If North Fort Myers Utilities can prove that most (75%) of the current residents in the new area want to hook up to the system then it should be approved. If they can't show that most people want their service then you should deny their application. Please don't let North Fort Myers Utilities cram this unwanted system down our throats.

Sincerely,

*Marven Smith*
