John, can confidential DN 07473-01 be returned to the source? Please send a memo if so.

Bob, will you be preparing an order on 13101-01? This was Katrina's docket and 13101-01 is still pending.

I already spoke with Marguerite about these documents. An order will be done on 13101-01. The other document is under the care of John Slemkewicz, and I believe can be returned to the company. John??

Elisabeth, there are two confidential documents in this closed docket either in need of a ruling or return to the source:

07473-01
13101-01

Is it possible to return them to the source? If so, please prepare and send a brief memo advising us to do so.

If not, will an order be prepared on the requests for confidentiality?

Kay
