Re: Approval of Amendment to the Interconnection, Unbundling, Resale, and Collocation Agreement Negotiated by BellSouth Telecommunications, Inc. ("BellSouth") and Network Telephone Corporation, Inc. pursuant to Sections 251, 252 and 271 of the Telecommunications Act of 1996

Dear Mrs. Bayo:

Pursuant to section 252(e) of the Telecommunications Act of 1996, BellSouth and Network Telephone Corporation, Inc. are submitting to the Florida Public Service Commission an amendment to their negotiated agreement for the interconnection of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth's telecommunications services to Network Telephone Corporation, Inc.. The initial agreement between the companies was filed in Docket 010880-TP, on June 22, 2001, and was deemed effective by operation of law on September 25, 2001.

Pursuant to section 252(e) of the Act, the Commission is charged with approving or rejecting this amendment to the negotiated agreement between BellSouth and Network Telephone Corporation, Inc. within 90 days of its submission. The Act provides that the Commission may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity. Both parties agree that neither of these reasons exists as to the agreement they have negotiated and therefore, as such this amendment should be deemed effective by operation of law on September 14, 2002.

Very truly yours,

Marshall M. Criser III

Regulatory Vice President

4.1.6.4 Remote Call Forwarding

- 4.1.6.5 As an option, BellSouth shall make available to Network Telephone Corporation, Inc. (Network Telephone) an unbundled port with Remote Call Forwarding capability ("URCF service"). URCF service combines the functionality of unbundled local switching, tandem switching and common transport to forward calls from the URCF service telephone number (the number dialed by the calling party) to another telephone number selected by the URCF service subscriber. When ordering URCF service, Network Telephone will ensure that the following conditions are satisfied:
- 4.1.6.6 That the end user of the forward-to number (service) agrees to receive calls forwarded using the URCF service (if such end user is different from the URCF service end user);
- 4.1.6.7 That the forward-to number (service) is equipped with sufficient capacity to receive the volume of calls that will be generated from the URCF service;
- 4.1.6.8 That the URCF service will not be utilized to forward calls to another URCF or similar service; and
- 4.1.6.9 That the forward-to number (service) is not a public safety number (e.g. 911, fire or police number).
- 4.1.6.10 In addition to the charge for the URCF service port, BellSouth shall charge Network Telephone the rates set forth in Exhibit B for unbundled local switching, tandem switching, and common transport, including all associated usage, incurred for calls from the URCF service telephone number (the number dialed by the calling party) to the forward-to number (service).
