Re: Aloha Utilities, Inc.; PSC Docket No. 010156-WU
Application for Increased Water Service Availability Charges
Our File No. 26038.32

Dear Ralph:

Attached is a revised copy of the wastewater tariff sheet used to implement the permanent service availability charge as ordered by the Commission.

This Sheet No. 22.7 of the wastewater tariff should replace that sent over yesterday, as the wrong revision number was included on yesterday's version. Please be sure that you utilize this version of the tariff and discard the one forwarded to you yesterday.

If you have any questions in this regard, please let me know.

Sincerely,

ROSE, SUNDSTROM & BENTLEY, LLP

FPSC-COMMISSION CLERK

For the purpose of this Policy, the term contributions-in-aid-of-construction shall include the on-site water distribution and sewage collection system contributed in cash or in kind; payments to defray, in part or in total, the cost of the off-site lines and related facilities; and payments to defray in part the cost of the treatment facilities. (See Appendix "A").

7.0 CONTRIBUTIONS-IN-AID-OF-CONSTRUCTION---TREATMENT FACILITIES

Utility requires that all Contributors pay contributions based in part on a pro rata share of the cost of treatment plant facilities, whether or not the facilities have been constructed or may be constructed to continue to render service. Such payments are herein defined as contributions-in-aid-of-construction and shall be made to all Contributors upon approval of the governmental agency having jurisdiction of this Policy, where water or sewer service is available or agreed to be made available in the territory.

Utility further declares that these contributions shall be uniform among Contributors not withstanding provisions of prior developers agreements or the practices and procedures pertaining to such charges as established prior to the adopting of part IX, Chapter 25-10, F.A.C.

It is the further purpose of this Section to resolve the inequities and discriminatory practices regarding contributions by placing all owners, builders, and developers on parity with regard to such charges.

7.1 SCHEDULE FOR "CIAC" FOR TREATMENT FACILITIES

The following is a schedule of "CIAC" for treatment facilities to be paid prior to commencement of water and/or sewer services as a prerequisite for such service. The amounts are based on an equivalent on a residential connection.

	<u>Seven Springs System</u>	<u>West of US 19</u>
Water Plant Capacity	\$1000.00 per ERC	\$126.86 per ERC
Sewage Plant Capacity	\$1650.00 per ERC	\$117.06 per ERC
Daily Rated-Gallongage of Demand:		
Water	\$ 3.333 per gallon	\$.470 per gallon
Sewer	\$12.79 per gallon	\$.434 per gallon

EFFECTIVE DATE: November 27, 2002
TYPE OF FILING: Service Availability Case
