Concise explanation, justification or comments (attach additional sheet if necessary):

Tampa Electric Company has updated its estimates for fuel revenue and expense for 2003 and expects to underrecover its fuel costs by \$60,609,736, in excess of the Commission's 10 percent threshold for reporting under and overrecoveries. The utility has petitioned the Commission to adjust its fuel factors effective with the first billing cycle in April 2003. The time constraints for filing a recommendation for the March 4 agenda are great. The filing of a recommendation per this request can be achieved if the utility provides all necessary documentation by close of business on Wednesday, March 26. Staff requests a recommendation filing date of Friday, February 28 (3 PM). In the event the utility does not provide all information by Wednesday, an alternative Request for Change to Agenda Conference will be circulated.
