RE: Docket No. 020907-WS – Application for Amendment of Certificate Nos. 496-W and 465-S

Dear Ms. Bayo':

We are in receipt of the Commission's letter dated October 21, 2002 regarding our intent to object to the application to extend water and wastewater service to our particular legal description. Please be advised that we intend to pursue the objection and request a formal hearing.

We would like to reiterate that we live in a rural area of southeast Lake County (bordered by Orange County) that is zoned for 5-10 acre residential tracts and includes agricultural property, nurseries, and horse farms. This application is in line for the large amount of growth in South Lake County to include the subdivisions and commercial property, but the estate homes on the 5-10 acre properties should be excluded.

Thank you for your assistance in this matter.

Sincerely,

Rupert & Rhonis Barnard
