SBS is authorized under Section 214 of the Communications Act of 1934, as amended, to provide domestic interstate and international telecommunications service, and is authorized to provide intrastate, interexchange service in 44 states, including Florida. II. The Transaction

Pursuant to an Asset Purchase Agreement executed August 1, 2001, SBS has agreed to sell to ECN, and ECN has agreed to purchase (a) the right to provision certain SBS telecommunications customers (hereinafter "SBS Customers") with telecommunications and ancillary services; (b) the right to receive payments from SBS Customers; and (c) the right to receive accounts receivable for such SBS Customers.

A copy of the Asset Purchase Agreement is attached hereto as Exhibit A.

III. Request For Rule Waiver

Pursuant to rule 25-24.118(1), Florida Administrative Code, the long distance provider of a customer shall not be changed without the customer's authorization. Rule 25-24.118-(2) provides that an IXC shall submit a change request to the local exchange carrier only if one of the following has occurred: (a) the provider has a letter of agency from the customer requesting the change; (b) the provider has received a customer-initiated call for service; or (c) a third party firm has verified the customer's requested change. The Petitioners ask the Commission to waive the conditions in 25-24.118-(2) in order to allow the transfer of customers of record. The parties have made the necessary filing with the Federal Communications Commission in accordance with streamlined procedures currently effective.

IV. Public Interest Considerations

The transfer contemplated by the Asset Purchase Agreement will serve the public interest by enabling ECN to achieve increased economies of scale and compete more effectively in the telecommunications marketplace. More effective competition will ultimately lead to lower prices and the availability of more products and services to the public.

The transfer of the SBS Customer base will also benefit SBS's existing customers directly. The acquisition of the SBS Customer base by ECN will enable these subscribers to continue to receive high-quality telecommunications service at affordable rates without interruption.

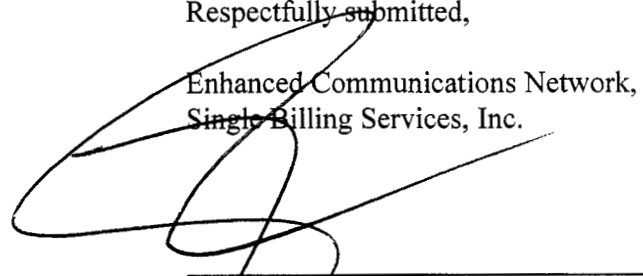

Thus, the public will benefit both directly, through the availability of, and access to, an active carrier of the competitive services, and indirectly, because of the presence of an active competitor in this market will increase the incentives for other telecommunications providers to operate more efficiently, offer more innovative services, reduce their prices, and improve their quality of service. The customers of ECN and SBS rely on these companies for high quality, affordable intrastate service. Upon approval of this transaction, ECN will provide notice to the SBS Customers, and assure them of ECN's commitment to continue the provision of high quality, affordable services pursuant to the company's filed tariff. As such, the transaction will not cause inconvenience or confusion to ECN or the SBS Customers. Indeed, the transaction will be virtually transparent to ECN and the SBS Customers in terms of the services that they receive. A copy of the sample notice of the transfer appears as Exhibit B attached hereto.

ECN certifies that it continues to have the necessary managerial and financial resources to provide the public with quality telecommunications service throughout the state. After the consummation of the transaction, ECN will continue to be led by a team of well-qualified managers comprised of its existing personnel. ECN expects that the ample managerial, technical and financial expertise of this managerial team will enable ECN to continue providing high quality service to its existing customers and those of SBS, as well as to expand its customer base. The proposed acquisition will therefore promote competition in the Florida services market and serve the public interest.

WHEREFORE, ECN and SBS respectfully requests that the Commission authorize the sale of assets from SBS to ECN, grant a waiver of Rule 25-24.118 in order to consummate the transfer of customers, and expedite processing of this Joint Petition so that the transaction may proceed without undue delay.

Respectfully submitted,

Enhanced Communications Network, Inc., and
Single Billing Services, Inc.
