Re: Objection to Application for Transfer of Certificate No. 281-S

Dear Director;

We object to the transferring of Certificate No. 281-s to Bonita Springs Utilities for the following reasons:

The monthly usage fee charged by Bonita Country Club Utilities, and subsequently RealNor-Hallandale, to individual customers is more reasonable then the fees being charged by Bonita Springs Utilities.

The impact fees charged by Bonita Country Club Utilities, and subsequently RealNor Hallandale, are considerable less. Will the pre-paid impact fees be honored at the rate charged at the time of registering?

We feel the transferring of the certificate would be a detriment to the customers. Although they will be receiving the same services, the costs to them will be significantly higher. We ask the Commission to take serious look at the entire picture before allowing this transfer be allowed to be rubber stamped through the system.

We would very much appreciate a response in this matter, so that I might know what could be done.
