DOCKET NO. 010007-EI
Filed: September 20, 2001

**PETITION FOR APPROVAL OF ENVIRONMENTAL
COST RECOVERY PROJECTIONS AND FACTOR
FOR PERIOD JANUARY 2002 THROUGH DECEMBER 2002**

Florida Power & Light Company ("FPL") pursuant to Order No. PSC-93-1580-FOF-EI, and Order No. PSC-98-0691-FOF-PU approving a change to a calendar year basis for Environmental Cost Recovery Factors effective January 1999, hereby petitions this Commission to approve the Environmental Cost Recovery Projections for January 2002 through December 2002 and to approve an Environmental Cost Recovery Factor of zero for the January 2002 through December 2002 billing period. This charge is to become effective starting with meter readings scheduled to be read on or after Cycle Day 3 through Cycle Day 2, and will remain in effect until modified by subsequent order of this Commission.

In support of this Petition, FPL incorporates the prepared written testimony of and documents sponsored by Ms. K.M. Dubin and states:

1. Florida Statutes Section 336.8255, which became effective on April 13, 1993, authorizes the Commission to review and approve the recovery of prudently incurred Environmental Compliance Costs.

2. FPL submits the Environmental Cost Recovery Projections developed and proposed by FPL for the period January 2002 through December 2002 as set forth in the testimony and Exhibits of Ms. K.M. Dubin. FPL is not requesting recovery of environmental costs of \$11,073,337 projected for the period January 2002 through December 2002. FPL proposes that the Environmental Cost Recovery Factor be set at zero so that the current factor

not continue in 2002. FPL plans to request recovery in 2003 of actual environmental costs incurred in 2002, but after the expiration of the Stipulation and Settlement Agreement on April 15, 2002.

3. The estimated/actual overrecovery of \$140,141 for the period January 2001 through December 2001 as filed on August 20, 2001 and the final underrecovery of \$1,610,244 for the period January 2000 through December 2000 as filed on April 2, 2001 are being recorded in a non-recoverable account and are not being included for recovery in the Environmental Cost Recovery Clause.

4. The calculations of environmental costs for the period January 2002 through December 2002 are contained in Commission schedules 42-1P through 42-7P which are attached as Appendix I to the prepared written testimony of FPL witness K.M. Dubin filed in Docket No. 010007-EI, and are incorporated herein by reference.

WHEREFORE, FPL respectfully requests the Commission to approve the Environmental Cost Recovery Projections requested herein for January 2002 through December 2002 and to approve an Environmental Cost Recovery Factor of zero for the January 2002 through December 2002 billing period, effective starting with meter readings scheduled to be read on or after Cycle Day 3 through Cycle Day 2, and to continue this charge in effect until modified by subsequent order of this Commission.

Dated this 20th day of September, 2001.

Respectfully submitted,

STEEL HECTOR & DAVIS LLP
