Re: Account Number [REDACTED] Little Sumter Utility Company
(Docket No. 960505-WS)

Dear Sir or Madam:

As the Florida Public Service Commission's designated agent in such matters, and as a signatory on the above-referenced escrow account, I hereby authorize you to release a total of \$248.50 from the account to Little Sumter Utility Company. I have enclosed a copy of the Company's Request to Release Funds from Escrow, dated March 7, 2002, and a copy of Commission staff's authorization for release of the indicated amount pursuant to Commission Order No. PSC-96-1132-FOF-WS.

Please do not hesitate to call if you have any questions concerning this matter.

Sincerely,

Blanca S. Bayó
Blanca S. Bayó

RE: Request by Little Sumter Utility Company to Release Funds from Escrow Account

RECEIVED PSC
02 MAR 18 PM 12:18
COMMISSION
CLERK

By Order No. PSC-96-1132-FOF-WS, issued in Docket 960305-WS on September 10, 1996, the Commission directed Little Sumter Utility Company to establish an escrow account that can only be used to fund conservation programs approved by the Southwest Florida Water Management District. The order required that a request to release funds from the escrow account be accompanied by an explanation of the specific use of the funds and documentation that the funds will be used to further a conservation program approved by the water management district.

On March 11, 2002, the utility filed the attached Request to Release Funds from Escrow. According to the Request, the utility expended \$248.50 on a newspaper advertising program targeted at reducing water consumption. Along with this request, the utility provided a copy of the newspaper advertisement, an invoice and the Proof of Publication from The Daily Sun Newspaper. The advertisement have been approved by the Southwest Florida Water Management District. The original attachments are being retained in the Division of Economic Regulation for our future reference.

Accordingly, the utility's request to release funds from the escrow account should be authorized. Pursuant to the escrow account, the bank will disburse funds to the utility upon written instructions from the Commission through the Director of the Division of the Commission Clerk and Administrative Services. Therefore, we request that you provide written instructions to Citizens First Bank to release \$248.50 from the escrow account to Little Sumter Utility Company.

PUBLIC SERVICE

REQUEST TO RELEASE FUNDS FROM ESCROW

LITTLE SUMTER UTILITY COMPANY ("Little Sumter"), by and through its undersigned officer and pursuant to Order No. PSC-96-1132-FOF-WS, requests the Director of the Division of Records and Reporting to provide written instructions to the Citizens First Bank ("Bank") to release \$248.50 from the escrow account held in such Bank, and in support thereof states:

1. Order No. 96-1132-FOF-WS established an escrow account to be used to pay for conservation programs targeted to make customers reduce their consumption.
2. Little Sumter has expended the following amounts of money on a newspaper advertising program targeted at reducing water consumption:

Daily Sun Newspaper – February 2002 advertising \$248.50
3. Copies of invoices are attached as Composite Exhibit "A".
4. Copies of the newspaper advertisements and the dates of publication are attached hereto as Exhibit "B".
5. Pursuant to the Escrow Agreement, the Bank shall disburse funds to Little Sumter upon written instructions of the FPSC, Director of Division of Records and Reporting.
6. The newspaper conservation advertisements have all been previously reviewed by the Southwest Florida Water Management District.

WHEREFORE, Little Sumter requests the Director of Records and Reporting provide written instructions to the Bank to pay \$248.50 from the escrow account to Little Sumter.

Respectfully submitted on this
7th day of March, 2002, by:

Water Wisdom

HOW TO SAVE WATER, ENERGY AND MONEY

The average adult needs only 2-1/2 quarts of water a day to maintain health, but each person in Florida uses about 120 to 150 gallons of water a day. And, with thousands of people moving to our state each month, future demand on fresh water supplies will continue to increase. That's why it's important to use water wisely (whether there's a drought or not) in our homes, schools and businesses. By conserving water today, we can do our part to keep water pure and plentiful for future generations.
