Okay. Based on this information we'll change CMS and MCD.

Thanks, Dale.

The company has submitted its request for a name change on its certificate in Docket No. 021260-TI. Also, a copy of the company's request and the Secretary of State, Division of Corporations registration listing is included as Attachment B in the recommendation in Docket No. 020665-TI.

We'll leave the comma in. Please send documentation showing this so that we can update CMS and MCD.

Communications, Corp. with the comma. That is the fictitious name that the company filed with the Secretary of State and requested to add to its certificated name on file with the Commission.

Communications Corp.

Importance: High

Your recommendation references the company's name as Telecore Communications, Corp. (with a comma). CMS, MCD and all correspondence received from the company does not show a comma. We are removing the comma from the agenda and vote sheet. Okay???
