RE: Docket Nos. 960100-TP and 990457-TL

DS for HM

Docket No. 960100-TP was initiated to investigate permanent number portability. The Federal Communications Commission mandated number portability and a recovery mechanism in the top 100 Metropolitan Statistical Areas beginning February 1999. Since there are no additional issues to be addressed before the Commission, this docket should be closed administratively in accordance with APM 2.07(c)(5)(b).

Docket No. 990457-TL was established to review relief plans for the 954 area code. The Commission ordered a relief plan, and as of September 1, 2002, the plan has been put in place. Since there are no further issues to be addressed by the Commission, this docket should also be closed administratively in accordance with APM 2.07(c)(5)(b).
