**RE:** Docket No. 010823-WS, Application for a Staff Assisted Rate Case by CWS  
 Communities LP d/b/a Palm Valley

---

Pursuant to Order No. PSC-02-1111-PAA-WS, CWS Communities LP d/b/a Palm Valley was required to complete the installations of reclaimed and potable water meters as outlined in the body of that order. The order further specified that the docket shall be closed administratively once staff has verified that the pro forma has been completed. Attached is a letter from Wayne Shelar affirming that his company, Wayne's Diversified Services, has installed all reclaimed and potable water meters for existing customers of Palm Valley. Staff believes that this letter from an independent engineering company is sufficient to verify that the meters have been installed. Therefore, we recommend that this docket be closed administratively.

Re: Docket No. 010823-WS

Dear Mr. Fitch:

The community manager of Palm Valley has requested that I write a letter to the Florida Public Service Commission regarding installation of reclaimed and potable water meters.

Our company has completed the installation of all reclaimed water and potable water meters for all existing customers in Palm Valley.

If you have any questions, please do not hesitate to contact me at the above listed telephone number.

Sincerely,

Wayne Shelar  
Owner
