Re: 030084-EI - Petition for determination of need for Collier-Orange River 230 kV transmission line in Collier, Hendry, and Lee Counties, by Florida Power & Light Company.

Dear Mr. Hoffman:

In staff's First Set of Interrogatories to Florida Power & Light Company, served February 28, 2003, Interrogatory No. 3 contains an error. As served, the Interrogatory asks for a listing of transmission projects proposed in Southwest Florida within the past five years. The Interrogatory should have asked for proposed transmission projects over the next five years. Accordingly, staff requests you substitute the following for Staff's Interrogatory No. 3 to Florida Power & Light Company, served February 28, 2003:

- 3. Please provide a listing of all transmission projects proposed in the Southwest Florida area over the next five years. For each of these proposed projects, provide the net present value cost in 2003 dollars.

I apologize for any confusion. If you have any questions, please do not hesitate to contact me.

Sincerely,

Larry D. Harris
Senior Attorney
