and impact its cost of capital. The concerns about compliance with Regulation FD apply here as well.

12. The information could also be used by competing power producers to analyze the Company's cost structure and profitability, which would significantly effect the Company's ability to deal on an equal basis with its competitors. In addition, vendors and suppliers from whom the Company purchases goods and services could use the information to their competitive advantage and to the Company's detriment in negotiating contracts and pricing.

This concludes my affidavit.
