**Subject:** Clarification

Yesterday, you should have received by e-mail a memorandum announcing a meeting in St. Petersburg on December 6, 2001. The memorandum identified the discussion of rates as one of the purposes of the meeting. That statement is not entirely accurate. What will be discussed, in addition to FPC's proposed load forecasts, is FPC's cost of service study. Commission staff has clarifying questions we want to ask concerning the study.

If you have any questions, please feel free to give me a call.
